New Hampshire DOT
Department of Transportation

THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

Victoria F. Sheehan
Commissioner

William Cass, P.E.
Assistant Commissioner

Bureau of Construction
December 7, 2020

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with Winterset, Inc. of Lyndonville, VT (Vendor 160408) on the basis of a low bid of $373,044.50 for slope failure repair and minor road changes, from the date of Governor and Council approval through September 24, 2021, unless extended by the Department in accordance with the Standard Specifications. 100% Betterment Funds.

Funding is available in State Fiscal Year 2021, and is contingent upon the availability and continued appropriation of funds in Fiscal Year 2022 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	FY 2021	FY 2022
04-96-96-963015-3039		
Highway Betterment Aid		
400-500870 Highway Contract Payments	$281,479.01	$91,565.49

2. Further authorize that a contingency in the amount of $37,304.45 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 10% of the contract amount.

Funding is available as follows:	FY 2021	FY 2022
04-96-96-963015-3039		
Highway Betterment Aid		
400-500870 Highway Contract Payments		$37,304.45

EXPLANATION

This project was initiated as an emergency response to a slope failure and roadway closure on April 15, 2019. The project is located on Hogback Road, approximately 400 feet south of the northern intersection with US Route 3, in Stratford. Hogback Road is the old alignment of US 3, which has been kept in service as an unnumbered state maintained roadway.

The intent of this project is to restore the northbound connection between Hogback Road and US 3. A slope failure, which first occurred in 2014 along the western roadway embankment between Hogback Road and the Connecticut River valley, has increased in size, resulting in encroachment into the southbound lane and necessitating full closure of the northern portion of Hogback Road. The proposed improvement includes reconstruction of the northern end of Hogback Road, as well as stabilization of the failed embankment. Additional work includes clearing vegetation and drainage improvements along the east side of US 3 and Hogback Road.

The proposed contingency amount is 10% of the contract amount. The risk of overruns associated with the proposed work is high due to the instability of the existing ground and continued changing field conditions.

Although the bid costs exceeded the Department's estimate by 8.92%, the lowest bid of nine received, is felt to be reasonable for the work involved. Two items of significance contributed to 100% of the overage (embankment in place & mobilization). Readvertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedures. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is 100% Betterment funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan

Victoria F. Sheehan
Commissioner

VFS/pcj

Department Estimate:	$342,500.00

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: The project is located on Hogback Road, approximately 400 feet south of the northern intersection with US Route 3 (US 3), in Stratford. Hogback Road is the old alignment of US 3, which has been kept in service as an unnumbered state maintained roadway.

FEDERAL FUNDING: 0% (100% Betterment – Stand Alone Projects and Contingency Funds)

CONTINGENCY: The proposed contingency amount is 10% of the contract amount. The risk of overruns associated with the proposed work is high due to the instability of the existing ground and continued changing field conditions.

PROJECT INITIATED: This project was initiated as an emergency response to a slope failure and roadway closure on April 15, 2019.

PROJECT EXPLANATION: The intent of this project is to restore the northbound connection between Hogback Road and US 3. A slope failure, which first occurred in 2014 along the western roadway embankment between Hogback Road and the Connecticut River valley, has increased in size, resulting in encroachment into the southbound lane and necessitating full closure of the northern portion of Hogback Road. The proposed improvement includes reconstruction of the northern end of Hogback Road, as well as stabilization of the failed embankment. Additional work includes clearing vegetation and drainage improvements along the east side of US 3 and Hogback Road.

TRAFFIC IMPLICATION: Hogback Road will remain closed until construction activities are completed. One lane, two-way traffic will be utilized on U.S. Route 3 as necessary for pavement match, ditchline, and drainage work.

FINAL COMPLETION DATE: September 24, 2021
