The State of New Hampshire

Department of Environmental Services

Robert R. Scott, Commissioner

57A

August 13, 2025

The Honorable Ken Weyler, Chairman
Fiscal Committee of the General Court
State House
Concord, New Hampshire 03301

Her Excellency, Governor Kelly A. Ayotte
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Pursuant to RSA 14:30-a, VI, authorize the Department of Environmental Services (NHDES) to accept and expend $234,324 in federal funds from the Department of Commerce, Building Capacity to Develop River Crossing Plans grant, effective upon Fiscal Committee and Governor & Council approval through June 30, 2027. Funding is 100% Federal Funds.

NHDES is requesting funding to be budgeted as follows:

Coastal Resilience
03-44-44-442010-12090000
Fiscal Year 2026

Class	Budget Category	Current Budget	Requested Action	Revised Budget
Income				
000-403260-16	Federal Funds	$941,918	$234,324	$1,176,242

	TOTAL	941,918	234,324	1,176,242

EXPLANATION

The National Fish and Wildlife Foundation (NFWF) announced the availability of federal funds and solicited applications from eligible entities to aid NH transportation, wildlife, and environmental stakeholders in continually creating a robust, efficient and multi-benefit pipeline of stream crossing projects. By streamlining this process with quality data, flexible tools, intuitive training, and programmatic capacity this project will contribute to the functioning and growth of a resilient NH. NFWF has awarded these funds to promote best practices for stream crossing replacements, including nature-based solutions and flood resiliency. The latest grant award was not anticipated to be funded at this level when the 26/27 budget was created.

NHDES is requesting to budget these funds as shown below:

Class 018 Overtime: To cover overtime costs of existing staff to support the added workload associated with this grant.

Class 041 Audit Fund Set Aside: To cover the cost of Audit Set-Aside charges related to the federal program.

Class 042 Additional Fringe Benefits: To cover the program share of additional fringe benefit costs.

Class 060 Benefits: To cover benefit costs associated with this program.

Class 072 Grants Federal: To cover grants to entities for stream crossing replacement pipeline support.

Class 102 Contracts for Program Services: To cover contracts associated with municipal support, training and tool creation.

In the event that federal funds become no longer available, general funds will not be requested to support this program.

We respectfully request your approval of this item.

Robert R. Scott, Commissioner

9. PROJECT TITLE
Building Capacity to Develop River Crossing Plans in the Merrimack River Watershed (NH)

10. PROJECT DESCRIPTION
Empower environmental stakeholders to create a robust, equitable, and multi-benefit pipeline of stream crossing projects in New Hampshire's coastal watersheds. Project will result in a pipeline of at least 10 restoration projects to expand habitat for native species including American eel, brook trout, and American shad, while mitigating flood risk from a 100-year storm event.

11. PERIOD OF PERFORMANCE January 1, 2025 to December 31, 2027	**12. TOTAL AWARD TO SUBRECIPIENT** $997,685.84	**13. TOTAL FED. FUNDS** $997,685.84	**14. TOTAL NON-FED. FUNDS** N/A

15. FEDERAL MATCH REQUIREMENT $388,079	**16. NON-FEDERAL MATCH REQUIREMENT** N/A

17. SUBRECIPIENT INDIRECT COST RATE TERMS

The rate specified in Line 4 reflects either, the indirect cost rate negotiated between the Subrecipient and their cognizant federal agency as stated in the Subrecipient's valid Negotiated Indirect Cost Rate Agreement (NICRA), or, the indirect cost rate that the Subrecipient applied to the project budget. During the life of this Agreement, the indirect cost rate applied to this award will not exceed the rate stated in the Subrecipient's valid NICRA for the relevant period.

9. PROJECT TITLE
Building Capacity for Coastal Resilience Analysis to Protect Communities and Tidal Wetlands (NH)

10. PROJECT DESCRIPTION
Build upon the state guidance to develop a dynamic sea-level rise and storm surge model for coastal New Hampshire. Project will use the model to test the effectiveness of community-driven conceptual adaptation alternatives for eight transportation and local land use pilot projects, as well as publish best practices for conducting alternatives analyses that consider future flood conditions, social vulnerability, and nature-based designs that protect tidal wetlands.

Dear Aidan Barry:

Your request for an amendment to the budget, scope of work, and period of performance for the "Building Capacity for Coastal Resilience Analysis to Protect Communities and Tidal Wetlands (NH)" project project # 0318.22.072430 / Easygrants # 72430 has been approved. The new Period of Performance is 6/1/2021 to 2/28/2027. Remaining reporting requirements are as follows:

Interim Programmatic Report— December 1, 2024

Interim Programmatic Report— June 1, 2025

Annual Financial Report— June 1, 2025

Interim Programmatic Report— December 1, 2025
