Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, Bureau of Infectious Disease Control, to enter into a grant agreement with Littleton Hospital Association dba Littleton Regional Healthcare (Vendor #177162-B008), 600 St. Johnsbury Road, Littleton, NH 03561, under which the Division of Public Health Services will provide two portable ventilators and necessary accessories valued at \$13,980.00 to enhance respiratory medical capacity in response to a large-scale health emergency, using funding supported by the federal Department of Homeland Security Grant to New Hampshire, to be effective on the date of Governor and Council approval, and until the grant agreement is terminated by one of the parties. Funds for the state purchase of the portable ventilators, pursuant to this grant agreement, were established in:

05-95-90-902510-5917 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SERVICES,
HHS: DIVISION OF PUBLIC HEALTH, BUREAU OF INFECTIOUS DISEASE CONTROL, MMRS

100% OTHER

The funds were established in two stages: 1) in an item approved by the Legislative Fiscal Committee on November 15, 2010 #FIS 10-339 and by the Governor and Executive Council on December 8, 2010 Item #129; and 2) in an item approved by the Legislative Fiscal Committee on October 28, 2011 #FIS 11-303 and by the Governor and Executive Council on November 9, 2011 Item #97. Under this grant agreement, no funds are being exchanged between Littleton Hospital Association dba Littleton Regional Healthcare and the Division of Public Health Services. The Division of Public Health Services is providing the portable ventilators to Littleton Hospital Association dba Littleton Regional Healthcare at a cost to the Division of Public Health Services of \$13,980.00. Funding is supported by 100% Other Funds from the Department of Safety that had been secured under the federal Homeland Security Grant.

EXPLANATION

Under this grant agreement for the preparedness initiative 'Critical Care and Supplemental Oxygen Program,' the Division of Public Health Services will provide two portable ventilators and associated accessories, purchased by the Division of Public Health Services with federal Department of Homeland Security grant funds from the Department of Safety, for use during public health emergencies that pose respiratory problems requiring ventilator equipment (for example, an outbreak of severe pandemic influenza). Under the grant agreement, the hospital agrees to: participate in the training provided by the Division of Public Health Services on the use of the ventilators; inventory them and provide routine maintenance; and deploy the ventilators when needed in its service area or another part of the state, as requested by the Division of Public Health Services. The intent of these funds is to reduce adverse clinical outcomes in New Hampshire that could result from a lack of adequate numbers of ventilators to support patients with significant respiratory issues.

This initiative is part of the on-going, federally-funded Hospital Preparedness Program undertaken by the Department of Health and Human Services and the New Hampshire Hospital Association to upgrade the preparedness of hospitals to respond to incidents requiring mass immunization, treatment, isolation and quarantine, decontamination or other emergency medical responses within their communities and regions.

The offer to participate in the 'Critical Care and Supplemental Oxygen Program,' was made in person and in writing to: a) the Emergency Management Coordinators from the 26 eligible, participating acute care hospitals in the Hospital Preparedness Program; b) one specialty hospital with patients on ventilators; and c) the federally-funded Northern New England Metropolitan Medical Response System (MMRS) unit at Dartmouth College, a unique and critical partner in New Hampshire's planning and response for wide-scale medical emergencies. Eighteen hospitals and the one Metropolitan Medical Response System unit responded affirmatively, and were then sent the Grant Agreement and associated documents to sign and return. Due to Department of Homeland Security grant requirements regarding preparedness funds designated for local communities, the Division of Public Health Services can purchase and provide the equipment directly to a hospital only if the municipality in which it is located agrees in writing with that arrangement. For this reason, the grant agreement document also includes the signature of an authorized individual from the municipality. Attached is the list of eighteen hospitals and the one Metropolitan Medical Response System unit that responded affirmatively to participating in this initiative at this time.

Should Governor and Council not authorize this Request, New Hampshire's ability to respond to public health emergencies posing respiratory problems (for example, outbreaks of severe pandemic influenza) would be significantly diminished, resulting in poor clinical outcomes for patients.

The following performance measures will be used to measure the effectiveness of the grant agreement:

- By March 31, 2013, the portable ventilators will be inventoried by the hospital, and operational.
- By March 31, 2013, hospital clinical staff will be trained on the use of the portable ventilator.
- By March 31, 2013, the hospital will be prepared to provide the Division with usage data on the ventilators, in order to continually assess the program and make improvements where needed.

Area served: the ventilators will enhance the ability to respond to public health emergencies in Littleton, New Hampshire and the surrounding area, or elsewhere in the state as requested by the Department of Health and Human Services.

Source of Funds: 100% Other Funds from the Department of Safety that had been secured under the Federal Homeland Security Grant.

In the event that the Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

José Thier Montero, MD
Director

SELECTMEN'S MEETING – October 29, 2012

Present: John Strasser, Margo Connors
Jennifer Gaudette

Guests: Fire Chief Allan Clark, Dennis Ward

Correspondence was read and acted upon.

The Select Board Office will be closed on November 6th, 8th, and 15th.

The Town Clerk/Tax Collector will be closed on November 6th.

Voting will be at the Crapo Building from 8:00 AM to 7:00 PM.

The board discussed information to be included with the tax bills once we have a tax rate. Revaluation explanation, Master Plan Survey and when a building permit is required will be included.

FIRE CHIEF ALLAN CLARK notified the board that the new house being built on Map 202, Lot 12 is not being built to code. Chief Clark will follow up with a letter to the owner explaining what must be changed.

Chief Clark updated the board on repairs to fix the rust on the old engine. It does not appear that repairing the rusted out truck is now an option. Chief Clark noted that the new engine problems are resolved and were the result of an electrical problem. The rescue truck has been modified and the light tower is installed. The roof work is complete and the ceiling is out and new wiring completed as well as a new sign on the face of the station.

On a motion by MS. CONNORS, seconded by MR. STRASSER the board authorized Emergency Management Director Allan Clark to act on behalf of the Town of Sugar Hill to approve an agreement between the State of NH and Littleton Regional Hospital for portable ventilators for the benefit of the Town of Sugar Hill in emergency situations. Motion was approved unanimously.

The board discussed the current case before the Planning Board and agreed with the board's decision to rely on Town Counsel for consultation.

The board received a letter from Campbell and Juliette Ainsworth in regard to the deck and yurt installed on their property on Garnet Hill Road. The Ainsworth's presented the board with a building timeline and agreed that no overnight accommodations would take place and that no heat will be utilized. The board will write a letter to the Ainsworth with the restrictions and also with a reminder to contact the Fire Chief in regard to code for the deck railings.

DENNIS WARD a candidate for State Representative for District 2 met with the board to give them some background and to listen to concerns of the Town. Mr. Ward is a lifelong resident of Monroe and has a farm and has been active with the farm bureau. The board again stated the Donor status of Sugar Hill, lack of road funding, the long wait for bridge funding as some of their concerns.

MS. CONNORS made a motion to accept the minutes of the October 22, 2012, seconded by MR. STRASSER, the motion was approved unanimously.

With no more business and no appointments before the Board, MR. STRASSER made a motion to adjourn; seconded by MS. CONNORS the meeting was adjourned at 7:00 PM. The next regular scheduled meeting will be on Monday, November 5, 2012 at the Carolina Crapo Building at 6:00PM.
