(VC #247979), Danville, New Hampshire, in the amount of \$5,600.00, for milfoil control efforts in portions of Long Pond, effective upon Governor and Council approval through December 31, 2013. 100% Lake Restoration Funds.

Dept. Environmental Services, Lakes Restoration Program, Grants-Nonfederal	

EXPLANATION

Variable milfoil, an invasive exotic aquatic plant, has been a problem in Long Pond for several years. DES grant funds in the amount specified above are earmarked for management activities to control variable milfoil in portions of the above mentioned waterbody in 2013.

The primary purpose of New Hampshire's Exotic Aquatic Plant Program is to "prevent the introduction and further dispersal of exotic aquatic weeds and to manage or eradicate exotic aquatic weed infestations in the surface waters of the state" (RSA 487:17, II). The program, initiated in 1981, has five focus areas: 1) Prevention of new infestations, 2) Monitoring for early detection of new infestations to facilitate rapid control activities, 3) Control of new and established infestations, 4) Research to identify control methods that have the potential to reduce or eliminate infested areas, and 5) Regional cooperation.

DES received 40 requests for funding to control exotic plant growth in 2013, and each project was awarded a 40% match for the proposed work. See Attachment B for a listing of projects, as well as information on the grant request reviewer.

In the event that other funds become no longer available, General funds will not be requested to support this program. This agreement was approved by the Office of the Attorney General as to form, execution and content.

We respectfully request your approval.

Thomas S. Burack
Commissioner

11.2.2 give the Grantee a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the

portion of the Grant Amount which would otherwise accrue to the grantee during the period from the date of such notice until such time as the State determines that the Grantee has cured the Event of Default shall never be paid to the Grantee; and

11.2.3 set off against any other obligation the State may owe to the Grantee any damages the State suffers by reason of any Event of Default; and

11.2.4 treat the agreement as breached and pursue any of its remedies at law or in equity, or both.

Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant shall survive the termination of this agreement.

17. **INSURANCE AND BOND.**

17.1 The Grantee shall, at its sole expense, obtain and maintain in force, or shall require any subcontractor, subgrantee or assignee performing Project work to obtain and maintain in force, both for the benefit of the State, the following insurance:

Each policy shall contain a clause prohibiting cancellation or modification of the policy earlier than ten (10) days after written notice has been received by the State.

18. **WAIVER OF BREACH.** No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event, or any subsequent Event. No express waiver of any Event of Default shall be deemed a waiver of any provisions hereof. No such failure or waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of the Grantee.

22. **THIRD PARTIES.** The parties hereto do not intend to benefit any

third parties and this Agreement shall not be construed to confer any such benefit.

23. **ENTIRE AGREEMENT.** This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire agreement and understanding between the parties, and supersedes all prior agreements and understandings relating hereto.

Exhibit B
Grant Amount and Payment Schedule

Payments shall be made by DES to the grantee upon approval of stated outputs and verification of the value of completed work through submittal of invoices for services rendered.
