Peter C. Hastings
 Acting Commissioner

May 30 2013

Her Excellency, Governor Margaret Wood Hassan
 and the Honorable Executive Council
 State House
 Concord, New Hampshire 03301

Sole Source

REQUESTED ACTION

- 1) Authorize the New Hampshire Department of Information Technology (DoIT) to enter into a **Sole Source** contract extension by amending an Agreement (PO # 101016) with Zytax, Inc (Zytax), (Vendor Number #176042) of Houston, Texas 77046, on behalf of the Department of Safety (DOS), and the Department of Environmental Services (DES) by increasing the contract amount by \$728,500, from \$1,693,293 to \$2,421,793 for the maintenance of an automated fuel toll system effective upon Governor and Executive Council approval. The original contract was approved on July 16, 2008, Item # 84 and amended on June 22, 2011, Item #339.
- 2) Further authorize the extension of the contract from the current end date of June 30, 2013 to June 30, 2018, effective upon Governor and Executive Council approval.

Funding is available in the accounts listed below with the authority to adjust encumbrances in each of the State fiscal years if needed and justified. Funding is anticipated to be available in the following Department of Information Technology accounts upon legislative approval of the biennial budgets for FY 2014, through 2018 as follows. **100% Other (Agency Class 027) funds: the agency Class 027 used by the Department of Safety to reimburse DoIT for this work (66.67 of total) is 100% Highway Funds, the agency Class 027 used by the Department of Environmental Services are 100% Oil funds.**

EXPLANATION

The amendment is Sole Source because buying a new system, costing an estimated \$1,000,000 plus additional maintenance estimated at \$750,000 for five years, is not cost effective at this time and would put an undue burden on our licensees who have become accustomed to this system and many have changed their accounting systems to adapt to ours. This software processes a primary source of revenue for both DOS and DES. The expense in dollars, time and disruption to the system to purchase and install a new system is not in the best interest of the State. This request is for approval of an amendment to an agreement (2007-060) between Department of Information Technology, on behalf of both the New Hampshire Department of Safety's Road Toll and Field Audit Bureaus and the New Hampshire Department of Environmental Services and Zytax, Inc. of Houston, Texas. The purpose of this agreement is to continue maintenance for a Zytax Automated Fuel Toll System. This system replaced the old Road Toll System and it supports the essential functions of remittance and returns processing for Motor Fuel Distributors (MFD), Oil Discharge and Pollution Control (ODPC) licensees, and Motor Fuel and Petroleum Transporter's reports.

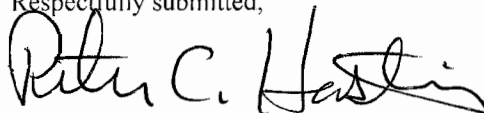

The Department of Safety's Road Toll and Field Audit Bureaus are responsible for collecting the Motor Vehicle Road Toll and the Oil Discharge and Pollution Control fees. This software fully supports the essential functions of electronic remittance and returns processing. DOS collects and audits ODPC fees for the Department of Environmental Services. DOIT is a partner to this contract due to the fact that they budget for the ongoing maintenance costs and bill DOS as part of the regular monthly billing under Class 27.

This contract is the result of a competitive request for proposals (RFP 2007-060) released in February 2007. Contract award was delayed because a Legislative Study Committee was created to evaluate the merits of transferring the authority for collecting Road Tolls from DOS to the Department of Revenue Administration. Upon the resolution to keep the responsibility with DOS, the contract was awarded in July 2008. This system accommodates the electronic filing of all returns, including supporting schedules, as well as providing for electronic payment of taxes and fees due. In addition, this new system interfaces with the State's new Enterprise Resource program (New Hampshire First) which provides the billing and receivable functionality.

100% Other (Agency Class 027) funds: the agency Class 027 used by the Department of Safety to reimburse DoIT for this work (66.67 of total) is 100% Highway Funds, the agency Class 027 used by the Department of Environmental Services are 100% Oil funds.

The Department of Information Technology respectfully requests your approval.

Respectfully submitted,

Peter C. Hastings
Acting Commissioner
Department of Information Technology

Peter C. Hastings
Acting Commissioner

May 24, 2013

John J. Barthelmes
Commissioner
Department of Safety
33 Hazen Drive
Concord, NH 03305

Dear Commissioner Barthelmes:

This letter represents formal notification that the Department of Information Technology (DoIT) has approved your request to amend a contract with Zytax, Inc. (Zytax) of Houston, Texas, as described below and referenced as OIT No. 2007-060b.

The purpose of this contract amendment is to extend the Zytax agreement for five (5) years to provide maintenance for the Road Toll and Field Audit Bureaus' Automated Fuel Toll System (AFTS). This system supports the functions of electronic remittance and returns processing for Motor Fuel Distributors, Oil Discharge and Pollution Control licensees and Motor Fuel and Petroleum Transporters reports. This Amendment increases the Contract value by \$728,500 from \$1,613,693 to \$2,421,793, through June 30, 2016.

A copy of this letter should accompany the Department of Safety submission to the Governor and Executive Council for approval.

Sincerely,

A handwritten signature in cursive script that reads "Wendy Paulist for".

Peter C. Hastings

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS CONTRACT 2007-060 B**

WHEREAS, pursuant to an Agreement approved by Governor and Council, as a result of RFP #2007-060, on July 16, 2008, Item #84 (herein after referred to as the "Agreement"), and amended on June 22, 2011 Item #339, Zytax, Inc. (hereinafter referred to as "Vendor") agreed to supply certain services upon the terms and conditions specified in the Agreement and in consideration of payment by the Department of Safety, Division of Administration (hereinafter referred to as the "Department") acting for the benefit of the Agency, certain sums as specified therein;

WHEREAS, pursuant to the Agreement Section 13.16: Amendment and the provisions of the Agreement, the Agreement may be modified or amended only by a written instrument executed by the parties thereto and approved by the Governor and Executive Council;

WHEREAS, the Vendor and the Department have agreed to amend the Agreement in certain respects;

WHEREAS, the Department wishes to extend the end date of the contract to June 30, 2018.

WHEREAS, the Department wishes to increase the contract price by \$728,500 to bring the total contract price to \$2,421,793.

WHEREAS, the Department and the Vendor seek to clarify the Agreement.

NOW THEREFORE, in consideration of the foregoing, and the covenants and conditions contained in the Agreement and set forth herein, the parties agree as follows:

The Statement of Work Agreement/General Provisions is hereby amended as follows:

1. Amend Section 1.6 of the General Provisions of the Agreement by extending the end date of the contract to June 30, 2018.
2. Amend Section 1.8 of the General Provisions of the Agreement by increasing the Price Limitation by \$728,500, from \$1,693,293 to \$2,421,793.

Exhibit B of the Agreement is hereby amended as follows:

1. The activities and deliverables contained in Section 1 of Exhibit B: Deliverable Payment Schedule of the Agreement is hereby amended to by replacing paragraph 1.1: Firm Fixed Price with Paragraph 1.1a: Firm Fixed Price as detailed below:

1.1a Firm Fixed Price

This is a Firm Fixed Price (FFP) Contract totaling \$2,421,793 for the period between the Effective Date through June 30 2018 ZyTax shall be responsible for performing its obligations in accordance with the Contract. This Contract shall allow ZyTax to invoice the State for the following Activities, Deliverables, or Milestones at fixed pricing/rates appearing in the price and payment tables below:

2. Changes in payment amounts will be based on new amounts arrived at by adding Table 4b below.

Table 4b: Maintenance Totals for Amendment b.

Software or Service Description	SFY 2014	SFY 2015	SFY 2016	SFY 2017	SFY 2018	Total:
Government	\$50,000	\$50,538	\$52,151	\$53,584	\$54,839	\$261,112
ADIP	\$10,000	\$10,108	\$10,430	\$10,717	\$10,968	\$52,223
Web Filing	\$20,000	\$20,215	\$20,860	\$21,434	\$21,935	\$104,444
Cross Matching	\$40,000*	\$40,430*	\$41,720*	\$42,867*	\$43,871*	\$208,888
Archiving	\$5,000	\$5,054	\$5,215	\$5,358	\$5,484	\$26,111
Account Management	\$4,500	\$4,548	\$4,694	\$4,823	\$4,935	\$23,500
File Import Module	\$10,000	\$10,107	\$10,430	\$10,717	\$10,968	\$52,222
Maintenance Total	\$139,500	\$141,000	\$145,500	\$149,500	\$153,000	\$728,500

* Note - The State shall not be obligated to pay this amount unless and until the Cross Matching becomes “functional” as described in Section 3 “Invoicing” below.

3. Replace Exhibit B, Section 3. INVOICING with the following:

3. INVOICING

All invoices shall be subject to the State’s prior written approval, which shall not be unreasonably withheld. Invoices shall contain detailed information, including without limitation, the following: identification of each Deliverable or Service for which payment is sought; date of delivery and/or installation; the Acceptance date triggering such payment; and any other Project costs. Upon Acceptance of a Deliverable, and a properly documented and undisputed invoice, the State shall pay the correct and undisputed invoice within thirty (30) days of invoice receipt. Invoices shall not be backdated and shall be promptly dispatched.

Software License and Maintenance fees shall be invoiced in accordance with the following schedule:

Software License Fees:

33% upon contract execution and award of licenses to software modules, currently operational but not yet customized to State of NH.

33% upon Design Signoff

34% upon completion of UAT

Software Maintenance Fees:

100% upon start of each annual maintenance period which will commence with the successful completion of the Implementation Phase.

Invoicing for the Maintenance Fees identified as for Cross Matching shall commence when the Department confirms that the Cross Matching is “functional” by issuing a letter of User Acceptance. The Cross Matching shall be deemed to be “functional” when the Cross Match Function passes User Acceptance Testing, which includes a demonstration that low to medium complexity audits are executed in one (1) to two (2) hours during business hours and that larger audits scheduled for overnight execution are completed in a twelve (12) hour batch window, as well as the absence of critical, high or medium class deficiencies. Zytax shall notify the Department in writing (including via e-mail) when Zytax believes Cross Matching is functional (which is expected to be with the version 5.14 release) and shall participate in User Acceptance Testing as detailed in Contract Exhibit F: Testing. After User Acceptance, a normal Warranty period as defined in Contract Exhibit K shall

be in effect. The Maintenance Fees for Cross Matching for the then current year shall be prorated, commencing on the date that the Department issues a letter of User Acceptance and running through the next occurring June 30. Following the first prorated invoice for Cross Matching Maintenance Fees, such Maintenance Fees will be invoiced with all other Software Maintenance Fees.

Upon receipt of a properly documented and undisputed Software License or Software maintenance invoice, the State shall pay the correct and undisputed invoice within thirty (30) days of invoice receipt. Invoices shall not be backdated and shall be promptly dispatched.

Invoices shall be sent to:
 State of New Hampshire
 Department of Safety Business Office
 33 Hazen Drive Concord NH 03305

CERTIFICATE OF VOTE
(Corporation without Seal)

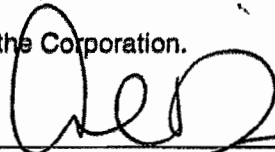

I, Allison Duensing, do hereby certify that:

1. I am the Clerk of Zytax, Inc.
2. The following are true copies of two resolutions duly adopted at a meeting of the Board of Directors of the Corporation duly held on April 23, 2013:

RESOLVED, that the Corporation enter into a contract with the State of New Hampshire, acting through its Department of Safety – Division of Administration Road Toll Bureau, for the provision of services relating to an Automated Fuel Toll System.

RESOLVED, that each of the Chief Executive Officer and the Chief Financial Officer is hereby authorized, individually, on behalf of this Corporation to enter into the said contract with the State and to execute any and all documents, agreements and other instruments, and any amendments, revisions, or modifications thereto, as he may deem necessary, desirable or appropriate.

3. The forgoing resolutions have not been amended or revoked, and remain in full force and effect as of the 14th day of May, 2013.
4. Matthew Tormollen is the duly elected Chief Executive Officer of the Corporation.
5. Phil Fraher is the duly elected Chief Financial Officer of the Corporation.

(Signature of Clerk of the Corporation)

DEPARTMENT OF SAFETY
OFFICE OF THE COMMISSIONER
33 HAZEN DR. CONCORD, NH 03305
603/271-2791

JOHN J. BARTHELMES
COMMISSIONER

May 31, 2011

His Excellency, Governor John H. Lynch
and the Honorable Council
State House
Concord, New Hampshire 03301

Requested Action

Authorize the Departments of Safety (DOS), Environmental Services (DES) and the Office of Information Technology (DoIT) to amend an existing contract with ZyTax, Inc. (VC#176042), Houston, Texas 77046, in the amount of \$79,600 increasing the contract from \$1,613,693 to \$1,693,293. The current contract for this service was approved by Governor and Council on July 16, 2008, Item #84. Effective upon Governor and Council approval through June 30, 2013. Funding source: 100% Highway Funds

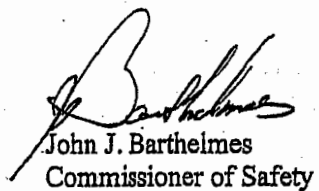

Funds are anticipated to be available in the SFY2012 and SFY2013 in the following accounts upon the availability and continued appropriation of funds in the future operating budgets:

<u>Agency</u>	<u>Appropriation Code</u>	<u>SFY2012</u>	<u>SFY2013</u>
	02-23-23-232030-04430000		
DOS	034-500151 Enhanced Rd Tolls	\$69,600	0
	01-03-03-030010-76230000		
	038-500177		
DoIT	Job #03230071 Agency Software Division DOS	0	\$10,000
Total		\$69,600	\$10,000

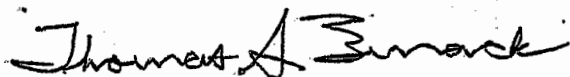

Explanation

The amendment is necessary for incorporating an Excel Import Module and modifications to the Accounts Receivable Payment Interface with the current services. The Department of Safety's Road Toll and Field Audit Bureaus are responsible for collecting the Motor Vehicle Road Toll and the Oil Discharge and Pollution Control (ODPC) fees. This software package will fully support the essential functions of electronic remittance and returns processing for Motor Fuel Distributors (MFD), Oil Discharge and Pollution Control (ODPC) licensees, and Motor Fuel and Petroleum Transporter's reports. DOS collects and audits ODPC fees for the Department of Environmental Services (DES). DoIT is a partner to this contract due to the fact that they budget for the ongoing maintenance costs and bill DOS as part of the regular monthly billing under Class 27.

Respectfully submitted,

John J. Barthelmes
Commissioner of Safety

Thomas S. Burack
Commissioner of Environmental Services

S. William Rogers

Commissioner

May 26, 2011

John J. Barthelmes
Commissioner
Department of Safety
33 Hazen Drive
Concord, NH 03305

Dear Commissioner Barthelmes:

This letter represents formal notification that the Department of Information Technology (DoIT) has approved your request to amend a contract with Zytax, Inc. of Houston, Texas, as described below and referenced as OIT No. 2011-022.

The purpose of this contract amendment is to purchase an Excel import module for the Road Toll and Field Audit Bureaus' Automated Fuel Toll System (AFTS) and to modify the Accounts Receivable (AR) Payment Interface between AFTS and NH First. The Excel import module will allow licensees to file supporting schedules via Microsoft Excel or in a CSV file format. This will enhance the road toll collection process for smaller licensees who do not have EDI capability or do not want to manually enter data into a web based application. The modification to the AR Payment Interface will enhance processing of payments between the Department of Safety and the Department of Administrative Services, Division of Accounting Service, Bureau of Accounts. This Amendment increases the Contract value by \$79,600 from \$1,613,693 to \$1,693,293, through June 30, 2013.

A copy of this letter should accompany the Department of Safety submission to the Governor and Executive Council for approval.

Sincerely,

S. William Rogers

DOS FUEL TOLL
PROJECT TITLE
CONTRACT 2097-060
CONTRACT AMENDMENT A**

WHEREAS, pursuant to an Agreement approved by Governor and Council, as a result of RFP #2007-060, on July 16, 2008, Item #84 (herein after referred to as the "Agreement"), Zytax, Inc. (hereinafter referred to as "Vendor") agreed to supply certain services upon the terms and conditions specified in the Agreement and in consideration of payment by the Department of Safety, Division of Administration (hereinafter referred to as the "Department") acting for the benefit of the Agency, certain sums as specified therein;

WHEREAS, pursuant to the Agreement Section 13.16: Amendment and the provisions of the Agreement, the Agreement may be modified or amended only by a written instrument executed by the parties thereto and approved by the Governor and Executive Council;

WHEREAS, the Vendor and the Department have agreed to amend the Agreement in certain respects;

WHEREAS, the Department wishes to increase the contract price by \$79,600 to bring the total contract price to \$1,693,293.

WHEREAS, the Department and the Vendor seek to clarify the Agreement.

NOW THEREFORE, in consideration of the foregoing, and the covenants and conditions contained in the Agreement and set forth herein, the parties agree as follows:

The Statement of Work Agreement/General Provisions is hereby amended as follows:

1. Amend Section 1.8 of the General Provisions of the Agreement by increasing the Price Limitation from \$1,613,693 to \$1,693,293.

Exhibit A: Contract Deliverables of the Agreement is hereby amended as described below:

1. Amend Section 2: Deliverables, Milestones, and Activities Schedule, 2.1: Implementation Schedule by adding Table 2.5 as follows

Table 2.5 File Import Module and AR Payment Interface

Reference Number	Activity, Deliverable, or Milestone	Deliverable Type	Projected Delivery Date
1	Install File Import Module as described in Zytax proposal (Attachment 1)	Software	08/31/2011
2	Modify the AR Payment Interface to allow EFT payments and check payments to be transferred separately. This modification will change the AR Payments interface scheduled task. The task will be modified to include the following options for transferring payment Details: EFT Only Checks Only With this modification, two scheduled tasks can be created for AR Payments. The first task would be created with the EFT only	Software	08/31/2011

	option selected. The second task would be created with the Checks Only option selected. This usage will result in two separate executions of the AR Payments interface with the EFT and Check payments included separately.		
--	---	--	--

Exhibit B of the Agreement is hereby amended as follows:

- The activities and deliverables contained in Section 1 of Exhibit B: Deliverable Payment Schedule of the Agreement is hereby amended to by replacing paragraph 1.1: Firm Fixed Price with Paragraph 1.1a: Firm Fixed Price as detailed below:

1.1a Firm Fixed Price

This is a Firm Fixed Price (FFP) Contract totaling \$1,693,293 for the period between the Effective Date through June 30 2013 ZyTax shall be responsible for performing its obligations in accordance with the Contract. This Contract shall allow ZyTax to invoice the State for the following Activities, Deliverables, or Milestones at fixed pricing/rates appearing in the price and payment tables below:

- Changes in payment amounts will be based on new amounts arrived at by adding Table 1.5a below.

Table 1.5a File Import Module and AR Payment Interface

Reference Number	Activity, Deliverable, or Milestone	Deliverable Type	Deliverable Date	Payment Amount
1	Install File Import Module as described in Zytax proposal (Attachment 1)	Software	08/31/2011	\$60,000
2	Modify the AR Payment Interface to allow EFT payments and check payments to be transferred separately. This modification will change the AR Payments interface scheduled task. The task will be modified to include the following options for transferring payment Details: EFT Only Checks Only With this modification, two scheduled tasks can be created for AR Payments. The first task would be created with the EFT only option selected. The second task would be created with the Checks Only option selected. Zytax Global Energy Tax Solutions

Proposal for:

State of New Hampshire
Attention: Scott Bryer / Eric Marshall

By:

Kerrye Merkel / Steve Shannon
FuelQuest
Nine Greenway Plaza, Suite 1800
Houston, Texas 77046

Based on our correspondence, please see the below summary of the pricing and service elements to incorporate the Excel Import Module and modifications to the AR Payment Interface with the current services at the State of New Hampshire:

Proposed Product and Pricing

File Import Module – Zytax Government

The File Import module will provide the capability to import transaction data from an Excel-based format into Zytax Government 5.x. This feature will allow import of schedule transactions into a specified tax session. The format required to import schedule transaction data varies based upon the schedule requirements for each tax return. An option on the Tax Sessions grid will create a template spreadsheet format for each tax return. Users of Zytax Government can import transaction data using this format. The format will contain the schedule code used for each transaction. When importing transactions into the Zytax Government system, all existing transactions in a tax session will be replaced with the imported data. Zytax Government users will be limited to importing 1,000 transactions into an existing tax session. Users will be able to view the status of transactions being imported through the use of the System Activity screen.

License Fee: (This fee includes licensing and a 1 year warranty on the functionality of this module)	\$ 60,000.00
Maintenance Fee (per year – to begin at the conclusion of the 1 year warranty):	\$ 10,000.00

Integration, Implementation and Training

Full Services Package Fee	\$ 0.00
----------------------------------	----------------

This module will not require integration, implementation or formal training. Informal ad-hoc training will be provided via remote demonstration to key Road Toll employees.

Includes:

Updated license key to enable functionality

This proposal is valid through May 31, 2011

AR Payment Interface Modifications

The AR Payment Interface will be modified to provide to allow EFT payments and Check payments to be transferred separately. This modification will change the AR Payments Interface scheduled task. The task will be modified to include the following options for transferring payment details:

- EFT Only
- Checks Only

With this modification, two scheduled tasks can be created for AR Payments. The first task would be created with the EFT Only option selected. The second task would be created with the Checks Only option selected. This usage will result in two separate executions of the AR Payments Interface with EFT and Check payments included separately. Changes to the field level details for the interface will be provided by the New Hampshire Department of Safety in conjunction with the Department of Administrative Services, Division of Accounting Services, Bureau of Accounts.

Integration, Implementation and Training

**Full Services Package
Fee**

\$ 9,600.00

This module will not require integration, implementation or formal training. Informal ad-hoc training will be provided via remote demonstration to key Road Toll employees.

This proposal is valid through May 31, 2011

Requested Action

Authorize the Departments of Safety (DOS), Environmental Services (DES) and the Office of Information Technology (OIT) to enter into a five year agreement with ZyTax (VC#135376), One Greenway Plaza, Suite 310, Houston, Texas 77046, in the amount of \$1,613,693, for the procurement, implementation and maintenance of a Commercial Off The Shelf (COTS) software package to replace the current Road Toll System (RTS). Effective upon Governor and Council approval through June 30, 2013, with the option to extend for an additional period through December 31, 2014. Funding sources: 66.67% Highway Fund and 33.33% Oil Funds.

Funding is available in the following accounts, as outlined below, for SFY09 and is anticipated to be available for SFY 2010 through SFY2013, upon the availability and continued appropriation of funds in the future operating budgets.

Agency	Appropriation Code	SFY 2009	SFY 2010	SFY 2011	SFY 2012	SFY 2013	Total

Explanation

The Department of Safety's Road Toll and Field Audit Bureaus are responsible for collecting the Motor Vehicle Road Toll and the Oil Discharge and Pollution Control (ODPC) fees. This software package will fully support the essential functions of electronic remittance and returns processing for Motor Fuel Distributors (MFD), Oil Discharge and Pollution Control (ODPC) licensees, and Motor Fuel and Petroleum Transporter's reports. DOS collects and audits ODPC fees for the Department of Environmental Services (DES). OIT is a partner to this contract due to the fact that they budget for the ongoing maintenance costs and bill DOS as part of the regular monthly billing under Class 27.

The current (RTS) system is over 10 years old and does not allow for electronic filing of Road Toll and ODPC tax returns. In addition the current system does not have the capability to cross match licensees supporting fuel tax schedules on the MFD returns. The new system will accommodate electronic filing of all returns, including supporting schedules, as well as providing for electronic payment of taxes and fees due. In addition this new system will interface with the state's new Enterprise Resource Program (ERP) which will provide the billing and receivable functionality.

This project was originally funded in the 2005 Capital Budget, Laws of 2005 Chapter 259:4, I, A, entitled Enhanced Road Toll System and had its lapse date extended by the Laws of 2007 Chapter 264:29 LXVII. In addition this project is set forth in the Department of Safety's Strategic Information Technology Plan 2005-2009 Appendix VI, Project #147 dated October 21, 2005.

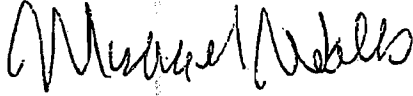

DES obtained an increase in their Oil Fund Board appropriation for its share of the new Road Toll System. The \$460,000 appropriation increase was approved by the Fiscal Committee on November 11, 2007 (Item #FIS 07-355) and by Governor and Council on November 28, 2007 (Item #76).

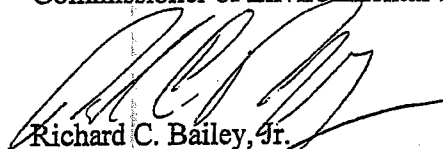

This project was bid by the Office of Information Technology, RFP 2007-060, on February 21, 2007. The presentation of this contract to Governor and Council was delayed due to the fact that a Legislative Study Committee was created to evaluate the merits of transferring the authority for collecting Road tolls from the DOS to the Department of Revenue Administration (DRA). DOS felt that it should not proceed with seeking approval for this contract until after that matter was resolved. As soon as the Legislative Study Committee determined that this task should stay with DOS for a minimum of another two years, DOS immediately resumed work on negotiating this document. DOS was able to win the approval of both bidders to freeze their pricing during this delay.

Please see the attached summary of the bids received, the scoring of the bids, as well as the names and titles of the reviewers.

Respectfully submitted,

John J. Barthelmes
Commissioner of Safety

Thomas S. Burack

Dear Mr. Colby and Commissioner Burack:

This letter represents formal notification that the Office of Information Technology (OIT) has approved your request to enter into a contract with Zytax, Inc. One Greenway Plaza, Suite 310, Houston, TX as described below and referenced as OIT No. 2007-060.

This is a contract to procure commercial off the shelf (COTS) software needed by DOS, Division of Administration that will cross match fuel toll returns, replace the current Road Toll System and implement an Automated Fuel Toll System to allow licensees to file their fuel toll returns electronically. The system shall fully support the essential functions of remittances and returns processing for Motor Fuel Distributors, Oil Discharge and Pollution Control licensees, Motor Fuel and Petroleum Transporter's Reports and the International Fuel Tax licensees. This project is set forth in the Department of Safety's Strategic Information Technology Plan, 2005-2009, Appendix VI, Project # 147 Dated October 21, 2005

A copy of this letter should accompany the Office of Information Technology submission to the Governor and Executive Council for approval.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard C. Bailey, Jr.", written over a horizontal line.

Richard C. Bailey, Jr.

TERMS AND DEFINITIONS

Capitalized terms used in the Contract shall have the meanings given below:

Acceptance	Notice from the State that a Deliverable has satisfied Acceptance Test or Review.
Acceptance Criteria	The criteria a product must meet to successfully complete a test phase or meet delivery requirements.
Acceptance Test	Formal testing conducted to determine whether or not a system satisfies its Acceptance Criteria.
ADIP	Automated Data Import Process
AFTS	Automated Fuel Toll System. The ZyTax COTS software modules adapted by Zytax to the State of NH and licensed to the State of NH to fulfill the requirements of this contract.
Agreement	A contract duly executed and legally binding.
ANSI	American National Standards Institute is an organization that coordinates standards development
Certification or Certify	Written Certification and full supporting and written documentation (including, without limitation, test results as applicable) that ZyTax, Inc. has completed development of the Deliverable and certified its readiness for applicable Acceptance Test and/ or Review.
Change Control	Formal process for initiating changes to the proposed Solution or process once development has begun.
Change Order	Formal documentation prepared for a proposed change in the Specifications.
Confidential Information	Information required to be kept confidential from unauthorized disclosure under the Contract.
Contract	This Agreement between the State of New Hampshire and ZyTax, Inc., which creates binding obligations for each party to perform as specified in the Contract Documents.
Contract Documents	Documents that comprise this Contract (See Statement of Work, Section 1.1)
Contract Managers	The persons identified by the State and ZyTax, Inc. who shall be responsible for all contractual authorization and administration of the Contract. These responsibilities shall include, but not be limited to, processing Contract documentation, obtaining executive approvals, tracking costs and payments, and representing the parties in all Contract administrative activities.
Conversion Test	
COTS	Commercial-off-the-shelf software
Data	State's records, files, forms, data and other documents or information that shall be used during the Contract Term.
DBA	Database administrator

DBMS	Database Management System
Deficiencies/Error Classifications	<p>Critical – Fatal: Errors that result in the loss of all processing capability and errors that disable major functions from being performed and therefore affect the normal operation of the Software during the normal working day (e.g., inability to file motor fuel taxes).</p> <p>High – Severe Impact: Errors that disable major functions from being performed and therefore affect the normal operation of the Software during the normal working day (e.g., inability to file motor fuel taxes) for which Zytax is able to provide a work around.</p> <p>Medium – Degraded Operations: Errors that disable only certain nonessential functions but that do not affect the normal operation of the Software during the normal working day.</p> <p>Low – Minimal Impact: Intermittent Errors that do not materially affect normal operation of the Software.</p>
Deliverables	Any Written, Software, or Non-Software Deliverable (letter, report, manual, book, other), provided by ZyTax, Inc. to the State under the Contract.
Documentation	All information that describes the installation, operation, and use of the Software, either in printed or electronic format.
EDI	Electronic Data Interchange – EDI refers to the FTA's version 4030 mapping based on ANSI X12 standards for exchanging business documents
Effective Date	The date on which the Contract takes effect upon Governor and Executive Council approval.
Extended Term	Period of the Contract from the end of the initial Contract date through the end of the new period set by the Contract amendment.
Firm Fixed Price Contract	A contract with a fixed price that is not subject to increase, i.e., adjustment on the basis of ZyTax, Inc.'s cost experience in performing the Contract.
FTA	Federation of Tax Administrators
Fully loaded	Rates are inclusive of all allowable expenses, including, but not limited to: meals, hotel/housing, airfare, car rentals, car mileage, and out of pocket expenses.
HTTPS	Protocol enabling the secured transmission of Web pages
GAAP	Generally Accepted Accounting Principles
Go-Live

Governor and Executive Council	The New Hampshire Governor and Executive Council.
Implementation	The process for making the System fully operational for processing the Data.
Implementation Plan	Sets forth the transition from development of the System to full operation, and includes without limitation, training, business and technical procedures.
Key Project Staff	Personnel identified by the State and by ZyTax, Inc. as essential to work on the Project.
Non-Exclusive Contract	A contract executed by the State that does not restrict the State from seeking alternative sources for the Deliverables or Services provided under the Contract.
Non-Software Deliverables	Deliverables that are not Software Deliverables or Written Deliverables, e.g., meetings, help support, services, other.
Normal Business Hours	Normal Business Hours – 8:00 a.m. to 5:00 p.m. EST, Monday through Friday excluding State of New Hampshire holidays. State holidays are: New Year's Day, Martin Luther King Day, President's Day, Memorial Day, July 4 th , Labor Day, Veterans Day, Thanksgiving Day, the day after Thanksgiving Day, and Christmas Day.
Notice to Proceed (NTP)	The State Contract Manager's direction to ZyTax, Inc. to begin work on the Contract on a given date and time.
Office of Information Technology (OIT)	The Office of Information Technology established under RSA 4-D within the Office of the Governor.
ODBC	Open Database Connectivity (ODBC) is a standard or open application programming interface (API) for accessing a database.
OLEDB	A COM technology to access any type of data from any application (text files, spreadsheets, email, relational databases, address books) from any storage device (desktop computer, mainframe, Internet, etc.)
Operating System	System is fully functional, all Data has been loaded into the System, is available for use by the State in its daily operations.
Order of Precedence	The order in which Contract/Documents preside in the event of a conflict or ambiguity.
PMI	Project Management Institute
PMO	Project Management Office consisting of representation at a project management level by all involved parties; consultants, IT, RTB, and executive sponsors
PMBOK	PMI's Project Management Body of Knowledge
Project	The planned undertaking regarding the entire subject matter of the Contract and the activities of the parties related hereto.
Project Team	The group of State employees and ZyTax, Inc. personnel

	responsible for managing the processes and mechanisms required such that the Services are procured in accordance with the Work Plan on time, on budget and to the required Specifications and quality.
Project Managers	The persons identified in SOW SECTION 4.5.
Proposal	ZyTax, Inc.'s written proposal submitted in response to RFP 2007-060.
QA	Quality Assurance
RACI	Responsible, Accounted, Consulted, Informed - Used to describe the roles and responsibilities of various teams on a project
RDBMS	Relational Database Management System
Regression Test Plan	A plan integrated into the Work Plan used to ascertain whether fixes to defects have caused errors elsewhere in the application/process.
Review Period	The period set for Review contained in the Work Plan for a Deliverable. If none is specified, then five (5) business days shall apply.
RFP (Request for Proposal)	Request For Proposal 2007-060
RI	Referential Integrity
RTAB	Road Toll Audit Bureau
Schedule	The dates described in the Work Plan for deadlines for performance of Services and other Project events and activities.
Services	The work or labor to be performed by ZyTax, Inc. on the Project as described in the Contract.
Software	AFTS Software provided by ZyTax, Inc. under the Contract (If Custom Software also provided, add here and add definition for Custom Software in this table)
Software License	Licenses provided to the State under this Contract.
Solution	The Solution consists of the total solution, which includes, without limitation, Software and Services, addressing the requirements and terms of the Specifications.
SOW	Statement of Work
Specifications	The written specifications that set forth the requirements which include, without limitation, this RFP, the Proposal, the Contract, any performance standards, Documentation, applicable State and federal policies, laws and regulations, State technical standards, subsequent State-approved Deliverables, and other specifications and requirements described in the Contract. The Specifications are incorporated, by reference, as though completely set forth herein.

CONTRACT DOCUMENT**

This Contract is by and between the State of New Hampshire, acting through Department of Safety ("State"), and ZyTax, Inc. (Zytax), a Texas Corporation, having its principal place of business at One Greenway Plaza, Suite 310, Houston, TX 77046.

This is a contract to procure a commercial off the shelf (COTS) software package for the Department of Safety, Road Toll Bureau to cross match the returns, replace the current Road Toll System (RTS), and implement an Automated Fuel Toll System (AFTS) to allow licensees to file their fuel toll returns electronically. The system, in conjunction with the State of NH Enterprise Resource Planning (ERP) system (NH FIRST) shall fully support the essential functions of remittances and returns processing for Motor Fuel Distributors (MFD), Oil Discharge and Pollution Control (ODPC) Licensees (Collections administered for the Department of Environmental Services by Department of Safety (DOS) Road Toll Bureau), Motor Fuel and Petroleum Transporter's Report.

RECITALS

The State desires to have ZyTax, Inc. provide a Commercial-off-the-shelf Software System, and associated Services for the Department of Safety and the Department of Environmental Services (DES).

ZyTax, Inc. wishes to provide a Commercial-off-the-shelf Software System and associated Services for the State.

The parties therefore agree as follows:

1. CONTRACT DOCUMENTS

1.1 Contract Documents

This Contract is comprised of the following documents (Contract Documents):

- a. The Statement of Work
- b. Exhibit A Contract Deliverables
- c. Exhibit B Price and Payment Schedule
- d. Exhibit C Special Provisions
- e. Exhibit D Administrative Services
- f. Exhibit E Implementation Services
- g. Exhibit F Testing Services
- h. Exhibit G Maintenance and Support Services
- i. Exhibit H Requirements- Contractor Responses
- j. Exhibit I Work Plan
- k. Exhibit J Software License and related Terms
- l. Exhibit K Warranty and Warranty Services
- m. Exhibit L Training Services
- n. Exhibit M Agency RFP with Addendums, by reference
- o. Exhibit N Contractor Proposal, by reference

1.2 Order of Precedence

In the event of conflict or ambiguity among any of the text of the Contract Documents, the following Order of Precedence shall govern:

- a. *The State of New Hampshire Terms and Conditions*, as stated in Appendix G, of the RFP and the *General Contract Requirements*, as stated in the RFP Section 6.
- b. State of New Hampshire, Department of Safety Contract 2007-060.
- c. RFP 2007-060 Automated Fuel Toll System, dated February 21, 2007 with Addenda #1 and #2 incorporated; then
- d. The Contractor Proposal to RFP 2007-060, dated April 6, 2007.
- e. The IT Project Required Work Procedures, Section G-2 of the RFP

1.3 Non-Exclusive, FIRM FIXED PRICE Contract

This is a Non-Exclusive, Firm Fixed Price (FFP) Contract with price and term limitations as set forth in the Contract.

The State may, at its discretion, retain other contractors to provide Services or Deliverables procured under this Contract. Zytax shall not be responsible for any delay, act, or omission of such other contractors, except that Zytax shall be responsible for any delay, act, or omission of the other contractors if such delay, act, or omission is caused by or due to the fault of Zytax.

2. CONTRACT TERM

2.1 Term

The Contract shall take effect after full execution by the parties, and the receipt of required governmental approvals, including, but not limited to, Governor and Executive Council approval.

The Contract shall begin on the Effective Date and extend through June 30 2013. The Term may be extended, ("Extended Term") at the sole option of the State, subject to the parties prior written agreement on applicable fees, up to but not beyond December 31, 2014.

Zytax shall commence work upon issuance of a Notice to Proceed by the State. If Zytax commences work prior to the Effective Date and a Notice to Proceed, such

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION

CONTRACT DOCUMENT**

work shall be performed at the sole risk of Zytax and the State shall be under no obligation to pay Zytax for any costs incurred or Services performed.

Time is of the essence in the performance of Zytax's obligations under the Contract.

3. COMPENSATION

3.1 Contract Price

The Contract price, method of payment, and terms of payment are identified in Contract Exhibit B: *Price and Payment Schedule*.

4. CONTRACT MANAGEMENT

The Project shall require the coordinated efforts of a Project Team consisting of both Zytax and State personnel. Zytax shall provide all necessary resources to perform its obligations under the Contract. Zytax shall be responsible for managing the Project to its successful completion.

4.1 Zytax Contract Manager

Zytax shall assign a Contract Manager who shall be responsible for all Contract authorization and administration. Zytax's Contract Manager is:

Nick Mirgeaux
Account Executive
One Greenway Plaza, Suite 310, Houston, TX 77046
TEL: (713) 222-5776
CELL: (832) 858-4498
FAX:(713) 222-5701
EMAIL:nmirgeaux@fuelquest.com

4.2 Zytax Project Manager

4.2.1 Contract Project Manager

Zytax shall assign a Project Manager who meets the requirements of the Contract, including but not limited to, the requirements set forth in the RFP. Zytax's Selection of the Zytax Project Manager shall be subject to the prior written approval of the State. The State's approval process may include, without limitation, at the State's discretion, review of the proposed Zytax Project Manager's resume, qualifications, references, and background checks, and an interview. The State may require removal or reassignment of Zytax's Project Manager who, in the sole judgment of the State, is found unacceptable to the State or is not performing to the State's satisfaction.

CONTRACT DOCUMENT

- 4.2.2 The Zytax Project Manager shall have full authority to make binding decisions under the Contract, and shall function as Zytax's representative for all administrative and management matters. Zytax's Project Manager shall perform the duties required under the Contract, including, but not limited to, those set forth in Contract Exhibit I, Section 2. The Zytax's Project Manager must be available to promptly respond during Normal Business Hours within two (2) hours to inquiries from the State, and be at the site as needed. Zytax's Project Manager must work diligently and use his/ her best efforts on the Project. Zytax's Project Manager must be qualified to perform the obligations required of the position under the Contract.
- 4.2.3 Zytax shall not change its assignment of the Zytax Project Manager without providing the State written justification and obtaining the prior written approval of the State. State approvals for replacement of the Zytax's Project Manager shall not be unreasonably withheld. The replacement Project Manager shall have comparable or greater skills than the Zytax Project Manager being replaced; meet the requirements of the Contract, (including but not limited to, the requirements set forth in RFP); and be subject to reference and background checks described above in SOW Section 4.2.1: *Contract Project Manager*, and in SOW Section 4.10: *Background Checks*, below. Zytax shall assign a replacement Zytax Project Manager within ten (10) business days of the departure of the prior Zytax Project Manager, and Zytax shall continue during the ten (10) business day period to provide competent Project management Services through the assignment of a qualified interim Zytax Project Manager.
- 4.2.4 Notwithstanding any other provision of the Contract, the State shall have the option, at its discretion, to terminate the Contract, declare Zytax in default and pursue its remedies at law and in equity, if Zytax fails to assign a Zytax Project Manager meeting the requirements and terms of the Contract.
- 4.2.5 The Zytax Project Manager is:

Kenneth Dunlap
Tax Project Manager
One Greenway Plaza, Suite 310
Houston, TX 77046
Tel: (713) 222-5383

CONTRACT DOCUMENT

4.3 Zytax Key Project Staff

- 4.3.1 Zytax shall assign Key Project Staff who meet the requirements of the Contract, and can implement the AFTS Solution meeting the requirements set forth in RFP Appendix C: *System Requirements and Deliverables*, Table C.1: *System Requirements and Deliverables-Vendor Response Checklist*. The State may conduct reference and background checks on the Zytax Key Project Staff. The State reserves the right to require removal or reassignment of Zytax's Key Project Staff who are found unacceptable to the State. Any background checks shall be performed in accordance with SOW Section 4.10: *Background Checks*.
- 4.3.2 Zytax shall not change any Zytax Key Project Staff commitments without providing the State written justification and obtaining the prior written approval of the State. State approvals for replacement of Zytax Key Project Staff shall not be unreasonably withheld. The replacement Zytax Key Project Staff shall have comparable or greater skills than the Zytax Key Project Staff being replaced; meet the requirements of the Contract, including but not limited to the requirements set forth in RFP Appendix C: *System Requirements and Deliverables* and be subject to reference and background checks described above in SOW Section 4.2.1 and in SOW Section 4.10: *Background Checks*,
- 4.3.3 Notwithstanding any other provision of the Contract to the contrary, the State shall have the option to terminate the Contract, declare Zytax in default and to pursue its remedies at law and in equity, if Zytax fails to assign Key Project Staff meeting the requirements and terms of the Contract.

4.3.3.1 Zytax Key Project Staff shall consist of the following individuals in the roles identified below:

Key Members of the Zytax Team are:

Key Member(s)

Timothy Blaney
Steve Shannon
Cheryl Gilson
Rod Ratajczak

Title

Vice President of Technology
Director of Product Management
Tax Product Architect
Applications Development
Manager

4.4 State Contract Manager

The State shall assign a contract manager who shall function as the State's representative with regard to Contract administration. The State Contract Manager is:

STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS-RFP 2007-060
STATEMENT OF WORK

4.5 State Project Manager

The State shall assign a Project Manager. The State Project Manager's duties shall include the following:

- a. Leading the Project;
- b. Engaging and managing all Contractors;
- c. Managing significant issues and risks.
- d. Reviewing and accepting Contract Deliverables;
- e. Invoice sign-offs;
- f. Review and approval of Change proposals; and
- g. Managing stakeholders' concerns.

The State Project Manager is:

4.6 State Meetings and Reports

The State believes that effective communication and reporting is essential to Project success.

Zytax Key Project Staff shall participate in meetings as requested by the State, in accordance with the requirements and terms of this Contract.

Introductory Meeting: Participants shall include Zytax Key Project Staff and State Project Leaders from both the Road Toll Bureau and the Office of Information Technology. This meeting shall enable leaders to become acquainted and establish any preliminary Project procedures.

Kickoff Meeting: Participants shall include the Project Team and major stakeholders. This meeting is to establish a sound foundation for activities that shall follow.

Status Meetings: Participants shall include, at the minimum, the Zytax Project Manager and the State Project Manager. These meetings, which shall be conducted at least biweekly, shall address overall Project status, error report reviews and any additional

DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS-RFP 2007-060
STATEMENT OF WORK

topics needed to remain on Schedule and within budget. A status and error report from Zytax shall serve as the basis for discussion.

The Work Plan: must be reviewed at each Status Meeting and updated, at minimum, on a weekly basis, in accordance with the Contract.

Special Meetings: Need may arise for a special meeting with State leaders or Project stakeholders to address specific issues.

The Zytax Project Manager or Zytax Key Project Staff shall submit biweekly status reports in accordance with the Schedule and terms of this Contract. All status reports shall be prepared in formats approved by the State. Status reports shall include, at a minimum, the following:

- a. Project status related to the Work Plan;
- b. Deliverable status;
- c. Accomplishments during weeks being reported;
- d. Planned activities for the upcoming two (2) week period;
- e. Future activities; and
- f. Issues and concerns requiring resolution.

As reasonably requested by the State, Zytax shall provide the State with information or reports regarding the Project. Zytax shall prepare special reports and presentations relating to Project Management, and shall assist the State in preparing reports and presentations, as reasonably requested by the State, all at no additional cost to the State.

4.7 State-Owned Documents and Data

Zytax shall provide the State access to all documents, State Data, materials, reports, and other work in progress relating to the Contract ("State Owned Documents"). Upon termination of the Contract, Zytax shall turn over all State-Owned Documents, material, reports, and work in progress relating to this Contract to the State at no additional cost to the State. State-Owned Documents must be provided in both printed and electronic format.

4.8 Records Retention and Access Requirements

Zytax shall agree to the conditions of all applicable State and federal laws and regulations, which are incorporated herein by reference, regarding retention and access requirements, including without limitation, retention policies consistent with the Federal Acquisition Regulations (FAR) Subpart 4.7 Contractor Records Retention.

Zytax and its Subcontractors shall maintain books, records, documents, and other evidence of accounting procedures and practices, which properly and sufficiently reflect all direct and indirect costs invoiced in the performance of their respective obligations under the Contract. Zytax and its Subcontractors shall retain all such records for three (3) years following termination of the Contract, including any extensions. Records relating to any litigation

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS-RFP 2007-060
STATEMENT OF WORK**

matters regarding the Contract shall be kept for one (1) year following the termination of all litigation, including all appeals.

Upon prior notice and subject to reasonable time frames, all such records shall be subject to inspection, examination, audit and copying by personnel so authorized by the State and federal officials so authorized by law, rule, regulation or Contract, as applicable. Access to these items shall be provided within Merrimack County of the State of New Hampshire, unless otherwise agreed by the State. Delivery of and access to such records shall be at no cost to the State during the three (3) year period termination of the Contract and one (1) year term following litigation relating to the Contract, including all appeals. Zytax shall include the record retention and review requirements of this section in any of its subcontracts.

The State agrees that books, records, documents, and other evidence of accounting procedures and practices related to the Zytax's cost structure and profit factors shall be excluded from the State's review unless the cost of any other Services or Deliverables provided under the Contract is calculated or derived from the cost structure or profit factors.

4.9 Accounting Requirements

Zytax shall maintain an accounting system in accordance with generally accepted accounting principles. The costs applicable to the Contract shall be ascertainable from the accounting system.

4.10 Background Checks

The State may, at its sole expense, conduct background screening of the Zytax Project Manager and Zytax Key Project Staff. The State shall maintain the confidentiality of background screening results in accordance with the Statement of Work, Section 12: *Use of State's Information, Confidentiality*.

5. DELIVERABLES

5.1 Deliverables and Services

Zytax shall provide the State with the Deliverables and Services required under this Contract, and as more fully set forth herein and in Contract Exhibit A: *Contract Deliverables*.

5.2 Non-Software and Written Deliverables Review and Acceptance

After receiving written Certification from Zytax that a Non-Software or Written Deliverable is final, complete, and ready for review, the State shall review the Deliverable to determine whether it meets the Requirements outlined in Contract Exhibit A: *Contract Deliverables*. The State shall notify Zytax in writing of its Acceptance or rejection of the Deliverable within ten business days of the State's receipt of Zytax's Written Certification. If the State rejects the Deliverable, the State shall notify Zytax of the nature and class of the Deficiency

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS-RFP 2007-060
STATEMENT OF WORK**

and Zytax shall correct the Deficiency within the period identified in the Work Plan. If no period for Zytax's correction of the Deliverable is identified, Zytax shall correct the Deficiency in the Deliverable within five (5) business days, or such longer period as is mutually agreed. Upon receipt of the corrected Deliverable, the State shall have five (5) business days, or such longer period as is mutually agreed, to review the Deliverable and notify Zytax of its Acceptance or rejection thereof, with the option to extend the Review Period up to five (5) additional business days, or such longer period as is mutually agreed. If Zytax fails to correct the Deficiency within the allotted period of time, the State may, at its option, continue reviewing the Deliverable and require Zytax to continue until the Deficiency is corrected, or immediately terminate the Contract, declare Zytax in default, and pursue its remedies at law and in equity.

5.3 System/Software Testing and Acceptance

System and Software Testing and Acceptance shall be performed as set forth in the Test Plan and Contract Exhibit F: *Testing Services*.

6. SOFTWARE

6.1 COTS Software and Documentation

Zytax shall provide the State with COTS Software Licenses and Documentation set forth in Contract Exhibit J: *Software License and Related Terms*.

6.2 COTS Software Support and Maintenance

Zytax shall provide the State with COTS Software support and maintenance Services set forth in Contract Exhibit G: *Maintenance and Support Services*.

6.3 Custom Software and Documentation

Zytax shall provide the State with Custom Software as set forth under the Contract, subject to the License set forth in SOW Section 11: *Intellectual Property*, herein.

6.4 Custom Software Support and Maintenance

Zytax shall provide the State with Custom Software support and maintenance Services set forth in Contract Exhibit G: *Maintenance and Support Services*.

7. WARRANTY

Zytax shall provide the Warranties and Warranties Services set forth in Contract Exhibit K: *Warranty and Warranty Services*.

8. SERVICES

Zytax shall provide the Services required under the Contract Documents. All Services shall meet, and be performed, in accordance with the Specifications.

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS-RFP.2007-060
STATEMENT OF WORK**

8.1 Administrative Services

Zytax shall provide the State with the Administrative Services set forth in Contract Exhibit D: *Administrative Services*.

8.2 Implementation Services

Zytax shall provide the State with the Implementation Services set forth in Contract Exhibit E: *Implementation Services*.

8.3 Testing Services

Zytax shall perform Testing Services for the State set forth in, Contract Exhibit F: *Testing Services*.

8.4 Training Services

Zytax shall provide the State with Training Services set forth in Contract Exhibit L: *Training Services*.

8.5 Maintenance and Support Services

Zytax shall provide the State with Maintenance and Support Services for the Software set forth in Contract Exhibit G: *System Maintenance and Support*.

9. WORK PLAN DELIVERABLE

Zytax shall provide the State with a Work Plan that shall include, without limitation, a detailed description of the Schedule, Tasks, Deliverables, Major Milestones, Task Dependencies, and Payment Schedule.

The initial Work Plan shall be a separate Deliverable and is set forth in Contract Exhibit I: *Work Plan*. Zytax shall update the Work Plan as necessary, but no less than weekly, to accurately reflect the status of the Project, including without limitation, the Schedule, Tasks, Deliverables, Major Milestones, Task Dependencies, and Payment Schedule. Any such updates must be approved by the State, in writing, prior to final incorporation into Contract Exhibit I: *Work Plan*. The updated Contract Exhibit I: *Work Plan*, as approved by the State, is incorporated herein by reference.

Unless otherwise agreed in writing by the State, changes to the Contract Exhibit I: *Work Plan* shall not relieve Zytax from liability to the State for damages resulting from Zytax's failure to perform its obligations under the Contract, including, without limitation, performance in accordance with the Schedule. In the event of any delay in the Schedule, Zytax must immediately notify the State in writing, identifying the nature of the delay, i.e., specific actions or inactions of Zytax or the State causing the problem; its estimated duration; specific actions that need to be taken to correct the problem; and the expected Schedule impact on the Project. In the event additional time is required by Zytax to correct Deficiencies, the Schedule shall not

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS-RFP 2007-060
STATEMENT OF WORK**

change unless previously agreed in writing by the State, except that the Schedule shall automatically extend on a day-to-day basis to the extent that the delay does not result from Zytax's failure to fulfill its obligations under the Contract.

10. CHANGE ORDERS

The State may make changes or revisions at any time by written Change Order. Within five (5) business days of Zytax's receipt of a Change Order, Zytax shall advise the State, in detail, of any impact on cost (e.g., increase or decrease), the Schedule, or the Work Plan.

Zytax may request a change within the scope of the Contract by written Change Order, identifying any impact on cost, the Schedule, or the Work Plan. The State shall attempt to respond to Zytax's requested Change Order within five (5) business days. The State shall be deemed to have rejected the Change Order if the parties are unable to reach an agreement in writing.

All Change Orders shall be subject to the Contract amendment process set forth in Section 13.16 of this SOW, as determined to apply by the State. Mutually agreed to Change Orders may increase the Firm Fixed Price set forth in Exhibit B only with a contract amendment approved by Governor and Executive Council,

11. INTELLECTUAL PROPERTY

11.1 State's Business

The State's rights in Deliverables shall be for purposes of the State's business only. All other intellectual property rights in such Deliverables remain with Zytax. The State may not re-license, rent or lease the Software or use the Software for third-party training, commercial time-sharing, or service bureau use.

11.2 Zytax's Materials

Subject to the provisions of this Contract, Zytax may develop for itself, or for others, materials that are competitive with, or similar to, the Deliverables. In accordance with the confidentiality provision of this Contract, Zytax shall not distribute any products containing or disclose any State Confidential Information. Zytax shall be free to use its general knowledge, skills and experience, and any ideas, concepts, know-how, and techniques that are acquired or used in the course of its performance under this Contract, provided that such is not obtained as the result of the deliberate memorization of the State Confidential Information by Zytax employees or third party consultants engaged by Zytax.

The parties agree that the general knowledge referred to herein cannot include information or records not subject to public disclosure under New Hampshire RSA Chapter 91-A, which includes but is not limited to the following: records of grand juries and petit juries; records of parole and pardon boards; personal school records of pupils; records pertaining to internal personnel practices, financial information, test questions, scoring keys and other

**STATE OF NEW HAMPSHIRE

STATEMENT OF WORK**

examination data use to administer a licensing examination, examination for employment, or academic examination and personnel, medical, welfare, library use, video tape sale or rental, and other files containing personally identifiable information that is private in nature.

11.3 Copyright

11.3.1 WWW Copyright and Intellectual Property Rights

All right, title and interest in the State WWW site, including copyright to all Data and information, shall remain with the State. The State shall also retain all right, title and interest in any user interfaces and computer instructions embedded within the WWW pages. All WWW pages and any other Data or information shall, where applicable, display the State's copyright.

11.4 Custom Software Source Code

Upon request, Zytax shall provide the State with a copy of the source code for the Custom Software, which shall be subject to the License rights. Subject to the terms and conditions of the Contract Documents, the State shall receive a worldwide, perpetual, irrevocable, Non-Exclusive paid -up right and license to use, copy, modify and prepare derivative works of any custom developed software.

11.5 Survival

This SOW Section 11: *Intellectual Property* shall survive the termination of the Contract.

12. USE OF STATE'S INFORMATION, CONFIDENTIALITY

12.1 Use of State's Information

In performing its obligations under the Contract, Zytax may gain access to information of the State, including State Confidential Information. "State Confidential Information" shall include, but not be limited to, information exempted from public disclosure under New Hampshire RSA Chapter 91-A: *Access to Public Records and Meetings* (see e.g. RSA Chapter 91-A: *5 Exemptions*). Zytax shall not use the State Confidential Information except as directly connected to and necessary for Zytax's performance under the Contract, unless otherwise permitted under the Contract.

12.2 State Confidential Information

Zytax shall maintain the confidentiality of and protect from unauthorized use, disclosure, publication, and reproduction (collectively "release"), all State Confidential Information that becomes available to Zytax in connection with its performance under the Contract, regardless of its form. Any disclosure of the State Confidential Information shall require the prior written approval of the State. Zytax shall immediately notify the State if any request, subpoena or other legal process is served upon Zytax regarding the State Confidential Information, and Zytax shall cooperate with the State in any effort the State

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS-RFP 2007-060
STATEMENT OF WORK**

undertakes to contest the request, subpoena or other legal process, at no additional cost to the State. In the event of the unauthorized release of State Confidential Information, Zytax shall immediately notify the State, and the State may immediately pursue any remedy at law and in equity, including, but not limited to, injunctive relief.

12.3 Zytax Confidential Information

Insofar as Zytax seeks to maintain the confidentiality of its Confidential Information, Zytax must clearly identify in writing all information it claims to be confidential. Notwithstanding the foregoing, the State acknowledges that Zytax considers the Software and Documentation to be Confidential Information. Zytax acknowledges that the State is subject to State and federal laws governing disclosure of information including, but not limited to, RSA Chapter 91-A. The State shall maintain the confidentiality of the identified Confidential Information insofar as it is consistent with applicable State and federal laws or regulations, including but not limited to, RSA Chapter 91-A. In the event the State receives a request for the information identified by Zytax as confidential, the State shall notify Zytax and specify the date the State shall be releasing the requested information. At the request of the State, Zytax shall cooperate and assist the State with the collection and review of Zytax's information, at no additional expense to the State. Any effort to prohibit or enjoin the release of the information shall be Zytax's sole responsibility and at Zytax's sole expense. If Zytax fails to obtain a court order enjoining the disclosure, the State shall release the information on the date specified in the State's notice to Zytax, without any liability to Zytax.

12.4 Survival

This SOW Section 12, *Use of State's Information, Confidentiality*, shall survive termination of the Contract.

13. GENERAL PROVISIONS

13.1 Conditional Nature of Contract

Notwithstanding any provision of the Contract to the contrary, all obligations of the State, including, without limitation, the continuance of payments, are contingent upon the availability and continued appropriation of funds, and in no event shall the State be liable for any payments in excess of such available appropriated funds. In the event of a reduction or termination of those funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate the Contract immediately upon giving Zytax notice of such termination. ZyTax shall have the right to suspend performance of its obligations hereunder during the period of time that any payments are withheld in accordance with this Section.

The State shall not be required to transfer funds from any other account to the account identified in block 1.5: *Account No.* of the *Contract Agreement* in the event funds in that account are reduced or unavailable.

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS-RFP 2007-060
STATEMENT OF WORK**

13.2 Compliance by Zytax with Laws and Regulations: Equal Employment Opportunity

13.2.1 In connection with the performance of the Contract, Zytax shall comply with all statutes, laws, regulations, orders of federal, state, county or municipal authorities which impose any obligation or duty upon Zytax, including, but not limited to, civil rights and equal opportunity laws. Zytax shall also comply with all applicable local, State and federal licensing requirements and standards necessary in the performance of the Contract.

13.2.2 During the Term of the Contract, Zytax shall not discriminate against employees or applicants for employment in violation of applicable State or federal laws, including but not limited to non discrimination because of race, color, religion, creed, age, sex, handicap or national origin and shall take affirmative action to prevent such discrimination.

13.2.3 If the Contract is funded in any part by monies of the United States, Zytax shall comply with all the provisions of Executive Order No. 11246 ("Equal Employment Opportunity"), as supplemented by the regulations of the United States Department of Labor (41 C.F.R. Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issues to implement these regulations. Zytax further agrees to permit the State or United States, access to any of Zytax's pertinent books, records, and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and covenants and conditions of the Contract.

13.3 Regulatory/Government Approvals

Zytax shall obtain applicable regulatory or other governmental approvals necessary for it to perform its obligations under the Contract.

13.4 Access/Cooperation

As applicable, and reasonably necessary, and subject to the applicable State and federal laws and regulations and restrictions imposed by third parties upon the State, the State shall provide Zytax with access to program files, libraries, personal computer-based systems, software packages, network systems, security systems, and hardware.

The State shall use reasonable efforts to provide approvals, authorizations, and decisions necessary to allow Zytax to perform its obligations under the Contract.

13.5 Personnel

13.5.1 The performance of Zytax's obligations under the Contract shall be carried out by Zytax. Zytax shall, at its own expense, provide all personnel, materials and resources

STATEMENT OF WORK**

required under the Contract and as necessary to perform Zytax's obligations under the Contract.

13.5.2 Zytax shall not hire, and shall permit no Subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform its obligations under the Contract, to hire any person who has a contractual relationship with the State, or who is a State officer or employee, elected or appointed.

13.5.3 The Commissioner of the Department of Safety, or his designee, shall be the State's representative. In the event of any dispute governing the interpretation of the Contract, the CIO's decision shall represent the final position of the State.

13.6 Dispute Resolution

Prior to the filing of any formal proceedings with respect to a dispute (other than an action seeking injunctive relief with respect to intellectual property rights or Confidential Information), the party believing itself aggrieved (the "Invoking Party") shall call for progressive management involvement in the dispute negotiation by written notice to the other party. Such notice shall be without prejudice to the Invoking Party's right to any other remedy permitted under the Contract.

The parties shall use reasonable efforts to arrange personal meetings and/or telephone conferences as needed, at mutually convenient times and places, between negotiators for the parties at the following successive management levels, each of which shall have a period of allotted time as specified below in which to attempt to resolve the dispute:

Dispute Resolution Responsibility and Schedule Table

LEVEL	THE CONTRACTOR	THE STATE	CUMULATIVE ALLOTTED TIME
Primary	Nick Mirgeaux Account Executive	Scott R. Bryer, CPA State Project Manager (PM)	5 Business Days
First	Steve Shannon Tax Products Manager	Wesley J. Colby, State Contract Manager	10 Business Days
Second	Ray Coufal, CPA Chief Financial Officer	John J. Barthelmes Commissioner of Safety	15 Business Days

The allotted time for the first level negotiations shall begin on the date the Invoking Party's notice is received by the other party.

13.7 Termination

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS-RFP 2007-060
STATEMENT OF WORK**

13.7.1 Termination for Default

Unless otherwise provided in the Contract, the State shall provide Zytax written notice of default, and Zytax must cure the default within thirty (30) days ("Cure Period") of its receipt of the notice of default. If Zytax fails to cure the default within the Cure Period, the State may, at its sole discretion, terminate the Contract, declare Zytax in default, and pursue its remedies at law or in equity, or both.

13.7.1.1 In the event the State declares Zytax in default under any provision of the Contract, the State may, at a minimum, take any or all of the following actions:

13.7.1.1.1 Set off against any other obligations the State may owe to Zytax under this Contract;

13.7.1.1.2 Procure Services that are the subject of the Contract from another source, and Zytax shall be liable for reimbursing the State for the replacement Services, and all administrative costs directly related to procuring the Services from another source, such as costs of competitive bidding, mailing, advertising, applicable fees, charges or penalties, and staff time costs, all of which shall be subject to the limitation of liability set forth in this Contract; and

13.7.1.1.3 Treat the Contract as breached and pursue its remedies at law or in equity, or both.

13.7.1.2 In the event of default by the State, Zytax shall provide the State with written notice of default, and the State shall cure the default within thirty (30) days of its receipt of the notice of default, unless otherwise extended by Zytax. If State fails to cure the default within the Cure Period, ZyTax may, at its sole discretion, terminate the Contract, declare State in default, and pursue its remedies at law or in equity, or both.

13.7.1.3 No remedy conferred under the Contract is intended to be exclusive of any other remedy, and each remedy is cumulative and in addition to every other remedy in the Contract. The State's election or non-election of any or more remedies shall not constitute a waiver of its right to pursue other legally available remedies.

13.7.2 Termination for Convenience

13.7.2.1 The State may, at its sole discretion, terminate the Contract for convenience, in whole or in part, by thirty (30) days written notice to Zytax. In the event of a termination for convenience, the State shall pay

STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS-RFP 2007-060
STATEMENT OF WORK

Zytax the agreed upon price, if separately stated in this Contract, for Deliverables for which Acceptance has been given by the State. Amounts for Services provided prior to the date of termination for which no separate price is stated under the Contract shall be paid, in whole or in part, generally in accordance with Contract Exhibit B, *Price and Payment Schedule*, of the Contract.

13.7.2.2 During the thirty (30) day period, Zytax shall wind down and cease Services as quickly and efficiently as reasonably possible, without performing unnecessary Services or activities and by minimizing negative effects on the State from such winding down and cessation of Services.

13.7.3 Termination for Conflict of Interest

13.7.3.1 The State may terminate the Contract by written notice if it determines that a conflict of interest exists. In such case, the State shall be entitled to a pro-rated refund of any current development, support, and maintenance. The State shall pay all other contracted payments that would have become due and payable if Zytax did not know, or reasonably did not know, of the conflict of interest.

13.7.2.2 In the event the Contract is terminated as provided above and Zytax knew or should have known of such a conflict, the State shall be entitled to declare Zytax in default, and to pursue remedies available at law and in equity.

13.7.4 Termination Procedure

13.7.4.1 After receipt of a notice of termination, and except as otherwise directed by the State, Zytax shall:

- a. Stop work under the Contract on the date, and to the extent specified, in the notice;
- b. Promptly, but in no event longer than thirty (30) days after termination, terminate its orders and subcontracts related to the work which has been terminated and settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of the State to the extent required, which approval or ratification shall be final for the purpose of this SOW Section;
- c. Take such action as the State directs that is reasonable and customary under the circumstances, or as necessary to preserve and protect the

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)

STATEMENT OF WORK**

property related to the Contract which is in the possession of Zytax and in which the State has an interest;

- d. Transfer possession, as applicable, to the State and deliver in the manner, at the times, and to the extent directed by the State, any property which is required to be furnished to the State and which has been accepted or requested by the State; and
- e. Provide written Certification to the State that the Contractor has surrendered to the State all said property.
- f. Assist in Transition Services, as reasonably requested by the State at no additional cost.

13.8 Force Majeure

Neither Zytax nor the State shall be responsible for delays or failures in performance resulting from events beyond the control of such party and without fault or negligence of such party. Such events shall include, but not be limited to, acts of God, strikes, lock outs, riots, and acts of War, epidemics, acts of Government, fire, power failures, nuclear accidents, earthquakes, and unusually severe weather. Except in the event of the foregoing, Force Majeure events shall not include Zytax's inability to hire or provide personnel needed for Zytax's performance under the Contract.

13.9 Zytax's Relation to the State

In the performance of the Contract, Zytax is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither Zytax nor any of its officers, employees, agents, or members shall have authority to bind the State or receive any benefits, worker's compensation or other emoluments provided by the State to its employees.

13.10 Assignment, Delegation and Subcontracts

13.10.1 Zytax shall not assign, delegate, subcontract, or otherwise transfer any of its interest, rights, or duties under the Contract without the prior written consent of the State. Such consent shall not be unreasonably withheld.

13.10.2 Zytax shall remain wholly responsible for performance of the entire Contract even if assignees, delegates, Subcontractors, or other transferees ("Assigns") are used, unless otherwise agreed to in writing by the State, and the Assigns fully assumes in writing any and all obligations and liabilities under the Contract from the Effective Date. In the absence of a written assumption of full obligations and liabilities of the Contract, any permitted assignment, delegation, subcontract, or other transfer shall: not relieve Zytax of any of its obligations under the Contract; not affect any remedies available to the State against Zytax that may

STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS-RFP 2007-060
STATEMENT OF WORK

arise from any event of default; and the State shall consider Zytax to be the sole point of contact with regard to all contractual matters, including payment of any and all charges resulting from the Contract. Any attempted transfer, assignment, delegation, or other transfer made without the State's prior written consent shall be null and void, and may constitute an event of default at the sole discretion of the State.

13.10.3 Notwithstanding the foregoing, nothing herein shall prohibit Zytax from assigning the Contract to the successor of all or substantially all of the assets or business of Zytax provided that the successor fully assumes in writing all obligations and responsibilities under the Contract. In the event that Zytax should change ownership, as permitted under this SOW Section 13.10.3, the State shall have the option to continue under the Contract with Zytax, its successors or assigns for the full remaining Term of the Contract; continue under the Contract with Zytax, its successors or assigns for such period of time as determined necessary by the State; or immediately terminating the Contract without liability to Zytax, its successors or assigns.

13.11 Indemnification

13.11.1 Zytax shall indemnify, defend and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based or resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of Zytax, its personnel or agents in connection with Zytax's performance of the Contract. The procedures for indemnification and the obligations for the State are set forth in Exhibit J Section 8.

13.11.2 Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State.

13.11.3 Survival

This SOW Section 13.11, *Indemnification*, shall survive termination of this Agreement.

13.12 Limitation of Liability

13.12.1 State

Subject to applicable laws and regulations, in no event shall the State be liable for any consequential, special, indirect, incidental, punitive, or exemplary damages. Notwithstanding the foregoing and any provision of this Contract to

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS-RFP 2007-060
STATEMENT OF WORK**

the contrary, in no event does the State waive its sovereign immunity or any applicable defenses or immunities.

13.12.2 The Contractor

Subject to applicable laws and regulations, in no event shall Zytax be liable for any consequential, special, indirect, incidental, punitive or exemplary damages and Zytax's liability to the State shall not exceed two times (2X) the total Contract price set forth in SOW Section 1.8 of the General Provisions form (P-37). Notwithstanding the foregoing, the limitation of liability in this SOW Section 13.12.2 shall not apply to Zytax's indemnification obligations set forth in SOW Section 13.11: *Indemnification* and confidentiality obligations in SOW Section 12: *Use of State's Information, Confidentiality*, which shall be unlimited.

13.12.3 State's Immunity

Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant shall survive termination or Contract Conclusion.

13.12.4 Survival

This SOW Section 13.12: *Limitation of Liability* shall survive termination or Contract Conclusion.

13.13 Insurance

13.13.1 Zytax Insurance Requirement

Zytax shall, at its sole expense, obtain and maintain in force, and shall require any Subcontractor or assignee to obtain and maintain in force, including for the benefit of the State, the following insurance:

- a. Comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than \$250,000 per claim and \$2,000,000 per incident; and
- b. The policies shall be the standard form employed in the State of New Hampshire, issued by underwriters acceptable to the State, and authorized to do business in the State of New Hampshire. Each policy shall contain a clause prohibiting cancellation or modifications of the policy earlier than ten (10) days after written notice thereof has been received by the State.

DOS-RFP 2007-060
STATEMENT OF WORK**

13.14 Waiver in Event of Default

No failure by either party to enforce any provisions hereof after any event of default shall be deemed a waiver of its rights with regard to that event, or any subsequent event. No express failure of any default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of Zytax.

13.15 Notice

Any notice by a party to the other party shall be deemed to have been duly delivered or given at the time of mailing by registered mail, postage prepaid, in a United States Post Office addressed to the parties at the following addresses.

Tel: (603) 271-2387

13.16 Amendment

The Contract may be amended, waived, or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire.

13.17 Construction of Contract and Terms

The Contract shall be construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successor and assigns. Any action may only be brought in the State of New Hampshire, Merrimack County Superior Court.

13.18 Third Parties

The parties hereto do not intend to benefit any third parties and the Contract shall not be construed to confer any such benefit.

13.19 Headings

The headings in the Contract shall not be held to explain, modify, amplify, or aid in the construction or interpretation of the Contract provisions, and are for reference purposes only.

STATEMENT OF WORK**

13.20 Contract Exhibits

The Contract Exhibits referred to and attached to the Contract are incorporated by reference as if fully set forth herein.

13.21 Survival

The terms, conditions and warranties contained in the Contract that by their context are intended to survive the completion of the performance, cancellation or termination of the Contract shall so survive, including, but not limited to, the terms of SOW Section 4.8: *Records Retention and Access Requirements*, SOW Section 4.9: *Accounting Requirements*, and SOW Section 12: *Use of State's Information, Confidentiality* and SOW Section 13.11: *Indemnification* which shall all survive the termination of the Contract.

13.22 Entire Contract

The Contract Documents, which may be executed in a number of counterparts, each of which shall be deemed an original, constitute the entire Contract and understanding between the parties, and supersede all prior contracts and understandings.

CONTRACT DELIVERABLES**

1. DELIVERABLES, MILESTONES AND ACTIVITIES

ZyTax shall provide the State with an Automated Fuel Toll System (AFTS) which shall meet and perform in accordance with the Specifications.

Prior to the commencement of work on Non-Software and Written Deliverables, ZyTax shall provide to the State a template, table of contents, or agenda for review and prior approval by the State.

The Deliverables are set forth in the Schedule described below in Section 2.

Pricing for Deliverables is set forth in Exhibit B: *Price and Payment Schedule*. Pricing shall be effective for the Term of this Contract.

SCHEDULES

Delivery date schedules are based on a Governor and Council approval date of June 25, 2008. Schedules will be automatically set back a day for every day the Governor and Council approval date is delayed.

TRAINING DELIVERABLES

Training shall be in accordance with the requirements set forth in Contract Exhibit L: *Training Services* and the Schedule established by the *Work Plan*, Contract Exhibit I. All pricing has been established in Contract Exhibit B: *Price and Payment Schedule*.

2. TOTAL CONTRACT PRICE

Notwithstanding any provision in the Contract to the contrary (except SOW Section 10), and notwithstanding unexpected circumstances, in no event shall the total of all payments made by the State exceed \$1,613,693 ("Total Contract Price"). The payment by the State of the total Contract price shall be the only, and the complete reimbursement to ZyTax for all fees and expenses, of whatever nature, incurred by ZyTax in the performance hereof. The State shall not be responsible for any travel or out of pocket expenses incurred in the performance of the Services performed under this Contract.

PRICE AND PAYMENT SCHEDULE

3. INVOICING

All invoices shall be subject to the State's prior written approval, which shall not be unreasonably withheld. Invoices shall contain detailed information, including without limitation, the following: identification of each Deliverable or Service for which payment is sought; date of delivery and/or installation; the Acceptance date triggering such payment; and any other Project costs. Upon Acceptance of a Deliverable, and a properly documented and undisputed invoice, the State shall pay the correct and undisputed invoice within thirty (30) days of invoice receipt. Invoices shall not be backdated and shall be promptly dispatched.

Software License and Maintenance fees shall be invoiced in accordance with the following schedule:

Software License Fees:

33% upon contract execution and award of licenses to software modules, currently operational but not yet customized to State of NH.

33% upon Design Signoff

34% upon completion of UAT

Software Maintenance Fees:

100% upon start of each annual maintenance period which will commence with the successful completion of the Implementation Phase.

Upon receipt of a properly documented and undisputed Software License or Software maintenance invoice, the State shall pay the correct and undisputed invoice within thirty (30) days of invoice receipt. Invoices shall not be backdated and shall be promptly dispatched.

Invoices shall be sent to:
State of New Hampshire
Department of Safety Business Office
33 Hazen Drive Concord NH 03305

4. PAYMENT ADDRESS

All payments shall be sent to the following address:

ZyTax, Inc.
PO Box 671582
Dallas, TX 75267-1582

5. OVERPAYMENTS TO ZyTax

ZyTax shall promptly, but no later than fifteen (15) business days, return to the State the full amount of any overpayment or erroneous payment upon notice from the State.

6. CREDITS

The State may apply credits due to the State arising out of this Contract, against ZyTax's invoices with appropriate information attached.

7. PROJECT HOLDBACK

The State shall withhold fifteen percent (15%) of the price for each Deliverable, except AFTS Software license fees, as set forth in the Payment Table above, until successful conclusion of the Warranty Period.

8. RIGHT TO OFFSET

The State reserves the right to offset from any amounts otherwise payable to ZyTax under the Contract those liquidated amounts required or permitted under the Contract, by New Hampshire RSA 80:7 through 7-C, or any other provision of law.

ADMINISTRATIVE SERVICES**

1. STATUS REPORTS

The State believes that effective communication and reporting is essential to Project success. At a minimum, the State expects the following:

ZyTax shall submit reports in accordance with the Schedule and terms of the Contract. All reports shall be prepared in formats approved by the State. ZyTax's Project Manager shall assist the State's Project Manager, or itself produce reports related to Project Management as reasonably requested by the State. ZyTax must produce project status reports, which shall contain, at a minimum, the following:

- a. Project status as it relates to Work Plan
- b. Deliverables status
- c. Accomplishments during weeks being reported
- d. Planned activities for the upcoming two week period
- e. Staff time reporting
- f. Issues and concerns requiring resolution
- g. Financial Status to be updated once a month

2. STATE-OWNED DOCUMENTS AND DATA

ZyTax shall provide the State access to all documents, State Data, materials, reports, and other work in progress relating to the Contract ("State Owned Documents"). Upon expiration or termination of the Contract with the State, ZyTax shall turn over all State-owned documents, material, reports, and work in progress relating to the Contract to the State at no additional cost to the State. Documents must be provided in both printed and electronic format.

ZyTax hereby agrees to the conditions of all applicable State laws and regulations, which are incorporated herein by reference, regarding retention and access requirements relating to all records relating to the Contract. The record retention policies of this agreement shall be consistent with the Federal Acquisition Regulations (FAR) Subpart 4.7 Contractor Records Retention except where they are in conflict with State laws and regulations.

3. ACCOUNTING REQUIREMENTS

ZyTax shall maintain an accounting system in accordance with generally accepted accounting principles. The costs applicable to the Contract shall be ascertainable from the accounting system.

4. WORK HOURS

ZyTax personnel shall work normal business hours between 8:00 am and 5:00 pm CST, eight (8) hour days, forty (40) hour weeks, excluding State of New Hampshire holidays. Changes to this schedule may be made upon agreement with the State Project Manager.

IMPLEMENTATION SERVICES**

ZyTax shall provide the State with the following Services set forth in Contract Exhibit A.

1. IMPLEMENTATION STRATEGY

1.1 Key Components

- A.** ZyTax shall employ an implementation strategy with a timeline set forth in accordance with the Work Plan. Major Milestones for the MFD, OPC and Transporter Module include:
- a. The delivery of the State approved Work Plan,
 - b. the Initiation Phase,
 - c. the Configuration Phase,
 - d. The Implementation Phase,
 - e. Project close out, and
 - f. The payment of Holdback after the Warranty period.
- B.** ZyTax and the State shall adopt a change management approach to identify and plan key strategies and communication initiatives. The ZyTax team shall provide training templates as defined in the Training Plan, which shall be customized to address the State's specific requirements.
- Decisions regarding format, content, style, and presentation shall be made early on in the process, by the State, providing sufficient time for development of material as functionality is defined and configured.
- C.** ZyTax shall utilize an approach that fosters and requires the participation of State resources, uses their business expertise to assist with the configuration of the applications, and prepares the State to assume responsibility for and ownership of the new system. A focus on technology transition shall be deemed a priority.
- D.** ZyTax shall manage project execution and provide the tools needed to create and manage the Project's Work Plan and tasks, manage and schedule project staff, track and manage issues, manage changing requirements, maintain communication within the project team, and report status.
- E.** ZyTax shall adopt an Implementation time-line aligned with the State's required time-line.

DOS RFP 2007-060
EXHIBIT E
IMPLEMENTATION SERVICES

1.2 Timeline

The timeline is set forth in the Work Plan.

1.2.1 Planning

During the initial planning period Project task and resource plans shall be established for: the preliminary training plan, the change management plan, communication approaches, Project standards and procedures finalized, and team training initiated.

1.2.2 Project Infrastructure

The focus of the project infrastructure work phase is the acquisition and implementation of the project's development and production hardware infrastructure.

1.2.3 Implementation

Timing shall be structured to recognize interdependencies between applications and structure a cost effective and timely execution.

Processes shall be documented, training established, and the application shall be ready for implementation in accordance with the State's schedule.

Implementation shall be piloted in one area/office to refine the training and implementation approach, or the State shall choose a one-time statewide implementation.

1.2.4 Change Management and Training

ZyTax's change management and training Services shall be focused on developing change management and training strategies and plans. Its approach relies on State resources for the execution of the change management and end user training.

2. IMPLEMENTATION METHODOLOGY

2.1 Servers Purchased by the State

The State has purchased, with advice from ZyTax , the following servers:

Number	Model	Memory	Storage	Purpose
2	HP DL-360	4 GB	3 X 72 GB	Web Server
2	HP DL-380	6 GB	6 X 146 GB	Application and Data Servers

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
EXHIBIT E
IMPLEMENTATION SERVICES**

ZyTax shall advise the State on current and future hardware purchases relevant to the ZyTax application.

The ZyTax team shall provide the consulting Services for the Contract. Its approach includes but is not limited to the following:

2.2 Server Access

ZyTax shall provide Pre-Production Administration Services contingent upon the State arranging server resources and services acceptable to ZyTax and, if server resources are arranged through a third party, contingent upon adequate service levels and response times from such third party. ZyTax shall provide advice and reasonable assistance to State staff or third party hosting provider to promote availability of servers and to schedule backup activities. However, ZyTax is not responsible for service interruptions or unavailability of the State or third-party test and development instances.

2.3 Data Conversion and Loading

ZyTax shall load RTS Data from the old system into new AFTS system.

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
Exhibit F
TESTING SERVICES**

ZyTax shall provide the following Products and Services described in this Exhibit F, including but not limited to:

1. TESTING AND ACCEPTANCE

ZyTax shall bear all responsibilities for the full suite of test planning and preparation throughout the Project. ZyTax shall also provide training as necessary to the State staff responsible for test activities. ZyTax shall be responsible for all aspects of testing contained in the Acceptance Test Plan including support, at no additional cost, during the User Acceptance Test conducted by the State and the testing of the training materials.

All Testing and Acceptance addressed herein (both business and technically oriented testing) shall apply to testing the System as a whole, (e.g., Software modules or functions, and Implementation(s)). This shall include planning, test scenario and script development, Data and System preparation for testing, and execution of Unit Tests, System Integration Tests, Conversion Tests, and support of the State during User Acceptance Testing and Implementation. In addition, ZyTax shall provide a mechanism for reporting actual test results vs. expected results and for the resolution and tracking of all errors and problems identified during test execution. ZyTax shall correct Deficiencies and support required re-testing as described below.

1.1 Test Planning and Preparation

ZyTax shall provide the State with a Test Plan that shall include identification, preparation, and documentation of planned testing, requirements traceability matrix, test variants, test scenarios, test cases, test scripts, test data, test phases, unit tests, expected results, and "bug" tracking system.

As identified in the User Acceptance Test Plan, and documented in accordance with the Work Plan and the Contract, State testing shall commence upon ZyTax's Project Manager's Certification, in writing, that ZyTax's own staff has successfully executed all prerequisite ZyTax testing, along with reporting the actual testing results, prior to the start of any testing executed by State staff. The State shall be presented with a State approved User Acceptance Test Plan, test scenarios, test cases, test scripts, test data, and expected results.

1.2 Unit Testing

In Unit Testing, ZyTax shall test the application components on an individual basis to verify that the inputs, outputs, and processing logic of each application component functions without errors. Unit testing is performed in either the development environment or a testing environment.

The goal is to find errors in the smallest unit of Software before logically linking it into larger units. If successful, subsequent testing should only reveal errors related to the integration between application modules.

STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP.2007-060
Exhibit F
TESTING SERVICES

The ZyTax developer, who is responsible for a specific unit of work, shall be responsible for conducting the unit testing of their modules.

Activity Description	Develop the scripts needed to unit test individual application modules, interface(s) and conversion components.
ZyTax Team Responsibilities	For application modules, conversions and interfaces the ZyTax team shall identify applicable test scripts and installation instructions, adapt them to the project specifics, test the process, and compare with the documented expected results.
Work Product Description	Unit-Tested Modules that have been tested to verify that the inputs, outputs, and processing logic of each application module functions without errors. Individual detailed test scripts and installation guides list all the required actions and Data to conduct the test, the process for test execution, and the expected results.

1.3 System Integration Testing

The new System is tested in integration with other application systems (legacy and service providers) in a production-like environment. System Integration Testing validates the integration between the individual unit application modules and verifies that the new System meets defined requirements and supports execution of interfaces and business processes. The System Integration Test is performed in a test environment.

Thorough end-to-end testing shall be performed by the ZyTax team(s) to confirm that the AFTS Application integrates with any interfaces. The test emphasizes end-to-end business processes, and the flow of information across applications. It includes all key business processes and interfaces being implemented, confirms data transfers with external parties, and includes the transmission or printing of all electronic and paper documents.

Activity Description	Systems Integration Testing validates the integration between the target application modules and with other systems, and verifies that the new AFTS System meets defined interface requirements and supports execution of business processes. This test emphasizes end-to-end business processes and the flow of information across the application. It includes all key business processes and interfaces being implemented, confirms data transfers with external parties, and includes the transmission or printing of all electronic and paper documents.
ZyTax Team Responsibilities	<ul style="list-style-type: none"> • Take the lead in developing the Systems Integration Test specifications. • Work jointly with the State to develop and load the data profiles to support the test specifications. • Work jointly with the State to validate components of the test

STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU

TESTING SERVICES

	<ul style="list-style-type: none"> scripts. Execute all system integration tests. Report the detailed results of the system integration tests.
State Responsibilities	<ul style="list-style-type: none"> Work jointly with ZyTax to develop the Systems Integration Test specifications. Work jointly with ZyTax to develop and load the data profiles to support the test specifications. Work jointly with ZyTax to validate components of the test scripts.
Work Product Description	<ul style="list-style-type: none"> The Integration-Tested System indicates that all system modules work together properly and that interfaces between the AFTS application and the legacy and third-party systems, interfaces, and applications are functioning properly.

1.4 Conversion Validation Testing

In Conversion Validation Testing, target application functions are validated.

Activity Description	The conversion validation test should replicate the entire flow of the converted Data through the AFTS Application. As the AFTS Application is interfaced to legacy or third-party applications, and interfaces, test the flow of the converted Data through these interface points.
ZyTax Team Responsibilities	For conversions and interfaces, the ZyTax team shall execute the applicable validation tests and compare execution results with the documented expected results.
State Responsibilities	Assist ZyTax in extracting and cleansing, if necessary, the legacy Data to be converted in the Data conversions.
Work Product Description	Validation-Tested Conversion Programs. These programs include conversion programs that have been tested to verify that the resulting converted legacy Data performs correctly in the entire suite of the AFTS Application.

1.5 Installation Testing

In Installation Testing the application components are installed in the System Test environment to test the installation routines and are refined for the eventual production environment. This activity serves as a dry run of the installation steps in preparation for configuring the production system.

1.6 User Acceptance Testing (UAT)

UAT begins upon completion of the Software configuration as required and user training according to the Work Plan. Testing ends upon issuance of a letter of UAT Acceptance by the State.

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
Exhibit F
TESTING SERVICES**

The State shall be presented with all testing results, as well as written Certification that ZyTax has successfully completed the prerequisite tests, meeting the defined Acceptance Criteria, and performance standards. The State shall commence testing within five (5) business days of receiving Certification, in writing, from ZyTax that the AFTS System is installed, configured, complete and ready for State testing.

User Acceptance Testing is a verification process that consists of performing the tests and verifying the results against the specified Acceptance Criteria and in the requirements defined in the ZyTax's proposal response. The State shall conduct the UAT utilizing scripts developed as identified in the Acceptance Test Plan to validate the functionality of the AFTS System and the interfaces, and verify implementation readiness. UAT is performed in a copy of the production environment and can serve as a performance and stress test of the System. The User Acceptance Test may cover any aspect of the new System, including administrative procedures (such as backup and recovery).

The results of the User Acceptance Test provide evidence that the new System meets the User Acceptance criteria as defined in the Work Plan.

Activity Description	The System User Acceptance Tests verify System functionality against predefined Acceptance Criteria that support the successful execution of approved AFTS processes.
ZyTax Team Responsibilities	<ul style="list-style-type: none"> • Provide the State an Acceptance test plan and selection of test scripts for the User Acceptance test. • Monitor the execution of the test scripts and assist as needed during the User Acceptance Test activities. • Work jointly with the State in determining the required actions for problem resolution.
State Responsibilities	<ul style="list-style-type: none"> • Approve the development of the User Acceptance Test Plan and the set of data for use during the User Acceptance Test. • Validate the Acceptance Test environment. • Execute the test scripts and conduct User Acceptance Test activities. • Document and summarize Acceptance Test results. • Work jointly with ZyTax in determining the required actions for problem resolution. • Provide Acceptance of the validated Systems.
Work Product Description	The Deliverable for User Acceptance Tests is the User Acceptance Test Results. These results provide evidence that the new AFTS System meets the User Acceptance Criteria defined in the Work Plan.

1.7 Regression Testing

ZyTax shall be responsible for developing the test plans and all test materials, and for executing all tests and certifying their completion prior to user testing. As a result of the user testing activities, problems shall be identified that require correction. ZyTax shall

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
Exhibit F
TESTING SERVICES**

perform additional testing activities in response to State and/or user problems identified from the testing results.

During this problem correction process, the State requires that appropriate regression testing occur. By regression testing, the State means selective re-testing to detect faults introduced during the modification effort, both to verify that the modifications have not caused unintended adverse effects, and to verify that the modified and related (possibly affected) system components still meet their specified requirements.

When a programming change is made in response to a problem identified during user testing, a Regression Test Plan must be developed by ZyTax based on the understanding of the program and the change being made to the program. The Regression Test Plan has two objectives: first, to validate that the change/update is incorporated into the program; and second, to validate that there are no unintended changes to the other portions of the program.

ZyTax shall:

1. Create a set of test conditions, test cases, and test data that shall validate that the change has been incorporated correctly;
2. Create a set of test conditions, test cases, and test data that shall validate that the unchanged portions of the program still operate correctly; and
3. Manage the entire cyclic process.

ZyTax shall execute the Regression Test, provide actual testing results, and Certify its completion in writing to the State prior to passing the modified Software application to the users for retesting.

In designing and conducting such regression testing, ZyTax shall assess the risks inherent in the modification being implemented, identify and assess any unintended consequences, and weigh those risks against the time and effort required for conducting the Regression Tests.

1.8 Successful UAT Completion

Upon successful completion of UAT, the State shall issue a Letter of UAT Acceptance. Upon issuance of the Letter of UAT Acceptance by the State, the respective Implementation Warranty period shall commence as set forth in Contract Exhibit K: *Warranty and Warranty Services*.

1.9 System Acceptance

Upon completion of the Warranty Period, the State shall issue a Letter of Final AFTS System Acceptance.

**STATE OF NEW HAMPSHIRE

MAINTENANCE AND SUPPORT SERVICES**

1. SYSTEM MAINTENANCE

1.1 ZyTax's Responsibility

ZyTax shall maintain the AFTS System in accordance with the Contract. ZyTax shall not be responsible for maintenance or support for Software developed or modified by the State.

1.1.1 Maintenance Releases

ZyTax shall make available to the State the latest program updates, general maintenance releases, selected functionality releases, patches, and documentation that are generally offered to its customers, at no additional cost. ZyTax will provide support to the State for installing, configuring, and implementing AFTS maintenance releases.

General maintenance releases and documentation will be provided on a scheduled basis (e.g., quarterly, semi-annual, etc.) on a schedule agreed to by ZyTax and the State during the Initiation phase of the project. ZyTax shall send notice to the State thirty (30) days before the release is available.

ZyTax will notify the State of the intended release of selected functionality releases and patches and related documentation as soon as it the expected release is defined by ZyTax. When the expected release is ready, ZyTax will again notify the State five (5) business days before the release is available.

1.1.2 Custom Software Licenses

Subject to the terms and conditions of the Contract Documents, the State shall receive a worldwide, perpetual, irrevocable, non-exclusive paid-up limited right and license to use, copy, modify and prepare derivative works of the Custom Software, subject to any restrictions of any third-party materials embodied in the Custom Software and disclosed to the State in ZyTax's Proposal.

1.1.3 Custom Software, Interfaces, and Patches

All AFTS program updates, general maintenance releases, selected functionality releases, patches, and documentation released to the State and applied by ZyTax as needed to meet the requirements, shall support and be compatible with the ZyTax -developed Custom Software and interfaces.

MAINTENANCE AND SUPPORT SERVICES**

2. SYSTEM SUPPORT

2.1 ZyTax's Responsibility

ZyTax shall be responsible for performing on-site or remote technical support in accordance with the Contract Documents or as may be required, including without limitation the requirements, terms, and conditions contained herein.

2.2 System Support Levels

2.2.1 Class Critical Deficiencies

For all Class Critical Deficiencies, ZyTax shall provide, to the State, on-call telephone assistance, with issue tracking, twenty four (24) hours per day and seven (7) days a week with an e-mail / telephone response within two (2) hours of request;

2.2.2 Class High Deficiencies (On-site or Remote Support)

For all Class High Deficiencies, ZyTax shall provide support with remote diagnostic services, within eight (8) business hours of a request; and

2.2.3 Class Medium Deficiencies (Telephone Support)

For all Class Medium Deficiencies the State will notify ZyTax of such Deficiencies during Normal Business Hours and ZyTax shall respond back, within 2 business days of notification to acknowledge receipt of error report.

2.2.4 Class Low Deficiencies (Telephone Support)

For all Class Low Deficiencies the State will notify ZyTax of such Deficiencies during Normal Business Hours and ZyTax shall respond back, within 7 business days of notification to acknowledge receipt of error report.

- a. All new Software releases as part of the Software licensing maintenance agreement;
- b. ZyTax shall provide the State with telephone access to technical support engineers for assistance in the proper installation and use of the software, and to report and resolve Software problems during normal business hours, 8:00 AM-5:00 PM CST Monday through Friday.
- c. On-site or with remote diagnostic Services within four (4) business hours of a request;

- d. Repair or replacement of the Software, and maintenance of the Software in accordance with the Specifications and terms and requirements of the Contract;
- e. Repair or replace the System, or any portion thereof, that is deficient;
- f. Maintain a record of the activities related to maintenance activities performed for the State;

2.3 Term

ZyTax System support shall commence upon the State's issuance of the User Acceptance Test Letter of Acceptance and remain in effect through the end of the Term, June 30, 2013, and any extensions thereof.

3. DATA COLLECTION

3.1 Records

ZyTax shall maintain a record of the activities related to warranty repair or maintenance and support activities performed for the State. For all maintenance service calls, ZyTax shall ensure the following information shall be collected and maintained:

- 1. Nature of the Deficiency;
- 2. Current status of the Deficiency;
- 3. Action plans, dates, and times;
- 4. Expected and actual Completion time; and
- 5. Deficiency resolution information.

3.2 System Monitoring

ZyTax shall work with the State to identify and troubleshoot potentially large-scale System failures or Deficiencies by collecting the following information:

- 1. Mean time between reported Deficiencies with the System;
- 2. Diagnosis of the root cause of the problem; and
- 3. Identification of repeat calls or repeat System problems.

4. STATE HELP DESK COVERAGE

ZyTax shall provide training and materials required to assist the State Help Desk prepare for support of the AFTS System through ongoing coordination with the Help Desk on change management and training activities; escalation procedures; interim staffing for peak Help Desk demand periods and transition to a permanent arrangement, development of a Help Desk knowledge base; and metrics based on Help Desk inquiries.

ZyTax will provide suggestions on Help Desk escalation procedures and training for Help Desk agents. ZyTax will provide information that can be used to help seed a State Help Desk

 SYSTEM REQUIREMENTS AND DELIVERABLES

G-1 SYSTEM REQUIREMENTS AND DELIVERABLES - VENDOR RESPONSE CHECKLIST

TABLE C. 2-1 System Requirements and Deliverables-Vendor Response Checklist		C	D
A	B	M P	Vendor Comments
Req. No.	Requirements/Deliverables		
1.	General Requirements		
1.1.	System Flexibility: The system shall provide the flexibility to easily and quickly add, delete, or modify forms and facilitate the capability to apply significant analysis and rules based field validation. It also shall provide the capability to easily add new toll rates penalty rates, product types and new interest rates by form line item. The toll rates, penalty rates, product types and interest rates are associated with specific time periods. A single user ID must control all functions for that user without requiring multiple logins.	M	The ZyTax Management Suite for Government is designed facilitate modifications to new forms easily and quickly. Rates, penalty rates, interest rates, and new product types maintained in tables that are effective date driven so they associated with specific time periods. Rates and products maintained manually or via service pack scripts provided by 2 The ZyTax Security module is used to control access to ZMS enables a single user ID to access multiple functions with requiring multiple logins.
1.2.	Transaction Number Locator: A unique 11 digit Transaction Locator Number (TLN) must be stored for each return or payment filed and be associated with all corresponding schedules. Once the TLN has been stored it can not be changed.	M	ZMS includes TLN functionality at both the return and sche level along with payment level retention. TLN functionality of the base ZMS application.
1.3.	TLN Format: The TLN has a specific format: DANYYEI1999, with DAN being the Day Number, with YY being the year the TLN was created, with EI being the Employee Identification, and with the 999 being the system assigned document process number.	M	The calculation method and format of the TLN can be configu match New Hampshire's required format. This functionality standard component of the ZMS.

 SYSTEM REQUIREMENTS AND DELIVERABLES

TABLE C-2-1 System Requirements and Deliverables-Vendor Response Checklist

A	B	C	D
1.4.	Additional TLN Requirements: The TLN must be unique across AFTS regardless of the source of return or payment. A unique TLN must be stored for each amended return and be associated with all corresponding schedules. The TLN for the amended return is different than the TLN of the original return. Once the TLN has been stored it cannot be changed. AFTS must allow for role-based access to functions, as defined by RTB (Manager, Supervisor, Auditor, and Clerical).	M	The requirements to keep TLN unique across AFTS regardle source of return or payment is a standard feature of ZMS. Uj TLNs will be created for each original as well as each amen return. The return TLN will also be associated with all corresponding schedules. Duplicate TLNs will not be permitt cannot be changed after it has been stored.
1.5.	Internet Capability: The Internet enabled functions shall be flexible enough to fold seamlessly into Road Toll Bureau's (RTB) website. Any changes made to RTB's website shall not disrupt or require changes to the functionality, processing, or general look of the web application.	M	The ZyTax Security architecture facilitates role-based access ZMS functional components. The ZMS solution is engineered to provide seamless integ into an existing website environment. Additionally, the solution is architected to conform to the World Wide Consortium's (W3C's) Web Accessibility Initiative. ZyTax professional software development company, strives to p solutions that ensure maximum flexibility without disr existing environments.
1.6.	Microsoft Project: Microsoft Project 2003 shall be the designated project management tool for AFTS.	M	ZyTax Professional Services staff has extensive experience t Microsoft Project and will use this tool for AFTS projec management.
1.7.	System Transaction Volume Requirement: AFTS shall meet the minimum transaction Volume requirement as established by the RTB and outlined in Appendix C-4.	M	The System Transaction Volume Requirements outlined are within the transaction volumes currently handled by ZMS in State installations. For example, the State of Tennessee is usi ZyTax Government Application and has 100% EDI filing Terminal Operators, Transporters, Distributors, Exporters &

2.4.	RTB Manual Payment Processing: The system shall require the RTB staff to enter the payment amount as a check payment. The system shall transmit the payment amounts entered by RTB staff to AFTS. The RTB staff shall not be allowed to go to the payment option screen.	M	Manual payment processing functionality will require an addi screen to allow entry of check payments. Role based authoriz for screen access is a standard feature of the ZyTax Applica suite.
3.	Motor Fuel Distributor (MFD) License		
3.1.	License Application	M	
3.1.1	MFD- (New/Renewal): AFTS shall have the capability to capture the required information off the MFD application (RT132). System shall have the capability to capture the required information off the bond form application (for new accounts), (RT133). AFTS shall provide a report that calculates minimum bond levels, and flags those accounts that do not meet them. System shall generate renewal notices on or before May 15 th of each year. The renewal notice shall also have a renewal application as well. System shall generate a report of those MFD licensees whose application has not been received. System shall generate license certificates for renewal and new applicants.		An MFD application form (RT132) and a bond form applica (RT133) will be created as a separate form to process new renewals / additions. The Account Management module will include the capabilit calculate and report on minimum bond levels, generate rene notices and applications, report on MFD licensees whose applications have not been received, and to generate licen certificates as appropriate.
3.2.	Internet Online Report Submission Requirements	M	
3.2.1	Online Entry-EDI: This method of filing is to allow licensees with large volumes of data to submit the detail data electronically in the most efficient and time saving manner via the Internet. Requirements for EDI system processes are: the system shall be able to process the following returns and associated schedules through electronic data interchange (EDI):		A standard feature of the ZyTax Management Suite is on-line of schedules and returns. State configurable specifications art to validate individual fields during schedule entry. Returns calculated and available for reviewing, printing or submissi An FTA compliant EDI format and EDI guide will be write

3.4.	MFD Audit Requirements	M	
3.4.1.	<p>Electronic Auditing-MFD Requirements: a) AFTS must provide for the capture and storage of data from the Motor Fuel Distributor Receipts and Disbursements Schedules, and from information reports filed by third parties (i.e. Transporter Reports). b) Motor Fuel Distributors are required to file, with their monthly toll reports, schedules that contain all receipts into New Hampshire, inventory transfers and adjustments (if applicable), exports from New Hampshire, prior period adjustments, toll-exempt sales, and taxable sales that the company had throughout the month. AFTS must capture and store this data providing for, at a minimum, the following associated data elements (all gallons are to be reported in gross gallons):</p> <ul style="list-style-type: none"> • Name of the carrier and FEIN; • Point of origin and terminal code; • Point of destination; • Product type; • The company from which the gallons were acquired; • The company to which the gallons were sold; 		<p>a) ZMS captures and stores Distributor Receipt and Disburse information along with Transporter Delivery schedules. ZMS multiple methods of capturing data, including on-line entry, E submissions, and RTB manual entry of paper returns. b) ZMS, at a minimum, captures all listed fields for all requi schedules. Data is retained and available for audit, cross-matc both ad-hoc and custom reports.</p>

	<p>Reports shall be cross-matched with the receipt schedules using the purchaser's license number or FEIN, the document number and the quantity. If the importing licensee has not reported a document or the quantity indicated as sold does not match the quantity reported (within a tolerance to be provided by the RTAB), the AFTS shall provide a file containing these items. The system shall allow the RTAB to initiate this function and specify the filing period or periods.</p> <p>g) AFTS shall be able to track document numbers from seller to receiver. When the RTAB enters a document number, the system shall list the name of the seller, seller's license number or FEIN, the type of gallons sold, the name of the receiver, the receiver's license number or FEIN, the type of gallons purchased, the carrier, the origin, the destination, and the number of gallons. The system shall allow the RTAB to initiate this function and specify the filing period or periods</p> <p>h) AFTS shall provide out of period gallons reported in receipts for RTAB to determine late gallons. Report shall be produced for review to determine if licensee shall be billed.</p> <p>i) Generate reports of missing or unreported transactions. These reports shall be available in both paper form and online-form. The report shall list the name of the carrier, point of origin, point of destination, the company the gallons were acquired from and sold to, the seller's license number or FEIN, the buyer's license number or FEIN, the manifest or BOL, and the number of gallons acquired or sold. The system shall allow the RTAB to initiate this function and specify the filing period or periods</p> <p>j) Produce a report, on demand, containing imports and/or exports for a specific period of time as determined by the RTAB. The report shall list the name of the carrier, point of origin, point of destination, the company the gallons were acquired from and sold to, the seller's license number or FEIN, the buyer's license number or FEIN, the manifest or BOL, and the number of gallons acquired or sold.</p>		<p>e) A Cross-Matching template will be created to verify gallons imported from other states match transporter delivery schedules</p> <p>f) All listed features, including matching on fuel type, FEI document number and gallons (within RTAB tolerances) included as core functions of the ZyTax Cross-Matching module. Cross-Match can be initiated for either a filing period or a range of filing periods.</p> <p>g) A robust Query Wizard is a standard component of the ZyTax Application Suite. ZyTax will generate a query that allows the user to initiate the query, specify either a filing period or a range of periods, enter a document number and find all related seller/receiver schedules. Information will include, but not be limited to seller name, seller FEIN, gallons sold, receiver name, receiver FEIN, gallons purchased, carrier name and FEIN, point of origin, point of destination. This request is similar to queries used in the ZyTax application.</p>

5.	Motor Fuel Petroleum Products Transporter License		
5.1.	License Application- Transporter- (New/Renewal): System shall have the capability to capture the required information off the Transporter application (RT111). System shall generate renewal notices on or before May 15 th of each year. The renewal notice shall also have a renewal application as well. System shall generate a report of those ODPCF licensees whose application has not been received. System shall generate license certificates for renewal and new applicants.	M	A Transporter application form (RT111) will be created as separate form to process new / renewals / additions. The proposed Account Management module will include the capability to generate renewal notices, report on licensees whose application has not been received, and to generate license certificates as appropriate.
5.2.	Internet Online Report Submission Requirements	M	
5.2.1.	Online Entry-EDI: This method of filing is to allow licensees with large volumes of data to submit the detail data electronically in the most efficient and time saving manner via the Internet. Requirements for EDI system processes are: the system shall be able to process the following returns and associated schedules through electronic data interchange (EDI): a) RT 111 Motor Fuel & Petroleum Products Transporter Application b) RT 113 Motor Fuel and Petroleum Products Transporters' Report c) Schedule 14B Motor Fuel and Petroleum Products Transporters' Report Schedule of Deliveries.		A standard feature of the ZyTax State application is on-line entry schedules and returns. State configurable specifications are used to validate individual fields during schedule entry. Reports are calculated and available for reviewing, printing or submission. An FTA compliant EDI format and EDI guide will be written to support EDI processing of reports and schedules. The State needs to participate in the EDI definition process and obtain approval of the EDI guide. ZyTax routinely works with State filers to complete this process. ZMS supports EDI filing of tax report and schedule transactions using FTA compliant EDI mapping standards. ZMS facilitates filing using an upload dialog, EDI translation, EDI syntax check and data validation. The ZMS report verification module checks control numbers in the EDI file against calculated results to ensure filer intent matches state calculations.

	shall have the ability to view electronic transactions with searches by date range/confirmation number/account id, transactions not sent to AFTS, specific tax return, or all tax returns.		The print function allows the user to print either the entire return based on return and schedule format. ZMS provides the ability to view electronic transactions with searches by date range/confirmation number/account id, transactions not sent to AFTS, a specific tax return, or all tax returns. All listed functionality is similar to the ZyTax solution currently implemented for the State of North Carolina.
8.	Fuel Tracking and Reporting Requirements		
8.1.	Cross Match: Cross-match reports are used to compare line item schedule data from one licensee or payer to line item schedule data from another licensee or payer. These reports are part of the RTB's fuel tax compliance effort and are used to identify potential fuel revenue loss. Cross-match criteria, as defined by RTB, is referenced under "Electronic Auditing" RTB staff shall have online access to cross-match results. Each cross-match shall have a cleared record indicator that is used by RTB to identify cross-match differences that are acceptable. Setting this indicator does not zero the differences. Designated RTB staff shall have access to update and input the necessary information to indicate whether a cross-match difference has been cleared or not.	M	The ZyTax Tracking module provides a robust cross-match capability to identify potential discrepancies between reported transactions. This solution also includes options to import by state information and diversion information. ZyTax Tracking configurable settings to build templates which are then run indicate any transactions that do not match. Templates will be created for the cross-match analysis requirements that have been defined by RTB. In addition Ad-Hoc audits can be created within the application to perform matching and transaction analysis needed. A standard feature of ZyTax Tracking is the ability to manually match transactions that have been identified as mismatch by the execution of a cross-match template. An indicator is applied to manually matched transactions and the RTB user has the ability to provide an explanation to indicate why the difference

WORK PLAN**

ZyTax's Project Manager and the State Project manager shall finalize the Work Plan within ten (10) days of the Notice to Proceed Date and further refine the tasks required to implement the Project. The elements of the preliminary Work Plan are documented in accordance with ZyTax's plan to implement the Application Software. Continued development and management of the Work Plan is a joint effort on the part of ZyTax and State Project Managers.

The preliminary Work Plan created by ZyTax and the State is set forth at the end of this Exhibit.

In conjunction with ZyTax's Project Management methodology, which shall be used to manage the Project's life cycle, the ZyTax team and the State shall finalize the Work Plan at the onset of the Project. This plan shall identify the multitude of tasks required to implement the Project, address intra-task dependencies, resource allocations (both State and ZyTax team members), refine the Project's scope, and establish the Project's schedule. The Plan is documented in accordance with ZyTax's Work Plan and shall utilize MS Project 2003 to support the ongoing management of the Project. Development and management of this plan is a joint effort on the part of the ZyTax and State Project Managers.

1. ASSUMPTIONS

A. General

- The State shall provide team members with decision-making authority to support the implementation efforts, at the level outlined in the Request for Proposal Document State Staffing Matrix.
- All State tasks must be performed in accordance with the revised Work Plan.
- All key decisions shall be resolved within five (5) business days. Issues not resolved within this initial period shall be escalated to the State Project Manager for resolution.
- Any activities, decisions or issues taken on by the State that affect the mutually agreed upon Work Plan timeline, scope, resources, and costs shall be subject to the identified Change Control process.
- ZyTax shall provide a separate escrow agreement for the AFTS application.
- ZyTax shall maintain an accounting system in accordance with Generally Accepted Accounting Principles (GAAP).

B. Logistics

- The ZyTax Team shall perform this project at State facilities at no cost to ZyTax.
- The ZyTax Team reserves the right to perform that work at a facility other than that furnished by the State, when practical, at their expense.
- The ZyTax Team shall honor all holidays observed by ZyTax or the State, although with permission, may choose to work on holidays and weekends.
- The State shall provide adequate facilities for the ZyTax Team, including PCs, phones, Virtual Private Network (VPN) access, internet access, and access to any necessary internal State networks and/or software (within State standards).

STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
EXHIBIT I
WORK PLAN

VPN access will enable access to State networks, project folders and all servers where AFTS components are installed and configured. VPN access will allow the ZyTax team to access necessary components through the internet to support configuration and issue resolution activities. A physical workspace for each consultant, including a desk and chair, with the items mentioned above, shall be provided. Convenient access to a high-speed printer, a high-speed copier, and a fax machine shall be provided to the Project Team, as well as access to conference rooms for meetings. This space, equipment, and printer/fax supplies shall be provided at no cost to the ZyTax Team and shall be available when the Project begins.

C. Project Management

- The State shall approve the Project Management Methodology used for the Project.
- The State shall provide the Project Team with reasonable access to the State personnel as needed to complete project tasks.
- A Project folder created within VSS (Visual Source Safe) shall be used for centralized storage and retrieval of project documents, work products, and other material and information relevant to the success of the project and required by project team members. This central repository is secured by determining which team members have access to the project folder and granting either view or read/write privileges. ZyTax Project Manager shall establish and maintain this folder. The State Project Manager shall approve access for the State team. Documentation can be stored locally for ZyTax and State Teams on a "shared" network drive to facilitate ease and speed of access. Final versions of all documentation shall be loaded to VSS.
- ZyTax assumes that an Alternate Project Manager may be appointed from time to time to handle reasonable and ordinary absences of the Project Manager.

D. Technical Environment and Management

- The State is responsible for providing the hardware, network, and communication facilities needed to support the project.
- The State shall provide the hardware and operating system to host the Project's development and production instances. Hardware and operating system environments must be sized to support a minimum of six (6) instances of the applications (instances include: configuration, development, system/integration testing, acceptance testing, training, and production). All instances shall be installed on similar hardware configurations and operating system.
- The State's hardware operating environment and supporting software shall meet ZyTax Certification requirements for the applications deployment being installed.
- The State is responsible for providing the Internet access.
- The ZyTax team shall implement Release 5.0.

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
EXHIBIT I
WORK PLAN**

- All disk and memory requirements based on ZyTax's written recommendation shall be satisfied prior to the ZyTax Team assisting with any installation activities on the State's platform.
- Designated State systems personnel shall be available during normal working hours and for adjustments to operating systems configurations and tuning.

E. Conversions

- The ZyTax Team shall lead the mapping of the legacy Data to the ZyTax applications.
- Additionally, the ZyTax Team shall:
 - Lead the review of functional and technical specifications.
 - Provide the State with ZyTax application Data requirements and Data mappings from the State's legacy system to the new ZyTax AFTS database
 - Lead the resolution of problems and issues associated with the development and implementation of the conversions.
- The State will assist ZyTax with the data conversion from the State's legacy system to the new ZyTax AFTS application
 - The State will unload RTS data from the old system into a comma separated (or similar) file.
 - ZyTax will load the data from the files provided by the State into the new ZyTax AFTS database.
- The data conversions from the State legacy system will include, but not be limited, to the following forms:

Form #	Form Name	RTS Table Name	Comment
RT 132	Motor Fuel Distributor Application	DIST_LIC	
RT 133	Motor Fuel Distributor Bond Form	DIST_LIC	
MFD-1S/AF	Distributor Report-Motor Fuel & Aviation	DIST_REP	Table covers 5 separate product types: Gasoline, Diesel Fuel, Aviation, Jet-Private, and Jet-Part 121
RT 50	Application for Oil Discharge & Oil Pollution Control License	OIL_LIC	
RT 51	Oil Discharge & Pollution Control Fund Report	ODD/OPC REP	
RT 111	Application for Motor Fuel & Petroleum Products Transporters' License	TRAN_LIC	

F. Project Schedule

STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
EXHIBIT I
WORK PLAN

Deployment is planned to begin on June 8, 2009 with a planned go-live date of July 6, 2009 based on a project kickoff date of July 7, 2008. The go-live date is scheduled for 1 year after the project kickoff date. The initial schedule is based on a Governor and Council approval date of June 25, 2008. Schedules will be automatically set back a day for every day the Governor and Council approval date is delayed.

G. Reporting

- ZyTax shall conduct bi-weekly status meetings, and provide reports that include, but are not limited to, minutes, action items, test results and Documentation.

H. User Training and Change Management

- The ZyTax Team shall lead the development of the end-user training plan.
- The ZyTax Team shall deliver all training for the AFTS application
- The State shall schedule and track attendance on all end-user training classes.

I. Performance Testing

- The ZyTax Team shall provide a performance test workshop to identify the key scenarios to be tested, the approach and tools required, and best practices information on performance testing.
- The State shall work with ZyTax on Performance Testing as set forth in Contract Exhibit F – *Testing Services*.

2. ROLES AND RESPONSIBILITIES

A. ZyTax Team Roles and Responsibilities

1) ZyTax Team Project Executive

The ZyTax Team's Project Executives (ZyTax and Subcontractor Project Executives) shall be responsible for advising on and monitoring the quality of the implementation throughout the project life cycle. The Project Executive shall advise the ZyTax Team Project Manager and the State's Project leadership on the best practices for implementing the ZyTax AFTS Software Solution within the State. The Project Executive shall participate in the definition of the project plan and provide guidance to the State's Team.

2) ZyTax Team Project Manager

The ZyTax Team Project Manager shall have overall responsibility for the day-to-day management of the project and shall plan, track, and manage the activities of the ZyTax Implementation Team. The ZyTax Team Project Manager shall have the following responsibilities:

- Maintain communications with the State's Project Manager;

STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
EXHIBIT I
WORK PLAN

- Work with the State in planning and conducting a kick-off meeting;
- Create and maintain the Work Plan;
- Assign ZyTax Team consultants to tasks in the Implementation Project according to the scheduled staffing requirements;
- Define roles and responsibilities of all ZyTax Team members;
- Provide every two week and monthly update progress reports to the State Project Manager;
- Notify the State Project Manager of requirements for State resources in order to provide sufficient lead time for resources to be made available;
- Review task progress for time, quality, and accuracy in order to achieve progress;
- Review requirements and scheduling changes and identify the impact on the project in order to identify whether the changes may require a change of scope;
- Implement scope and Schedule changes as authorized by the State Project Manager and with appropriate Change Control approvals as identified in the Implementation Plan;
- Inform the State Project Manager and staff of any urgent issues if and when they arise;
- Provide the State completed Project Deliverables and obtain sign-off from the State's Project Manager.

3) ZyTax Team

3.1 The ZyTax Team shall conduct analysis of requirements, validate the ZyTax Team's understanding of the State business requirements by application, and perform business requirements mapping:

- Construct and confirm application test case scenarios;
- Produce application configuration definitions and configure the applications;
- Conduct testing of the configured application;
- Produce functional specifications for extensions, conversions, and interfaces;
- Assist the State in the testing of extensions, conversions, and interfaces;
- Assist the State in execution of the State's Acceptance Test;
- Conduct follow-up meetings to obtain feedback, results, and concurrence/approval from the State;
- Assist with the correction of configuration problems identified during system, integration and acceptance testing; and
- Assist with the transition to production.

3.2 The ZyTax team also shall assume the following tasks:

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
EXHIBIT I
WORK PLAN**

- Development and review of functional and technical specification to determine that they are at an appropriate level of detail and quality;
- Development and Documentation of conversion and interface programs in accordance with functional and technical specifications;
- Development and Documentation of installation procedures; and
- Development and execution of unit test scripts;
- Unit testing of conversions and interfaces developed; and
- System Integration Testing.

B. State Roles and Responsibilities

The following State resources have been identified for the project. The time demands on the individual State team members shall vary depending on the phase and specific tasks of the implementation. The demands on the Subject Matter Experts' time shall vary based on the need determined by the State Leads and the phase of the implementation.

1) State Project Manager

The State Project Manager shall work side-by-side with the ZyTax Project Manager. The role of the State Project Manager is to manage State resources, facilitate completion of all tasks assigned to State staff, and communicate project status on a regular basis. The State Project Manager represents the State in all decisions on implementation project matters, provides all necessary support in the conduct of the implementation project, and provides necessary State resources, as defined by the Work Plan and as otherwise identified throughout the course of the Project. The State Project Manager has the following responsibilities:

- Plan and conduct a kick-off meeting with assistance from the ZyTax team;
- Assist the ZyTax Project Manager in the development of a detailed Work Plan;
- Identify and secure the State project team members in accordance with the Work Plan;
- Define roles and responsibilities of all State project team members assigned to the project;
- Identify and secure access to additional State end-user staff as needed to support specific areas of knowledge if and when required to perform certain implementation tasks;
- Communicate issues to State management as necessary to secure resolution of any matter that cannot be addressed at the project level;
- Inform the ZyTax Project Manager of any urgent issues if and when they arise; and

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
EXHIBIT I
WORK PLAN**

- Assist the ZyTax team staff to obtain requested information if and when required to perform certain project tasks.
- 2) **State Subject Matter Experts (SMEs)**
The role of the State SMEs is to assist application teams with an understanding of the State's current business practices and processes, provide agency knowledge, and participate in the implementation. Responsibilities of the SMEs include the following:
- Be the key user and contact for their Agency or Department;
 - Attend Project team training and acquire in-depth functional knowledge of the relevant applications;
 - Assist in validating and documenting user requirements, as needed;
 - Assist in mapping business requirements;
 - Assist in constructing test scripts and data;
 - Assist in system, integration, and acceptance testing;
 - Assist in performing conversion and integration testing and Data verification;
 - Attend Project meetings when requested;
 - Assist in training end users in the use of the ZyTax AFTS Software Solution and the business processes the Application supports.
- 3) **State Technical Lead and Architect**
The State's Technical Lead and Architect reports to the State's Project Manager and is responsible for leading and managing the State's technical tasks. Responsibilities include:
- Attend technical training as necessary to support the project;
 - Assist the State and ZyTax Team Project Managers to establish the detailed Work Plan;
 - Manage the day-to-day activities of the State's technical resources assigned to the Project;
 - Work with State IT management to obtain State technical resources in accordance with the Work Plan;
 - Work with the ZyTax Technical Lead and the State's selected hardware vendor to architect and establish an appropriate hardware platform for the State's project development and production environments;
 - Work in partnership with ZyTax and lead the State technical staff's efforts in documenting the technical operational procedures and processes for the Project. This is a Contractor deliverable and it shall be expected that ZyTax shall lead the overall effort with support, assistance and approval from the State; and

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
EXHIBIT I
WORK PLAN**

- Represent the technical efforts of the State every two weeks project meetings.

4) State Application DBA (OIT)

The role of the State Application DBA(s) is to work closely with the ZyTax Team to install and maintain the Application environments throughout the duration of the project. It is important that the State Application DBA(s) assumes responsibility for the support of these environments as soon as possible and conducts the following responsibilities throughout the implementation project:

- Attend Application DBA training and acquire in-depth technical knowledge of application DBA responsibilities, if the DBA has not already done so;
- Work with ZyTax to finalize machine, site, and production configuration;
- Work with ZyTax to finalize logical and physical database configuration;
- Work with ZyTax to install the ZyTax tools, and ZyTax Applications for the development and training environment;
- Work with ZyTax to clone additional application instances as needed by the application teams;
- Work with ZyTax upgrades to the Application instances as required by the Teams. Maintain a consistent and constant parity with all instances as required by the Application teams;
- Work with ZyTax and the Application teams to establish and manage an instance management plan throughout the project;
- Work with ZyTax to establish and execute backup and recovery procedures throughout the project;
- Work with the Application Teams to manage the availability of Application instances throughout the project;
- Work with the ZyTax to define and test Application security, backup and recovery procedures; and
- Assume responsibility for the database administration functions, upon transfer of the Application to the State's hardware platform.

5) State System Administrator (OIT)

The State System Administrator shall provide technical support regarding operating system adjustments and system maintenance. The responsibilities shall include:

- Perform routine ZyTax Application monitoring and tuning;
- Manage operating system adjustments and System Maintenance to maintain system configurations and specifications;
- Establish new ZyTax Application user Ids

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
EXHIBIT I
WORK PLAN**

- Develop and maintain role-based security as defined by the Application Teams;
 - Configure menus, request groups, security rules, and custom responsibilities.
- 6) **State Network Administrator (OIT)**
The State Network Administrator shall provide technical support regarding networking requirements administration. The responsibilities shall include:
- Assess the ability of the State's overall network architecture and capacity to adequately support implemented applications;
 - Establish connections among the database and application servers;
 - Establish connections among the desktop devices and the Application and database servers.
 - Establish connections between the web server and the application server; and
 - Establish public access to the web server along with appropriate security
- 7) **State Testing Lead**
The State's Testing Lead shall lead and coordinate the State's testing efforts. Responsibilities include:
- Leading the development of system, integration, performance, and Acceptance Test plans;
 - Leading System, integration, performance, and Acceptance Tests;
 - Chairing test review meetings;
 - Coordinating the State's team and external third parties involvement in testing;
 - Ensuring that proposed process changes are considered by process owners;
 - Establish priorities of Deficiencies requiring resolution; and
 - Tracking Deficiencies through resolution.

3. SOFTWARE APPLICATION

ZyTax shall provide the following Software to the State of New Hampshire Road Toll Bureau:

- ZyTax Management Suite for Government (ZMS) – consisting of the following modules:
 - Government
 - ADIP
 - Web Filing

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
EXHIBIT I
WORK PLAN**

- Cross Matching
- Archiving
- Additional module outside the scope of ZMS
- Account Management (contains the accounting functionality and other permit related functionality specified by New Hampshire that is not part of the base ZMS)

Note The MFD, OPC and Transporter requirements are satisfied by the customization of the above modules.

4. CONVERSIONS

The following Table 4.1 identifies the conversions within the scope of this Contract.

Table 4.1: Planned Conversions

Conversion	Components, If applicable	Lead Responsibility	Description
MFD Licenses	Licenses, Reports, Bonding Data	ZyTax	Motor Fuel Distributor licenses, monthly fuel tax returns, surety bonding information and summary schedules.
ODPC Licenses	Licenses, Reports	ZyTax	Oil Discharge and pollution control license and monthly fee returns and summary schedules.
Transporter Licenses	Licenses, Reports	ZyTax	Transporter licenses. Monthly transporter reports and supporting schedules are out of scope based on NH specifications.

REPORTS

Pre-saved queries, reports, and Cross-Match templates will be implemented in cooperation with the State. The project scope will include up to 47 pre-saved queries or reports and 13 Cross-Match templates.

5. INTERFACES

Interfaces shall be implemented in cooperation with the State. The following Table 5.1 identifies the interfaces within the scope of this Contract and their relative assignment.

Table 5.1: In-Scope Interfaces

Interface	Components, if applicable	Responsible Party	Description
IRS	ExFIRS	ZyTax	Excise Files Information Retrieval System

WORK PLAN

IRS	ExSTARS	ZyTax	Excise Summary Terminal Activity Reporting System
IRS	ExTOLE	ZyTax	Excise Tax Online Exchange
NH First ERP	Inbound	ZyTax	Accounts Receivable, Accounts Payable, and Cash Ledger
NH First ERP	Outbound	ZyTax	Accounts Receivable, Accounts Payable, and Cash Ledger
Current payment processing vendor (currently Paymentech)	Credit Card	ZyTax	Payment Processing
Current payment processing vendor (currently Paymentech)	Bank Draft	ZyTax	Payment Processing

A. Interface Responsibilities

- The ZyTax Team shall lead the State with the mapping of legacy Data to the ZyTax Applications.
- The ZyTax Team shall lead the review of functional and technical interface specifications.
- The ZyTax Team shall resolve problems and issues associated with the development and implementation of the interfaces.
- The ZyTax Team shall document the functional and technical specifications for the interfaces.
- The ZyTax Team shall create the initial test plan and related scripts to Unit Test the interface. The State shall validate and accept.
- The ZyTax Team shall develop and Unit Test the interface.
- The State and the ZyTax Team shall jointly verify and validate the accuracy and completeness of the interface.
- The State shall document the technical changes needed to legacy systems to accommodate the interface.
- The State shall develop and test all legacy application changes needed to accommodate the interface.
- The State and the ZyTax Teams shall jointly construct test scripts and create any Data needed to support testing the interfaces.
- ZyTax, with the assistance of the State is responsible for all Data extracts and related formatting needed from legacy systems to support the interfaces.

¹ This interface will be to NH First ERP or the current State financial system, whichever system is in use at the time of the new AFTS Software implementation. The State's NH First initiative is concurrent with the ZyTax AFTS project.

STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
EXHIBIT I
WORK PLAN

- ZyTax, with the assistance of the State is responsible for documenting the procedures required to run the interfaces in production.
- The State is responsible for the scheduling of interface operation in production.

6. APPLICATION MODIFICATION

To more fully address the State's requirements, the ZyTax Team shall implement the following application modifications. The following Table 6.1 identifies the modifications that are within the scope of this Contract.

Table 6.1: Modifications – ZyTax Developed

Requirement	Enhancement Description
<p>2.3 Internet Payment/Non-Payment Processing: The system shall allow payments to be made by bank draft, credit card, debit card, or filed as a no payment due. It also shall allow the licensee to generate and print a RTB designed payment voucher when the payment method is by check.</p>	<p>Modifications to the payment module to add a payment method and to provide the ability to print a payment voucher</p>
<p>2.4 RTB Manual Payment Processing: The system shall require the RTB staff to enter the payment amount as a check payment. The system shall transmit the payment amounts entered by RTB staff to AFTS. The RTB staff shall not be allowed to go to the payment option screen.</p>	<p>Manual payment processing functionality shall require an additional screen to allow entry of check payments. Role based authorization for screen access is a standard feature of the ZyTax Application suite.</p>
<p>3.1.1 MFD- (New/Renewal): AFTS shall have the capability to capture the required information off the MFD application (RT132). System shall have the capability to capture the required information off the bond form application (for new accounts), (RT133). AFTS shall provide a report that calculates minimum bond levels, and flags those accounts that do not meet them. System shall generate renewal notices on or before May 15th of each year. The renewal notice shall also have a renewal application as well. System shall generate a report of those MFD licensees whose application has not been received. System shall generate license certificates for renewal and new applicants.</p>	<p>An MFD application form (RT132) and a bond form application (RT133) shall be created as a separate form to process new / renewals / additions.</p> <p>The Account Management module shall include the capability to calculate and report on minimum bond levels, generate renewal notices and applications, report on MFD licensees whose applications have not been received, and to generate license certificates as appropriate.</p>

EXHIBIT I
WORK PLAN

Requirement	Enhancement Description
<p>y) 3.4.1 h) Verify that the sales reported on the "Disbursement Schedule" as "sales to licensed distributor" have been reported by the purchaser as a purchase. Also, verify that the type of fuel reported by the purchaser matches the type of fuel indicated by the seller. For example, if a distributor reports selling Automotive Gasoline, the system must then check to make certain that the purchasing distributor reports a corresponding purchase of Automotive Gasoline. The cross-match shall be made on the purchaser's license number or FEIN, the document number and the quantity. If the purchaser has not reported a document, if there is a discrepancy between the type of gasoline reported by the purchaser and by the seller, or the quantity indicated as sold does not match the quantity reported (within a tolerance to be provided by the RTAB), AFTS shall provide a file containing these items and provide real-time access with the capability to perform searches, make updates and produce billings for unreported taxes. AFTS shall allow the RTAB to initiate this function and specify the filing period or periods.</p>	<p>h) Verifying sales to licensed distributors matches purchaser receipt schedules is a core part of ZMS cross-matching functionality. ZMS cross matching is highly configurable and flags discrepancies in fuel types, FEINs or license numbers, bill of lading dates, bill of lading dates, gallons. Gross Gallon tolerances can be set on either quantity or percentage, per RTAB specifications. ZyTax shall work with RTAB to design cross-match templates to be used for cross-matching. RTAB can use the templates as is, or as a base for custom-built cross-match criteria. In addition, RTAB can create custom ad-hoc cross-match criteria. ZyTax Cross-Matching is currently installed in the States of North Carolina, South Carolina and Tennessee.</p> <p>After running the cross-match, RTAB can compare sales to receipts, manually clearing discrepancies such as zero suppressed bill of lading numbers. Searches and real-time access are part of the core ZMS application. Producing billings of unreported taxes is a new feature that shall be developed and included in the base ZMS application, with RTAB able to initiate the function and specify a filing period or range of filing periods.</p>

Also, verify that the type of fuel reported by the purchasing licensee matches the type of fuel from ExSTARS. If the importing licensee has not reported a document or the quantity indicated as sold does not match the quantity reported (within a tolerance to be provided by the RTAB), the AFTS shall provide a file containing these items and provide real-time access with the capability to perform searches, make updates and produce billings for unreported fees. The system shall allow the RTAB to initiate this function and specify the filing period or periods.</p>	<p>ZyTax Cross-Matching shall be used to verify receipt schedules match ExSTARS information. After running the cross-match, RTAB can manually clear discrepancies such as zero suppressed bill of lading numbers. Searches and real-time access are part of the core ZMS application. Producing billings of unreported taxes is not a current feature of ZMS. This feature shall be included in the proposed Account Management module.</p>
<p>4.4.5 m: Produce, on request, billings of additional principal, penalty and interest for unreported or late transactions. This shall include the name of the company and address to which the assessment is being issued, the period the assessment pertains to, license number, amount of gallons, amount of principal, applicable manifest numbers and the name of the company the gallons were sold to/purchased from. The system shall allow the RTAB to initiate this function and specify the filing period or periods. These would become desk billings.</p>	<p>Producing billings of additional principal, penalty and interest for unreported or late transactions is a new feature that shall be developed in the Account Management Module.</p>

WORK PLAN

Requirement	Enhancement Description
<p>4.5.2: Audit Selection-ODPCF: AFTS must provide for Ad Hoc queries (on-line and printed) to select Data to include at a minimum the following associated Data elements:</p> <ul style="list-style-type: none"> o) Account/license number p) Account/licensee name q) Account/licensee address, phone number, contact person r) License Issue/Closure Date s) Product type t) Gross Gallon Receipts from Outside New Hampshire u) Gross Gallons Receipts Within New Hampshire v) Sales & Transfers Out of State w) Tax Paid Purchases x) Adjustments y) Reporting Month z) Purchaser and FEIN aa) Seller and FEIN bb) Document number 	<p>The ZMS Query Wizard provides for Ad Hoc queries to select Data for both on-line and printed viewing. All listed fields are available in ZMS and the majority of those fields listed are currently available for selection in the Query Wizards. ZMS shall be modified to include all listed fields in the query tools.</p>
<p>5.1: License Application-Transporter- (New/Renewal): System shall have the capability to capture the required information off the Transporter application (RT111). System shall generate renewal notices on or before May 15th of each year. The renewal notice shall also have a renewal application as well. System shall generate a report of those ODPCF licensees whose application has not been received. System shall generate license certificates for renewal and new applicants.</p>	<p>A Transporter application form (RT111) shall be created as a separate form to process new / renewals / additions.</p> <p>The proposed Account Management module shall include the capability to generate renewal notices, report on licensees whose application has not been received, and to generate license certificates as appropriate.</p>

EXHIBIT J
SOFTWARE LICENSE AND RELATED TERMS

1. LICENSE GRANT

Subject to the terms and conditions of the Contract Documents, ZyTax hereby grants to the State a perpetual, nonexclusive, nontransferable, and irrevocable license to use of the Software and its associated documentation.

The Vendor shall submit copies of its proposed AFTS license agreement which **shall not** contain any terms or provisions that conflict with the State's software license and warranty requirements or terms and conditions set forth in Section 6: *General Contract Requirements* and Appendix G: *General Standards and Requirements*, respectively. The Vendor's standard AFTS license form will **not** be acceptable.

2. DOCUMENTATION

The Vendor shall provide the State with a sufficient number of hard copy versions of the Software's associated documentation and two (2) electronic versions in Microsoft WORD and PDF format. The State shall have the right to copy the Software and its associated documentation for its internal business needs. The State agrees to include copyright and proprietary notices provided to the State by the Vendor on such copies.

3. RESTRICTIONS

Except as otherwise permitted under the Contract, the State agrees not to reverse assemble, reverse compile or otherwise derive a source code version of the Software.

4. TITLE

The Vendor must hold the right to allow the State to use the Software or hold all title, right, and interest in the Software and its associated Documentation.

5. AFTS SOFTWARE ESCROW

5.1 ZyTax represents and warrants that the currently existing source code for the AFTS Software licensed to the State under the Contract, as well as the Documentation for such AFTS software, and developer comments to the source code for the AFTS Software (the "Deposit Materials") have been deposited in an escrow account maintained at Iron Mountain Inc, (f/k/a DSI) ("Escrow Agent") as required by this Contract. Future Deposit Materials for major version releases (e.g., X.y.z) of the AFTS Software not otherwise delivered to the State Licensee as source code shall be deposited in the escrow account (normally within six (6) months after the first commercial shipment of each such release). ZyTax shall promptly pay to the Escrow Agent all escrow fees that become due under the Escrow Agreement to maintain the AFTS Software in escrow.

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION

AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
EXHIBIT J
SOFTWARE LICENSE AND RELATED TERMS**

5.2 ZyTax agrees that, upon execution of this Contract, the State shall be added to the Escrow Agreement as a beneficiary. The Escrow Agent shall notify the State that it has been added as a subscriber within a commercially reasonable time. Thereafter, upon the request of the State, to be made no more frequently than annually, ZyTax shall provide the State with written verification that the AFTS Software has been deposited with the Escrow Agent.

5.3 The Escrow Agent shall make and release a copy of the applicable Deposit Materials to the State upon the occurrence of any of the following events ("Release Events"):

- (a) ZyTax institutes or becomes subject to a liquidation or bankruptcy proceeding of any kind;
- (b) ZyTax has made an assignment for the benefit of creditors;
- (c) A receiver or similar officer has been appointed to take charge of all or part of ZyTax's assets;
- (d) ZyTax terminates its maintenance and support Services for the AFTS Software or has ceased supporting and maintaining the AFTS Software for the State whether due to its ceasing to conduct business generally or otherwise, except in cases where the termination or cessation is a result of the non-payment, termination for convenience or other fault of the State;
- (e) The State terminates this Agreement as a result of ZyTax's default under the Contract; or
- (f) ZyTax ceases its on-going business operations, or that portion of its business operations relating to the licensing and maintenance of the AFTS Software, without a successor.

5.4 In the event that Deposit Materials are released from escrow to the State, ZyTax hereby grants the State the right to use, copy, modify, display, and prepare derivative works of the Deposit Materials, and to authorize others to do the same on behalf of the State (ZyTax, agents, etc.), solely for the purpose of completing the performance of ZyTax's obligations under the Contract, including, but not limited to, providing maintenance and support for the AFTS Software and subject to the rights granted in this Contract. Object code compiled from the source code contained in the Deposit Materials may be distributed by the State as permitted in this Contract.

5.5 ZyTax agrees to pay all costs associated with the escrow covered by this Contract, except for nominal fees to cover the cost of reproduction and distribution of release of the Deposit Materials to the State, including all related reasonable administrative expenses.

6. VIRUSES

ZyTax shall provide Software that, at the time it is provided to the State hereunder, shall not contain any viruses, destructive programming, or mechanisms designed to disrupt the

STATE OF NEW HAMPSHIRE

SOFTWARE LICENSE AND RELATED TERMS

performance of the Software ("Viruses") in accordance with the Specifications. The State shall use commercially reasonable methods to prevent, detect and eradicate Viruses on its computer systems.

As a part of its internal development process, ZyTax shall use reasonable efforts to test the AFTS Software for viruses. ZyTax shall also maintain a master copy of the appropriate versions of the AFTS Software, free of viruses. If the State believes a virus may be present in the AFTS Software, then upon its request, ZyTax shall provide a master copy for comparison with and correction of the State's copy of the AFTS Software.

7. AUDIT

Upon forty-five (45) days written notice, ZyTax may audit the State's use of the programs at ZyTax's sole expense. The State agrees to cooperate with ZyTax's audit and provide reasonable assistance and access to information. The State agrees that ZyTax shall not be responsible for any of the State's reasonable costs incurred in cooperating with the audit. Notwithstanding the foregoing, ZyTax's audit rights are subject to applicable State and federal laws and regulations.

- 8. Termination** In the event of any termination of this Contract: (i) if all applicable license purchase fees for Software have been paid, then the license for such Software shall continue if and for so long as the State continues to comply with the terms and conditions of this Contract with respect to such license; (ii) any license for which purchase fees have not been paid shall terminate immediately; and (iii) subject to subsection (i) above, each party shall cease use of the other party's Confidential Information and other materials provided hereunder and promptly return them to the other party;

WARRANTY AND WARRANTY SERVICES**

1. WARRANTIES

1.1 Software

The Vendor shall warrant that the System must operate to conform to the specifications, terms, and requirements of the Contract. The Vendor shall warrant that the Software is properly functioning within the System, compliant with the requirements of the Contract, and will operate in accordance with the specifications.

1.2 Services

ZyTax warrants that all Services to be provided under the Contract shall be provided expediently, in a professional manner, in accordance with industry standards and that Services shall comply with performance standards, Specifications, and terms of the Contract.

1.3 Non-Infringement

The Vendor shall warrant that it has good title to, or the right to allow the State to use, all Services, equipment, and Software provided under this contract, and that such Services, equipment, and Software do not violate or infringe any patent, trademark, copyright, trade name or other intellectual property rights or misappropriate a trade secret of any third party.

The warranty of non-infringement shall be an on-going and perpetual obligation that shall survive termination of the Contract. In the event that someone makes a claim against the State that any Material infringe their intellectual property rights, ZyTax shall defend and indemnify the State against the claim provided that the State:

- a. Promptly notifies ZyTax in writing, not later than 30 days after the State receives actual written notice of such claim;
- b. Gives ZyTax control of the defense and any settlement negotiations; and
- c. Gives ZyTax the information, authority, and assistance reasonably needed to defend against or settle the claim.

Notwithstanding the foregoing, the State's counsel may participate, at State's expense, in any claim to the extent the State seeks to assert any immunities or defenses applicable to the State.

If ZyTax believes or it is determined that any of the Material may have violated someone else's intellectual property rights, ZyTax may choose to either modify the Material to be non-infringing or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, ZyTax may end the license, and

EXHIBIT K
WARRANTY AND WARRANTY SERVICES

require return of the applicable Material and refund (i) all prepaid but unused Services fees, and (ii) a pro-rata portion of the license fees the State has paid ZyTax under the Contract, based on a five (5) year straight line depreciation schedule. ZyTax shall not indemnify the State if the State alters the Material without ZyTax's consent or uses it outside the scope of use identified in ZyTax's user Documentation or if the State uses a version of the Material which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was provided to the State at no additional cost. ZyTax shall not indemnify the State to the extent that an infringement claim is based upon any information design, specification, instruction, software, Data, or material not furnished by ZyTax. ZyTax shall not indemnify the State to the extent that an infringement claim is based upon the combination of any Material with any products or services not provided by ZyTax, without ZyTax's consent.

1.4 Viruses; Destructive Programming

The Vendor shall warrant that the Software will not contain any viruses, destructive programming, or mechanisms designed to disrupt the performance of the Software in accordance with the specifications.

1.5 Compatibility

The Vendor shall warrant that all System components, including any replacement or upgraded System Software components provided by the Vendor to correct deficiencies or as an enhancement, shall operate with the rest of the System without loss of any functionality.

1.6 Professional Services

The Vendor shall warrant that all Services provided under the Contract will be provided in a professional manner in accordance with industry standards and those Services will comply with performance standards.

2 WARRANTY SERVICES

The Vendor shall agree to maintain, repair, and correct deficiencies in the System Software, including but not limited to the individual modules or functions during the Warranty Period, at no additional cost to the State, in accordance with the specifications and terms and requirements of the Contract, including without limitation, correcting all errors, and defects and deficiencies; eliminating viruses or destructive programming; and replacing incorrect, defective or deficient Software and documentation.

Warranty Services shall include, without limitation, the following:

- a. Maintain the System Software in accordance with the Specifications, terms, and requirements of the Contract;

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION
ROAD TOLL BUREAU
AUTOMATED FUEL TOLL SYSTEM (AFTS)
DOS RFP 2007-060
EXHIBIT K
WARRANTY AND WARRANTY SERVICES**

- b. Repair or replace the System Software or any portion thereof so that the System operates in accordance with the Specifications, terms, and requirements of the Contract;
- c. Vendor shall provide the State with telephone access to technical support engineers for assistance in the proper installation and use of the software, and to report and resolve Software problems during normal business hours, 8:00 AM-5:00 PM (CST) Monday through Friday. On-site additional Services, if necessary, within one (1) business day of a request;
- d. Maintain a record of the activities related to warranty repair or maintenance activities performed for the State;
- e. For all Warranty Services calls, the Vendor shall ensure the following information will be collected and maintained:
 - 1. nature of the deficiency;
 - 2. current status of the deficiency;
 - 3. action plans, dates, and times;
 - 4. expected and actual completion time;
 - 5. deficiency resolution information;
- f. The Vendor must work with the State to identify and troubleshoot potentially large-scale Software failures or deficiencies by collecting the following information:
 - 1. mean time between reported deficiencies with the Software;
 - 2. diagnosis of the root cause of the problem; and
 - 3. identification of repeat calls or repeat Software problems
- g. All deficiencies found during the Warranty Period and all deficiencies found with the Warranty Releases shall be corrected or a workaround provided by the Vendor no later than 10 business days, unless specifically extended in writing by the State, and at no additional cost to the State.

In the event the Vendor fails to correct the deficiency within the allotted period of time (see above), the State shall have the right, at its option: 1) declare the Vendor in default, terminate the contract, in whole or in part, without penalty or liability to the State; 2) return the Vendor's product and receive a refund for all amounts paid to the Vendor, including but not limited to, applicable license fees within ninety (90) days of notification to the Vendor of the State's intent to request a refund; 3) and to pursue its remedies available at law or in equity.

Notwithstanding any provision of the Contract, the State's option to terminate the Contract and pursue the remedies above will remain in effect until satisfactory completion of the full Warranty Period.

WARRANTY AND WARRANDY SERVICES**

3. WARRANTY PERIOD

The Warranty period will initially commence upon the State issuance of a Letter of Acceptance for UAT and will continue through one hundred and eighty (180) days.

For subsequent modules or functions, the Warranty Period will extend for one hundred and eighty (180) days after each of the remaining major functions or modules, integrated successfully with the entire System, receives a Letter of Acceptance from the State.

If within the last thirty (30) calendar days of the Warranty Period, the System Software fails to operate as specified, the Warranty Period will cease, the Vendor will correct the deficiency, and a thirty (30) calendar day Warranty Period will begin. Any further deficiencies with the System Software must be corrected and run fault free for thirty (30) days.

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF SAFETY-DIVISION OF ADMINISTRATION

TRAINING SERVICES**

ZyTax shall provide the following Training Services.

A. TRAINING

All courses are to be offered on-site in New Hampshire and shall be available for up to twelve (12) students. Following the provision of classes, access to on-line course materials shall be provided for thirty (30) days through the online training library to the extent that it is available.

1. Delivery Method

a. Instructor-Lead Class Training

This method helps build the in-depth knowledge and hands-on experience the State's employees shall need to succeed in their job role with ZyTax. From in-class demonstrations led by experienced ZyTax instructors, to realistic hands-on labs, Instructor-Led In Class courses provide a dynamic learning environment.

This instruction is targeted to train the group of Users defined as Project Team, Users from Departments and selected Subject Matter Experts (SMEs).

2. Project Team Developed Training

a. ZyTax, Inc. and the State agree to an end user training approach to meet training objectives, including:

- 1) developing "in house" experts and end-user support channels that involve and leverage internal resources and subject matter experts (SMEs); and
- 2) leveraging statewide access to computers and the Web by accessing On-line courses in the form of PowerPoint presentations, on-line application help, user guides and frequently asked questions, whenever possible to lessen time away from the job and reduce travel costs for those who are spread across the State.

b. Key activities of the approach are highlighted below:

User Training Approach	Role and Responsibility	
	ZyTax, Inc. Team	State of NH
Develop Training Plan	Lead the development and implementation of the Training Plan. Provide guidance, coaching, materials, and tools.	Assist in the development and implementation of the Training Plan.
Develop Curriculum	Analyze skill requirements. Detail roles, course content, and estimated course length.	Assist to analyze skill requirements. Assist to detail roles, course content, and estimated length.

TRAINING SERVICES

User Training Approach	Role and Responsibility	
	ZyTax, Inc. Team	State of NH
Produce Training Materials and End-User Documentation	Lead the development of materials and documentation to include: ZyTax, Inc. providing training material in electronic format that can be modified and reproduced.	Assist in the development of training materials.
	ZyTax, Inc. Conduct training classes for the State's user and technical support personnel	Attend the ZyTax delivered training sessions.
Conduct Training	Assist to identify an approach and a plan to conduct training needs assessment for implementation.	Conduct training needs assessment for post go-live.

c. Key User Training Approach Activities

1) Identify State End Users

The ZyTax Team shall lead the State in identifying and categorizing its end users:

User Category 1—Power User Training: Power Users are those employees who frequently use the system. Training shall consist of a series of courses based on job functions, on business processes specific to job roles, and associated AFTS transactions. The training strategy shall be organized around the State's business processes and detailed transactions that support these processes.

User Category 2—Casual User Training: Casual Users shall access the system for inquiries or report viewing on an occasional basis. Their courses shall focus on the end-to-end business process instruction and structured inquiry exercises.

User Category 3—Specialty Users: Specialty Users include functional and technical analysts. They shall be trained on the AFTS Software on the basis of assignments, and may include navigation training and module overview/orientation courseware, functional (modules/business process) training, and configuration.

d. Develop Training Plan

The ZyTax Team shall act as the training lead and shall provide guidance, coaching, materials, and tools to structure and implement a Training Plan—including a strategy for outlining the scope, roles, audiences, and deployment timeline throughout the project lifecycle. The Plan is intended to 1) reinforce knowledge comprehension across the State, 2) train employees on what they need to know and do to perform their jobs effectively, 3) establish an ongoing skills development process, 4) offer training solutions that address the immediate and ongoing needs of the State to train new hires and transfers, and 5) implement a blended training delivery solution that utilizes

EXHIBIT L
TRAINING SERVICES

instructor-led (ILT) and On-line training in the form of PowerPoint presentations, user guides, on-line application help and frequently asked questions to support learner interaction, and promotes effective, timely, and cost-efficient learning.

The Training Plan shall address the specific curriculum for each user category and provide support for the design, development, and deployment of training for each user category. It shall also provide a blueprint for the State's Team to manage its resources, activities, and timeline throughout the course of the AFTS initiative.

e. **Develop Training Curriculum**

ZyTax shall develop a recommended training curriculum for the State of New Hampshire End Users.

f. **Produce Training Materials and End-User Documentation**

The ZyTax team shall lead the efforts to produce the training materials and end-user documentation.

Corporation with Seal

CERTIFICATE

I, Ray A. Coufal, do hereby represent and certify that:

- (1) I am Treasurer of ZyTax, Inc., a Delaware corporation (the "Corporation").
- (2) I maintain and have custody of and am familiar with the minutes of the Corporation.
- (3) I am duly authorized to issue certificates with respect to the contents of such books.
- (4) The following statements are true and accurate based on the resolutions adopted by the Board of Directors of the Corporation at a meeting of the said Board of Directors held on June 26, 2001, which meeting was duly held in accordance with Delaware law and the by-laws of the Corporation.
- (5) The signature of Richard C. Cilento, Jr., President of this Corporation affixed to any contract instrument or document shall bind the corporation to the terms and conditions of the contract instrument or document.
- (6) The foregoing signature authority has not been revoked, annulled or amended in any manner whatsoever, and remains in full force and effect as of the date hereof.
- (7) This corporation has no seal.

IN WITNESS WHEREOF, I have hereunto set my hand as Treasurer of the Corporation this
June 23, 2008.

Ray A. Coufal, Treasurer

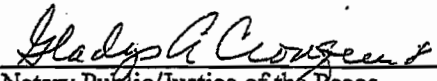

STATE OF Texas

COUNTY OF Harris

On this the 23rd day of June, 2008, before me,

Ray A. Coufal, personally appeared and acknowledged himself
to be the Treasurer, of ZyTax, Inc., a Delaware corporation, and that he, as such being
authorized to do so, executed the foregoing instrument.

IN WITNESS WHEREOF I hereunto set my hand and official seal.

Telephone (603) 271-2387
Email: brvers@safetv.state.nh.us

RE: Proposal Invitation Name: AFTS
Proposal Number: 2007-060
Proposal Due Date and Time: April 6, 2007 2:30 p.m. EST

ORIGINAL

Dear Sir:

Company Name: ZyTax, Inc. hereby offers to sell to the State of New Hampshire the services indicated in RFP NH Department of Safety 2007-060 AFTS at the price(s) quoted in Vendor Response Section VII: *Cost Proposal*, and Appendix F: *Pricing Worksheets*, in complete accordance with all conditions of this RFP and all Specifications set forth in the RFP and in the State of New Hampshire Terms and Conditions outlined in RFP Section 6: *General Contract Requirements* and Appendix G-4: *State of New Hampshire Terms and Conditions*.

Company Signor: Richard C. Cilento, Jr. is authorized to legally obligate
Company Name: ZyTax, Inc.

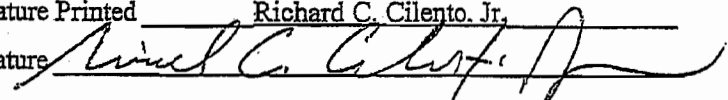

We attest to the fact that:

The company has reviewed and agreed to be bound by all RFP terms and conditions including but not limited to the *State of New Hampshire Terms and Conditions* in Appendix G-4 and *Contract Requirements* in Section 6, which shall form the basis of any Contract resulting from this RFP; No new terms and conditions have been added and no existing terms and conditions have been deleted in this RFP Proposal.

The proposal is effective for a period of 180 days or until the Effective Date of any resulting contract, whichever is later;

That the prices quoted in the proposal were established without collusion with other eligible vendors and without effort to preclude the State of New Hampshire from obtaining the best possible competitive price; and

The Vendor has read, signed, and included this RFP and signed and included any subsequent addendum (a).

Our official point of contact is Mike Laprocido,
Title Sr. Account Executive
Telephone 856-310-0197, Email mlaprocido@fuelquest.com
Authorized Signature Printed Richard C. Cilento, Jr.
Authorized Signature 

Important Note: Vendors are provided an electronic version of the RFP Transmittal Letter. Any electronic alteration to this Transmittal Letter template is prohibited. Any such changes shall result in a Proposal being rejected.

Chronological Order of Events

1. Request for Proposal (RFP) 2007-003 Automated Fuel Toll System issued on August 16, 2006 with final proposals due back on October 26, 2006.
2. Vendor Conference occurred on September 12, 2006 and it was mandatory. Two vendors participated, ZyTax and ACS. Several days after the vendor conference ZyTax informed us they were not going to bid on the RFP. Due to the Accounts Receivable and treasury requirements in the RFP. When it became apparent that we were only going to have one vendor bidding on the RFP DOS Management determined that this was not fiscally prudent to go sole source and cancelled RFP 2007-003.
3. Road Toll and the Office of Information Technology staff examined the possibility of utilizing the NH First ERP System to address our accounts receivable and treasury requirements and determined that ERP could handle all of the accounts receivable and treasury requirements originally included in the RFP.
4. On February 1, 2007 Automated Fuel Toll System was released under RFP#2007-060.
5. March 2, 2007 a non-mandatory vendor conference was held and three vendors were in attendance (FAST, ZyTax, and ACS).
6. April 6, 2007 was the submission deadline. Two vendors submitted proposals ZyTax and ACS.
7. April 24, 2007 the Department sent letter to both vendors asking for clarification of proposal price by component breakdown (MFD, ODPC, Transporter, and IFTA Note: IFTA was optional but both vendor included IFTA in their respective proposals).
8. During the week of April 23 both vendor submitted clarification on the price breakdown.
9. Vendor presentations were conducted the week of June 11th through 15th.
10. After the vendor presentations and review of the IFTA proposals and related costs it was determined that a non vendor option the New York State Department of Taxation & Finance's IFTA Regional Processing Center was best value for the State.
11. During the month of July both proposals were reviewed by the evaluation team and scored on during the 1st week of August 2007.
12. In the 2008-2009 Capital Budget there was legislation that created a committee to study Transferring the Authority to Collect Road Tolls from DOS to the Department of Revenue Administration. It was decided to hold off on finalizing the contract until this study was completed. Once it was decided that Road Toll was staying at DOS we completed contract negotiations and finalized the contract.
