Such state guarantee shall not at any time exceed 90 percent of the principal, interest and related reasonable collection expenses with respect to such loan. The full faith and credit of the state shall be pledged for any such guarantee; provided that the guarantee shall not cause the contingent credit limit of RSA 162-A:22 to be exceeded.

II. The State's guarantee of a loan under this section shall be evidenced by a guarantee agreement entered into by the state, the lender and the borrower. Such guarantee agreement shall contain such terms and conditions as the authority and the governor and council may impose, including, without limitation, restrictions on the use of the loan proceeds, restrictions on the use and operation of any project financed or assisted by the loan, appropriate controls on the requisition of loan proceeds by the borrower, provisions for the state to demand acceleration of the payment of the loan in the event of a default by the borrower, provisions for payment to the authority of guarantee fees and reimbursement of costs and expenses, provisions for reimbursement of the state if the state is required to honor the guarantee, appropriate financial covenants, and provisions for the establishment of reserves. In addition, as a condition of awarding any guarantee, the state shall be subrogated to all of the rights and security of the lender to the extent it honors the guarantee. Any guarantee agreement authorized in accordance with this section shall be executed on behalf of the state by the chairperson, vice chairperson, or executive director of the authority. **RE: Award of State Guarantee with Respect to a Certain Loan from
Georgetown Bank (the "Lender") to Rochester Hospitality, LLC. (the "Bor-
rower")**

Dear Governor and Council:

The purpose of this letter is to describe and explain the lending transactions with respect to which the guarantee of the State of New Hampshire is recommended by the Business Finance Authority.

1. **Statutory Authority.** RSA 162-A:13 authorizes the Authority to establish a "Guaranteed Asset Program" (the "GAP Program") to assist and encourage banking institutions to loan money to certain businesses operating within New Hampshire. Under this statutory authority, the Authority may recommend the award of a guarantee by the State of New Hampshire of the recovery of amounts loaned to certain businesses. The statute also provides that, upon the Authority's recommendation, the Governor and Council may, after holding a public hearing and making certain findings, approve such recommendation and award the guarantee.

2. **Concept of the GAP Program.** The Authority has developed the GAP Program as a significant part of its programs intended to facilitate the recapitalization of the New Hampshire business community. In general, unlike the other programs, the GAP Program focuses on assisting larger businesses which offer significant employment opportunities to New Hampshire residents. Encouraging and stabilizing the debt financing available to such businesses should achieve the substantial public purpose of creating and preserving key economic infrastructure within the State.

3. **The GAP Program Guarantee.** In general, the Authority's GAP Program seeks to encourage lenders to loan money to businesses by assuming a portion of the risk that, if a business fails, the lender will not recover all of the funds loaned to the business after pursuing all available collection rights. Accordingly, if any deficiency is determined to exist after a lender has pursued all of its available rights and remedies, the GAP Program guarantee would provide for the repayment of a portion of such deficiency to the lender. This formulation of the GAP Program guarantee ensures that the Authority is not required to enter the business of collection against failed loans; rather such activities remain the obligation of the lenders.

CONCORD, NEW HAMPSHIRE 03301-4954

4. **Guarantee Agreements.** RSA 162-A:13 requires the Authority to implement its GAP Program through "guarantee agreements" among the Authority, the State, the lender and the borrower. These agreements must meet minimum requirements established by statute, provide for the pledge of the full faith and credit of the State to support its guarantee and minimize the risk of loss to the State.

5. **The Georgetown Bank /Rochester Hospitality, LLC. Transaction.** With the above general background in mind, we proceed to describe the proposed financing transactions with respect to which the Authority has recommended the award of a GAP Program guarantee.

The guarantee has been requested with respect to a five year term note in the maximum principal amount of up to Three Million Seven Hundred Sixty Thousand Dollars (\$3,760,000) (the "Loan").

Rochester Hospitality, LLC, operates a 77 room Holiday Inn Express hotel. The company is located in Rochester, NH where they employ 25 full time employees. The Loan proceeds are to be used to restructure company debt.

The Loan is in the principal amount of up to \$3,760,000 secured by a first mortgage on property located at 77 Farmington Road, Rochester, New Hampshire., a first security interest on all business assets, the personal guaranty of Lawrence R. Raiche, the personal guaranty of Jerome H. Grossman and the personal guaranty of Basel Alkurabi.

The Borrower will repay the Loan in fifty-nine principal plus interest payments based on a fixed interest rate of 4.9% based on a twenty year amortization and one final payment of all principal plus accrued interest due at the maturity date.

6. **Scope of Recommended Guarantee.** The Authority is recommending the award of a guarantee of the Loan described above in an amount equal to 75% of any deficiency determined to exist after the Lender has diligently pursued all available collection rights. Accordingly, if the Borrower defaults under the Loan and after pursuing all collection rights a deficiency of \$3,760,000 is determined to exist under the Loan, the Authority and the State would be obligated to pay the Lender 75% percent of such amount (or \$2,820,000). By so limiting the Lender's risk, the Authority hopes to facilitate the provision of this important financing.

7. **Terms of the Guarantee Agreement.** The terms and conditions of the guarantee commitment are to be expressed in a "Guarantee Agreement" among the Authority, the State, the Lender and the Borrower. This agreement, to be substantially in the form submitted to the Governor and Council with this letter, includes the following terms and conditions which incorporate all statutory requirements.

(a) **Maximum Guarantee.** As noted, the guarantee would not exceed 75% percent of the principal amount of the Loan and accordingly would satisfy the statutory requirement that the guarantee not exceed 90 percent of the principal of the Loan plus interest thereon. This 90 percent limitation, along with the requirement that a lender pursue all available collec-

tion rights prior to calling on the Authority or the State to make a guarantee payment, is intended to minimize risk of loss to the State.

(b) Authority Payment First, Then State. Any payment with respect to the guarantee would be made first from funds available to the Authority. Only after the Authority has determined that it does not have sufficient funds to pay the guarantee amount would the State be required to pay on the guarantee obligation.

(c) Use of Loan Proceeds. The proceeds of the Loan must be used as provided in the commitment letter and described above.

(d) Right of Acceleration. The Authority and the State will have the ability to demand that the Loan be accelerated in the event that the Borrower defaults on his obligations and does not cure such a default within 60 days.

(e) Fees and Expenses of the Authority. The Lender will be required to pay: (1) a closing fee of one percent (1%) of the maximum guarantee amount at the time the Loan transaction is consummated; and (2) an annual fee to the Authority equal to one percent (1%) of the product of the average principal amount of the Loan outstanding as of the close of the immediately preceding anniversary date multiplied by the Guarantee Percentage. All legal expenses incurred by the Authority in connection with the provisions of the guarantee must be paid by the Lender.

(f) Subrogation Rights. The State and the Authority, to the extent either is required to pay on the guarantee, shall be subrogated to the rights of the Lender.

(g) Notice of Lender's Intent. The Lender is required to notify the Authority at least nine months prior to the maturity date of the Loan as to whether or not the Lender intends to refinance the outstanding principal balance of the Loan.

(h) Proportionate Reduction in Guarantee. As principal and other amounts are collected under the Loan, the guarantee obligation of the Authority and the State is reduced.

8. 125-Percent Collateral Coverage Test. The statute requires that the appraised fair market value of the collateral securing the Loan equal or exceed 125 percent of the total principal amount of the Loan at the time the Loan is made. Based upon the certification of the Authority, the Authority has received such evidence as it deems necessary to determine that this requirement will have been satisfied as of the closing date of the Loan. This determination appears reasonable.

9. Working Capital Limitation. The statute requires that no more than 40 percent of the Loan may be used to finance working capital. This requirement has been satisfied.

10. **Maturity Date Requirement.** The statute requires the Loan to mature not later than ten years after (a) the date the Loan is made or (b) the date the "project" is placed in service. The proposed loan documents satisfy this requirement.

11. **Principal Repayment Requirements.** The statute requires that the principal balance of a Loan must be scheduled to be reduced annually by an amount equal to not less than the principal amount that would be paid under a 20 year amortization schedule. The repayment schedules required under the Loan satisfy this requirement.

In summary, all statutory requirements will be embodied and implemented in the proposed transaction and guarantee agreement.

Very truly yours

(i) Equipment, Inventory and Certain Other Personal Property. The Lender shall sell, assign, or otherwise dispose of, or cause to be sold, assigned or otherwise disposed of, each and every component of equipment, inventory and other personal property which constitutes Collateral and which is not described in paragraph 1(i)(ii) at public auction or private sale, by liquidation sale or other complete disposition, or as if such sale was being made in the ordinary course of the Borrower's business, all as the Lender, or its agents, deems best and in a commercially reasonable manner.

(iii) if the Lender receives any consideration in satisfaction of its claim against the Borrower's estate in accordance with the United States Bankruptcy Code, and such claim is based in part upon indebtedness other than the Loan, the Authority and the Lender shall agree on a fair and appropriate allocation of such consideration to the Loan and such other indebtedness;

(iv) if, for purposes of subparagraphs (k)(i) and (k)(ii), the parties are unable to agree upon the selection of an independent appraiser, each of the parties shall select an independent appraiser, who shall each determine the fair market value of the Collateral or consideration in question, and the average of such determinations shall be deemed to be the Collection Proceeds with respect to such Collateral or consideration; and

(v) if any portion of the Lender's right, title and interest in and to the Collateral or any portion of the Borrower's obligations under the Loan Documents is avoided pursuant to applicable federal bankruptcy laws with respect to fraudulent transfers and obligations or state fraudulent transfer laws, the value or amount of such avoided portion shall be deemed to constitute Collection Proceeds.

Such notice shall be delivered to the Authority not later than 60 days after a Call Date has occurred. Such notice shall include a history certified by an appropriate officer of the Lender of disbursements, payments, accruals of interest, any other charges or costs, and a summary of all Collection Activities undertaken with respect to the Loan Documents. Upon request of the Authority, the Lender shall provide the Authority with such further information as may be reasonably requested by the Authority.

3. Right to Review Lender's Guarantee Claim. Upon receipt of the written notice that a Call Date has occurred, the Authority shall have the right to review all aspects of the Loan and the Loan Documents which relate to the determination of the Guaranteed Amount. Prior to expiration of the 30-day period after receipt by the Authority of the written notice that a Call Date has occurred, the Authority shall either approve the payment of the Guaranteed Amount as specified in such notice or shall issue a written notice of proposed adjustment of such Guaranteed Amount to the Lender which shall state the basis for the proposed adjustment. At the time such notice of proposed adjustment is delivered, the Authority shall pay to the Lender the Guaranteed Amount, if any, as proposed in such notice. Upon receiving such a notice of proposed adjustment, the Lender may object to such notice by delivering a written statement of objection to the Authority explaining the basis or bases for such objection within 10 days after receipt of the Authority's notice of proposed adjustment. Within 30 days after receipt of the Lender's written objection, the Board of Directors of the Authority shall determine in its sole discretion whether to adjust the Guaranteed Amount at a meeting duly noticed for such purpose. The Authority shall provide the Lender with written notice of the Board of Directors decision within seven days of its decision. If the Authority and the Lender are unable to resolve a dispute by other means, the Authority may elect to resolve the dispute by arbitration pursuant to the rules of the American Arbitration Association. The Lender hereby consents to proceeding by means of arbitration. Both parties agree to be bound by any decision issued pursuant to such arbitration. In the event that the Authority does not elect to proceed by arbitration, either party may seek to resolve the dispute by bringing an action in a court of appropriate jurisdiction. If the Lender desires to commence litigation to resolve the matter after receiving notice of the decision of the Board of Directors, it shall send written demand that the Authority elect whether to resolve the dispute by arbitration, and if the Authority elects arbitration, it shall notify the Lender within ten (10) days of the date of such demand; otherwise, the Lender may thereafter commence litigation to resolve the dispute.

4. Subrogation Rights. Upon making payment of the Guaranteed Amount pursuant to paragraph 2 of this Agreement, the Authority shall, to the extent it makes such payment, be subrogated to the rights of the Lender with respect to the Loan, the Collateral, and other rights of recovery provided under the Loan Documents with respect to the Loan. Upon payment of the Guaranteed Amount, the Authority may in its sole discretion direct the Lender to assign all rights under Loan Documents with respect to the Loan, without recourse, to the Authority, and the Authority shall then issue to the Lender a certificate of interest evidencing the percentage of the Loan retained by the Lender. Election by the Authority to obtain an assignment of the Loan Documents shall not waive any right of the Authority arising from any negligence, misconduct or violation by the Lender of any provision of this Agreement. The Lender shall provide the Authority with reasonable assistance thereafter as the Authority may request in proceeding with respect to any such collateral, security or other right of recovery, except that such reasonable assistance shall not require the Lender to incur any out-of-pocket expenses. If the Authority receives any funds as a result of enforcement actions taken with respect to any such collateral, security or other right of recovery, the Authority shall promptly pay over to the Lender its pro rata share of such amount, after reduction for any reasonable out-of-pocket expenses incurred by the Authority in taking such enforcement actions.

5. State Guarantee.

(a) Guarantee Commitment. Subject to the terms and conditions of this paragraph 5 and this Agreement, the State hereby guarantees the payment of the Guaranteed Amount, and for the performance of such guarantee the full faith and credit of the State are pledged. The State's guarantee obligation hereunder shall be solely with respect to the principal and interest of the Loan, subject to the limitations and adjustments contained in this Agreement, including the provisions for the determination of the Realized Deficiency Amount contained in paragraph 1(s) of this Agreement.

(b) Claim on Guarantee. If the Authority does not have moneys sufficient to pay the Guaranteed Amount as determined pursuant to paragraphs 2 and 3 of this Agreement at the time such payment becomes due, the Authority shall notify the State of such deficiency (the "Remaining Deficiency Amount") by telephone or telecopy, which notice shall be confirmed in writing, with a copy to the Lender. Such notice shall specify the amount of the Remaining Deficiency Amount. If additional moneys for the payment of such Remaining Deficiency Amount become available to either the Authority or the Lender prior to such payment but after the giving of notice, the Authority or the Lender shall notify the State and such additional moneys shall be applied to reduce such Remaining Deficiency Amount, and, if the State also disburses funds covering the amount of such additional moneys, the Authority or the Lender shall promptly remit an amount equal to such additional moneys to the State.

(c) Payment by the State. No later than 3:00 P.M. on the 30th day after receipt by the State of the notice specified in paragraph 5(b), the State shall pay the Remaining Deficiency Amount stated in the notice directly to the Lender.

(d) Subrogation. In addition to all other rights granted the State under this Agreement, the Authority and the Lender hereby agree that the State shall, to the extent it makes

payments of the Guaranteed Amount, be subrogated to the rights of the Lender with respect to the Loan, the Collateral, and other rights of recovery provided under the Loan Documents with respect to the Loan. Such subrogation rights shall be coextensive with the subrogation rights of the Authority under paragraph 5 hereof and shall not increase or otherwise affect the Borrower's liability under the Loan Documents.

6. Recovery by Lender Subsequent to Payment of Guaranteed Amount. If subsequent to receiving payment of the Guaranteed Amount pursuant to paragraph 2 or paragraph 5 of this Agreement the Lender shall recover any amount with respect to the Loan, the Lender shall promptly pay to each of the State and the Authority the share of such recovered amount which reflects the payment of the Guaranteed Amount made by each party (the aggregate share to equal the Guarantee Percentage multiplied by such recovered amount), less a proportionate share of any reasonable out-of-pocket expenses incurred by the Lender in recovering such amount.

7. Guarantee Termination Date. The obligation of either the Authority or the State to guarantee or make payment of any amount to the Lender pursuant to paragraph 2 or paragraph 5 of this Agreement shall expire on the earliest to occur of: (i) the date upon which the Authority receives a written certificate executed by the Lender which states that all indebtedness under the Loan Documents entitled to the benefits of such guarantee payment has been fully paid; (ii) the date upon which the Authority receives a written certificate executed by the Lender which states that the Lender agrees to terminate the obligations of the State to make a guarantee payment; (iii) the date on which an Event of Default shall have occurred; and (iv) 2:00 p.m. on the fifth anniversary of the Effective Date (the "Stated Termination Time"). Provided, however, that if the Borrower defaults under the Loan Documents prior to or as of the fifth anniversary of the Effective Date and the Lender provides timely written notice to the Authority prior to five days after the Stated Termination Time that such default has occurred, then the obligations of the State and the Authority to guarantee or make payment to the Lender pursuant to paragraph 2 of this Agreement shall continue until the later to occur of: (i) the date upon which the Authority receives a written certificate executed by the Lender that such default has been cured; or (ii) the date on which the Authority or the State makes payment of its guarantee obligation, if any, pursuant to the terms of this Agreement.

8. Conditions Precedent to the Guarantee Obligation. The obligation of either the State or the Authority to make payment to the Lender pursuant to paragraph 2 or paragraph 5 of this Agreement shall not become effective until the following conditions precedent shall have been satisfied or waived in writing by the Authority:

(iv) A certificate of a duly authorized officer of the Borrower certifying that Schedule 11(i) to this Agreement includes a description of all pending or known threatened actions or proceedings affecting the Borrower or its properties before any court, government agency or arbitrator, which may, if adversely determined (A) purport to affect the legality, validity or enforceability of the Loan Documents or (B) materially adversely affect the financial condition, properties, prospects or operations of the Borrower.

(v) An balance sheet of the Borrower as of December 31, 2012, and certified financial statements of the Borrower setting forth the results of operations of the Borrower for the fiscal period ending on such date, together with pro forma adjustments thereto, certified by the President or Treasurer of the Borrower that such pro formas were prepared in good faith and on reasonable assumptions, in form and substance satisfactory to the Authority, reflecting the proposed capital structure of the Borrower on the Effective Date after giving effect to the Loan and the transactions contemplated by the Loan Documents.

(vi) Financial projections, on assumptions acceptable to the Authority, demonstrating compliance with the terms of the Loan Documents.

(vii) A certificate signed by the appropriate loan officer of the Lender, certifying that appropriate officials of the Lender have reviewed the balance sheet, financial statements and financial projections described in the prior two subparagraphs and that the figures, statements and conclusions therein are, to the best of Lender's knowledge, reasonable.

(viii) Favorable opinion of Counsel to the Borrower, in substantially the form of Schedule 8(a)(viii)(B) attached hereto and as to such other matters as the Authority may reasonably request.

(ix) Such other instruments, certificates, opinions, surveys and other documents as the Authority may reasonably request, all in form and substance acceptable to the Authority.

(b) Loan Documents Effective. Each of the Loan Documents, which shall be in form and substance acceptable to the Authority, shall be in full force and effect and all conditions to making advances thereunder shall have been satisfied.

(d) Fees and Expenses. The Lender shall have paid all Authority Service Fees and all Authority Legal Fees and Expenses, to the extent then due and payable.

(e) Good Title. The Borrower shall have good and marketable title to the Collateral in fee simple and full possession thereof, free and clear of all liens and encumbrances except such encumbrances expressly excepted by the Authority.

(f) Certificates. The Authority shall have received a certificate from the Borrower and from the Lender in form and substance acceptable to the Authority stating that no more than forty percent (40%) of the total principal amount of the Loan shall be used to finance working capital.

(g) Renewal. The Loan Documents shall require the Borrower to provide written notice to the Authority at least nine months before Stated Termination Times of whether it intends to seek a renewal of the Loan.

(d) Possession of Loan Documents. The Lender has in its possession an original executed version of each and every Loan Document, except as set forth in Schedule 10(d) hereto.

(e) No Default. Immediately upon making the Loan, to the best of Lender's knowledge, neither the Borrower nor any Affiliate of the Borrower will be in material violation or default of any terms or conditions of any of the Loan Documents, any other agreement between the Lender and the Borrower or any Affiliate of the Borrower or any obligation of the Borrower or any Affiliate of the Borrower to the Lender.

(f) Compliance with Lending Laws. The Lender has complied in all material respects with all applicable federal and state laws, statutes, rules and regulations pertaining to the making of the Loan.

(h) Collateral Coverage. (i) Lender's Credit Decision. The Lender acknowledges that it has, independently and without reliance upon the Authority or any of the Authority's officers, employees or agents, and based upon such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into the Loan and the Loan Documents. The Lender further acknowledges that the Authority, its officers, employees or agents, have not directly or indirectly controlled or influenced the Lender's decision to enter into the Loan and the Loan Documents.

(j) No Other Agreements. There does not exist, nor has the Lender entered into any additional, side or collateral agreement with the Borrower relating to the Loan which are not fully set forth in the Loan Documents.

(k) Public Policy Loan Covenant. The Loan Documents contain a covenant in substantially the following form that the Borrower shall not, without the consent of the Authority, sell, lease, transfer or otherwise dispose of all or substantially all of its assets (whether in a single transaction or series of transactions during any consecutive 12-month period) other than in the ordinary course of the Borrower's business in accordance with ordinary and customary terms and conditions.

(c) Agreement and Loan Documents Valid and Binding. This Agreement and each of the Loan Documents when delivered will be legal, valid and binding obligations of the Borrower enforceable against the Borrower in accordance with their respective terms; subject to the qualification, however, that the enforcement of rights and remedies herein and contained in the Loan Documents is subject to bankruptcy and other similar laws of general application affecting the rights and remedies of creditors and to the effect of general principles of equity, including (without limitation) concepts of materiality, reasonableness, good faith and fair dealing (regardless of whether considered in a proceeding in equity or at law).

(d) No Default. Immediately upon making the Loan, to the best of Borrower's knowledge, neither the Borrower nor any Affiliate of the Borrower will be in material violation or default of any terms or conditions of any of the Loan Documents or any other agreement between the Lender and the Borrower or any Affiliate of the Borrower or any obligation of the Borrower or any Affiliate of the Borrower to the Lender.

(e) True Documents. No application, exhibit, schedule, report or other written information provided by the Borrower or its agents to the Authority in connection with the negotiation, execution and closing of this Agreement knowingly contained when made any material misstatement of fact or knowingly omitted to state any material fact necessary to make the statements contained therein not misleading in light of the circumstances under which they were made.

(k) Use of Proceeds. The proceeds of the Loan shall be used by the Borrower to restructure debt.

12. Covenants of the Lender.

(a) Affirmative Covenants. On and after the Effective Date so long as the obligation to guarantee the Loan created under this Agreement shall remain in force, the Lender will, unless the Authority shall otherwise consent in writing:

- (i) Preservation of Existence. Preserve and maintain its corporate existence.

(xv) Security Interest. (b) Negative Covenants. Notwithstanding anything in the Loan Documents to the contrary, on and after the Effective Date so long as the obligation to guarantee the Loan created under this Agreement shall remain in force, the Lender will not, without the prior written consent of the Authority:

At the conclusion of the stated period for such purchase, the Lender shall repurchase such interest from the Authority. The Lender's failure to make payment pursuant to any repurchase obligation shall be deemed to be a failure to perform under this Agreement and accordingly shall constitute an Event of Default under this Agreement. With respect to any such transaction, the Authority's right to purchase an interest in the Loan and the Lender's obligation to repurchase such interest shall be evidenced by a repurchase agreement substantially in the form attached to this Agreement as Schedule 13. The repurchase price of the interest shall be determined so that the Authority's rate of return on the transaction is equal to the difference between the effective interest rate on the Loan during the period the repurchase agreement is in effect less 125 basis points on a per annum basis.

In addition to such interest, if any fees, expenses, reimbursements or other charges which the Authority may be entitled to receive from the Lender hereunder remain unpaid on the 30th day after the due date, a late charge equal to five percent of the unpaid amount

shall be assessed against the Lender. Acceptance of payment of any such fees, expenses, reimbursements or other charges shall not constitute any waiver by the Authority or the State of any negligence or other malfeasance on the part of the Lender.

16. Actions by the Authority. Any action which may be taken on behalf the Authority hereunder shall be deemed sufficiently taken if taken on its behalf by its Chairman, its Vice Chairman, or its Executive Director, or by any other director, officer or agent whom it may designate from time to time.

Subject to the foregoing, the Authority shall not unreasonably withhold any approval or consent to be given it hereunder.

18. State May Act on Behalf of Authority. The State may take or omit to take any action authorized or permitted to be taken or omitted by the Authority hereunder as if the State were the Authority.

(b) With the Borrower's Consent. The parties may in writing from time to time amend this Agreement.

20. Agreement Not for the Benefit of Other Parties. This Agreement is not intended for the benefit of and shall not be construed to create rights in parties other than the Authority, the State and the Lender. With the exception of rights herein expressly conferred, if any, nothing expressed or mentioned in or to be implied from this Agreement is intended or shall be construed to give the Borrower or any other party other than the Authority, the State and the Lender any legal or equitable right, remedy or claim under or in respect to this Agreement or any covenants, conditions or provisions herein contained; this Agreement and all the covenants, conditions, and provisions being intended to be and being for the sole and exclusive benefit of the Authority, the State and the Lender. The Borrower acknowledges that the entire benefit derived by the Borrower under this Agreement is the Authority's execution of this Agreement and the making of the Loan by the Lender.

21. Lender's Waiver of Set-Off Rights. Notwithstanding any express or implied right of set-off provided to the Lender by any depository agreement or any other agreement, the Lender hereby waives any and all right to set-off, by reason of any claim against the State or the Authority whether arising under this Agreement or otherwise, against any funds held in any account or deposit maintained in the Lender's possession in the name of either the State or the Authority.

(i) by reason of or in connection with the execution, delivery and performance of any of the Loan Documents or any transaction contemplated thereby (other than the obligations of the Authority and/or the State expressly created under this Agreement), or the use by the Borrower or the Lender of the proceeds of the Loan; or

(ii) in connection with or resulting from the utilization, storage, disposal, treatment, generation, transportation, release or ownership of any hazardous or toxic waste or substance (A) at, upon or under any property of the Borrower or any Affiliate of the Borrower or (B) by or on behalf of the Borrower or any Affiliate of the Borrower at any time and in any place.

(b) Indemnification. The Lender shall defend, indemnify and hold harmless the State and the Authority, and all of their directors, officers, employees, agents, attorneys and their successors and assigns (each, an "Indemnified Person") from and against all claims, damages, losses, liabilities, costs or expenses (including reasonable attorney's fees and expenses, whether or not such Indemnified Person is named as a party to any proceeding or investigation or is otherwise subjected to judicial or legal process arising from any such proceeding or investigation) which any of them may incur or which may be claimed against any of them by any person or entity (except to the extent such claims, damages, losses, liabilities, costs or expenses arise from the gross negligence or willful misconduct of the Indemnified Person) in connection with, resulting from or arising out of (or which may be claimed to arise out of) the acts or omissions of the Lender in connection with the transactions contemplated by this Agreement, the Loan or the property or business of the Borrower.

Re: **Georgetown Bank – Rochester Hospitality, LLC**

Dear Mr. Carbonneau:

The Business Finance Authority (the "Authority") has approved in principle the application submitted by Georgetown Bank (the "Bank") with respect to Rochester Hospitality, LLC (the "Company"). Accordingly, the Authority is prepared to proceed with discussions to implement a credit enhancement package, subject to the general terms and conditions set forth in this letter. This letter is an expression of the Authority's intent to recommend that the Governor and Council approve the credit enhancement as described in this letter, and upon such approval to award such credit enhancement only based upon the information the Bank and the Company have submitted. Any obligation to recommend the award of a credit enhancement will arise only upon the satisfactory preparation, execution and delivery of documentation in form and substance satisfactory to the Authority.

In reaching its decision, the Authority has reviewed all information submitted in the application and has had full interviews with key management at the Company. We have acquired an understanding of the company's financial situation and the Bank's proposed participation in the Company's capitalization as the primary secured creditor. Of course, as we proceed, we will require further information.

FINANCING FOR NEW HAMPSHIRE'S FUTURE

Policy Background

The Authority has determined that the Company offers important employment opportunities to New Hampshire residents and provides critical manufacturing services which are very important to the health and vitality of New Hampshire's economy. The Authority's commitment to provide the credit enhancement for the Company reflects this fundamental determination that the proposed transactions will serve a public use and provide a public benefit. Indeed, the State's Constitution requires that any pledge of credit enhancement clearly serve a public purpose, with any benefit to private parties being merely incidental to this public objective.

The Authority was created to offer credit enhancements to struggling New Hampshire businesses. The Guaranteed Asset Program established under Chapter 162-A:13 of New Hampshire's statutes imposes a number of key limitations which are included below as part of the Authority's proposed credit enhancement package. First, the term of indebtedness which is subject to the State's guarantee must be no greater than ten years and long enough to ensure a long-term commitment to the future of the Company. Second, the fair market value of collateral securing such indebtedness must equal or exceed 125 percent of the original principal amount of such indebtedness. Third, while the statute provides for the maximum guarantee of 90 percent of a loan, the purpose of the Authority to provide economic opportunities for numerous businesses across New Hampshire requires careful allocation of the Authority's overall credit capacity. Accordingly, the Authority is restricted in its power to allocate credit enhancements to any one credit proposal. Fourth, the statute requires a "guarantee agreement" which includes terms and conditions which minimize risk of loss to the State. As you will see, the Authority's proposed credit enhancement package is designed to meet each of these requirements.

Specific Public Purpose Determination

The Authority believes that this "partnership" approach between the Bank and the Authority will facilitate the success of the necessary new financing and achieve the fundamental public purpose of maintaining the Company's operation in its current form as an important part of the State's economic structure. This determination is consistent with the Authority's general policy with respect to all applications to provide the necessary credit enhancement for a particular case, while at the same time preserving overall credit enhancement capacity to assist with the broad range of financing needs for other New Hampshire businesses and other economic regions of New Hampshire. Further, it is consistent with the fundamental requirement that the Authority's enhancement tools not be used to supplant the private market decisions between banks and borrowers, but rather to assist private market participants in correcting current banking dislocations.

Terms of Credit Enhancement Proposal

I am authorized to report to you that the Authority has approved in principle the Bank's request, subject to and limited by the following terms and conditions:

Maximum Guarantee Amount:	The Authority will recommend a guarantee equal to seventy-five percent (75%) (\$2,820,000) of any deficiency realized under the \$3,760,000 term loan which is determined by the Bank to exist after pursuing all available collection rights.
125% Collateral Coverage:	Under statute, the appraised fair market value of collateral securing a credit facility which is subject to a Business Finance Authority's guarantee must exceed 125 percent of the total principal amount of the loan.
10-Year Term Requirement:	Under statute, loans subject to a Business Finance Authority Guarantee must have a term which does not exceed ten years.
Guarantee:	Unlimited guarantee of Lawrence R. Raiche. Unlimited guarantee of Jerome Grossman. Unlimited guarantee of Basel Alkurabi.
Loan Covenants:	Subject to all conditions and covenants as outlined in any Georgetown Bank Loan Agreement acceptable to the BFA and to include, but not limited to, the following: 1. Georgetown Bank to pay a 1% closing fee (\$28,200) on the guaranteed amount of loan and a fee of 1% of the average guaranteed amount outstanding in arrears at the end of each yearly anniversary date. 2. Subject to market value appraisal not more than six (6) months old on subject collateral in an amount to equal or exceed 125% of loan amount. 3. Maximum note amortization, twenty (20) years. 4. First mortgage on real estate located at 77 Farmington Road, Rochester, New Hampshire. 5. First security interest on all business assets. 6. Assignment of Franchise Agreement with Holiday Inn, if available. 7. Establishment of a reserve account in sufficient amount to cover future capital improvements as may be required by Holiday Inn Franchise Agreement. 8. Receipt of SSBCI Certification from Borrower and Lender.

9. Appropriate insurance coverage on all assets securing debt.
10. Appropriate environmental assessment.
11. Bank to agree to pay all reasonable legal expenses of the BFA preparation and closing of subject credit transaction, whether or not said transaction closes.

No Preferential Security: Our proposal requires that the Authority share equally with the Bank in all collateral securing or any other assets acquired to support credit facilities between the Bank and the Company. Accordingly, proceeds from realization on any collateral (including set off of any accounts) must be applied first to satisfy obligations which are secured by the Authority's guarantee. Further, the Bank may not hold or acquire any preferential security, surety or insurance to protect its unguaranteed interest in the credit facility.

Minimum Payment Requirement: Under statute, loans subject to a Business Finance Authority guarantee must amortize in not more than 20 years.

Working Capital Limitation: Under statute, not more than 40 percent of the principal amount of the loan may be used to finance working capital.

Percentage Guarantee: As indicated above, the Authority's guarantee will be 75 percent of any deficiency on up to a \$3,760,000 term note finally determined by the Bank after pursuing all available collection rights.

Determination of Guaranteed Loss: The loss to which the percentage guarantee applies shall equal the sum of: (1) principal unpaid at the "payment time" (described below); (2) interest accrued under the loan during the 90-day period following the date the Bank accelerates the credit facility (or the date on which the loan matures and remains unpaid) which remains unpaid at the "payment time"; and (3) reasonable out-of-pocket collection costs unpaid at the "payment time". No default or penalty charges or damages paid by the Bank as a result of a legal claim against the Bank may be included in determining the guaranteed loss.

Payment Time: The right to call for payment under the guarantee shall arise only after the Bank has pursued and realized all available collection rights against collateral which is taken into account in meeting the 125 percent collateral coverage requirement (described above).

Repurchase The Bank shall agree to sell an undivided interest in the guaranteed

Option: portion of the loan and shall further agree to repurchase such an interest at specified maturity dates. Interest on the repurchase obligation shall accrue at the rate of the guaranteed loans less a servicing charge of 1.25 percent.

The maximum purchase the Authority may make at any time cannot exceed 30 percent of the outstanding guaranteed portion of the loan as of any purchase date.

Acceptable Debt Terms: Documents evidencing the credit facility, other Bank agreements with the Company and security interests must include such other terms, conditions and covenants as may be deemed necessary and advisable by the Authority.

Subrogation Rights: The guarantee agreement shall provide that the State may exercise subrogation rights with respect to all rights and security of the Bank with respect to the loan.

Closing and Annual Fees : The Bank shall pay a fee to the Authority at closing equal to one percent (1.0%) of the amount of the State's guarantee.

As of each anniversary date after the closing, the Bank shall pay an annual fee equal to one percent of the average guaranteed principal portion outstanding during the year, provided that the Lender shall not be required to pay to the Authority the Authority Service Fee after the Acceleration Date as long as the Lender is unable or has waived its rights to collect such Authority Service Fees or amounts comparable to such Authority Service Fees from the Borrower.

Legal Opinions: Counsel to the Company shall provide such opinion at closing of the transactions as to enforceability and other matters reasonably required by the Authority, and the lender shall obtain title insurance and other assurances concerning the title of the collateral.

Ratification and Approval: The final documentation under which the State and the Authority will provide its credit participation shall be subject to ratification of the Board of Directors of the Authority. Of course, as required by RSA 162-A:13, any guarantee recommended by the Authority shall become effective only upon approval of the Governor and Council.

If the Bank wishes to proceed further to finalize the terms of this proposal, please sign and return this letter to us on or before 2:00 p.m. on September 4, 2013. As noted, any obligation to take action by the Authority will arise only upon satisfactory preparation, execution and delivery of documentation. With your execution of this letter, the Bank agrees that you shall pay the Authority's legal costs described above, even if the transactions are not consummated.

On behalf of the Authority, I look forward to working with the Bank toward a successful stabilization of the Company's capitalization.

Sincerely,

Michael B. Donahue

Re: Appraisal of Real Property
In a Summary Report

Holiday Inn Express Hotel & Suites
77 Farmington Road
Rochester, Strafford County, New Hampshire 03867

C&W File ID: 13-27001-900489-001

Dear Ms. Healey:

In fulfillment of our agreement as outlined in the Letter of Engagement, we are pleased to transmit our appraisal of the above-captioned property in a summary report dated August 28, 2013. The effective date of value is August 28, 2013.

This appraisal report has been prepared in accordance with our interpretation of your institution's guidelines, Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA), and the *Uniform Standards of Professional Appraisal Practice* (USPAP).

MARKET VALUE AS IS

Based on the agreed to Scope of Work, and as a result of our analysis, we have developed an opinion that the Market Value of the Fee simple estate of the above-referenced property, subject to the assumptions and limiting conditions, certifications, extraordinary and hypothetical conditions, if any, and definitions, on August 28, 2013, was:

FIVE MILLION SEVEN HUNDRED THOUSAND DOLLARS

\$5,700,000 or \$74,026 per room

The opinions of value include the land, the improvements thereto, and the contributory value of the furniture, fixtures and equipment. The appraisers assume that the hotel will be, and shall remain, open and operational.

ALLOCATION OF MARKET VALUE COMPONENTS

We have allocated the market value of the subject property into Real Property and Personal Property on an as is basis as follows:

Allocation of Market Value - As Is		
Real Property	\$5,200,000	91.2%
Personal Property	500,000	8.8%
Business	0	0.0%
Total	\$5,700,000	100.0%

The analysis contained in this appraisal is based upon assumptions and estimates that are subject to uncertainty and variation. These estimates are often based on data obtained in interviews with third parties, and such data are not always completely reliable. In addition, we make assumptions as to the future behavior of consumers and the general economy, which are highly uncertain. However, it is inevitable that some assumptions will not materialize and unanticipated events may occur that will cause actual achieved operating results to differ from the financial analyses contained in this report and these differences may be material. Therefore, while our analysis was conscientiously prepared on the basis of our experience and the data available, we make no warranty that the conclusions presented will, in fact, be achieved. Additionally, we have not been engaged to evaluate the effectiveness of management and we are not responsible for future marketing efforts and other management actions upon which actual results may depend.

We did not ascertain the legal, engineering, and regulatory requirements applicable to the property, including zoning and other state and local government regulations, permits and licenses. No effort has been made to determine the possible impact on the property of present or future federal, state or local legislation, including any environmental or ecological matters or interpretations thereof. With respect to the market demand analysis, our work did not include analysis of the potential impact of any significant rise or decline in local or general economic conditions.

We believe, based on the assumptions employed in our cash flow, as well as our selection of investment parameters for the subject, that the value conclusion represents a market price achievable within 6 to 12 months exposure prior to the date of value.

We take no responsibility for any events, conditions, or circumstances affecting the market that exists subsequent to the last day of our fieldwork, December 21, 2012.

The value opinion in this report is qualified by certain assumptions, limiting conditions, certifications, and definitions. We particularly call your attention to the extraordinary assumptions and hypothetical conditions listed below.

EXTRAORDINARY ASSUMPTIONS

For a definition of Extraordinary Assumptions please see the Glossary of Terms & Definitions. The use of extraordinary assumptions, if any, might have affected the assignment results.

This appraisal employs the extraordinary assumption that the physical condition of the subject hotel has not changed notably since 12/21/2012, when it was last inspected by the appraiser. We have also assumed the room count, amenities, and alike are similar today as they were on 12/21/2012.

HYPOTHETICAL CONDITIONS

For a definition of Hypothetical Conditions please see the Glossary of Terms & Definitions. The use of hypothetical conditions, if any, might have affected the assignment results.

This appraisal does not employ any hypothetical conditions.

This letter is invalid as an opinion of value if detached from the report, which contains the text, exhibits, and Addenda.

Respectfully submitted,
