EXPLANATION

The Senior Energy Assistance Services (SEAS) Program makes home energy more affordable for households with members who are sixty years of age or older and not eligible for the New Hampshire Fuel Assistance Program under the current income limits of 200% FPG but are experiencing a home energy hardship. This contract is **SOLE SOURCE** based on the historical performance of the community action agencies with the New Hampshire Fuel Assistance Program. The community action agencies determine eligibility for the New Hampshire Fuel Assistance Program and are able to efficiently distribute these funds to households not eligible for that program.

A small federal grant from Older Americans Act funds (Title IIIB) awarded to New Hampshire Department of Health and Human Services' (NH DHHS) Division of Elderly and Adult Services provides funding for the Senior Energy Assistance Services Program.

In the event that the Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Meredith A. Hatfield

INDEPENDENT AUDITORS' REPORT

April 30, 2013

To the Board of Directors of
Southern New Hampshire Services, Inc.
Manchester, New Hampshire

We have audited the accompanying combined statements of financial position of Southern New Hampshire Services, Inc., as of July 31, 2012 and 2011 and the related combined statements of activities, functional expenses, and cash flows for the years then ended. These combined financial statements are the responsibility of Southern New Hampshire Services, Inc.'s management. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the combined financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the combined financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Southern New Hampshire Services, Inc. as of July 31, 2012 and 2011, and the changes in its assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 30, 2013, on our consideration of Southern New Hampshire Services, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.
