OFFICE OF THE COMMISSIONER

JOHN J. BARTHELMES
COMMISSIONER

July 7, 2014

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

Requested Action

Pursuant to RSA 21-P:43, the Department of Safety, Division of Homeland Security and Emergency Management, requests authorization to amend a grant agreement (PO#102101) with Lakes Region Planning Commission (VC#154653-B001). This amendment will extend the completion date **only** from September 18, 2014 until September 17, 2015. This grant was initially approved by the Governor and Council on January 25, 2012, Item #81. No other provisions will be changed. Effective upon Governor and Council. Funding source: 100% Federal Funds.

Explanation

The Lakes Region Planning Commission notified the grant's program manager in early 2014 that their planner was unable to complete the local hazard mitigation plans for the Towns of Hebron and Tuftonboro by September 18, 2014. This was due to a combination of unexpected commitments on the part of the contractor, consequently causing delays with the completion of the project. After consulting with the grantee, it was determined that the project could not be completed within the initial timeframe and that an extension should be requested. Due to the FEMA requirement that a request for extension cannot be submitted more than six months from the original period of performance date, HSEM requested an extension to the 2011 Pre-Disaster Mitigation (PDMC) Competitive program grant in March of 2014; FEMA approved the request on June 16, 2014.

In the event that Federal Funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

Respectfully submitted,

John J. Barthelmes
Commissioner of Safety

RE: *FY 2011 PDM Contract Extension*

Dear Beth,

The Lakes Region Planning Commission (LRPC) has begun work with one of the three communities in the FY 2011 PDM agreement to assist with the update to their local hazard mitigation plan. As you know, we are working diligently with several communities under another contract to keep each update moving forward in a manner that will result in an approved and adopted plan that meets the needs of the community.

Although it is our goal is to get the work on these plans completed prior to the September 18, 2014 contract date, we do know that the finalization process can take time. We appreciate the opportunity to request a contract extension ensuring that there is sufficient time for appropriate review, revision, approval, and adoption.

The LRPC does respectfully request an extension to the FY 2011 PDM beyond to September 18, 2014 contract date.

Sincerely,

Jeff Hayes
Executive Director

Requested Action

Pursuant to RSA 21-P:43, the Department of Safety, Division of Homeland Security and Emergency Management, requests authorization to enter into a grant agreement with Lakes Region Planning Commission (VC#154653-B001), for a total amount of \$15,000.00 to provide planning assistance to three (3) communities to update their local hazard mitigation plan. Effective upon Governor and Council approval through September 18, 2014. Funding source: 100% Federal Funds.

Funding is available in the SFY 2012 operating budget as follows:

02-23-23-236010-43930000	Dept. of Safety	HSEM	Pre-Disaster Mitigation
072-500574	Grants to Local Gov't. - Federal		
Activity Code: 23PDM11 4393			\$15,000.00

Explanation

The Pre-Disaster Mitigation Competitive (PDMC) Grant Program provides funding to sub-grantees for cost-effective hazard mitigation activities that complement a comprehensive mitigation program. The Federal Emergency Management Agency (FEMA) provides PDMC funds to states that, in turn, provide sub-grants or contracts for a variety of mitigation activities, such as planning and the implementation of projects identified through the evaluation of natural hazards.

The PDMC Grant Program is a nationally competitive program. The State of New Hampshire solicits applications statewide. Notification of this program is made to every community by e-mail and by letter sent to the chief elected official of each community. The State of New Hampshire submits all applications received for program funding to FEMA for their final approval. Applications that are determined to be cost-effective and program-eligible are then funded by FEMA in full; not every application submitted is determined to be program-eligible. However, all applications that are determined to be eligible are funded at the requested dollar amount listed in their application.

The PDMC Grant Program is 75% federally funded by the Federal Emergency Management Agency with a 25% match requirement supplied by the sub-grantee. The sub-grantee acknowledges its match obligation as part of Exhibit A to the grant agreement.

In the event that Federal Funds are no longer available, General Funds and/or Highway funds will not be requested to support this program.

Respectfully submitted,

In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all liability for damages sustained or incurred by the State as a result of the Grantee's breach of its obligations hereunder.
