REQUESTED ACTION

Pursuant to the provision of RSA 14:30-a, VI, Additional Revenues, authorize the Department of Health and Human Services, Division of Public Health Services, to accept and expend federal funds from the Centers for Medicare and Medicaid Services, Center for Medicare and Medicaid Innovation for the State Innovation Models: Round Two of Funding for Design and Test Assistance in the amount of \$1,636,364., retroactive to July 1, 2015, through December 31, 2015, and further authorize the funds to be allocated as follows. 100% Federal Funds.

05-95-90-900010-3319 HEALTH AND SOCIAL SERVICES, DEPT OF HEALTH AND HUMAN SVS, HHS: DIVISION OF PUBLIC HEALTH, ADMINISTRATION, STATE INNOVATION MODELS (SIMS II)

Table with 5 columns: Class/Object, Class Title, Current Modified Budget, Increase (Decrease) Amount, Revised Modified Budget. Rows include Federal Funds, Total Revenue, Current Expenses, Equipment, Telecommunications, Audit Set Aside, In State Travel, Out of State Travel, Contracts for Program Services, and Total Expenses.

### EXPLANATION

This request is retroactive to July 1, 2015 due to the Continuing Resolution in effect for SFY 2016. These funds were not awarded until December 16, 2014, and were not included in the SFY 2015 budget as of July 1, 2014. However, an Accept and Expend Request to the Fiscal Committee and Governor and Council was approved April 8, 2015, Item # 18 (copy attached).

This grant ends January 31, 2016. We are requesting to budget ninety percent of the total grant funds awarded.

The Department of Health and Human Services has received a one-year federal Center for Medicare and Medicaid Services (CMS), Center for Medicare and Medicaid Innovation (CMMI), award in the amount of \$2,000,000 effective February 1, 2015. This request is to accept and expend the funds made available through December 31, 2015 in the amount of \$1,636,364. The project is 100% federally funded with no State match requirements. No State General Funds will be used to support this award.

The State Innovation Models: Round Two of Funding for Design and Test Assistance (SIM) is based on the premise that state innovation with broad stakeholder input and engagement, including multi-payer models, will accelerate delivery system transformation to provide better care at lower costs. SIM is focused on public and private sector collaboration to transform the State's health delivery system. The Department received a SIM Design Assistance award. The goal of the Design award funding is to support the development of a transformative health services delivery model that addresses the needs of multiple stakeholders including providers, employers and businesses, communities, academic institutions, health care consumers, public health, commercial and public payers. The NH SIM model to be developed with this award will design a structure for providers to access the tools they need to transform their practice in a rapidly changing healthcare system. The Department intends to provide resources and support to improve the effectiveness of health care delivery statewide through the development and use of Regional Health Care Extensions. These Regional Health Care Extensions will support three goals:

- Champion healthcare systems engineering, bringing business systems engineering techniques to improve provider efficiency and better prepared the marketplace for value-based purchasing;
- Expand the use of information technologies and improve the care coordination of delivery systems; and
- Lead local population health improvements to integrate diverse community perspectives and resources into health improvements.

Funds are to be budgeted as follows:

- Funds are budgeted for Current Expenses (Class 020) for purchase of office supplies, copying, and printing.
- Funds are budgeted for Equipment (Class 030) for purchase of two lap top computers and docking stations, a printer, and a conference phone and a white board for the project.
- Funds are budgeted for Telecommunications (Class 039) for the cost of phone and data lines.
- Funds are budgeted for Audit Set Aside (Class 041) per state guidelines.
- Funds are budgeted for In-State Travel (Class 070) to cover travel expenses staff incurs while performing their duties and includes two organized program meetings.

- Funds are budgeted for Out-of-State Travel (Class 080) to cover travel expenses for meetings mandated by the funder, and for professional development.
- Funds are budgeted in Contracts for Program Services (Class 102) to fund support the development of a transformative health services delivery model.

The Department of Health and Human Services is committed to understanding New Hampshire's unique needs and barriers to reducing the costs of health systems while maintaining or improving health outcomes for the State's citizens. Further, the Department is committed to coordinating a statewide effort to improve both individual health and community health and reduce the cost of care for New Hampshire. By January 31, 2016, the Department will have New Hampshire Health Systems Innovation Plan, reflecting the New Hampshire solution for health system transformation, which will be submitted for a SIM Model Testing award supporting model implementation.

In response to the anticipated two-part question, "Can these funds be used to offset General Funds?" and "What is the compelling reason for not offsetting General Funds?" the Division offers the following information: These funds may not be used to offset General Funds as they are specifically granted to the State for the purpose of providing the services described above.

These funds will not change the program eligibility levels. No new program will be established with the acceptance of these funds.

Area served: Statewide.

Source of Funds: 100 % Centers for Medicare & Medicaid Services, Center for Medicare and Medicaid Innovation, State Innovation Models: Round Two of Funding for Design and Test Assistance. Attached is the Notice of Grant Award and award history. Notice of these funds was received on December 16, 2014. They were not added to the operating budget because these are new funds recently granted to the State and were not anticipated at the time the budget was developed.

In the event Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Marcella Jordan Bobinsky, MPH  
Acting Director

## EXPLANATION

The Department of Health and Human Services has received a one-year federal Center for Medicare and Medicaid Services (CMS), Center for Medicare and Medicaid Innovation (CMMI), award in the amount of \$2,000,000 effective February 1, 2015. This request is to accept and expend the funds made available for the remainder of SFY 2015 in the amount of \$1,818,182. The project is 100% federally funded with no State match requirements. No State General Funds will be used to support this award.

The State Innovation Models: Round Two of Funding for Design and Test Assistance (SIM) is based on the premise that state innovation with broad stakeholder input and engagement, including multi-payer models, will accelerate delivery system transformation to provide better care at lower costs. SIM is focused on public and private sector collaboration to transform the State's health delivery system. The Department received a SIM Design Assistance award. The goal of the Design award funding is to support the development of a transformative health services delivery model that addresses the needs of multiple stakeholders including providers, employers and businesses, communities, academic institutions, health care consumers, public health, commercial and public payers. The NH SIM model to be developed with this award will design a structure for providers to access the tools they need to transform their practice in a rapidly changing healthcare system. The Department intends to provide resources and support to improve the effectiveness of health care delivery statewide through the development and use of Regional Health Care Extensions. These Regional Health Care Extensions will support three goals:

- Champion healthcare systems engineering, bringing business systems engineering techniques to improve provider efficiency and better prepared the marketplace for value-based purchasing;
- Expand the use of information technologies and improve the care coordination of delivery systems; and
- Lead local population health improvements to integrate diverse community perspectives and resources into health improvements.

Funds are to be budgeted as follows:

- Funds are budgeted for Current Expenses (Class 020) for purchase of office supplies, copying, and printing.
- Funds are budgeted for Equipment (Class 030) for purchase of two lap top computers and docking stations, a printer, and a conference phone and a white board for the project.
- Funds are budgeted for Telecommunications (Class 039) for the cost of phone and data lines.
- Funds are budgeted for Audit Set Aside (Class 041) per state guidelines.
- Funds are budgeted for In-State Travel (Class 070) to cover travel expenses staff incurs while performing their duties and includes two organized program meetings.
- Funds are budgeted for Out-of-State Travel (Class 080) to cover travel expenses for meetings mandated by the funder, and for professional development.
- Funds are budgeted in Contracts for Program Services (Class 102) to fund support the development of a transformative health services delivery model.

The Department of Health and Human Services is committed to understanding New Hampshire's unique needs and barriers to reducing the costs of health systems while maintaining or improving health outcomes for the State's citizens. Further, the Department is committed to coordinating a statewide

effort to improve both individual health and community health and reduce the cost of care for New Hampshire. By January 31, 2016, the Department will have New Hampshire Health Systems Innovation Plan, reflecting the New Hampshire solution for health system transformation, which will be submitted for a SIM Model Testing award supporting model implementation.

In response to the anticipated two-part question, "Can these funds be used to offset General Funds?" and "What is the compelling reason for not offsetting General Funds?" the Division offers the following information: These funds may not be used to offset General Funds as they are specifically granted to the State for the purpose of providing the services described above.

These funds will not change the program eligibility levels. No new program will be established with the acceptance of these funds.

Area served: Statewide.

Source of Funds: 100 % Centers for Medicare & Medicaid Services, Center for Medicare and Medicaid Innovation, State Innovation Models: Round Two of Funding for Design and Test Assistance. Attached is the Notice of Grant Award and award history. Notice of these funds was received on December 16, 2014. They were not added to the operating budget because these are new funds recently granted to the State and were not anticipated at the time the budget was developed.

In the event Federal Funds become no longer available, General Funds will not be requested to support this program.
