EXPLANATION

The Department has seven (7) vendors being added to the list of agreements that will ensure the provision of outpatient mental health and/or substance abuse counseling services for New Hampshire residents living with Human Immunodeficiency Virus (HIV), statewide that

are enrolled in New Hampshire Ryan White CARE Program. The licensed mental health and/or Alcohol and Other Drug Use professionals will provide outpatient and substance abuse counseling to enrolled clients, on an individual, case-by-case, as needed basis.

This package contains one (1) of the seven (7) contracts being brought to Governor and Executive Council for approval. Governor and Executive Council has approved three (3) contracts that added vendors to this list on May 27, 2015, and three (3) contracts are anticipated to be on the August 5, 2015 Governor and Executive Council meeting agenda.

The NH Ryan White CARE Program receives funding from the Health Resources and Services Administration (HRSA), Ryan White HIV/AIDS Program, Part B for medical services, oral health, and home health care services. HRSA funding is in accordance with the Ryan White HIV/AIDS Treatment Extension Act of 2009. The intent of the legislation and federal funding is to assure access to care for financially eligible individuals living with HIV/AIDS. As a recipient of federal funding, the NH Ryan White CARE Program is subject to the federal mandate to implement contractual agreements with all service providers and to maintain nationally accepted fiscal, programmatic, and monitoring standards established by HRSA. Federal regulation also requires that NH Ryan White CARE Program funds be used as a "payer of last resort."

A Request for Application was posted on the Department of Health and Human Services' web site on April 8, 2014. In addition, an email was sent to eight (8) known mental health and substance abuse practices, individuals and organizations on April 4, 2014, notifying them that a Request for Application was posted. Eight applications were received.

As referenced in the Request for Applications, these Agreements have the option to extend for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and approval of the Governor and Executive Council.

Should Governor and Executive Council not authorize this Request, federal regulations and monitoring standards will not be met and eligible NH residents living with HIV with immediate mental health and/or substance abuse counseling needs and without access to these services will not receive outpatient counseling services. The services in this Contract will promote the goals of the National HIV/AIDS Strategy and maintain a continuum of care in order to reduce HIV related health disparities and the occurrence of negative health outcomes. The program currently provides services to approximately 450 to 500 clients statewide.

The geographic area to be served is statewide.

Source of Funds: 100% Other Funds from the Pharmaceutical Rebates.

In the event that the Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Marcella J. Bobinsky, MPH
Acting Director
