Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1) Authorize the Office of Energy and Planning (OEP) to enter into a **SOLE SOURCE** contract with the Southwestern Community Services, Inc. (VC #177511), Keene, NH in the amount of \$75,197.00 for the repair or replacement of malfunctioning heating systems in low-income households receiving weatherization services, effective August 3, 2016, upon approval of Governor and Executive Council through June 30, 2017. 100% Federal Funds (US DHHS/LIHEAP).

Funding is available in the following account:

<u>Office of Energy & Planning, Fuel Assistance</u>	<u>FY 2017</u>
01-02-02-024010-77050000	\$75,197.00
074 500587 Grants for Pub Assist & Relief	

2) Further request authorization to advance the vendor \$13,535.00 of the above-referenced contract amount.

EXPLANATION

This contract is **SOLE SOURCE** because although the Heating Repair and Replacement Program (HRRP) is funded by the US Department of Health and Human Services, it is implemented in coordination with the U.S. Department of Energy's (US DOE) Weatherization Assistance Program. The Weatherization Program is delivered by the New Hampshire Community Action Agencies (CAAs), as they have preferred status under US DOE grant guidance due to their nonprofit status, their role providing a range of services to clients eligible for weatherization, and their historical performance in delivering the Weatherization Assistance Program.

OEP is responsible for administering both the Weatherization Assistance Program and the HRRP. The objective of Weatherization is to reduce energy consumption and the impact of energy costs in low-income households. Priority is given to the elderly, disabled, households with infant children, and households with high energy usage. The HRRP funds provide important repairs or heating system replacements to eligible families whose heating systems have failed or which require repair in order to operate safely. Each year dozens of heating systems are repaired or replaced, providing much needed heat to low income families, and often enabling weatherization improvements to their homes.

TDD Access: Relay NH 1-800-735-2964

The advance of funds will allow the CAA to respond quickly when the need arises for a heating system repair or replacement, so that they can pay contractors and vendors in advance of receiving monthly reimbursements from the State. Smaller contractors often do not have the capital to carry expenses for extended periods of time, and the CAAs often do not have other funds sufficient to pay the contractors before monthly reimbursement is received.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in block 1.8.

New Hampshire Office of Energy and Planning

EXHIBIT A

Scope of Services

1. The Heating Repair and Replacement Program (HRRP) provides funds for the repair or replacement of malfunctioning heating systems in low-income households receiving weatherization services from the Community Action Agencies. The HRRP is funded through the Federal Low Income Home Energy Assistance Program (LIHEAP) administered by the Office of Energy and Planning.
2. This Heating Repair and Replacement Program (HRRP) contract term is from August 3, 2016 through June 30, 2017, pending approval of the Governor and Executive Council.
3. Southwestern Community Services, Inc., hereinafter "the Contractor," agrees to perform HRRP and/or Building Weatherization Program (BWP) Weatherization Services, and all such Services and other work necessary to operate said Services for low income individuals in accordance with the regulations set forth by the U.S. Department of Energy in 10 CFR 440 dated February 1, 2002, and 2 CFR 200 as amended, when applicable in accordance with the Low Income Home Energy Assistance Program Federal regulations 45 CFR 96; and in accordance with the provisions and procedures contained in the most recent New Hampshire Weatherization Assistance Program (NHWAP) State Plan, NHWAP Policies and Procedures Manual (P&PM) and Field Guide; and as otherwise administered by the NH Office of Energy and Planning (OEP).

Periodically OEP may issue Subgrantee Guidance (SG) and Subgrantee Notices (SN) or other clarifications as necessary. All such changes shall be considered as incorporated into the NHWAP Policies and Procedures Manual. The Contractor agrees to alter the Program procedures in accordance with a SG, SN, or other instructions.

4. The Contractor agrees to perform HRRP and weatherization services, as identified in Exhibit "B," using HRRP and/or BWP funds, on the number of units proposed in the Contractor's Management Plan submitted to and approved by OEP. All such services shall be implemented according to the standards outlined in the most recent NHWAP Policies and Procedures Manual and NH Weatherization Field Guide.
 - a) No HRRP funds shall be reimbursed to the Contractor until a management plan and a budget for the Contractor's HRRP project period has been approved by OEP.
 - b) Unit production – the number of heating systems repaired or replaced and the amount of funds expended – shall conform to the Management Plan approved by OEP. Best efforts should be made to expend all funds within the allotted contract period. Shortfalls of more than 20% from expected production goals in any given quarter may result in a reduction of the contract amounts and a reallocation of funds to other contractors. Reallocations will occur at OEP's discretion.
 - c) HRRP funds shall only be used for the repair and/or replacement of heating and heating distribution systems, domestic hot water systems, and associated repairs necessary to perform said heating system or distribution system repairs and such systems shall be repaired or

replaced as described in the most recent NHWAP Policies and Procedures Manual and NH Weatherization Field Guide. Any completed units determined by OEP not to meet minimum program standards shall be improved by the Contractor to meet said standards within thirty days of notification or the costs associated with such unit will be disallowed by OEP and the unit will not count as a production completion.

- d) BWP funds, when available, are to be used for weatherization activities in accordance with all NHWAP standards as identified in Part 2, above.
5. This agreement consists of the following documents: Exhibits A, B, C, D, E, F, G, H, I, and J, which are all incorporated herein by reference as if fully set forth herein.

EXHIBIT B

Methods and Conditions of Payment

In consideration of the satisfactory performance of the Services set forth in Exhibit A, the State agrees to pay the Contractor, Southwestern Community Services, Inc., up to the total sum of:

\$ \$75,197.00 (which hereinafter is referred to as the "Contracted Amount"), of which
\$ 3,760.00 is the maximum to be spent on HRRP related administrative costs,
\$ 13,535.00 will be issued as a cash advance for HRRP production.

Cash advances will be distributed after approval of this contract by the Governor and Executive Council but not before the funds are available federally, by and for the State.

Disbursement of the Grant shall be made in accordance with the procedures established by the State and as detailed in the most recent NHWAP Policies and Procedures Manual.

Administrative costs are provided in exchange for a specified number of unit completions at minimal standards. Administrative funds may be pro-rated by OEP if production unit completions do not meet expected production goals.

OEP will also be allowed, as a function of its administrative oversight, to modify contracted budget amounts as necessary and identified in Exhibit "A" part 4(a) to ensure the efficient and effective operation of the Grant as long as these modified expenditures do not exceed the total "Contracted Amount" as specified above.

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12529 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS

Instructions for Certification

- (1) By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Office of Energy and Planning (OEP) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when OEP determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, OEP may terminate this transaction for cause or default.
- (4) The prospective primary participant shall provide immediate written notice to the OEP agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (5) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76.
- (6) The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by OEP.
- (7) The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by OEP, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- (8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).
- (9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (9) Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, OEP may terminate this transaction for cause or default.

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Southwestern Community Services, Inc. and related companies (a New Hampshire nonprofit corporation), which comprise the consolidated statements of financial position as of May 31, 2015 and 2014, and the related consolidated statements of cash flows, and notes to the financial statements for the years then ended, and the related statements of activities and functional expenses for the year ended May 31, 2015.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Southwestern Community Services, Inc. as of May 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the Schedule of Functional Revenues and Expenses are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2015, on our consideration of Southwestern Community Services, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southwestern Community Services, Inc.'s internal control over financial reporting and compliance.

General

Southwestern Community Services, Inc. (the Organization) is a New Hampshire nonprofit corporation formed as an umbrella corporation that offers an array of services to the elderly, disabled, and low-income households in the Cheshire and Sullivan counties of New Hampshire. Various programs provide assistance in the areas of education, child development, employment, energy and its conservation, housing, and homelessness prevention. Services are provided through Southwestern Community Services, Inc., and its related corporations, SCS Management Corp., SCS Housing, Inc., Drewsville Carriage House Associates, LP (Drewsville), North Walpole Village Housing Associates, LP (North Walpole), Troy Common Associates, LP (Troy), Peterborough/Finlay, LLC (Peterborough), Hinsdale Main Street Associates LP (Hinsdale) and Jaffrey Housing Associates LP (Jaffrey). The Organization is committed to providing respectful support service and assisting individuals and families in achieving self-sufficiency by helping them overcome the causes of poverty. The primary source of revenues is derived from governmental contracts.

Basis of Accounting

The financial statements of Southwestern Community Services, Inc. have been prepared utilizing the accrual basis of accounting in accordance with generally accepted accounting principles. The financial statements include the accounts of Southwestern Community Services, Inc., SCS Management Corp., and SCS Housing, Inc. The three corporations are combined because Southwestern Community Services, Inc. controls more than 50% of the voting power. All significant intercompany items and transactions have been eliminated from the basic financial statements.

For the years ended May 31, 2015 and 2014, Drewsville Carriage House Associates, LP, North Walpole Village Housing Associates, LP, and Troy Common Associates, LP have been consolidated with the Organization because the Organization owns 100% of the voting power. During the year ended May 31 2015, the Organization acquired 100% of Peterborough/Finlay, LLC, Hinsdale Main Street Associates LP and Jaffrey Housing Associates LP (see Note 13) and these entities have also been consolidated with the Organization. All significant intercompany items and transactions have been eliminated from the basic financial statements.

Basis of Presentation

Financial statement presentation follows the recommendations of the Accounting Standard Codification No. 958-210, Financial Statements of Not-for-Profit Organizations. Under FASB ASC 958-210, the Organization is required to

report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets based upon the existence or absence of donor-imposed restrictions.

Unrestricted: Net assets that are not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board of Directors.

Temporarily Restricted: Net assets whose use is limited by donor imposed stipulations that will either expire with the passage of time or be fulfilled or removed by actions of the Organization.

Permanently Restricted: Net assets reflecting the historical cost of gifts (and in certain circumstances, the earnings from those gifts), subject to donor - imposed stipulations, which require the corpus to be invested in perpetuity to produce income for general or specific purposes.

As of May 31, 2015 and 2014, the Organization had unrestricted and temporarily restricted net assets.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended May 31, 2014, from which the summarized information was derived.

Refundable Advances

The Organization records grant and contract revenue as refundable advances until it is expended for the purpose of the grant or contract, at which time it is recognized as revenue.

In-Kind Support

The Organization records various types of in-kind support including professional services and materials. Contributed professional services are recognized if the service received creates or enhances long-lived assets or requires specialized skill, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair value when received.

Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents.

Accounts Receivable

The Organization has adopted the allowance method for accounting for uncollectible receivables. The Organization estimated the allowance for uncollectible receivables at zero for the year ended May 31, 2015 and 2014.

Notes Receivable

The Organization has two notes receivable from an unrelated third party. The notes receivable are stated at the amount that is expected to be collected at year end. Interest is accrued at a rate of 4% annually. The balance of the notes receivable and related interest receivable is \$112,000 and \$32,107, respectively at May 31, 2015 and \$112,000 and \$27,627, respectively at May 31, 2014.

Inventory

Inventory is recorded at cost or at fair value if contributed. Inventory consists of property developments, which when complete, will be held for sale.

Current Vulnerability Due to Certain Concentrations

The Organization is operated in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies. Such administrative directives, rules and regulations are subject to change by an act of Congress or Legislature. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change. For the years ended May 31, 2015 and 2014, approximately 68% and 66%, respectively, of the Organization's total revenue was received from government agencies. The future nature of the organization is dependent upon continued support from the government.

Concentration of Credit Risk

The Organization maintains its cash accounts in several financial institutions, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts. At May 31, 2015 and 2014, no balance exceeded the federally insured limits.

Property and Depreciation

Purchased property and equipment are stated at cost at the date of acquisition or at fair value at the date of receipt in the case of donated property.

The Organization generally capitalizes and depreciates all assets with a cost greater than \$5,000 and an expected life greater than one year. Depreciation is provided for using the straight-line method in amounts designed to amortize the cost of the assets over their estimated useful lives as follows:

Buildings and improvements	10 - 40 Years
Vehicles and equipment	5 - 10 Years
Furniture and fixtures	7 Years

The use of certain assets is specified under the terms of grants received from agencies of the federal government. These grants also place liens on certain assets and impose restrictions on the use of funds received from the disposition of the property.

Advertising

The Organization expenses advertising costs as incurred.

Revenue Recognition

Amounts received from conditional grants and contracts received for specific purposes are generally recognized as income to the extent that related expenses and conditions are incurred or met. Conditional grants received prior to the conditions being met are reported as refundable advances. Contributions of cash and other assets are reported as restricted if they are received with donor imposed stipulations that limit the use of the donated assets. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as unrestricted.

Income Taxes

The Organization is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and is not a private foundation. As such, the Organization is exempt from income tax on its exempt function income.

SCS Housing, Inc. is a C Corporation and is subject to income tax. Management does not believe this entity will have taxable income as there is net operating loss carryforwards of \$800,793 and \$673,130 at May 31, 2015 and 2014, respectively, and therefore, there is no tax provision.

Drewsville Carriage House Associates, LP, North Walpole Village Housing Associates, LP, Troy Common Associates, LP, Peterborough/Finlay, LLC, Hinsdale Main Street Associates LP, and Jaffrey Housing Associates LP are partnerships and do not pay taxes on their income. Rather, the partners will pay the taxes on the partnership net income.

Accounting Standard Codification No. 740, "Accounting for Income Taxes," established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. Management has analyzed the Organization's tax position taken on its income tax returns for all open years (tax years ending May 31, 2012 – 2015), and has concluded that no additional provision for income taxes is necessary in the Organization's financial statements.

Fair Value of Financial Instruments

FASB ASC Topic No. 820-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value

which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with ASC 820-10, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, Topic 820-10 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820-10 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The carrying amount of cash, accounts receivables, prepaid expenses, inventory, accounts payable, accrued expenses, and refundable advances approximates fair value because of the short maturity of those instruments.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the program services and supporting activities benefited.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through December 23, 2015, the date the financial statements were available to be issued.
