EXPLANATION

This request is considered **sole source** because federal regulations require the Department to specify the vendor's name during the federal Continuum of Care program renewal application process, done annually, prior to the grant award being issued. The U.S. Department of Housing and Urban Development scores the applications and awards funding based on their criteria. The application process and timing of grant terms do not align with state or federal fiscal years. The start date of a grant is based on the month in which each grant's original federal agreement was issued. This results in Continuum of Care program grant start dates occurring in various months throughout the year.

The U.S. Department of Housing and Urban Development has a two-step process for awarding Continuum of Care funding, often resulting in delayed delivery of final grant agreements to the Department. The first step is an award announcement and a letter sent to the Department listing each Continuum of Care program awarded funding and the funding amount. The Bureau of Homeless and Housing Services received this letter on May 6, 2016 confirming that the aforementioned program was awarded funding. The second step is the issuance of the signed grant agreement, which is frequently received close to the grant start date. The U.S. Department of Housing and Urban Development's

Boston field office has confirmed a grant agreement is in process and expects the Bureau of Homeless and Housing Services will receive it before the end of July, 2016.

When the Department receives final award notification too near to, or after, the grant start date, the agreements are issued as retroactive items. Retroactive awards result in the community-based programs receiving funds after the time when they are actually needed to support program operations. Funds awarded retroactively can result in the unavailability of assistance to New Hampshire citizens who are homeless, or at risk of becoming homeless.

Based on the State's receipt of the award announcement letter on May 6, 2016 confirming the intention and funding level of the proposed agreement, and confirmation by the Boston field office that the grant agreement is in process, the Department is operating under a very high level of confidence that funding is secure and we will receive the grant agreement, though not in time to prevent a retroactive contract. Therefore, this grant award is being contracted prospectively such that an executed contract will be in place to provide vendor access to the anticipated funds when they do become available thus ensuring the continuation of services to homeless individuals without interruption.

Based on the continued receipt and availability of federal funds, and pursuant to this agreement, this vendor will utilize Continuum of Care funds to provide supportive and administrative services and rental/leasing assistance for a permanent housing program for homeless individuals and/or families with disabilities to promote the ability of participants to live more independently.

The U.S. Department of Housing and Urban Development established the Continuum of Care concept to support communities in their efforts to address the problems of housing and homelessness in a coordinated, comprehensive, and strategic fashion. The Continuum of Care serves three main purposes:

- 1) A strategic planning process for addressing homelessness in the community.
- 2) A process to engage broad-based, community-wide involvement in addressing homelessness on a year-round basis.
- 3) An opportunity for communities to submit an application to the U.S. Department of Housing and Urban Development for resources targeting housing and support services for homeless individuals and families.

The Bureau assures contract compliance and vendor performance in the following ways:

- 1) Annual compliance reviews shall be performed that include the collection of data relating to compliance with administrative rules and contractual agreements.
- 2) Statistical reports shall be submitted on a semi-annual basis from all funded vendors, including various demographic information and income and expense reports including match dollars.
- 3) All vendors funded for transitional, permanent or coordinated entry housing, or outreach services will be required to maintain timely and accurate data entry on the New Hampshire Homeless Management Information System, unless they are required by law to use an alternate data collection. The NH Homeless Management Information System will be the primary reporting tool for outcomes and activities of shelter and housing programs funded through this contract.

Should Governor and Executive Council not authorize this request, rental assistance and supportive services for homeless individuals with disabilities and their families may not be available in their communities, and there may be an increase in demand for services placed upon the region's local welfare authorities. It may also cause many individuals and/or families to become homeless.

Area served: Greater Manchester area.

Source of funds: 100% Federal Funds from the U.S. Department of Housing and Urban Development, grant number NH0026L1T011508, Office of Community Planning and Development, Catalog of Federal Domestic Assistance Number (CFDA) #14.267.

In the event that the federal funds become no longer available, general funds will not be requested to support this program.

Respectfully submitted,

Maureen U. Ryan
Director of Human Services

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

SUPPLEMENTARY INFORMATION

(With Comparative Totals for 2014)

With Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Families in Transition, Inc. and Subsidiaries

We have audited the accompanying consolidated financial statements of Families in Transition, Inc. and Subsidiaries (the Organization), which comprise the consolidated statement of financial position as of December 31, 2015 and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Organization as of December 31, 2015, and the consolidated changes in their net assets and their consolidated cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Report on Summarized Comparative Information

We have previously audited the Organization's 2014 consolidated financial statements and, in our report dated March 30, 2015, expressed an unmodified opinion on those audited consolidated financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2014 is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

Other Matter

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary information, which consists of the consolidating statement of financial position as of December 31, 2015, and the related consolidating statements of activities and functional expenses for the year then ended, is presented for purposes of additional analysis, rather than to present the financial position and changes in net assets of the individual entities, and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Notes to Consolidated Financial Statements

(With Comparative Totals for December 31, 2014)

1. Summary of Significant Accounting Policies

Principles of Consolidation

Since the General Partners have control in the Limited Partnerships, in accordance with Financial Accounting Standards Board *Accounting Standards Codification* Topic 810-20-25, *Consolidation*, each of the Limited Partnerships' financial statements is required to be consolidated with the Organization's consolidated financial statements. The limited partners' ownership interest is reported in the consolidated statements of financial position as noncontrolling interest.

The consolidated financial statements include the net assets of the Organization, the Limited Partnerships, the General Partners, Housing Benefits, MEH and OutFITters. All significant inter-entity balances and transactions are eliminated in the accompanying consolidated financial statements.

Comparative Information

The consolidated financial statements include certain prior year summarized comparative information in total, but not by net asset classification. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. generally accepted accounting principles (U.S. GAAP). Accordingly, such information should be read in conjunction with the Organization's December 31, 2014 consolidated financial statements, from which the summarized information was derived.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Presentation

Net assets and revenues, expenses, gains, and losses are classified as follows based on the existence or absence of donor imposed restrictions.

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met by actions of the Organization and/or the passage of time. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently restricted net assets - Net assets subject to donor imposed stipulations that they be maintained permanently by the Organization. The donors of these assets permit the Organization to use all or part of the income earned on related contributions for general or specific purposes. The Organization had no permanently restricted net assets as of December 31, 2015 and 2014.

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. The Organization records donor-restricted contributions whose restrictions are met in the same reporting period as unrestricted support in the year of the gift.

The Organization reports contributions of land, buildings or equipment as unrestricted support, unless a donor places explicit restriction on their use. Contributions of cash or other assets that must be used to acquire long-lived assets are reported as temporarily restricted support and reclassified to unrestricted net assets when the assets are acquired and placed in service.

Cash and Cash Equivalents

The Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents. The Organization maintains its cash in bank deposit accounts which, at times, may exceed the federally insured limits. Management regularly monitors the financial institutions, together with their respective cash balances, and attempts to maintain the potential risk at a minimum. The Organization has not experienced any losses in such accounts and management believes it is not exposed to any significant risk on these accounts.

Restricted deposits are those deposits of cash and cash equivalents not generally available for operating costs, but restricted to particular uses including operating and replacement reserves for rental properties as well as certain other social services and programs.

FAMILIES IN TRANSITION, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2015

(With Comparative Totals for December 31, 2014)

Property and Equipment

Property and equipment are recorded at cost or, if donated, at estimated fair market value at the date of donation less accumulated depreciation. The Organization's capitalization policy requires the capitalization of capital expenditures greater than \$1,000, while ordinary maintenance and repairs are charged to expense. Depreciation is provided using the straight-line method over the estimated useful lives of the related assets, ranging from 5 to 30 years. Assets not in service are not depreciated.

Volunteer Services

A number of volunteers have donated their time to the Organization's various programs and administrative services. The value of these services has not been included in the accompanying consolidated financial statements since the volunteers' time does not meet criteria for recognition. The estimated value of donated time for the years ended December 31, 2015 and 2014 is approximately \$870,000 and \$810,000, respectively.

Functional Expense Allocation

The costs of providing various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Taxes

The Organization is a tax-exempt Section 170(b)(1)(A)(vi) public charity as described in Section 501(c)(3) of the Internal Revenue Code (the Code) and is exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Accordingly, no provision for income taxes has been reflected in these financial statements.

The standards for accounting for uncertainty in income taxes require the Organization to report any uncertain tax positions and to adjust its financial statements for the impact thereof. As of December 31, 2015 and 2014, the Organization determined that it had no tax positions that did not meet the more-likely-than-not threshold of being sustained by the applicable tax authority. The Organization files an informational return in the United States. This return is generally subject to examination by the federal government for up to three years.

No provision for taxes on income is made in the Limited Partnerships' financial statements since, as a partnership, all taxable income and losses are allocated to the partners for inclusion in their respective tax returns.

This land will be developed into the Hollow's Community Garden and Learning Center. The project is intended to improve the quality of life of at-risk children and families by providing immediate hunger relief, expanding food access and delivering hands-on educational experiences.

In September 2014, a three-family building and land located on Spruce Street in Manchester, New Hampshire was donated to FIT by the City of Manchester. The property was transferred from FIT to Housing Benefits. Housing Benefits intends to rehabilitate the project into rental housing for low-income households. All construction will incorporate energy efficiencies to reduce operating costs and help ensure long-term affordability.

3. Development in Process

In 2014, the Organization began the pre-construction phase on its Family Place Resource Center and Shelter through funding received from New Hampshire Housing Finance Authority (NHHFA), Community Development Finance Authority funds and donations. The facility will house a new and expanded family shelter as well as a comprehensive resource center designed to meet the needs of homeless families and children. The shelter will consist of 11 emergency housing units for families in immediate need of shelter. The services include, but are not limited to, centralized assessment and referral, hot meals, access to an onsite food pantry, onsite medical care and therapeutic preschool programming for children. The project was completed in December 2015 and began providing services in January 2016. At December 31, 2015, the Organization had invested approximately \$1.7 million in the facility which is included in development in process in the consolidated statements of financial position.
