Approved by Fiscal Committee 4/20/18  
Date

The Honorable Executive Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

Pursuant to RSA 198:15-y, III, I respectfully request approval to authorize expenditures from the Public School Infrastructure Fund in the amount of \$4,946,214, for infrastructure projects with the attached list of public elementary and secondary schools, contingent upon availability of funds per RSA 198:15-y; effective upon Fiscal Committee and Governor and Council approval through June 30, 2019. 100% General Funds.

Funds are anticipated to be available in account titled, Public School Infrastructure Fund as follows:

06-56-56-560010-19640000-073-500583 Grants Non-Federal FY18  
\$4,946,214

Life Safety Projects (a)(b)	\$ 59,126
Fiber Optic School Connectivity (c)	\$ 25,083
Security Projects (d)	\$ 4,862,005
Total	\$ 4,946,214

**EXPLANATION**

The Governor and NH Legislature amended RSA 198 by inserting a new subdivision titled: Public School Infrastructure Fund and Public School Infrastructure Commissioner through Chapter 156, Laws of 2017. The purpose was "to provide funding for infrastructure projects for public elementary and secondary schools".

The following are the projects allowed under the law:

- (a) "A school building or infrastructure proposal in which the condition of such school building or portion thereof constitutes a clear and imminent danger to the life or safety of occupants or other persons and requires remediation as soon as practicable."
- (b) "A school building or infrastructure proposal in which a structural deficiency in the function or operation of a school building or portion thereof presents a substantial risk to the life or safety of the occupants or other persons and is more than a technical violation of the fire code, and requires remediation as soon as practicable."
- (c) "Support of fiber optic connections for schools to enhance and improve reliance on Internet technology tools, provided matching funds are available."
- (d) "Funding for the department of safety, division of homeland security and emergency management's school emergency readiness program to improve security in public schools, after the completion of a security assessment, and in consultation with municipal officials."
- (e) "Other school building or infrastructure needs the governor, in consultation with the public school infrastructure commission, may identify, except for school building aid projects that are otherwise prohibited by law."

The Public School Infrastructure Commission met and developed applications for use by the public schools that would support allowed projects. Schools submitted applications to the Commission; who in turn reviewed each proposal. Having consulted with the Commission, I am requesting authorization to expend funds for the attached list of projects.

Respectfully submitted,

Christopher T. Sununu  
Governor
