Requested Action

Authorize the Department of Safety, Division of State Police, to amend a sole source contract with Gilford Well Company, Inc., 1440 Lake Shore Road, Gilford, NH (VC# 154778-B001), in an amount not to exceed \$1,500.00, increasing the total contract amount from \$20,759.60 to \$22,259.60, for the purpose of well and water treatment and management services at Marine Patrol. The initial contract was approved by Governor and Council on February 15, 2017, item #51, and amended on October 2, 2019, item #44. Effective upon Governor and Council approval through December 31, 2021. Funding source: 100% Revolving Funds.

Funds are available in the following account in the SFY2021 operating budget and contingent upon availability and continued appropriations in SFY2022 with the authority to adjust between fiscal years through the Budget Office if needed and justified.

<u>SFY2021</u>	<u>SFY2022</u>	<u>TOTAL</u>
\$900.00	\$600.00	\$1,500.00

Explanation

This amendment is sole source because the initial contract was sole source. This amendment provides well and water treatment and management services for the Marine Patrol on Dock Road in Gilford, NH. The vendor conducts physical inspections of the water system along with the water filtration system. The vendor also provides and installs any and all water treatment consumables (salt, cartridge filters, etc.) along with facilitating water sample collections and testing as well as facilitating any and/or all NHDES required applications, forms, reports, testing, and communications on behalf of NH State Police.

This contract is necessary because NH Department of Environmental Services initiated additional water sampling to test for Perfluoroalkyl (PFA) compounds. These compounds are a large group of human-made chemicals that have been used in industry and consumer products worldwide since the 1950s. These chemicals are used to make household and commercial products that resist heat and chemical reactions and repel oil, stains, grease and water.

Requested Action

Authorize the Department of Safety, Division of State Police, to retroactively enter into a contract with Gilford Well Company, Inc., 1440 Lake Shore Road, Gilford, NH (VC# 154778 - B001), in an amount not to exceed \$12,308.00 for well and water treatment and management services at Marine Patrol. Effective upon Governor and Council approval from January 1, 2017 to December 31, 2019. Funding source: 100% Revolving Funds.

Funds are available in the following account in SFY2017 operating budget and contingent upon availability and continued appropriations in SFY2018, SFY2019, and SFY2020 with the authority to adjust between fiscal years through the Budget Office if needed and justified.

<u>SFY2017</u>	<u>SFY2018</u>	<u>SFY2019</u>	<u>SFY2020</u>	<u>TOTAL</u>
\$2,051.34	\$4,102.68	\$4,102.68	\$2,051.30	\$12,308.00

Explanation

This contract is retroactive due to the unforeseen well water quality conditions late in the construction project. A water treatment system was required to meet regulatory drinking water standards. The treatment system was not part of the construction project and required time to design, bid, and install. The water treatment and operations plan Request for Quote (RFQ) could not be finalized until the system was installed and the well water was tested.

This contract provides well and water treatment and management services for the Marine Patrol on Dock Road in Gilford, NH. The vendor will conduct physical inspections of the water system and water filtration system, as well as provide and install any and/or all water treatment consumables (salt, cartridge filters, etc.). The vendor will also facilitate water sample collections and testing as well as facilitate, on behalf of NH State Police, the applications, forms, reports, testing, and communications required by the NH Department of Environmental Services.

The Division of State Police, Marine Patrol, released an RFQ (dated October 26, 2016) to procure these services. Currently, there is no statewide contract for any type of service that would allow for the treatment and management services of Marine Patrol's well. The RFQ was sent to a list of companies that was acquired from the Department of Environmental Services (DES). Aqua Specialties LLC and Gilford Well Co. were the only vendors to submit a bid by the submission deadline date of November 10, 2016. Gilford Well Co. was chosen because they were the lowest bidder.

Respectfully submitted,

John J. Barthelmes
Commissioner of Safety

Notice: This agreement and all of its attachments shall become public upon submission to Governor and Executive Council for approval. Any information that is private, confidential or proprietary must be clearly identified to the agency and agreed to in writing prior to signing the contract.
