His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
State House  
Concord, NH 03301

Bureau of Highway Maintenance  
October 13, 2020

**INFORMATIONAL ITEM**

In accordance with the requirements approved by Governor and Council October 23, 2019, Item #25, the Department of Transportation is to submit on an annual basis a summary of contracts with various private contractors to assist with winter maintenance activities, emergency repair of infrastructure due to flooding or other unexpected natural disasters, along with highway and bridge maintenance efforts. Attached, please find detailed reporting for the fiscal year ending June 30, 2020.

**EXPLANATION**

The total for all the rented equipment associated with private contractors is \$14,518,273.19 (see attached list).

Since its creation, the Department has rented and the Legislature has funded, privately owned equipment to assist with the maintenance of the state's roadway system. Over the course of this time there have been numerous versions of administrative rules, all noting (as in the current TRA 102.05)(b)(03) that the Department's "Bureau of Mechanical Services shall be responsible for ...the setting of rental rates and approval of private equipment rental by this or any other department." The most current rental rates were published by the Department in 1999, with an update in fiscal year 2020 to increase rental rates by 10% based on the approved 20/21 budget. Any rental rates that either exceed the current published rates, or are required for a piece of equipment not detailed within the current rates, must be approved by the Director of Operations or Commissioner level.

RSA 21-I:19-j added in Chapter 156:92 Laws of 2017 (HB517) states "Any agency, as defined in RSA 21-G:5, IV, may, with the prior written approval of the department of administrative services, enter into an agreement to rent, lease, or lease-purchase vehicles from any outside vendor, or to rent or lease vehicles from any other state agency or department". For many years the Department has hired privately owned equipment to assist with maintenance and emergency repair efforts. Chapter 156:92 Laws of 2017 added the requirement for Administrative Services to review and approve this process.

The Department has met with representatives from the Department of Administrative Services and specifically discussed the issue of rental of equipment. As part of the adopted process, an informational item would be presented to the Governor and Executive Council on an annual basis which would provide the detail of the contracts which were entered into and used.

It is respectfully requested that this item be accepted.

Sincerely,  
  
Victoria F. Sheehan  
Commissioner
