THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

Victoria F. Sheehan
Commissioner

William Cass, P.E.
Assistant Commissioner

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
Concord, New Hampshire 03301

Bureau of Construction
October 20, 2020

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with GMI Asphalt, LLC of Belmont, NH (Vendor 172481), on the basis of a low bid of \$3,385,672.06 for resurfacing US 202 in Hillsborough and Henniker, from the date of Governor and Council approval through October 15, 2021, unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available in State Fiscal Year 2021, and is contingent upon the availability and continued appropriation of funds in Fiscal Year 2022 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2021</u>	<u>FY 2022</u>
04-96-96-963515-3054		
Consolidated Federal Aid		
400-500870 Highway Contract Payments	\$2,448,101.32	\$937,570.74

2. Further authorize that a contingency in the amount of \$169,283.60 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 5% of the contract amount.

Funding is available as follows:	<u>FY 2021</u>	<u>FY 2022</u>
04-96-96-963515-3054		
Consolidated Federal Aid		
400-500870 Highway Contract Payments		\$169,283.60

EXPLANATION

This project is part of the State's Ten Year Transportation Improvement Plan, under the Pave-Tier 2-Resurfacing and GRR Programs. This project resurfaces 2 sections of Tier 2 roadways throughout 3 towns in Districts 4 and 5. Work includes mainline US Route 202 and all NH Route 114 and Hatfield Road ramps. The sections total approximately 6.7 miles.

- 18524 - Hillsborough-Henniker, US 202, Mainline: TW 0.5" polymer modified leveling course & FW 1.5" poly. mod. wearing course overlay, Accel/Decel Lanes: FW 0.5" polymer modified leveling course & FW 1.5" poly. mod. wearing course overlay, NH 114 Ramps: 4.5" poly. mod. pavement replacement consisting of 3" binder course & 1.5" wearing course, Henniker Bridge No. 087/105 (Old Hillsboro Rd over US 202): FW 1" poly. mod. inlay across bridge deck, 5.8 miles

- 19502A – Hopkinton, Hatfield Road, Accel/Decel Lanes: FW 1.5” poly. mod. wear. course inlay, Hatfield Rd Ramps: 4.5” poly. mod. pavement replacement consisting of 3” binder course & 1.5” wearing course, 0.9 miles.

This project is part of the CY 2021 Tier 2 Federal Resurfacing Program. Mainline US 202 will be resurfaced via polymer modified leveling and wearing courses while the pavement of all NH 114 and Hatfield Rd ramps will be removed and replaced with polymer modified binder and wearing courses. Nine (9) existing sidewalk curb ramps throughout the section will be improved to comply with ADA, 13,766’ of guardrail will be upgraded, and the centerline rumble strips will be reinstalled.

The proposed contingency amount is 5% of the contract amount. This project was quantified based on field observations, aerial photos, and as-built plans. Field adjustments may be required due to varying field conditions. In addition, the sections will continue to deteriorate through the 2020-2021 winter.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer’s estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State’s Office and the Department of Administrative Service’s Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is: 80% Federal (Pave-Tier 2 Resurfacing and GRR) with anticipated utilization of Turnpike Toll Credits for the State’s 20% match, effectively using 100% Federal Funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan
Commissioner

VFS/pcj

Department Estimate: \$4,151,514.86
Contract Amount: \$3,385,672.06
Under Estimate: \$ 765,842.80

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: This project resurfaces 2 sections of Tier 2 roadways throughout 3 towns in Districts 4 and 5. Work includes mainline US Route 202 and all NH Route 114 and Hatfield Road ramps. The sections total approximately 6.7 miles.

Section ID	Town/City	Road	Proposed Work	Length
18524	Hillsborough-Henniker	US 202	Mainline: TW 0.5" polymer modified leveling course & FW 1.5" poly. mod. wearing course overlay Accel/Decel Lanes: FW 0.5" polymer modified leveling course & FW 1.5" poly. mod. wearing course overlay NH 114 Ramps: 4.5" poly. mod. pavement replacement consisting of 3" binder course & 1.5" wearing course Henniker Bridge No. 087/105 (Old Hillsboro Rd over US 202): FW 1" poly. mod. inlay across bridge deck	5.8 miles
19502A	Hopkinton	Hatfield Road	Accel/Decel Lanes: FW 1.5" poly. mod. wear. course inlay Hatfield Rd Ramps: 4.5" poly. mod. pavement replacement consisting of 3" binder course & 1.5" wearing course	0.9 miles

FEDERAL FUNDING: 80% Federal (Pave-Tier 2-Resurfacing and GRR) with utilization of Turnpike Toll Credits for the State's 20% match.

CONTINGENCY: The proposed contingency amount is 5% of the contract amount. This project was quantified based on field observations, aerial photos, and as-built plans. Field adjustments may be required due to varying field conditions. In addition, the sections will continue to deteriorate through the 2020-2021 winter.

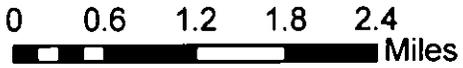

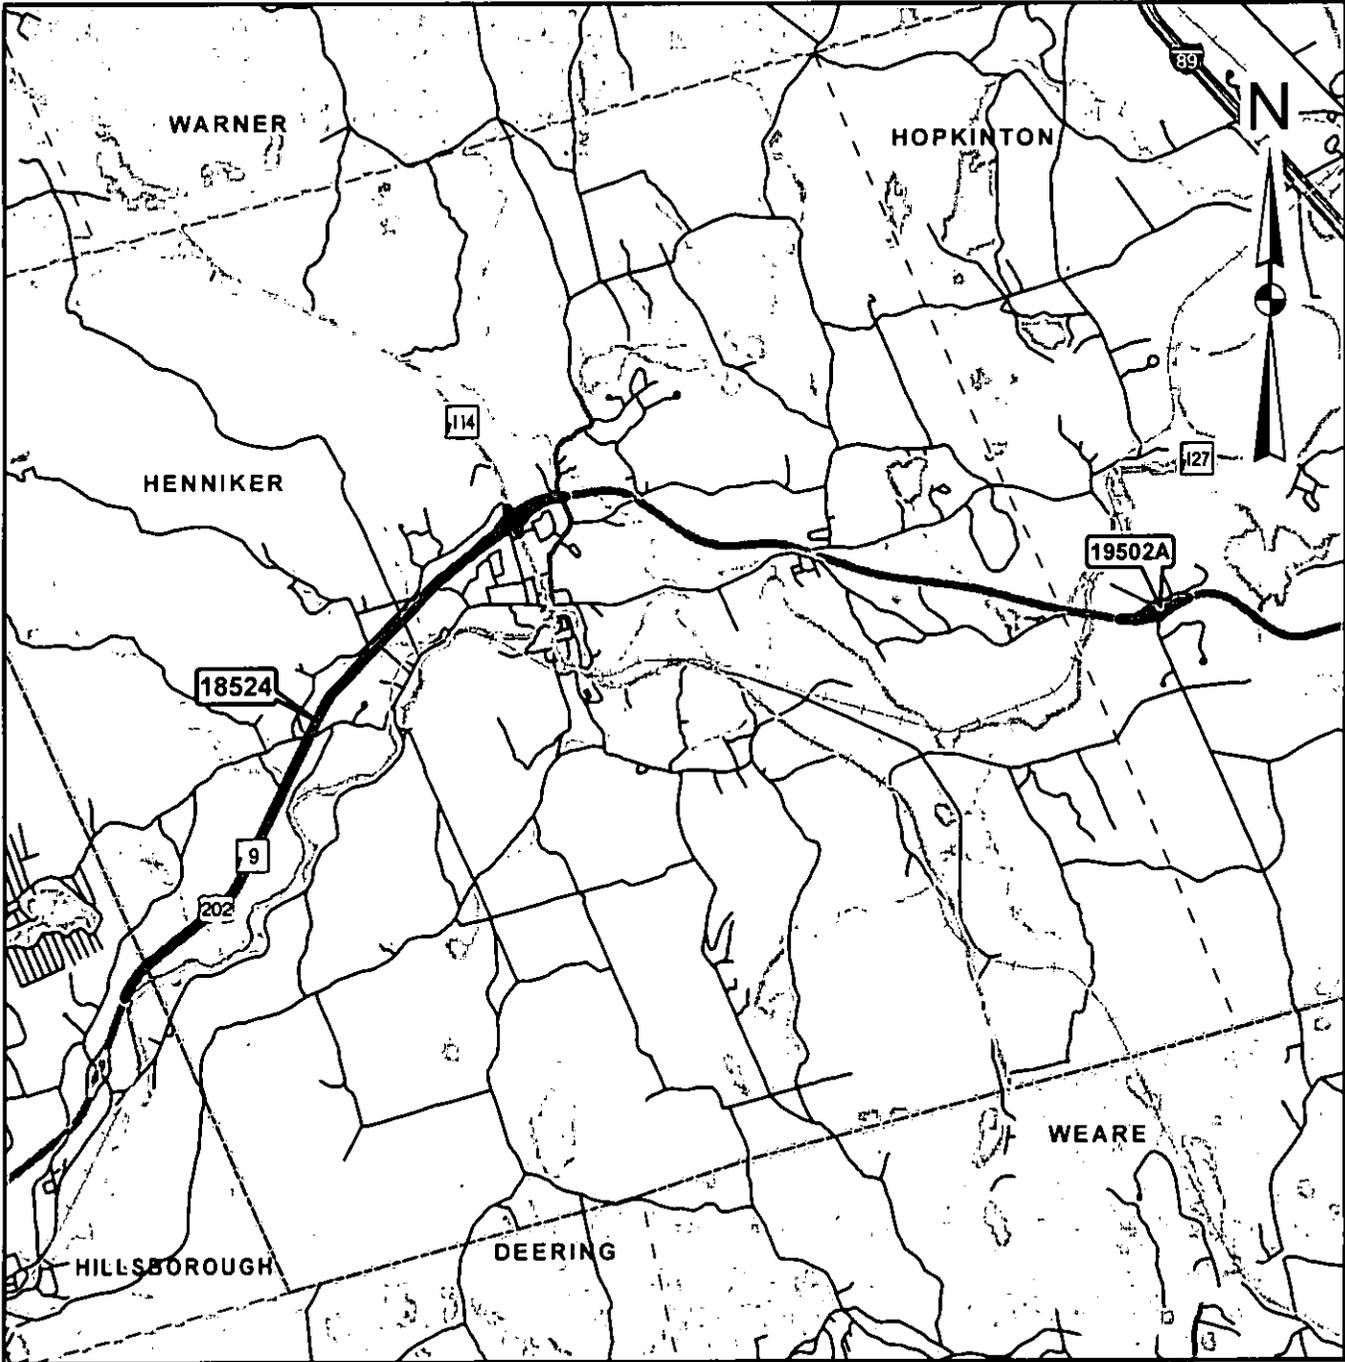

PROJECT INITIATED: The Pavement Management Section has reviewed the road segments included in this project and identified 1 section for preservation and 1 section for major rehabilitation, totaling 6.7 miles. This project will extend the good quality of the mainline pavement and raise the ramp pavement quality to good. The project will also eliminate the need for costly future investments.

PROJECT EXPLANATION: This project is part of the CY 2021 Tier 2 Federal Resurfacing Program. Mainline US 202 will be resurfaced via polymer modified leveling and wearing courses while the pavement of all NH 114 and Hatfield Rd ramps will be removed and replaced with polymer modified binder and wearing courses. Nine (9) existing sidewalk curb ramps throughout the section will be improved to comply with ADA, 13,766' of guardrail will be upgraded, and the centerline rumble strips will be reinstalled. All impacted towns and utilities will be notified.

TRAFFIC IMPLICATION: All work on all sections will be night work and traffic will be restored to normal operating patterns at the end of each workday, except for the Henniker Br. No. 087/105 over US 202 which can be day work, and the ramps at NH 114. Section 18524: One-lane alternating two-way traffic will be required in order to complete the work on mainline US 202. Temporary lane shifts may be utilized for work contained on the shoulder. Lane closure lengths will be limited to one mile with a two-mile separation required between work zones. Work on ramps at NH 114 will be continuous day and night work over multiple weekends. The ramps will be closed, one at a time, with detours set in place to alternate exits along US 202. Section 19502A: During the closures of the Hatfield Road ramps, the Contractor, using Flaggers and Uniformed Officers, will utilize the remaining open ramps to maintain traffic access to and from US 202. Work zone significance was determined to be non-significant at the February 20, 2020 TCC Meeting.

COMPLETION DATE: October 15, 2021.
