**THE STATE OF NEW HAMPSHIRE**  
**DEPARTMENT OF TRANSPORTATION**

*Victoria F. Sheehan*  
 Commissioner

*William Cass, P.E.*  
 Assistant Commissioner

His Excellency, Governor Christopher T. Sununu  
 and the Honorable Council  
 State House  
 Concord, New Hampshire 03301

Bureau of Construction  
 November 13, 2020

**REQUESTED ACTION**

1. Authorize the Department of Transportation to enter into a contract with CPM Constructors, Inc. (Vendor 153179) of Freeport, ME, on the basis of a low bid of \$1,685,986.00 for bridge preservation efforts over Connecticut River between Walpole, NH and Rockingham, VT, from the date of Governor and Council approval through October 29, 2021, unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available in State Fiscal Year 2021, and is contingent upon the availability and continued appropriation of funds in Fiscal Year 2022 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2021</u>	<u>FY 2022</u>
04-96-96-963515-3054		
Consolidated Federal Aid		
400-500870 Highway Contract Payments	\$1,180,190.28	\$505,795.72

2. Further authorize that a contingency in the amount of \$168,598.60 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 10% of the contract amount.

Funding is available as follows:	<u>FY 2021</u>	<u>FY 2022</u>
04-96-96-963515-3054		
Consolidated Federal Aid		
400-500870 Highway Contract Payments		\$168,598.60

**EXPLANATION**

This project is part of the State's Ten Year Transportation Improvement Plan, under the Bridge – High Investment Bridge – Maintenance and Preservation Programs. The project consists of bridge preservation work on Br. No. 058/043, Church Street over the Connecticut River and Green Mountain Railroad between the Towns of Walpole, NH and Rockingham, VT. The work limits on Church Street begin approximately 60 feet west of the bridge over and end approximately 725 feet to the east. The scope of work includes replacement of the bridge deck pavement and membrane, partial and full depth deck repair and replacement of expansion joints at Pier 1 and Abutment B.

Br. No. 058/043 was built in 1983 and has not been addressed by a preservation contract. The current condition rating of this bridge is 7 (Deck, good), 7 (Superstructure, good), and 7 (Substructure, good). The concrete deck and joints are showing signs of deterioration. This preservation project will address and fix this to extend the life of this structures and keep it off the State's Red List.

The proposed contingency amount is 10% of the contract amount. This work preserves a bridge which has not received any preservation activities since it was built in 1983. The work includes partial and full depth deck repairs. The extent of this work has been estimated, but the full extent of the work won't be fully known until the existing asphalt and membrane are removed from the bridge. These factors increase the risk of overruns.

Although the bid costs exceeded the Department's estimate by 11.08%, the low bid of 2 bids received is felt to be reasonable for the work involved. Six items of significance accounted for 100% of the overage (deck repairs (2), expansion joint, mobilization, pavement, and flaggers). Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

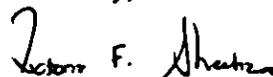

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is: 73.5% NHDOT, 26.5% State of Vermont. NH portion is 80% Federal (Bridge – High Investment Bridge – Maintenance and Preservation (Bridge-HIB-M&P)), with anticipated utilization of Turnpike Toll Credits for the State's 20% match, effectively using 100% Federal Funds for NH's portion.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan  
Commissioner

VFS/pcj

Department Estimate: \$1,517,815.85  
Contract Amount: \$1,685,986.00  
Over Estimate: \$ 168,170.15

## SUPPLEMENTAL PROJECT INFORMATION SHEET

**DESCRIPTION:** The project consists of bridge preservation work on Br. No. 058/043, Church Street over the Connecticut River and Green Mountain Railroad between the Towns of Walpole, NH and Rockingham, VT. The work limits on Church Street begin approximately 60 feet west of the bridge over and end approximately 725 feet to the east. The scope of work includes replacement of the bridge deck pavement and membrane, partial and full depth deck repair and replacement of expansion joints at Pier 1 and Abutment B.

**FEDERAL FUNDING:** 80% (Bridge – High Investment Bridge – Maintenance and Preservation (Bridge-HIB-M&P) with anticipated utilization of Turnpike Toll Credits for the State’s 20% match.

**CONTINGENCY:** The contingency amount is proposed to be 10%. This work preserves a bridge which has not received any preservation activities since it was built in 1983. The work includes partial and full depth deck repairs. The extent of this work has been estimated, but the full extent of the work won’t be fully known until the existing asphalt and membrane are removed from the bridge. These factors increase the risk of overruns.

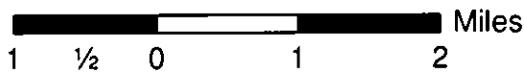

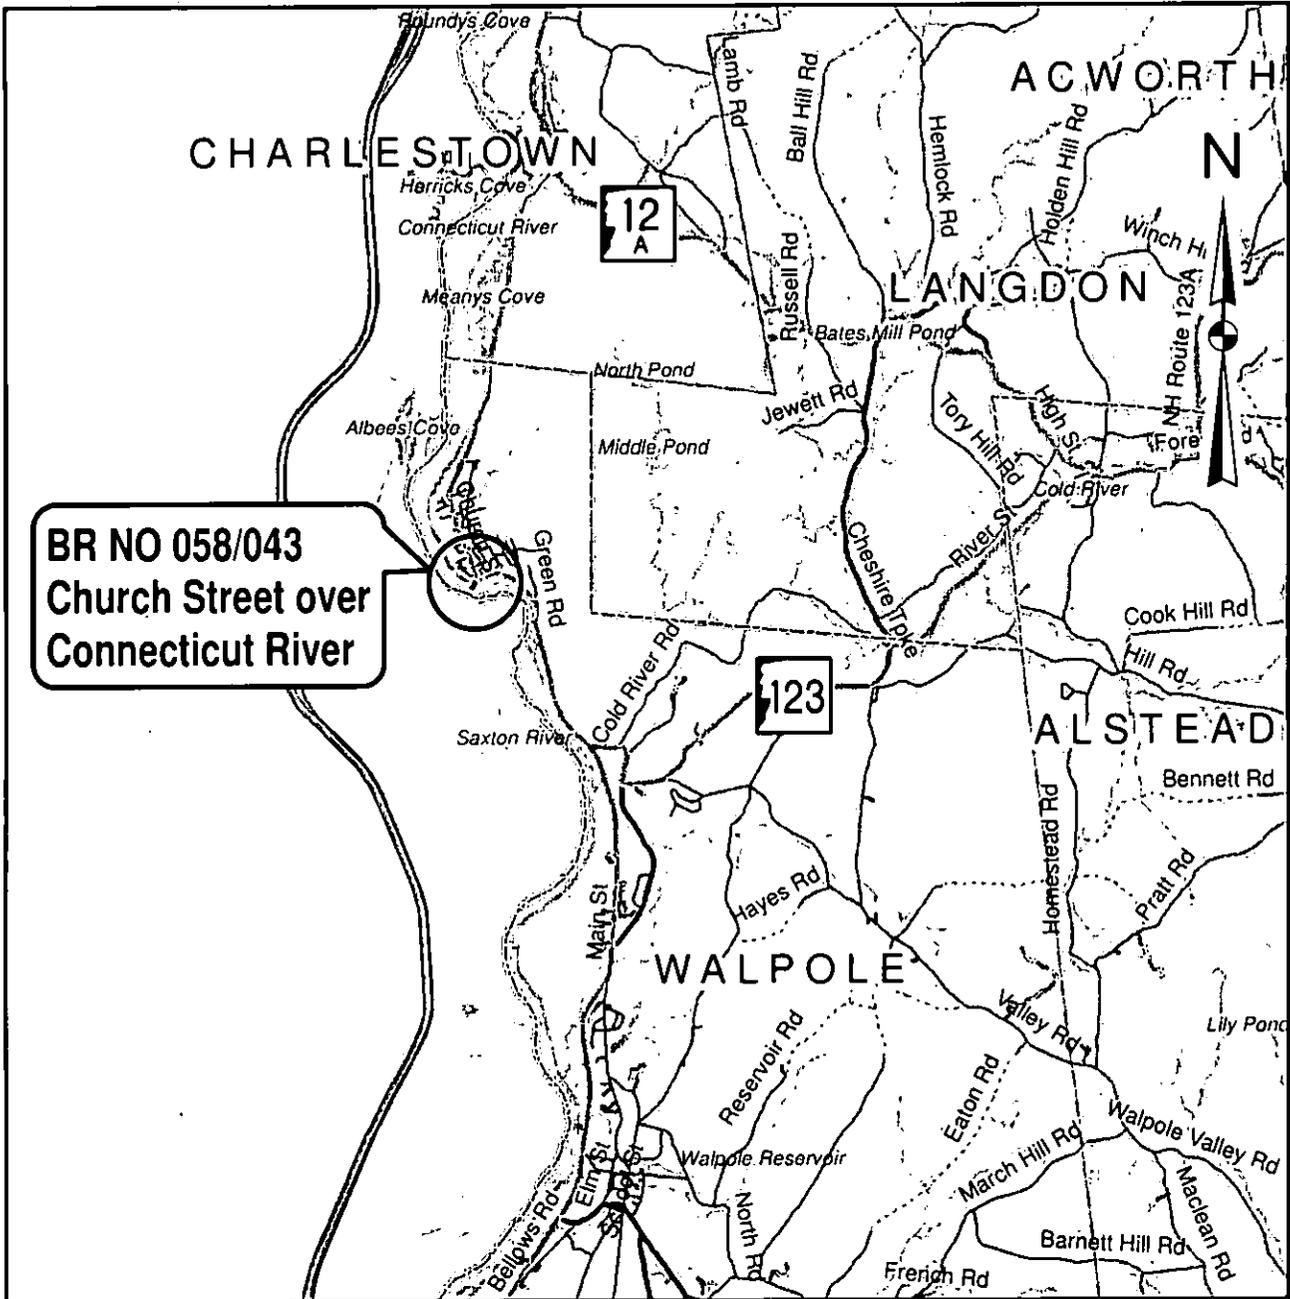

**PROJECT INITIATED:** This project was initiated through the 2019 Bridge HIB M&P Priority List.

**PROJECT EXPLANATION:** Br. No. 058/043 was built in 1983 and has not been addressed by a preservation contract. The current condition rating of this bridge is 7 (Deck, good), 7 (Superstructure, good), and 7 (Substructure, good). The concrete deck and joints are showing signs of deterioration. This preservation project will address and fix this to extend the life of this structures and keep it off the State’s Red List.

**TRAFFIC IMPLICATION:** Beginning in the spring of 2021, the road width for Br. No. 058/043 will be reduced to 23’-0” for two phases and two separate 11’-6” lanes in a third phase, requiring a wide load restriction. Temporary signals will be used to control traffic at the Vermont intersection just to the west of the bridge. Pedestrian access will be maintained during all phases.

**FINAL COMPLETION DATE:** October 29, 2021.

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

**IMPORTANT:** If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).
