EXPLANATION

The Department of Military Affairs and Veterans Services requests authorization to accept and expend additional Moose Plate Grant Funds from Dept. of Natural & Cultural Resources in the amount of \$9,000.00 for the purpose of Cannon Restoration Contract. The cannon was known in the United States as the 12-pounder Napoleon after French President and Emperor Napoleon III. This type of cannon was the primary cannon used in the Civil War. It was the last bronze cast gun used in American history. It is stored on the Dept. of Military Affairs and Veterans Services in Concord, NH and will be displayed in Building B as a historical display.
