REQUESTED ACTION

Authorize the Department of Environmental Services (NHDES) to enter into a grant agreement with the Town of Lisbon, NH (VC# 177425-B001) in the amount of \$19,659.20 for partial funding for the replacement of a diesel generator, effective upon Governor and Council approval through September 30, 2021s. 45% Federal Funds, 55% VW Settlement Funds.

Funding is available in the account as follows:

	<u>FY 2021</u>
03-44-44-443010-2278-072-500572	\$19,659.20
Dept. of Environmental Services, DERA Funds, Grants Federal	

EXPLANATION

Under the Diesel Emission Reduction Act (DERA) the U.S. Environmental Protection Agency (EPA) provides funding to states for projects that reduce harmful emissions produced by older diesel engines, including replacement of diesel generators. The new generator must meet more stringent emissions standards. Utilizing federal EPA funds, matched with funding from New Hampshire's Volkswagen Environmental Mitigation Trust Fund, NHDES has \$750,000 available for grants.

A request for proposal (RFP) was conducted from April 9 through June 3, 2020. Sixteen entities applied for funding. Seven proposals were approved for funding (see Attachment A for the scoring results). This requested action is for one project for the Town of Lisbon which requested partial funding to replace a diesel generator.

The DERA program has a mandatory minimum cost share requirement for a replacement generator project of 60 percent. NHDES will provide the lesser of \$19,659.20 or 40 percent of the total replacement cost (\$49,148) to the Town of Lisbon for the replacement of a diesel generator. The Town's existing generator, which has no filtration system and which has been in constant use since 1977, is described by the Town as being in poor condition.

This agreement has been approved as to form, substance, and execution by the Office of the Attorney General. In the event that Federal funds become no longer available General funds will not be requested to support this program.

We respectfully request your approval.
