REQUESTED ACTION

The Department of Military Affairs and Veterans Services to enter into a no cost, time extension to a contract with Integrated Security Solutions Inc. (#262729), 108 Cooperative Way, Kalispell, MT 59901, for the purpose of extending the completion date from May 31, 2021 to June 14, 2021. The original contract was approved by Governor and Council on March 24, 2021, Item #49. This is a no-cost time extension only. **100% Federal Funds.**

EXPLANATION

The Department wishes to enter into a no cost, time extension with Integrated Security Solutions, Inc. The extension is necessary due to the ISS assigned technician sustaining a non-work related injury requiring medical leave before they may return to complete the services under this contract. The time it would take a new technician to be granted approval to access the NH National Guard networks and to familiarize themselves with the NH National Guard system will be greater than the 14-day extension that the vendor is requesting. The original contract was provide temporary services for the management, installation, operation and maintenance of the ESS program for the NHARNG. The request is sole source because the company, Integrated Security Solutions, retains the requisite certifications and are the only vendor currently certified by National Guard Bureau (NGB) to operate and maintain these mandated systems.

NGB has acknowledged that individual states face a complex, intelligent, and adaptable enemy. In light of security threats, they have implemented a robust Electronic Security System program, administered through a Cooperative Agreement between the Federal Government and the State of New Hampshire. This program outlines standards for the management, installation, operation and maintenance of electronic security systems, which include Intrusion Detection Systems and weapons vault locking systems that protect both Army guardsman and civilian workers as well as NH Army National Guard assets statewide. Currently, the Department is seeking the reclassification of two (2) vacant positions which support the ESS program because the current classifications for these positions do not meet the needs of the program as outlined in the Cooperative Agreement. This contract will provide a qualified technician trained and

certified by NGB as a temporary measure to ensure the NH Army National Guard's security systems and other physical security measures do not fail while the Department works through the reclassification process for these two positions.

The Federal Funds allotted for these services are provided to the Department of Military Affairs and Veterans Services by the National Guard Bureau pursuant to a Federal-State Master Cooperative Agreement for the mutual support of the New Hampshire Army National Guard. The cost of this contract shall be reimbursed to the State by the Federal Government at a rate of 100%. In the event that Federal Funds are not available, general funds will not be used to support this program.

The contract has been approved for form, substance and execution by the Attorney General's Office.

Respectfully submitted,

For 
David J. Mikolaities
Major General, NH National Guard

In order to facilitate reconciliation of services performed under this Agreement, the Contractor shall submit weekly reports detailing the following for any service not fully performed pursuant to the terms of the Agreement:
