REQUESTED ACTION

The Department of Transportation requests placing this item on the Consent Calendar.

Authorize the Department of Transportation to amend Contract #42444, with C.W. Slither & Sons, LLC d/b/a CWS Fence & Guardrail Co., Vendor #155763 of Andover, NH, to repair damaged beam guardrail on the Central and Eastern Turnpike system, and Tier 1 roadways within Districts 5 and 6, by extending the completion date from June 30, 2021 to November 19, 2021 effective upon Governor and Council approval. The original Agreement was approved by Governor and Council on June 24, 2020, Item #58. Time extension only, no new funding.

EXPLANATION

The purpose of this contract is to provide for repair of damaged beam guardrail on the Turnpike/District roadway systems on an as-needed basis. Work is to be initiated via work orders issued by the Department of Transportation.

The time extension amendment is due to a reduced amount of vehicle traffic during 2020 "Safer at Home" guidance, and the subsequent reduction in crashes resulting in guardrail damage needing repair in the 2020 season. Of the original \$899,773.75 amount for this contract, there is a balance of approximately \$409,570.63 remaining (\$25,000 Turnpike Funds, \$185,800.16 Highway Funds, \$198,770.47 Other (Betterment) Funds).

This amended Agreement has been approved by the Attorney General as to form and execution. Copies of the fully-executed amended Agreement are on file at the Secretary of State's Office and the Department of Administrative Services, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

It is respectfully requested that authority be given to amend this Agreement for repair services as outlined above.

Sincerely,

Victoria F. Sheehan
Commissioner

EXPLANATION

This project is part of the State's Ten Year Transportation Improvement Plan, under the Highway Maintenance/Betterment Program (BET-STAL-HQ, Non-par) and the Department's operating budget under Turnpike Maintenance and Highway Maintenance funding. This contract provides for the repair of damaged beam guardrail on the Central and Eastern Turnpike system, and Tier 1 roadways within Districts 5 & 6. Work will be initiated via a work order issued by the Bureau's Administrator/District Engineer, their duly authorized representative, or Maintenance Superintendent or Supervisor. All materials required to facilitate repairs will be furnished by the Contractor.

Due to safety concerns, when existing railing within District 5 or 6, or on the Turnpike system is damaged, this contract will be invoked by the Bureau's Administrator, their duly authorized representative, or Maintenance Superintendent or Supervisor to repair the damaged guardrail that cannot be fixed by Turnpike or District personnel.

Although the bid costs exceeded the Department's estimate by 9.8%, the only bid received is felt to be reasonable for the work involved. Two of the guardrail repair items contributed to 100% of the overage. These items include mobilization and prices needed to be inflated to on two specified guardrail parts. The Department's estimate did factor this in however the price was still underestimated. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is 25% Turnpike Fund, 53% Highway Fund and 22% Betterment.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan
Commissioner
