Per the US Treasury funding for this program, immediate work is required on the development and submission of a plan for Homeowners Assistance Fund (HAF) funding in order to receive payment beyond the initial 10% payment (\$5,000,000, which NH Treasury has received). The HAF plan, due June 30, 2021 absent an extension, must describe in detail the needs of homeowners within NH, the design of each program that NH proposes to implement using HAF funds, performance goals, and information regarding NH's readiness to implement the programs. This aggressive timeline required NHHFA to engage in work prior to Governor and Council review and approval. Once the US Treasury approves New Hampshire's plan and releases additional funding, GOFERR will seek approval of an amendment to the subaward grant agreement.

The New Hampshire Homeowner Assistance Program will mitigate financial hardships suffered by New Hampshire residents associated with the coronavirus pandemic by providing funds to eligible entities for the purpose of preventing homeowner mortgage delinquencies, defaults, foreclosures, loss of utilities or home energy services, and displacements of homeowners experiencing financial hardship after January 21, 2020, through qualified expenses related to mortgages and housing. The grant funds must be used for allowable expenses incurred by NHHFA through September 30, 2025, unless an extension is allowed and granted by GOFERR in writing.

The New Hampshire Homeowner Assistance Program (NHHAP) will be administered by New Hampshire Housing Finance Authority, in collaboration with GOFERR. NHHFA will be responsible for the planning, design and implementation of the homeowner assistance program to mitigate financial hardships suffered by New Hampshire residents associated with the coronavirus pandemic by providing funds to eligible entities for the purpose of preventing homeowner mortgage delinquencies, defaults, foreclosures, loss of utilities or home energy services, and displacements of homeowners experiencing financial hardship after January 21, 2020, through qualified expenses related to mortgages and housing, that have not been, and are not anticipated to be, reimbursed from other federal, state or local assistance or COVID-19 relief from any other source.

NHHFA may contract with sub-grantees to provide consulting services for program design and other technical assistance, and to accept and process applications and payments for the program. The sub-grantees selected by NHHFA shall use the funding only to address New Hampshire Homeowner Assistance Program allowable costs incurred between June 1, 2021 and September 30, 2025, as allowed under the grant agreement.

In the even that Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Taylor Caswell  
Executive Director, GOFERR
