**EXPLANATION**

Annually, the U.S. Department of Housing and Urban Development (HUD) releases a Continuum of Care Program competition. As part of this competition, the Department (as the

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
Page 2 of 3

Collaborative Applicant for the Balance of State Continuum of Care) is required to issue a Request for Proposals based on the HUD application. HUD issues strict guidelines that specify the eligible activities, populations to be served, expected performance outcomes, and time frames for the competition. All project applications, new and renewal, are scored based on a Rank and Review Policy and scoring tools that are created to match the HUD Notice of Funding Availability. Project applications are ranked in order of score from highest to lowest, and are funded based on this ranking process. All project applications and individual project scores are reviewed by HUD who informs the Continuum of Care of the funding amount for all renewal projects. Funding for new projects is determined by the amount of bonus funding, if any, is made available by HUD.

The purpose of this request is for the ongoing provision of a Permanent Housing program that delivers rental assistance, service access, supportive services and associated administrative services to individuals and families who face chronic homelessness in order to improve the ability of participants to live more independently.

Approximately seven (7) households, comprised of individuals and families in Cheshire and Sullivan counties, will be served annually.

This program serves individuals and families experiencing homelessness who would otherwise likely be left in unsafe situations without permanent housing. Using the Housing First model, the Contractor develops Stabilization and Crisis Management plans to facilitate each participant's movement into sustained permanent housing. Additionally, the Contractor works to maximize each participant's ability to live more independently by providing connections to community and mainstream services.

The Department will monitor contracted services using the following reports and information:

- Annual reviews relating to compliance with administrative rules and contractual agreements.
- Semi-annual statistical reports, including various demographic information, as well as income and expense reports, to include match dollars.
- Data entry into the New Hampshire Homeless Management Information System, which is the primary reporting tool for outcomes and activities of shelter and housing programs.

As referenced in Exhibit C-1, Revisions to Standard Contract Language, Section 2., Renewal, of the original contract, the parties have the option to extend the agreement for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and Governor and Council approval. The Department is exercising its option to renew services for one (1) of the two (2) years available.

Should the Governor and Executive Council not authorize this request, there will be fewer permanent housing options available, leaving vulnerable individuals and families in unsafe and potentially deadly situations. Additionally, if data is not collected as required by the contract, the Department will be in non-compliance with federal regulations, which could result in a loss of federal funding for homeless and permanent housing supportive services.

Area Served: Cheshire and Sullivan counties

Source of Federal Funds: Assistance Listing Number #14.267, FAIN #NH0074L1T002008

and the Honorable Council

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

## **INDEPENDENT AUDITORS' REPORT**

### **Report on the Financial Statements**

We have audited the accompanying consolidated financial statements of Southwestern Community Services, Inc. (a New Hampshire nonprofit corporation) and related companies, which comprise the consolidated statements of financial position as of May 31, 2020 and 2019, and the related consolidated statements of cash flows, functional expenses, and notes to the consolidated financial statements for the years then ended, and the related consolidated statement of activities for the year ended May 31, 2020.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Southwestern Community Services, Inc. and related companies as of May 31, 2020 and 2019, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**Report on Summarized Comparative Information**

We have previously audited Southwestern Community Services, Inc. and related companies' 2019 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated November 5, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended May 31, 2019, is consistent, in all material respects, with the audited financial statements from which it has been derived.

**Other Information**

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedules of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the Schedules of Functional Revenues and Expenses, are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated October 5, 2020, on our consideration of Southwestern Community Services, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southwestern Community Services, Inc.'s internal control over financial reporting and compliance.

### **Basis of Presentation**

The financial statements of the Organization have been prepared in accordance with U.S. generally accepted accounting principles (US GAAP), which require the Organization to report information regarding its financial position and activities according to the following net asset classifications. The classes of net assets are determined by the presence or absence of donor-imposed restrictions.

**Net assets without donor restrictions:** Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's Board of Directors.

**Net assets with donor restrictions:** Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by passage of time. ### **Refundable Advances**

The Organization records grant and contract revenue as refundable advances until it is expended for the purpose of the grant or contract, at which time it is recognized as revenue.

### **In-Kind Support**

The Organization records various types of in-kind support including professional services and materials. Contributed professional services are recognized if the service received creates or enhances long-lived assets or requires specialized skill, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair value when received.

**Estimates**

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents.

The following table provides a reconciliation of cash and restricted cash reported within the statements of financial position that sum to the total in the statements of cash flows as of May 31:

	<u>2020</u>	<u>2019</u>
Cash, operations	\$ 1,400,153	\$ 882,187
Cash escrow and reserve funds	<u>809,897</u>	<u>849,334</u>
Total cash and restricted cash	<u>\$ 2,210,050</u>	<u>\$ 1,731,521</u>

**Accounts Receivable**

Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for uncollectible accounts was estimated to be zero at May 31, 2020 and 2019. The Organization has no policy for charging interest on overdue accounts.

**Notes Receivable**

The Organization had two notes receivable from Monadnock Economic Development Corporation (MEDC), an unrelated third party. The notes receivables were stated at the amount that was expected to be collected at year end. Interest was accrued at a rate of 4% annually. The balance of the notes receivable and related interest receivable was \$112,000 and \$45,547, respectively, at May 31, 2019. Payment on the notes receivable and accrued interest was realized during the year ended May 31, 2020.

**Current Vulnerability Due to Certain Concentrations**

The Organization is operated in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies. Such administrative directives, rules and regulations are subject to change by an act of Congress or Legislature. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change. For the years ended May 31, 2020 and 2019, approximately 69% of the Organization's total revenue was received from government agencies. The future nature of the Organization is dependent upon continued support from the government.

**Concentration of Credit Risk**

The Organization maintains its cash accounts in several financial institutions, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

**Property and Depreciation**

Purchased property and equipment are stated at cost at the date of acquisition or at fair value at the date of receipt in the case of donated property. The Organization generally capitalizes and depreciates all assets with a cost greater than \$5,000 and an expected life greater than one year. Depreciation is provided for using the straight-line method in amounts designed to amortize the cost of the assets over their estimated useful lives as follows:

Buildings and improvements	10 - 40 Years
Vehicles and equipment	5 - 10 Years
Furniture and fixtures	7 Years

The use of certain assets is specified under the terms of grants received from agencies of the federal government. These grants also place liens on certain assets and impose restrictions on the use of funds received from the disposition of the property. Depreciation expense for the years ended May 31, 2020 and 2019 totaled \$663,252 and \$580,115, respectively.

**Advertising**

The Organization expenses advertising costs as incurred.

**Revenue Recognition**

Amounts received from conditional grants and contracts received for specific purposes are generally recognized as income to the extent that related expenses and conditions are incurred or met. Conditional grants received prior to the conditions being met are reported as refundable advances. Contributions of cash and other assets are reported as with donor restrictions if they are received with donor imposed stipulations that limit the use of the donated assets. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as without donor restrictions.

**Income Taxes**

Southwestern Community Services, Inc. and SCS Management Corporation are exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and are not private foundations. As such, they are exempt from income tax on their exempt function income.

SCS Housing, Inc., SCS Development Corporation and SCS Housing Development, Inc. are taxed as corporations. SCS Housing Inc. has federal net operating loss carryforwards totaling \$1,230,191 and \$1,012,604 at May 31, 2020 and 2019, respectively. These loss carryforwards may be offset against future taxable income and, if not used, will begin to expire in 2027. SCS Development Corporation has federal net operating loss carryforwards totaling \$555 and \$579 at May 31, 2020 and 2019, respectively. These loss carryforwards may be offset against future taxable income and, if not used, will begin to expire in 2022.

The tax effects of the carryforwards as related to deferred tax assets is as follows as of May 31, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Tax benefit from loss carryforwards	\$258,457	\$212,768
Valuation allowance	<u>(258,457)</u>	<u>(212,768)</u>
Deferred tax asset	<u>\$ -</u>	<u>\$ -</u>

Drewsville, Jaffrey, Troy Senior, Winchester, Keene East Side, Swanzey, and Snow Brook are taxed as partnerships. Federal income taxes are not payable by, or provided for these entities. Earnings and losses are included in the partners' federal income tax returns based on their share of partnership earnings. Partnerships are required to file income tax returns with the State of New Hampshire and pay an income tax at the state's statutory rate.

Accounting Standard Codification No. 740, "Accounting for Income Taxes," established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. Management has analyzed the Organization's tax position taken on its income tax returns for all open years (tax years ending May 31, 2018 – 2020), and has concluded that no additional provision for income taxes is necessary in the Organization's financial statements.

### **Fair Value of Financial Instruments**

FASB ASC Topic No. 820-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with ASC 820-10, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, Topic 820-10 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820-10 are described as follows:

**Level 1** – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

**Level 2** - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

**Level 3** - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The carrying amount of cash, accounts receivables, prepaid expenses, accounts payable, accrued expenses, and refundable advances approximates fair value because of the short maturity of those instruments.

### **New Accounting Pronouncement**

In November 2016, the FASB issued ASU 2016-18, Statement of Cash Flows (230): Restricted Cash (ASU 2016-18). The amendments address diversity in practice that exists in the classification and presentation of changes in restricted cash on the statement of cash flows. The amendments require that a statement of cash flows explain the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. As a result, amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling beginning-of-period and end-of-period total amounts shown on the statement of cash flows. ASU 2016-18 is effective for the Organization's fiscal year ending May 31, 2020 and has been applied retrospectively to all periods presented.

During the year, the Organization adopted the provisions of FASB ASU 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (Topic 958). This accounting standard is meant to help not-for-profit entities evaluate whether transactions should be accounted for as contributions or as exchange transactions and, if the transaction is identified as a contribution, whether it is conditional or unconditional. ASU 2018-08 clarifies how an organization determines whether a resource provider is receiving commensurate value in return for a grant. If the resource provider does receive commensurate value from the grant recipient, the transaction is an exchange transaction and would follow the guidance under ASU 2014-09 (FASB ASC Topic 606). If no commensurate value is received by the grant maker, the transfer is a contribution. ASU 2018-08 stresses that the value received by the general public as a result of the grant is not considered to be commensurate value received by the provider of the grant. Results for reporting the years ending May 31, 2020 and 2019 are presented under FASB ASU 2018-08. The comparative information has not been restated and continues to be reported under the accounting standards in effect in those reporting periods. There was no material impact to the financial statements as a result of adoption. Accordingly, no adjustment to opening net assets was recorded.

#### **Functional Allocation of Expenses**

The costs of providing the various programs and other activities have been summarized on a functional basis. Natural expenses are defined by their nature, such as salaries, rent, supplies, etc. Functional expenses are classified by the type of activity for which expenses are incurred, such as management and general and direct program costs. Expenses are allocated by function using a reasonable and consistent approach that is primarily based on function and use. The costs of providing certain program and supporting services have been directly charged.

The Organization submits an indirect cost rate proposal for the paid leave, fringe benefits and other indirect costs to the U.S. Department of Health and Human services. The indirect cost rate is 11.96% effective from June 1, 2017 through May 31, 2020.

The Organization has a \$250,000 line of credit available to meet cash flow needs.

**NOTE 15** **PAYCHECK PROTECTION PROGRAM**

In April 2020, the Organization received loan proceeds in the amount of \$439,070 under the Paycheck Protection Program ("PPP"). The PPP, is established as part of the Coronavirus Aid, Relief and Economic Security Act ("CARES ACT"). If the Organization does not meet the loan criteria, the unforgiven portion of the PPP loan is payable over five years at an interest rate of 1%, with a deferral of payments for the first six months. As of the date of the audit report, the Organization has been using the proceeds for purposes consistent with the PPP. The Organization has 24 weeks beginning the date the proceeds were received to use up all the PPP proceeds. Through the date of this report, the Organization is on track to have the entire loan balance forgiven; however, the final determination of this has not occurred.

**NOTE 16** **RECLASSIFICATION**

Certain amounts and accounts from the prior year's financial statements were reclassified to enhance comparability with the current year's financial statements.

**NOTE 17** **SUBSEQUENT EVENTS**

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through October 5, 2020, the date the financial statements were available to be issued.

Subsequent to year end, the Organization obtained approval from the Small Business Administration for an Economic Injury Disaster Loan (EIDL). The terms of the agreement allow the Organization to draw up to \$150,000. Interest will accrue at the rate of 2.75% per annum and will accrue only on funds actually advanced from the date(s) of each advance. Installments, including principal and interest, of \$641 monthly will begin in June 2021. The balance of principal and interest will be payable in June 2050. The loan is secured by the Small Business Administration. The schedule of maturities on this loan at May 31, 2020 is as follows:

Year Ending	<u>Amount</u>
<u>May 31</u>	
2021	\$ -
2022	3,201
2023	3,585
2024	3,685
2025	3,788
Thereafter	<u>135,741</u>
Total	<u>\$ 150,000</u>

The impact of the novel coronavirus (COVID-19) and measures to prevent its spread are affecting the Organization's operations. The significance of the impact of these disruptions, including the extent of their adverse impact on the Organization's financial operational results, will be dictated by the length of time that such disruptions continue and, in turn, will depend on the currently unknowable duration of the COVID-19 pandemic and the impact of governmental regulations that might be imposed in response to the pandemic. The Organization's business could also be impacted should the disruptions from COVID-19 lead to changes in consumer behavior. COVID-19 also makes it more challenging for management to estimate future performance of the businesses, particularly over the near to medium term.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of  
Southwestern Community Services, Inc.  
Keene, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Southwestern Community Services, Inc. (a New Hampshire nonprofit corporation) and related companies, which comprise the consolidated statement of financial position as of May 31, 2020, and the related consolidated statements of activities, cash flows, and functional expenses for the year then ended, and the related consolidated notes to the financial statements, and have issued our report thereon dated October 5, 2020.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the consolidated financial statements, we considered Southwestern Community Services, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

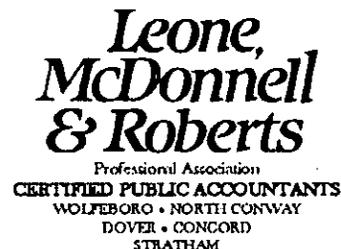

As part of obtaining reasonable assurance about whether Southwestern Community Services, Inc.'s consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE  
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors of  
Southwestern Community Services, Inc.  
Keene, New Hampshire

**Report on Compliance for Each Major Federal Program**

We have audited Southwestern Community Services, Inc.'s (a New Hampshire nonprofit corporation) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Southwestern Community Services, Inc.'s major federal programs for the year ended May 31, 2020. Southwestern Community Services, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

**Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for each of Southwestern Community Services, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southwestern Community Services, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Southwestern Community Services, Inc.'s compliance.

### **Opinion on Each Major Federal Program**

In our opinion, Southwestern Community Services, Inc. complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended May 31, 2020.

### **Report on Internal Control Over Compliance**

Management of Southwestern Community Services, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southwestern Community Services, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The purpose of this request is to adjust the price limitation to reflect the amount of funding granted by the Department of Housing and Urban Development (HUD) to provide a Permanent Housing program that delivers rental and leasing assistance, service access, supportive services and associated administrative services to individuals and families who face chronic homelessness in order to improve the ability of participants to live more independently.

This program serves individuals and families experiencing homelessness who would otherwise likely be left in unsafe situations without permanent housing. Approximately seven (7) households experiencing homelessness in Cheshire and Sullivan counties will be served from January 1, 2021 to December 31, 2021.

Using the Housing First model, vendors develop Stabilization and Crisis Management plans and facilitate each participant's movement into sustained permanent housing. Additionally, vendors work to maximize each participant's ability to live more independently by providing connections to community and mainstream services.

The Department will monitor contracted services using the following tools:

- Annual reviews relating to compliance with administrative rules and contractual agreements.
- ~~Semi-annual statistical reports, including various demographic information and income and expense reports, to include match dollars.~~
- All vendors funded through these contracts will report through the timely and accurate entry of data into the New Hampshire Homeless Management Information System. This will be the primary reporting tool for outcomes and activities of shelter and housing programs.

As referenced in Exhibit C-1, Revisions to Standard Contract Language, Section 2., Renewal, of the original contract, the parties have the option to extend the agreements for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and Governor and Council approval. The Department is not exercising its option to renew at this time.

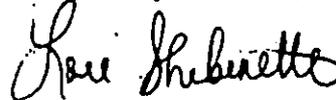

Should the Governor and Council not authorize this request, the Department may be liable for funding that has not been made available for services described in the contract.

Area served: Statewide

Source of Funds: CFDA #14.267, FAIN # NH0074L1T001907.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

**EXPLANATION**

These requests are sole source because federal regulations require the Department to identify vendors with whom the Department will contract during the annual, federal Continuum of Care Program renewal application process, prior to the grant award being issued. The U.S. Department of Housing and Urban Development (HUD) reviews the applications and subsequently awards funding based on its criteria. The application process and timing of grant terms do not align with state or federal fiscal years. The start date of a grant is based on the month in which each grant's original federal agreement was issued. This results in Continuum of Care Program grant start dates, and subsequent renewal approval requests, occurring in various months throughout the year.

The purpose of these requests is to provide Permanent Housing programs that deliver rental and leasing assistance, service access, supportive services and associated administrative services to individuals and families who face chronic homelessness in order to improve the ability of participants to live more independently.

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
Page 2 of 3

Collectively, these vendors will provide permanent housing and supportive services to a minimum of twenty-six (26) participants from January 1, 2020 through December 31, 2021.

The attached agreements represent two (2) of thirty (30) total annual agreements, many of which have renewal dates dispersed throughout the calendar year. The thirty (30) agreements are with vendors who are located throughout the state to ensure ongoing, statewide delivery of housing services through New Hampshire's Continuum of Care Program.

Using the Housing First model and the development of Stabilization and Crisis Management plans, the vendors will facilitate participants' movement into sustained permanent housing while providing connections with community services to maximize the participant's ability to live more independently.

HUD established the Continuum of Care concept to support communities in their efforts to address the problems of housing instability and homelessness in a coordinated, comprehensive, and strategic fashion. The Continuum of Care serves three main purposes:

- (1) A strategic planning process for addressing homelessness in the community.
- (2) A process to engage broad-based, community-wide involvement in addressing homelessness on a year-round basis.
- (3) An opportunity for communities to submit an application to the U.S. Department of Housing and Urban Development for resources targeting housing and support services for individuals and families who face homelessness.

The Bureau ensures contract compliance and vendor performance in the following ways:

- (1) Annual compliance reviews are performed and include the collection of data relating to compliance with administrative rules and contractual agreements.
- (2) Statistical reports are submitted by the vendor on a semi-annual basis which include various demographic information and income and expense reports, including match dollars.
- (3) Each vendor is required to maintain timely and accurate data entry in the New Hampshire Homeless Management Information System, which is the primary reporting tool for outcomes and activities of shelter and housing programs funded through these contracts.

As referenced in Exhibit C-1 of the attached two (2) year agreement with Southwestern Community Services, Inc., the parties have the option to extend contract services for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council.

As evident in Exhibit C-1 of the proposed agreement with FIT/NHNNH, Inc., there are no options for contract renewal.

Should the Governor and Executive Council not authorize these requests, supportive services for individuals and families who face homelessness in the areas served by the vendors may not be available in their communities, additionally there may be an increase in demand for services placed upon each region's local welfare authorities. It may also result in individuals and families becoming homeless.

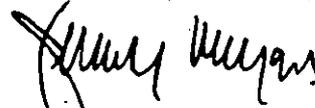

Area served: Statewide, a minimum of twenty-six (26) individuals and/or families will be served collectively between the two proposed agreements.

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council

However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
