

Victoria F. Sheehan
Commissioner

THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

William Cass, P.E.
Assistant Commissioner

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

Bureau of Construction
September 10, 2021

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with Monoko, LLC (Vendor 281328) of Tarpon Springs, FL, on the basis of a low bid of \$1,571,000.00 for bridge painting of five (5) steel beam bridges along I-93 in Franconia, from the date of Governor and Council approval through December 16, 2022, unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available in State Fiscal Years 2022 and 2023, as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2022</u>	<u>FY 2023</u>
04-96-96-963515-3054 Consolidated Federal Aid		
400-500870 Highway Contract Payments	\$1,040,787.60	\$530,212.40

2. Further authorize that a contingency in the amount of \$78,550.00 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 5% of the contract amount.

Funding is available as follows:	<u>FY 2023</u>
04-96-96-963515-3054 Consolidated Federal Aid	
400-500870 Highway Contract Payments	\$78,550.00

EXPLANATION

This project is part of the State's Ten Year Transportation Improvement Plan. This project consists of painting five steel beam bridges along I-93 at three bridge sites in Franconia, N.H.

Site	Town	Route	Over	Br. No.	I-93 MM
1	Franconia	US 3 SB Ramp	I-93 NB, SB (at Exit 35)	128/104	112.69
2	Franconia	I-93 NB, SB	NH 141 (at Exit 36)	116/110, 116/109	113.19
3	Franconia	I-93 NB, SB	Coal Hill Rd, Gale R, Plantation Rd	078/116, 077/115	115.56

The contract requires the Contractor to work within a lane-closure work zone on the roadway beneath each bridge, to blast and paint all steel bridge beams, and to perform pre-project collection and removal of paint chips at each site. The work includes environmental protection and compliance with lead-bearing paint (LBP) removal regulations.

The 1959 SB/1972 NB steel bridges need painting to extend their service life.

The proposed contingency amount is 5% of the contract amount. This is to account for the risks associated with possible weather related delays, traffic control issues, and structural deficiencies needing repair.

Although the bid costs exceeded the Department's estimate by 2.64% the low bid of 6 bids received is felt to be reasonable for the work involved. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is: 80% Federal (Bridg-T1-2 M&P) with an anticipated utilization of Turnpike Toll credits as the State's 20% match, effectively using 100% Federal Funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan
Commissioner

VFS/pcj

Department Estimate: \$1,530,600.00
Contract Amount: \$1,571,000.00
Over Estimate: \$ 40,400.00

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: This project consists of painting five steel beam bridges along I-93 at three bridge sites in Franconia, N.H.

Site	Town	Route	Over	Br. No.	I-93 MM
1	Franconia	US 3 SB Ramp	I-93 NB, SB (at Exit 35)	128/104	112.69
2	Franconia	I-93 NB, SB	NH 141 (at Exit 36)	116/110, 116/109	113.19
3	Franconia	I-93 NB, SB	Coal Hill Rd, Gale R, Plantation Rd	078/116, 077/115	115.56

The contract requires the Contractor to work within a lane-closure work zone on the roadway beneath each bridge, to blast and paint all steel bridge beams, and to perform pre-project collection and removal of paint chips at each site. The work includes environmental protection and compliance with lead-bearing paint (LBP) removal regulations.

FEDERAL FUNDING: 80% (Bridg-T1-2 M&P) with anticipated utilization of Turnpike Toll Credits for the State's 20% match

CONTINGENCY: The proposed contingency is 5% of the contract amount. This is to account for the risks associated with possible weather related delays, traffic control issues, and structural deficiencies needing repair.

PROJECT INITIATED: This project is part of the Bridge Tier 1-2 Maintenance & Preservation Program.

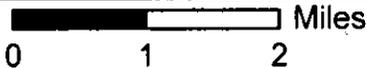

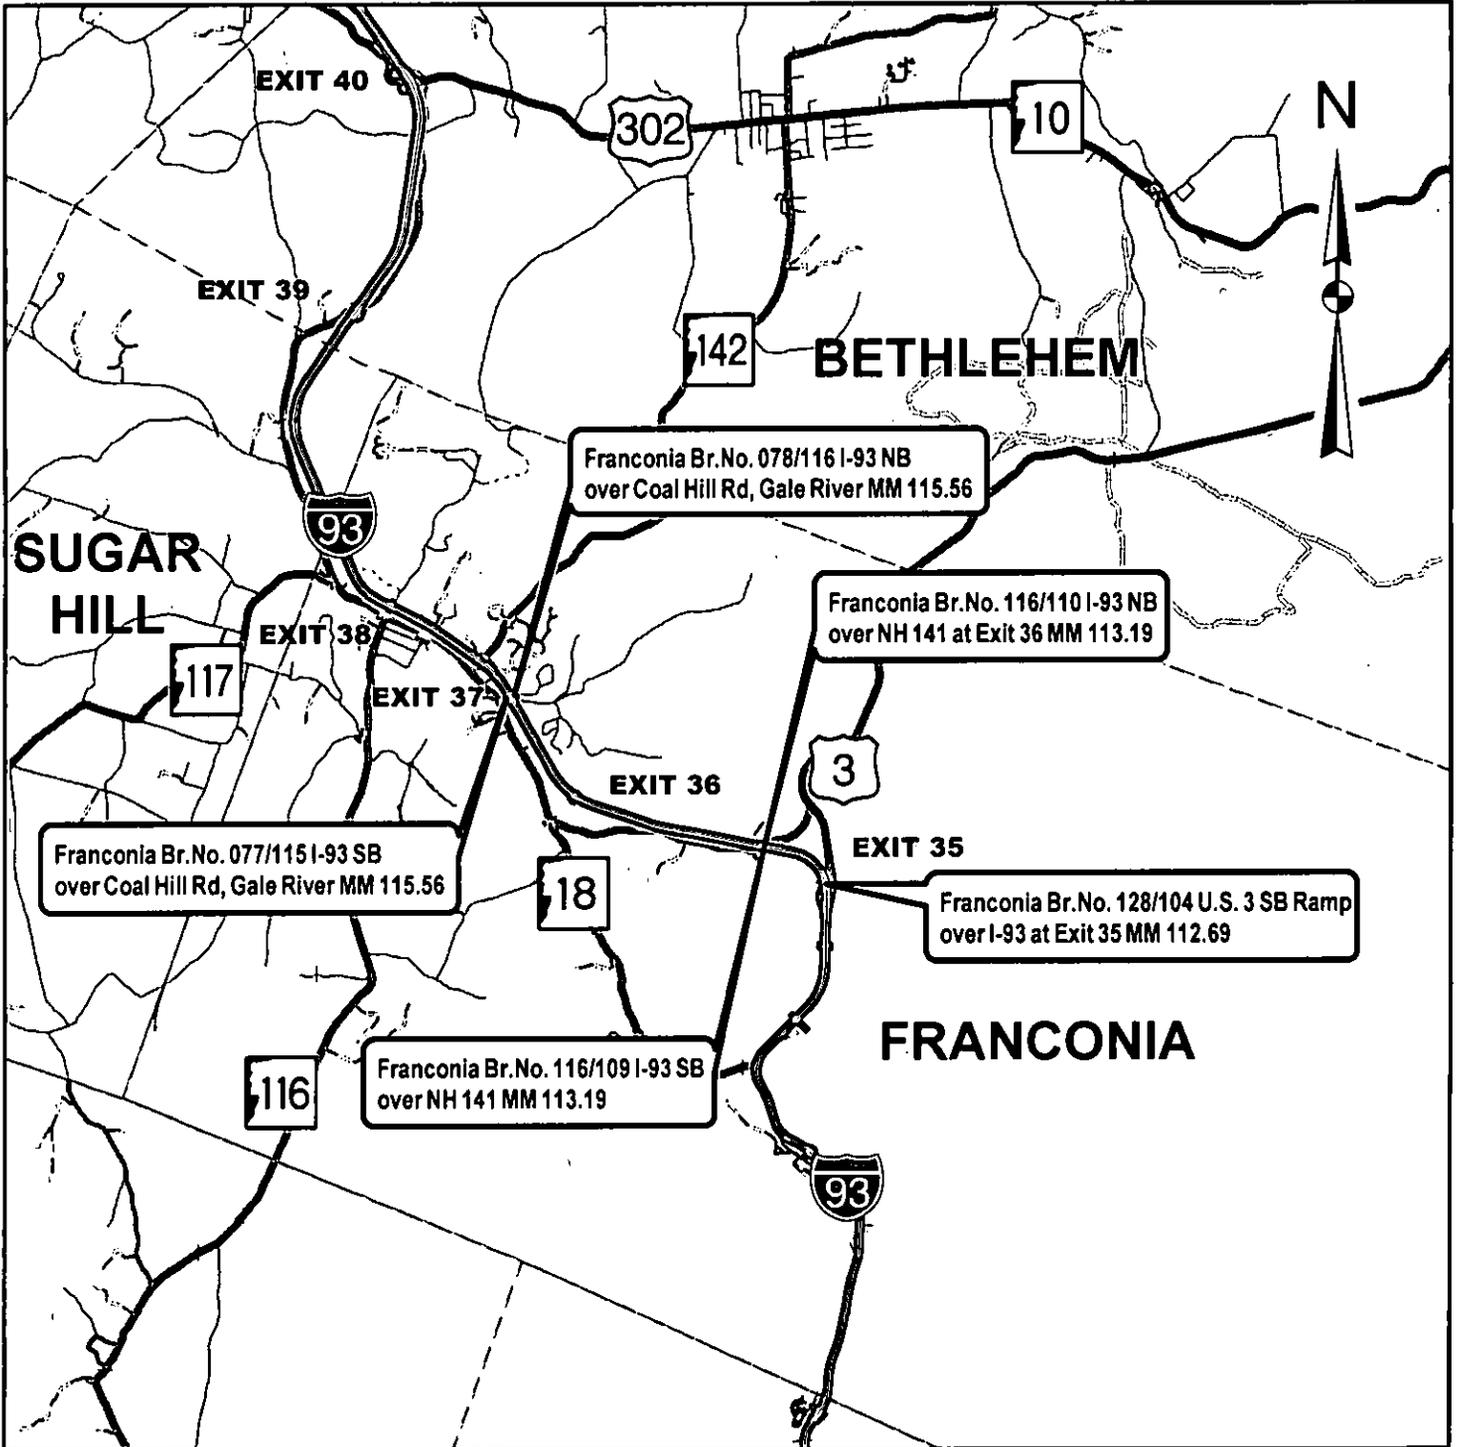

PROJECT EXPLANATION: The 1959 SB/1972 NB steel bridges need painting to extend their service life.

TRAFFIC IMPLICATIONS:

1. All lanes and ramps of Interstate 93 northbound (NB) and southbound (SB) traffic shall be maintained throughout the construction period, except as described herein at Site 1.
2. Lane closures on I-93 NB, SB are required to perform the work at Site 1 (Exit 35), as well as on local roadways at Site 1, 2 & 3, as described herein. Reduce I-93 speed from 70 mph to 60 mph during temporary lane closures at Site 1. Daytime I-93 lane closures are permitted from 7am-7pm during the period April 1 to November 1.
3. Site 1 (Exit 35) shall maintain one 12-ft. lane of one-way traffic on US 3 SB Ramp, while providing a temporary shoulder-closure work zone 24/7 protected with portable concrete barrier-bridge, Item 606.41741. The lane-closure work zone is provided for the Contractor's equipment to support operations in all four bridge spans.
4. Site 1 (Exit 35) requires temporary I-93 NB, SB lane closures on a daily basis. A rapid deployment unit is required and shall only operate on I-93 NB, SB during approved times and within approved lane closures, and otherwise be removed from the roadway at the conclusion of each work shift and normal traffic lanes restored.
5. Site 2 (Exit 36) shall maintain one lane of alternating two-way traffic on NH 141 with a temporary lane closure work zone maintained 24/7 with portable traffic signals. There is no impact to I-93 NB, SB traffic at Site 2.
6. Site 3 shall maintain one lane of alternating two-way traffic on Coal Hill Road and Plantation Road with a temporary lane closure work zone maintained 24/7 with portable traffic signals. There is no impact to I-93 NB, SB traffic at Site 3.
7. Site 3 lane-closure work zones on Coal Hill Road and Plantation Road are provided for the Contractor's equipment to support operations for both roadway spans and the river span.

FINAL COMPLETION DATE: December 16, 2022

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)
10/04/2021

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).
