DEPARTMENT OF TRANSPORTATION

Victoria F. Sheehan
Commissioner

William Cass, P.E.
Assistant Commissioner

His Excellency, Governor Christopher T. Sununu
and the Honorable Executive Council
State House
Concord, New Hampshire 03301

Division of Operations
October 28, 2021

REQUESTED ACTION

Authorize the Department of Transportation to enter into a contract amendment with TELUS Communications (U.S.) INC. (Vendor #318232) of St. John's, NL A1A 4Z9 Canada, by increasing the contract amount by \$177,412.70 from \$364,858.05 to \$542,270.75 for Automatic Vehicle Location System (AVL) services for the Bureau of Turnpikes, Highway Maintenance, and Mechanical Services within the Division of Operations upon approval from Governor and Council through June 30, 2022. 100% Highway Funds

Funds to support this request are available in the following accounts in State FY 2022:

	<u>FY 2022</u>
04-096-960515-3005 Technology Hardware 037-500171	\$57,500.00
04-096-960515-2928 Technology Hardware 037-500171	\$50,000.00
04-096-960515-2928 Maintenance Other Than Building 024-500225	\$48,468.70
04-096-960515-3005 Maintenance Other Than Building 024-500225	\$21,444.00

EXPLANATION

On August 24, 2016, Governor and Council approved the original contract with Blue Ocean Satellite Systems Inc., now TELUS Communications, contract to perform design, testing, installation and operations and maintenance services for the Automatic Vehicle Location System (AVL) to be effective

for a 4-year period through June 30, 2020. The contract also included the option at the sole discretion of the State to extend for up to two 2-year terms up to but not beyond June 30, 2024.

On June 24, 2020, Governor and Council approved Amendment #1 to the Agreement (Contract #2016-016, State Contract #5000971) between the State of New Hampshire Department of Transportation and TELUS Communications (U.S.) Inc. (Vendor# 318232) for installation and operations and maintenance services of our AVL's to be effective through June 30, 2022.

With the approved FY 2022 budget, additional funds were provided to add an additional 128 AVL units to our fleet to include the cost of the units, hardware, installation, website support, and monthly cell data charges for FY 2022. The AVL's consist of a 24/7 web based monitoring software that provides real-time tracking, reports and alerts for Sensor/Input Monitoring, Spreader Control Integration, Geofencing, Engine information, and Navigation. AVL's will allow information to be pass onto the TSMO Bureau to be shown on their video wall displaying their locations and type of operations (plowing, spreading of material with their rate and type of material).

The funding for the TELUS Communications Technology Hardware portion of the contract will cover the following:

- Additional AVL units on 128 Highway Maintenance trucks to track fuel usage, idling and winter maintenance activities.

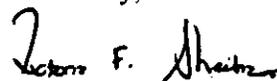

The funding for the TELUS Communications operations and maintenance portion of the contract will cover the following:

- Website support for all 283 vehicles equipped with AVLs.
- Installation fees for 51 vehicles.
- Monthly cell data charges for all 283 vehicles.

The contract has been approved by the Attorney General as to form and execution. Funding for FY 2022 is available. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Services' Office; and subsequent to Governor and Council approval will be on file at the Department of Transportation.

It is respectfully requested that this resolution be approved.

Sincerely,

Victoria F. Sheehan
Commissioner

Dear Commissioner Sheehan:

This letter represents formal notification that the Department of Information Technology (DoIT) has approved your agency's request to enter into a contract amendment with TELUS Communications (U.S.) Inc. as described below and referenced as DoIT No. 20016-016B.

This is a request to amend a contract with TELUS Communications for additional Automatic Vehicle Location (AVL) units, including the cost of hardware, operation and maintenance and training.

The Price Limitation will increase by \$177,412.70 from \$364,858.05 to \$542,270.75, effective upon Governor and Executive Council approval through June 30, 2022.

A copy of this letter should accompany your Agency's submission to Governor and Executive Council for approval.

Sincerely,

Denis Goulet

Automatic Vehicle Location System (AVL)
CONTRACT AMENDMENT 2**

SECOND CONTRACT AMENDMENT

This Second Contract Amendment ("Second Amendment") is entered into by and between the State of New Hampshire, acting by and through the Department of Transportation (hereinafter referred to as the "Department" or "NHDOT"), and TELUS Communications (U.S.) Inc. (Vendor# 318232) (hereinafter referred to as "Vendor" or "TELUS Communications"), collectively referred to as ("the Parties").

WHEREAS, pursuant to an Agreement approved by Governor and Council on August 24, 2016, Item #25 (herein after referred to as the "Agreement"), Blue Ocean Satellite Systems Inc. agreed to supply certain services upon the terms and conditions specified in the Agreement and the Department agreed to manage the maintenance services for the Automatic Vehicle Location System (AVL);

WHEREAS, pursuant to Provision 18.7 of the Form P-37 to the Agreement, the Agreement may be modified or amended only by a written instrument executed by the parties thereto and approved by the Governor and Council;

WHEREAS, the Governor and Council approved an amendment #1 to the Agreement (Contract #2016-016, State Contract #5000971) between the State of New Hampshire Department of Transportation and TELUS Communications (U.S.) Inc. (Vendor# 318232) on June 24, 2020 Item #48, to be effective through June 30, 2022.

WHEREAS, TELUS Communications and the Department have agreed to amend the Agreement:

NOW THEREFORE, in consideration of the foregoing, and the covenants and conditions contained in the Agreement and set forth herein, the parties hereto do agree as follows:

1. General Provisions of the Agreement (Form P-37) are hereby amended as follows:

- a. On Form P-37, amend Section 1.8 of the General Provisions of the Agreement by deleting the current Price Limitation of \$364,858.05 and adding a new price limitation of \$542,270.75

2. Section 2.2 Non-Exclusive Not to Exceed Contract of the General Provisions, third paragraph shall be replaced as follows:

Notwithstanding any other provisions of the Contract to the contrary, in no event shall total payments under the Contract exceed \$542,270.75.

3. Under Exhibit B Price and Payment Schedule of the agreement is hereby amended as follows:

- 1. Under Section 1 Payment Schedule, Section 1.1 Not to Exceed, replace the paragraph as follows:

CONTRACT AMENDMENT 2

This is a Not to Exceed (NTE) with a maximum contract value of \$542,270.75 for the period between the Effective Date through June 30, 2022. TELUS Communications shall be responsible for performing its obligations in accordance with the Contract. This Contract will allow TELUS Communications to invoice the State for the following activities, Deliverables, or milestones appearing in the price and payment tables below.

2. Under section 1.2 Cost Summary Detail replace FY22 column with the following tables:

2.1 Table 1.2 Cost Summary Details

David M. Scanlan
Deputy Secretary of State

TELUS COMMUNICATIONS (U.S.) INC.
(a Delaware Corporation)
UNANIMOUS WRITTEN CONSENT IN LIEU OF A MEETING OF
THE BOARD OF DIRECTORS

Pursuant to the provisions of Section 141 of the Delaware General Corporation Law, the undersigned, being all the directors (the "Directors") of TELUS Communications (U.S.) Inc., a Delaware corporation (the "Corporation"), hereby adopt the following resolutions in lieu of holding a meeting of the Board of Directors (the "Board"), as of October 21, 2021 and hereby direct that this written consent be filed in the records book of the Corporation.

WHEREAS the Corporation wishes to enter into a second contract amendment agreement (the "Second Amendment (Contract RFP-2016-016)") with the State of New Hampshire, acting by and through the Department of Transportation, which would amend an Agreement approved by Governor and Council (State of New Hampshire) on August 24, 2016 pertaining to RFP 2016-016, Automatic Vehicle Location System (AVL), to reflect certain amendments as set forth therein.

BE IT RESOLVED THAT:

1. The entering into by the Corporation of the Second Amendment (Contract RFP-2016-016), substantially in the form of the draft submitted to the directors for review, is authorized and approved.
2. Erin Emmott or any other director or officer of the Corporation (the "Authorized Signatory") is authorized and directed, for and on behalf of the Corporation, to finalize, execute and deliver the Second Amendment (Contract RFP-2016-016) with such additions, deletions or other changes as such Authorized Signatory may approve, such approval to be conclusively evidenced by such Authorized Signatory's execution and delivery of the Agreement.
3. The Authorized Signatory is authorized and directed for and on behalf of the Corporation to negotiate, finalize, execute and deliver all such further documents, agreements, authorizations, certificates or other instruments, and to take any and all such further action, including, without limitation, the execution and delivery of any amendments, revisions or supplements to the Second Amendment (Contract RFP-2016-016) as such Authorized Signatory in his or her sole discretion may determine necessary or desirable in connection with the present resolutions, such determination to be conclusively evidenced by such Authorized Signatory's execution and delivery of any such documents, agreements, authorizations, certificates or other instruments and the taking of any such action.
4. These resolutions may be executed in counterparts and such counterparts together shall constitute a single instrument. Delivery of an executed counterpart of these resolutions by electronic means shall be equally effective as delivery of a manually executed counterpart hereof and notwithstanding the date of execution shall be deemed to be effective as of October 21, 2021.

IN WITNESS WHEREOF, the undersigned Directors hereby consent to the foregoing resolutions as of the October 21, 2021. This resolution may be executed in counterparts, including by electronic signature and transmission. Each such counterpart shall be deemed an original and all of such counterparts together shall constitute one and the same instrument.

Re: TELUS Insurance Information

This letter is provided as evidence of property insurance for TELUS Corporation and its subsidiaries and/or associated companies and is in lieu of a certificate of insurance.

The company and its subsidiaries, divisions and partnerships maintain a comprehensive program of large risk retentions (self-insurance) and commercial insurance. It is TELUS' practice to assure that its business interests as well as its obligations under partnerships and/or contracts are protected. Losses that fall within the deductible levels, including those for which TELUS is contractually liable, are covered by the financial resources of TELUS.

If you have any questions, please contact TELUS Risk Management.

EXPLANATION

On August 24, 2016, Governor and Council approved the original contract with Blue Ocean Satellite Systems Inc., now TELUS Communications, contract to perform design, testing, installation and operations and maintenance services for the Automatic Vehicle Location System (AVL) to be effective for a 4-year period through June 30, 2020. The contract also included the option at the sole discretion of the State to extend for up to two 2-year terms up to but not beyond June 30, 2024.

The above referenced contract involves engaging TELUS Communications under a 2-year contract extension to perform the installation and maintenance services for Automatic Vehicle Location System (AVL). The original request specifically addresses the procurement of the TELUS Communications and the related maintenance services under a Request for Proposals (RFP 2016-016).

This request is for a two-year continuation of TELUS Communications maintenance contract for the AVL system covering FY 2021 and FY 2022. This is the first of two 2-year extensions that was included in the original contract.

The funding for the TELUS Communications Technology Hardware portion of the contract will cover the following:

- Additional AVL units for Turnpikes 6 Patrol Foreman pickups to track location.

- Additional AVL units on 37 Highway Maintenance dump trucks to track fuel usage and idling as required by the Volkswagen Environmental Mitigation Trust Funds that partially funded the purchase of these trucks.

The funding for the TELUS Communications operations and maintenance portion of the contract will cover the following:

- Website support for all 153 vehicles equipped with AVLs.
- Installation fees for eight vehicles.
- New wires and cables for 19 vehicles to be reinstalled.
- Monthly cell data charges for all 153 vehicles.

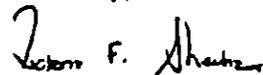

The funding for the TELUS Communications Employee Training will cover the following:

- On-site training for employees once a year during the terms of the 2-year extension.

The contract has been approved by the Attorney General as to form and execution. Funding for 2020 and 2021 is available and FY 2022 is contingent upon the availability and continued appropriation of funds. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Services' Office; and subsequent to Governor and Council approval will be on file at the Department of Transportation.

It is respectfully requested that this resolution be approved.

Sincerely,

Victoria F. Sheehan
Commissioner

Dear Commissioner Sheehan:

This letter represents formal notification that the Department of Information Technology (DoIT) has approved your agency's request to enter into a contract amendment with TELUS Communications (U.S.) Inc. as described below and referenced as DoIT No. 20016-016A.

This is a request for approval to enter into a contract amendment for the continuation of the Automatic Vehicle Location (AVL) system. Contract ownership is changing from Blue Ocean Satellite Systems, Inc., to TELUS Communications (U.S.) Inc. This amendment will also provide for website support for all vehicles equipped with AVLs, installation for several vehicles, and monthly data charges for all vehicles.

The contract amendment increases the contract price by \$94,785.39 from \$270,072.66 to \$364,858.05, and extends the completion date from June 30, 2020 to June 30, 2022, effective upon the date of Governor and Executive Council approval through June 30, 2022.

A copy of this letter should accompany your Agency's submission to Governor and Executive Council for approval.

Sincerely,

Denis Goulet

FIRST CONTRACT AMENDMENT

This First Contract Amendment ("First Amendment") is entered into by and between the State of New Hampshire, acting by and through the Department of Transportation (hereinafter referred to as the "Department" or "NHDOT"), and TELUS Communications (U.S.) Inc. (Vendor# 318232) (hereinafter referred to as "Vendor" or "TELUS Communications"), collectively referred to as ("the Parties").

WHEREAS, pursuant to an Agreement approved by Governor and Council on August 24, 2016, (herein after referred to as the "Agreement"), Blue Ocean Satellite Systems Inc. agreed to supply certain services upon the terms and conditions specified in the Agreement and the Department agreed to manage the maintenance services for the Automatic Vehicle Location System (AVL).

WHEREAS, pursuant to an Assignment Agreement between Blue Ocean Satellite Systems Inc. and TELUS Communications, Blue Ocean Satellite Systems Inc. assigns all of its right, interest and responsibilities in the Agreement to TELUS Communications;

WHEREAS, pursuant to Provision 18.7 of the Form P-37 to the Agreement, the Agreement may be modified or amended only by a written instrument executed by the parties thereto and approved by the Governor and Council;

WHEREAS, TELUS Communications and the Department have agreed to amend the Agreement:

NOW THEREFORE, in consideration of the foregoing, and the covenants and conditions contained in the Agreement and set forth herein, the parties hereto do agree as follows:

1. General Provisions of the Agreement (Form P-37) are hereby amended as follows:

- a. Contract Amendment is an increase in original contract, update new ownership, and for a two (2) year extension for State Fiscal Years: 2021 and 2022 for maintenance service for the Automatic Vehicle Location System (AVL) extension.
- b. On Form P-37, amend Section 1.3 of the General Provision of the Agreement by deleting the current Contract Name of Blue Ocean Satellite Systems Inc. and adding an updated contractor name of TELUS Communications (U.S.) Inc.
- c. On Form P-37, amend Section 1.4 of the General Provisions of the Agreement by deleting the current Contractor Address of 67 Majors Path, Suite 101, St. John's, NL A1A 4Z9 Canada and adding an updated address of c/o CT Corporation, 1209 Orange Street, Wilmington, DE 19801
- a. On Form P-37, amend Section 1.7 of the General Provisions of the Agreement by deleting the current Completion Date of June 30, 2020 and adding a new completion date of June 30, 2022.
- b. On Form P-37, amend Section 1.8 of the General Provisions of the Agreement by deleting the current Price Limitation of \$270,072.66 and adding a new price limitation of \$364,858.05

CONTRACT AMENDMENT 1

Attachment E

This Assignment and Assumption Agreement ("Assignment") is made as of this 1st day of July, 2020 (the "Effective Date"), by and among TELUS Communications (U.S.) Inc, 1209 Orange Street, Wilmington, DE 19801 ("Assignee") and Blue Ocean Satellite Systems Inc., 67 Majors Path, Suite 101, St. John's, NL A1A 4Z9 Canada ("Assignor").

RECITALS

WHEREAS, the State of New Hampshire and the Assignor entered into an agreement (the "Agreement") for Automatic Vehicle Location (AVL) System on August 24, 2016, with Agreement set to expire June 30, 2020; and

WHEREAS, as of the Effective Date, Assignor desires to transfer all of its interest, rights and obligations in and to the Agreement to Assignee and Assignee desires to assume all obligations of Assignor under the Agreement; and

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

Assignment of Agreement

- a. As of the Effective Date, Assignor HEREBY ASSIGNS AND TRANSFERS unto Assignee, all of Assignor's interest, rights and obligations in and to the Agreement to Assignor.
- b. Assignee hereby unconditionally assumes and agrees to perform any and all of the obligations and liabilities of Assignor under the Agreement accruing from and after the Effective Date.
- c. As of the Effective Date, all references to Assignor as used in the Agreement shall refer to Assignee.
- d. Except as modified by this Assignment, the Agreement shall remain in force and effect in accordance with its terms.

TELUS COMMUNICATIONS (U.S.) INC.
(a Delaware Corporation)
**UNANIMOUS WRITTEN CONSENT IN LIEU OF A MEETING OF
THE BOARD OF DIRECTORS**

Pursuant to the provisions of Section 141 of the Delaware General Corporation Law, the undersigned, being all the directors (the "Directors") of TELUS Communications (U.S.) Inc., a Delaware corporation (the "Corporation"), hereby adopt the following resolutions in lieu of holding a meeting of the Board of Directors (the "Board"), as of June 2, 2020, and hereby direct that this written consent be filed in the records book of the Corporation.

WHEREAS pursuant to an Agreement approved by the Governor and Council of the State of New Hampshire on August 24, 2016, (the "Original Agreement"), Blue Oceans Satellite Systems Inc. agreed to supply certain services upon the terms and conditions specified in the Agreement and the Department agreed to manage the maintenance services for the Automatic Vehicle Location System (AVL).

WHEREAS Blue Oceans Satellite Systems Inc. intends to assign all of its right, interest and responsibilities in the Original Agreement to the Corporation.

WHEREAS the Corporation wishes to enter into a contract amendment agreement (the "First Amendment (Contract RFP-2016-06)") with the State of New Hampshire, acting by and through the Department of Transportation, which would amend the Original Agreement to reflect the above change and to make certain additional amendments.

BE IT RESOLVED THAT:

1. The entering into by the Corporation of the First Amendment (Contract RFP-2016-06), substantially in the form of the draft submitted to the directors for review, is authorized and approved.
2. Erin Emmott or any other director or officer of the Corporation (the "Authorized Signatory") is authorized and directed, for and on behalf of the Corporation, to finalize, execute and deliver the First Amendment (Contract RFP-2016-06) with such additions, deletions or other changes as such Authorized Signatory may approve, such approval to be conclusively evidenced by such Authorized Signatory's execution and delivery of the Agreement.
3. The Authorized Signatory is authorized and directed for and on behalf of the Corporation to negotiate, finalize, execute and deliver all such further documents, agreements, authorizations, certificates or other instruments, and to take any and all such further action, including, without limitation, the execution and delivery of any amendments, revisions or supplements to the First Amendment (Contract RFP-2016-06) as such Authorized Signatory in his or her sole discretion may determine necessary or desirable in connection with the present resolutions, such determination to be conclusively evidenced by such Authorized Signatory's execution and delivery of any such documents, agreements, authorizations, certificates or other instruments and the taking of any such action.
4. These resolutions may be executed in counterparts and such counterparts together shall constitute a single instrument. Delivery of an executed counterpart of these resolutions by electronic means shall be equally effective as delivery of a manually executed counterpart hereof and notwithstanding the date of execution shall be deemed to be effective as of June 2, 2020.

IN WITNESS WHEREOF, the undersigned Directors hereby consent to the foregoing resolutions as of the 2nd day of June, 2020. This resolution may be executed in counterparts, including by electronic signature and transmission. Each such counterpart shall be deemed an original and all of such counterparts together shall constitute one and the same instrument.

Re: TELUS Insurance Information

This letter is provided as evidence of property insurance for TELUS Corporation and its subsidiaries and/or associated companies and is in lieu of a certificate of insurance.

The company and its subsidiaries, divisions and partnerships maintain a comprehensive program of large risk retentions (self-insurance) and commercial insurance. It is TELUS' practice to assure that its business interests as well as its obligations under partnerships and/or contracts are protected. Losses that fall within the deductible levels, including those for which TELUS is contractually liable, are covered by the financial resources of TELUS.

If you have any questions, please contact TELUS Risk Management.

Yours truly,

Contract Total				\$270,072.66

EXPLANATION

AVL Contract involves engaging Blue Ocean Satellite Systems Inc. under contract to perform design, testing, installation and operations and maintenance services for the Automatic Vehicle Location System (AVL). This request specifically addresses the procurement of the Automatic Vehicle Location System and services under RFP 2016-016.

AVL's consists of a 24/7 web based monitoring software that provides real-time tracking, reports and alerts for: Electronic Control Module Data, Sensor/Input Monitoring, Spreader Control Integration, Geofencing, DOT Night Patrol, Speed Monitoring, and Navigation. It will increase fuel efficiency, effective use of driver time, operational efficiency, and overall productivity.

The contract shall provide system design, testing, installation, and maintenance of an Automatic Vehicle Location System (AVL). The AVL system is designed to provide two types of AVLs for NHDOT. The first is to track specific vehicles of their locations and be able to pass this information onto the DOT Transportation Systems Management & Operations (TSMO) Bureau to be shown on their video wall. The second is to track the location of selected number of plow trucks during winter operations displaying their locations and type of operations (plowing, spreading of material or liquids with their rate and type of material). The system will also provide ability to create geofence, report errors from the spreader controls, pavement temperature from the plow trucks if available on the truck, provide reporting, and host and manage the NH AVL website. The AVL system will be designed, developed, tested and installed prior to the winter of 2016-2017.

On January 28, 2016, the Department publicly advertised the subject RFP. During the response period, the Department had a question/inquiry period from the Vendors with the Department providing responses helping them finalizing their proposals. Proposals were received from the following vendors in accordance with the requirements for submission, including the stipulated deadline of March 17, 2016:

VENDOR NAME

- AT&T, Manchester, NH
- Parsons, Duluth, GA
- Blue Ocean Satellite Systems Inc., St. Johns, NL Canada
- Reltronics Technologies, Inc. (RTI)

Proposals from each vendor were reviewed per the Initial Screening requirements as specified in the RFP under Section 5.3.1 and Appendix B and the Reltronics Technologies, Inc. (RTI) Proposal including their price proposal was returned on March 24, 2016, since their submittal did not meet the requirements. All other proposals met the requirements and were reviewed by the AVL RFP Selection Committee. On April 11, 2016, the Selection

Committee held interviews with the three vendor teams, where each company conducted a presentation describing their team, capabilities, and pertinent aspects of their proposal; provided answers to a specific set of questions targeting each proposal; demonstrated their product; and participated in an open question and answer period. Following the interviews, the Selection Committee met to discuss the Vendor Interviews and finalize the ratings of the Proposals.

The Selection Committee used the table below to rate the technical aspect of each proposal taking into account the AVL system design and technical aspects; firm's qualifications, project team, capabilities and references; and implementation, transition and delivery approach. The technical aspect accounted for 65 of the total 100 maximum points. A minimum of 46 points was required, as specified in the RFP, for further consideration in the overall selection process. Proposals not receiving a technical score of 46 points or higher, in addition to being removed from further consideration, will have the corresponding price proposal returned unopened to the applicable vendor.

CATEGORIES	POINTS
TECHNICAL PROPOSAL with the following potential maximum scores for each Technical Proposal category;	65
<i>Proposed Automatic Vehicle Location System (AVL)</i>	<i>39</i>
<i>Ability To Execute And Meet The Product Schedule</i>	<i>6</i>
<i>System Maintenance And Warranty</i>	<i>7</i>
<i>Qualifications, Project Team, Capabilities And References</i>	<i>13</i>
*PRICE PROPOSAL POTENTIAL MAXIMUM POINTS	35
<i>Deployment/Implementation</i>	
<i>Operations</i>	
TOTAL POTENTIAL MAXIMUM POINTS AWARDED	100

*The following formula was used to assigned points for the price proposal: Vendor's Price Score = (Lowest Proposed Price/Vendor's Proposed Price) x 35.

Based on the above-mentioned analysis, the Selection Committee identified two (2) vendors with technical scores exceeding 46 and worthy of consideration in the selection process. One (1) vendor, AT&T, did not achieve the minimum technical score. As such, based on the requirements in the RFP (RFP 2016-016, Section 5.4.1 Part b), the proposal submission was disqualified from further consideration. As a result, the corresponding price proposal will be returned unopened to the respective vendor.

The following table outlines the Committee's technical scoring, each firm's base price proposal, corresponding price score and total score.

Vendor	Technical Score (max. 65 points)	Deployment/ Implementation Price	Operations Price	Total Price	Total Price Score (max. 35 points)	Total Score
Blue Ocean Satellite Systems Inc.	55.5	\$99,514.92	\$103,000.80	\$202,515.72	35	90.5
Parsons	54.7	\$715,000.00	\$1,160,670.00	\$1,875,670.00	3.8	58.48

Based on the Selection Committee's proposal review and interview process, the committee has concluded that Blue Ocean Satellite Systems Inc.'s proposal meets and or exceeds each of the stated goals in the RFP. Their system is

highly configurable and adaptable, which will reduce the potential for change orders over the course of the contract term. Their proposal contains forty (40) hours of free software development per year if needed. This will allow the Bureau of Turnpikes to be more adaptive to future changes such as AVL data being sent to our Maintenance Decision Support System (MDSS) or TSMO Bureau's Advanced Traffic Management System (ATMS). Their AVL system solution is user friendly for various users when it comes to creating geofences or landmarks, their history playback and obtaining AVL information through web site and reporting. All of Blue Ocean Satellite Systems Inc.'s vendor reference gave them high praise working with them and completing on-time with no cost extras

Blue Ocean Satellite Systems Inc. has sub-contracted with local vendor Atlantic Broom to install the AVL units. Atlantic Broom is familiar with the installation process and is a supplier and installer of various other types of winter equipment. Throughout their proposal and oral presentation, the Blue Ocean Satellite Systems Inc.'s team demonstrated the importance of being able to provide us the support and expertise analyzing our Compu-Spread spreader control system when we are experiencing issues of the salt not reconciling between the AVL unit, Compu-Spread and our bucket counts. They displayed a strong understanding of the importance of accuracy of the material usage from our spreaders and reporting.

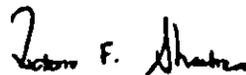

The increase cost in Contract compared to the RFP Price Proposal of approximately \$67,550 is mainly due to additional twenty-five (25) AVL units (17 Basic and 8 Advance) being added into the contract for Turnpike's Motorist Safety Patrol vehicles and Highway Maintenance Patrol trucks and Plow trucks.

Based on the above-mentioned, the Department request approval to enter into a contract with Blue Ocean Satellite Systems Inc. ending on June 30, 2020 with the option at the sole discretion of the State to extend for up to two 2-year terms up to but not beyond June 30, 2024.

The contract has been approved by the Attorney General as to form and execution, and the Department has verified that the necessary funds are available for FY 2017 and funding for FY 2018 through FY 2020 is contingent upon the availability and continued appropriations of funds. Copies of the fully executed contract are on file with the Secretary of State's Office and the Department of Administrative Services Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

It is respectfully requested that this resolution be approved.

Sincerely,

Victoria F. Sheehan
Commissioner

Victoria F. Sheehan
Commissioner
Department of Transportation
State of New Hampshire
John O. Morton Bldg., 7 Hazen Drive
Concord, NH 03302-0483

Dear Commissioner Sheehan:

This letter represents formal notification that the Department of Information Technology (DoIT) has approved your agency's request to enter a contract with Blue Ocean Satellite Systems Inc. (Vendor #253938) as described below and referenced in DOT number 2016-016.

The purpose of this contract is to provide design, testing, installation and operations and maintenance services for the Automatic Vehicle Location System. The Automatic Vehicle Location System consists of 24/7 web based monitoring software that provides real-time tracking, reports and alerts for: Electronic Control Module Data, Sensor/Input Monitoring, Spreader Control Integration, Geo-fencing, DOT Night Patrol, Speed Monitoring, and Navigation. The funding amount for this contract is \$270,072.66 and shall become effective upon Governor and Council approval through June 30, 2020.

A copy of this letter should accompany the submission to the Governor and Executive Council for approval.

Sincerely,

A handwritten signature in black ink, appearing to read 'Denis Goulet', with a large, stylized flourish at the end.

Denis Goulet
