THE STATE OF NEW HAMPSHIRE DEPARTMENT OF TRANSPORTATION

Victoria F. Sheehan Commissioner

William Cass, P.E. Assistant Commissioner

His Excellency, Governor Christopher T. Sununu and the Honorable Council State House Concord, New Hampshire 03301

Bureau of Construction October 18, 2021

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with K5 Corporation of Rockland, MA (Vendor 162024), on the basis of a low bid of \$1,452,772.50 for durable pavement marking restriping on Tier 1 roads in Districts 2 and 5, from the date of Governor and Council approval through August 12, 2022, unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available in State Fiscal Years 2022 and 2023, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Table with 3 columns: Funding description, FY 2022, FY 2023. Row 1: 04-96-96-963515-3054 Consolidated Federal Aid. Row 2: 400-500870 Highway Contract Payments \$1,215,046.14 \$237,726.36

2. Further authorize that a contingency in the amount of \$72,638.63 to be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 5% of the contract amount.

Table with 2 columns: Funding description, FY 2023. Row 1: 04-96-96-963515-3054 Consolidated Federal Aid. Row 2: 400-500870 Highway Contract Payments \$72,638.63

EXPLANATION

This project is part of the State's Ten Year Transportation Improvement Plan, under the Highway Safety Improvement Program (HSIP). This project involves 31.3 miles of durable pavement marking restriping on three sections in five towns in Districts 2 and 5.

- 1. Bow-Warner, I-89, Replace the existing travel way and lane paint (paint and thermo) pavement markings with durable polyurea pavement markings, 20.7 miles.
2. New London, I-89, Replace the existing travel way and lane paint (paint and thermo) pavement markings with durable polyurea pavement markings, 5.1 miles.

3. Concord, I-93, Replace the existing travel way and lane paint (paint and thermo) pavement markings with durable polyurea pavement markings, 5.5 miles.

This project will improve safety by installing durable polyurea pavement markings. These markings provide improved visibility under nighttime and wet conditions. These markings will also reduce the number of annual pavement striping efforts that are typically necessary by the NHDOT Bureau of Traffic to maintain the markings on this facility, thereby reducing the temporary impacts to traffic and improving general public safety.

The proposed contingency amount is 5% of the contract amount. This project was quantified based on field observations, aerial photos, and as-built plans. Field adjustments may be required due to varying field conditions.

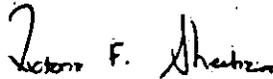

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is: 90% Federal (Highway Safety Improvement Program (HSIP)) with anticipated utilization of Turnpike Toll Credits for the State's 10% match, effectively using 100% Federal Funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan  
Commissioner

VFS/pcj

Department Estimate: \$1,463,508.00  
Contract Amount: \$1,452,772.50  
Under Estimate: \$ 10,735.50

## SUPPLEMENTAL PROJECT INFORMATION SHEET

**DESCRIPTION:** This project is part of the Tier 1 HSIP program and involves 31.3 miles of pavement marking restriping on three sections in five towns in Districts 2 and 5.

Section ID	Town/City	Road	Proposed Work	Length
1	Bow-Warner	I-89	Replace the existing travel way and lane paint (paint and thermo) pavement markings with durable polyurea pavement markings.	20.7 miles
2	New London	I-89	Replace the existing travel way and lane paint (paint and thermo) pavement markings with durable polyurea pavement markings.	5.1 miles
3	Concord	I-93	Replace the existing travel way and lane paint (paint and thermo) pavement markings with durable polyurea pavement markings.	5.5 miles

**FEDERAL FUNDING:** 90% (Highway Safety Improvement Program (HSIP)); 10 % (Turnpike Toll Credits)

**CONTINGENCY:** The proposed contingency amount is 5% of the contract amount. This project was quantified based on field observations, aerial photos, and as-built plans. Field adjustments may be required due to varying field conditions.

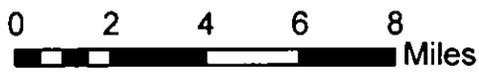

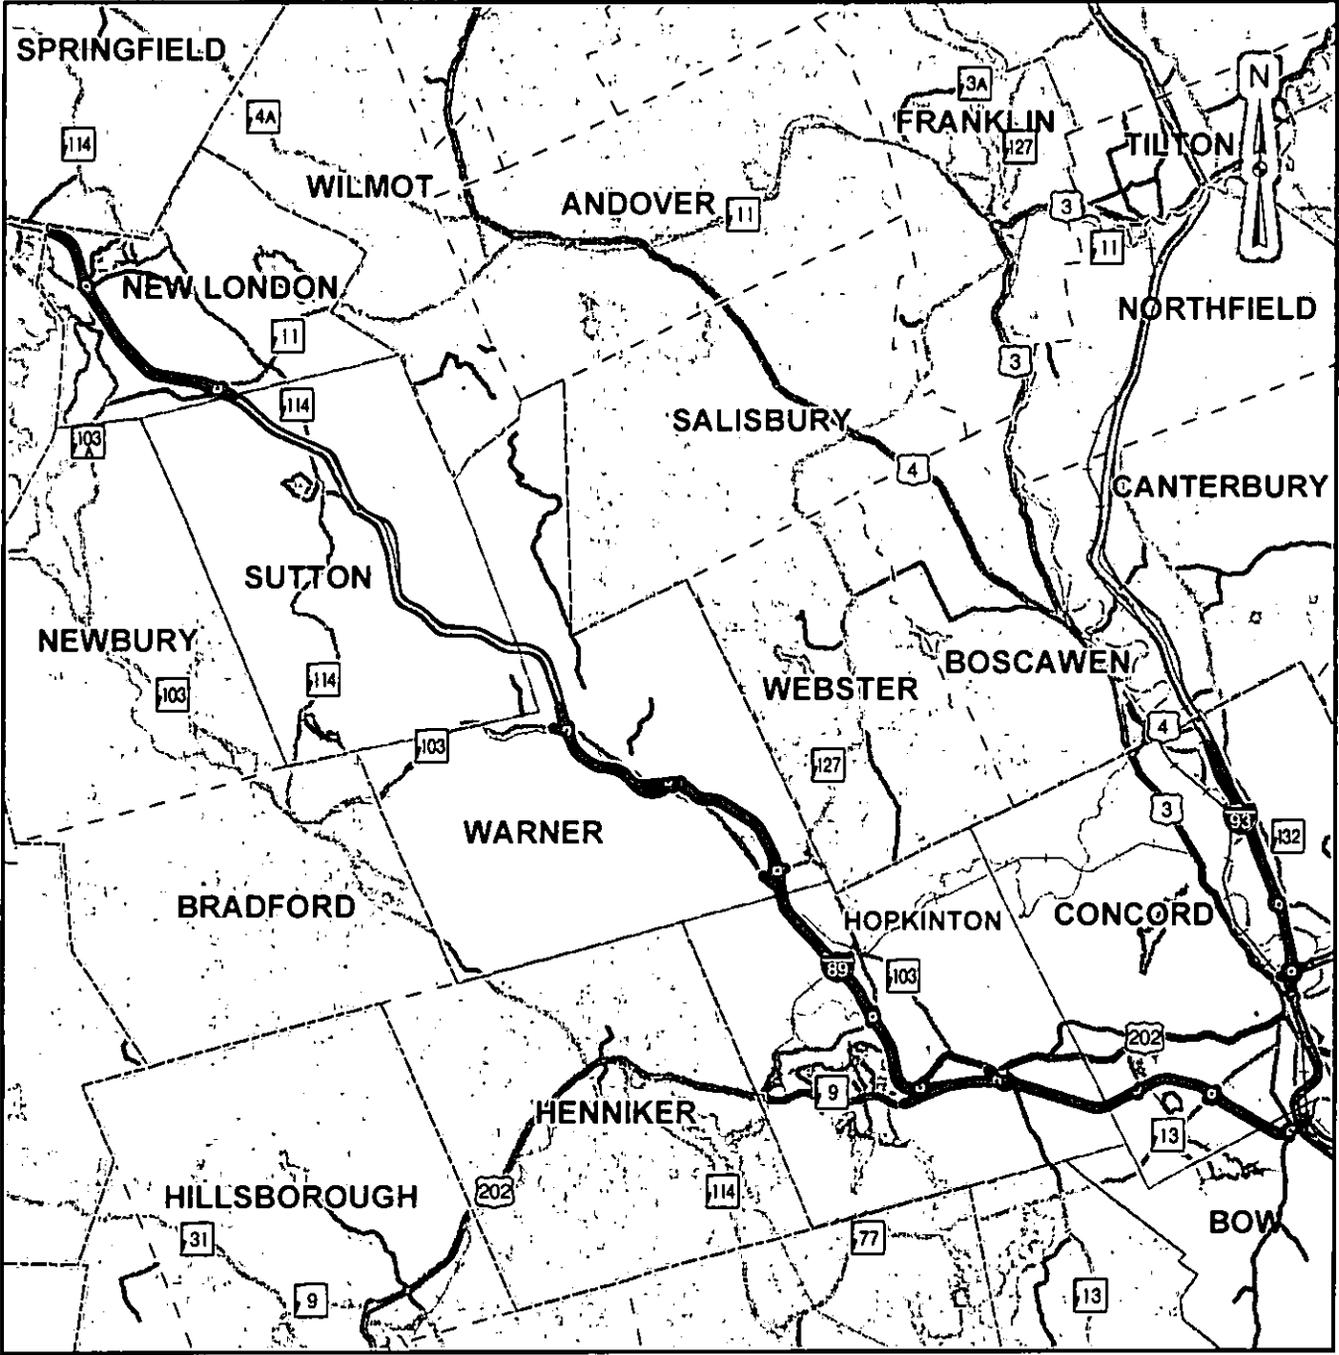

**PROJECT INITIATED:** This project was initiated through the State's Ten-Year Transportation Improvement Plan, Highway Safety Improvement Program (HSIP).

**PROJECT EXPLANATION:** This project will improve safety by installing durable polyurea pavement markings. These markings provide improved visibility under nighttime and wet conditions. These markings will also reduce the number of annual pavement striping efforts that are typically necessary by the NHDOT Bureau of Traffic to maintain the markings on this facility, thereby reducing the temporary impacts to traffic and improving general public safety.

**TRAFFIC IMPLICATION:** One lane of traffic shall be maintained on I-93/I-89 at all times during operations. Ramps will remain open during operations that must occur at night. Work on the mainline of I-89 up to Exit 5 and all work on I-93 will be conducted at night, as well as all ramp work throughout the project. The remainder of mainline work along I-89 will be conducted during the day.

**FINAL COMPLETION DATE:** August 12, 2022.
