

*Victoria F. Sheehan*  
Commissioner

**THE STATE OF NEW HAMPSHIRE**  
DEPARTMENT OF TRANSPORTATION

*William Cass, P.E.*  
Assistant Commissioner

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

Bureau of Construction  
October 14, 2021

**REQUESTED ACTION**

1. Authorize the Department of Transportation to enter into a contract with Beck & Bellucci, Inc. (Vendor 160421) of Franklin, NH, on the basis of a low bid of \$1,555,148.05 for bridge preservation in Canaan, from the date of Governor and Council approval through October 21, 2022, unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available in State Fiscal Years 2022 and 2023, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2022</u>	<u>FY 2023</u>
04-96-96-963515-3054 Consolidated Federal Aid		
400-500870 Highway Contract Payments	\$1,124,491.71	\$430,656.34

2. Further authorize that a contingency in the amount of \$155,514.81 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 10% of the contract amount.

Funding is available as follows:	<u>FY 2023</u>
04-96-96-963515-3054 Consolidated Federal Aid	
400-500870 Highway Contract Payments	\$155,514.81

**EXPLANATION**

This project is part of the State's Ten Year Transportation Improvement Plan, under the Bridge Tier 1-Tier 2 Maintenance & Preservation Program. This project performs preservation work on the following three bridges:

- Canaan 090/034 – US Route 4 over Mascoma River
- Canaan 096/039 – US Route 4 over Crystal Lake Brook
- Canaan 169/073 – US Route 4 over Indian River

Br. No. 090/034 (Mascoma River) is a single span IB-C bridge, built in 1993. The deck, superstructure, and substructure have ratings of 7, 8, and 8, respectively. The bridge ranked #340 on the 2019 Tier 1&2 M&P priority list.

Br. No. 096/039 (Crystal Lake Brook) is a three-span CS bridge, built in 1941 and rebuilt in 1993. The deck, superstructure, and substructure have ratings of 7, 7, and 8, respectively. The bridge ranked #424 on the 2019 Tier 1&2 M&P priority list.

Br. No. 169/073 (Indian River) is a single span IB-C bridge, built in 1978. The deck, superstructure, and substructure have ratings of 6, 7, and 6, respectively. The bridge ranked #57 on the 2019 Tier 1&2 M&P priority list. The bridge has never received preservation work. Current inspection information reveals that expansion joint gland is pulling out of extrusion with signs of leaking under the joint.

Preservation work on all three of these bridges will delay their regression to a lower condition.

The proposed contingency amount is 10% of the contract amount. This work preserves 3 bridges which have not received any preservation work to date. The extent of this work has been estimated, but the full extent of the work will not be fully known until the existing asphalt and membrane are removed from the bridge. These factors increase the risk of overruns.

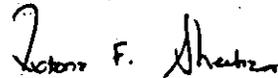

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is: 80% Federal (Bridge Tier 1-Tier 2 Maintenance & Preservation Program) with anticipated utilization of Turnpike Toll Credits for the State's 20% match to effectively use 100% Federal Funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan  
Commissioner

VFS/pcj

Department Estimate: \$1,987,615.50  
Contract Amount: \$1,555,148.05  
Under Estimate: \$ 432,467.45

## SUPPLEMENTAL PROJECT INFORMATION SHEET

**DESCRIPTION:** This project performs preservation work on the following three bridges:

- Canaan 090/034 – US Route 4 over Mascoma River
- Canaan 096/039 – US Route 4 over Crystal Lake Brook
- Canaan 169/073 – US Route 4 over Indian River

**FEDERAL FUNDING:** 80% with (Bridge Tier 1-Tier 2 Maintenance & Preservation Program) utilizing Turnpike Toll Credits for the State's 20% match

**CONTINGENCY:** The contingency amount is proposed to be 10%. This work preserves 3 bridges which have not received any preservation work to date. The extent of this work has been estimated, but the full extent of the work will not be fully known until the existing asphalt and membrane are removed from the bridge. These factors increase the risk of overruns.

**PROJECT INITIATED:** Bridge Tier 1-Tier 2 Maintenance & Preservation Program.

**PROJECT EXPLANATION:** Br. No. 090/034 (Mascoma River) is a single span IB-C bridge, built in 1993. The deck, superstructure, and substructure have ratings of 7, 8, and 8, respectively. The bridge ranked #340 on the 2019 Tier 1&2 M&P priority list.

Br. No. 096/039 (Crystal Lake Brook) is a three-span CS bridge, built in 1941 and rebuilt in 1993. The deck, superstructure, and substructure have ratings of 7, 7, and 8, respectively. The bridge ranked #424 on the 2019 Tier 1&2 M&P priority list.

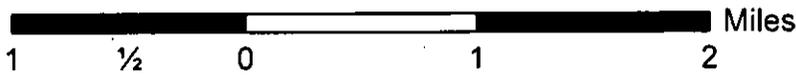

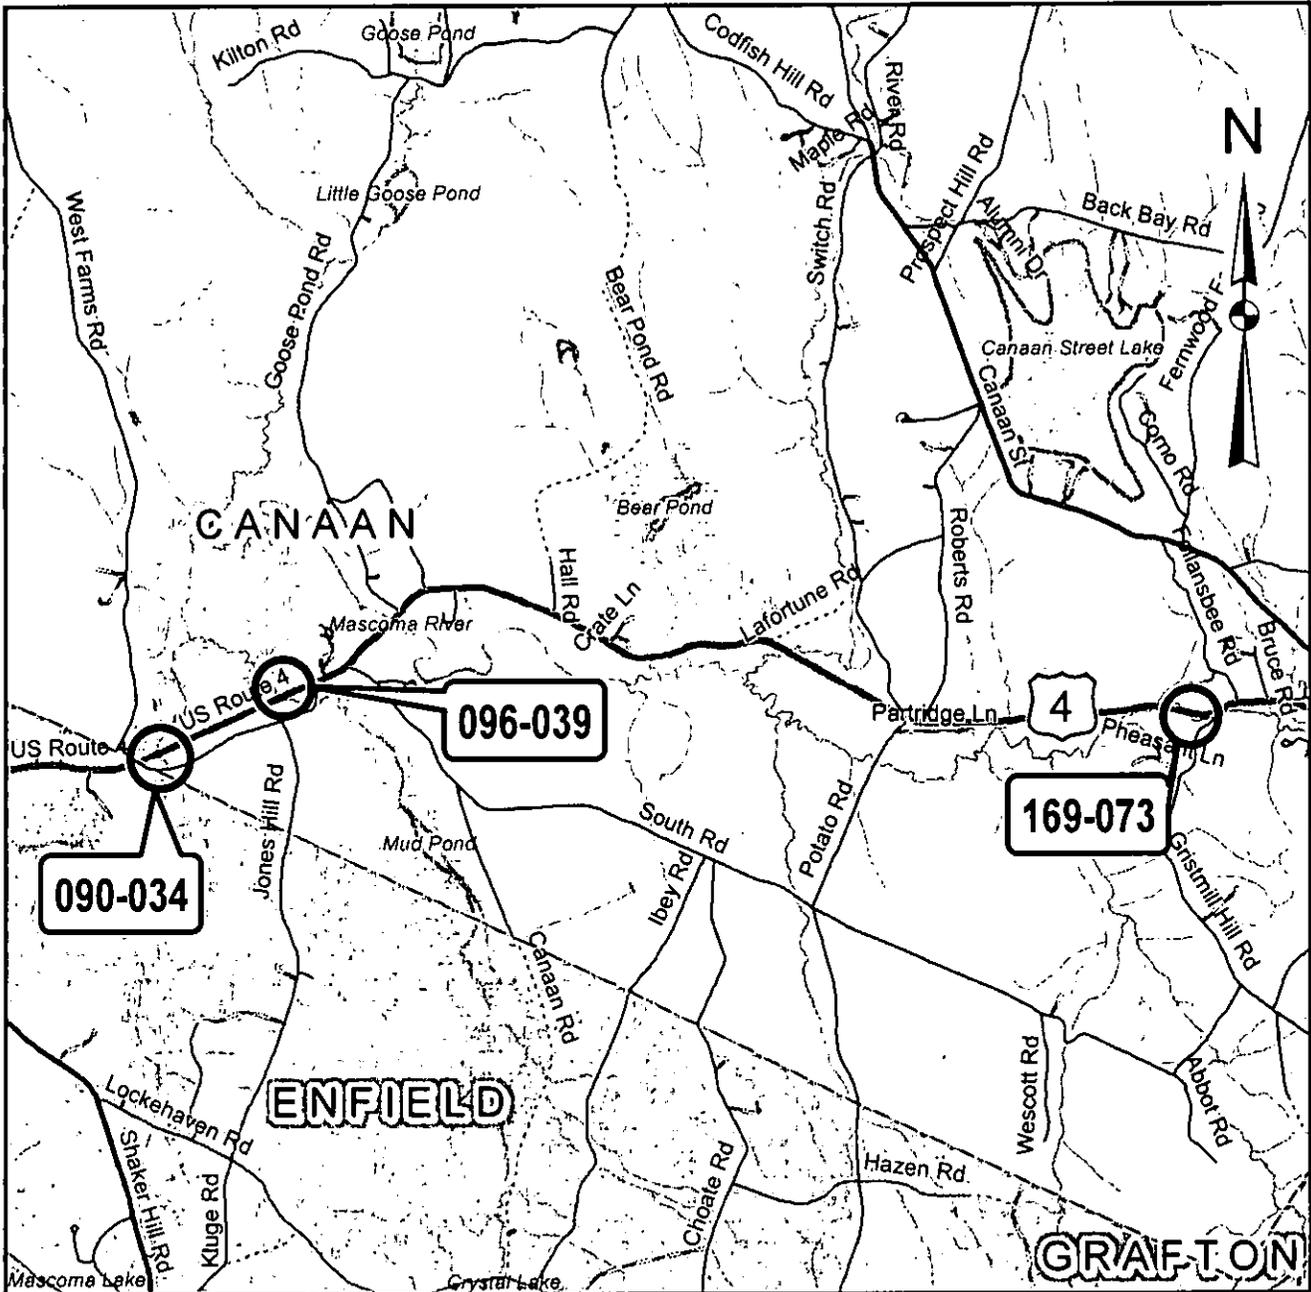

Br. No. 169/073 (Indian River) is a single span IB-C bridge, built in 1978. The deck, superstructure, and substructure have ratings of 6, 7, and 6, respectively. The bridge ranked #57 on the 2019 Tier 1&2 M&P priority list. The bridge has never received preservation work. Current inspection information reveals that expansion joint gland is pulling out of extrusion with signs of leaking under the joint.

Preservation work on all three of these bridges will delay their regression to a lower condition.

**TRAFFIC IMPLICATION:** Bridge work will be completed in one construction season with 2 phase construction utilizing one-lane, alternating two-way traffic with signals at all three locations. The signal plan incorporates 2 or 3 phases depending on the site location.

**COMPLETION DATE:** October 21, 2022

# CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)  
10/14/2021

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).
