			Total	\$7,200,000

EXPLANATION

This request is **Sole Source** because the Department, in the interest of the public's health and safety, identified the Contractor as having the capacity to quickly provide COVID-19 vaccinations services across the State at their existing locations. The Contractor previously supported the Department's ongoing COVID-19 response by providing similar vaccinations services and therefore has the resources and experience. The Contractor is the only vaccination provider identified within New Hampshire that has staffing immediately available to perform COVID-19 vaccinations for walk-in's at locations across the State, whereas other contractors would have to hire staff away from the healthcare system within New Hampshire where staff are needed to care for patients who contract COVID-19 infections.

The purpose of this request is have the Contractor standup up to six (6) COVID-19 vaccination and booster potential sites in Concord, Exeter, Keene, Manchester, Nashua, and Salem. Qualified medical professionals will administer 1st and 2nd dose vaccines and boosters at each of these sites for a minimum of 6 hours a day. Anyone who arrives before scheduled last

His Excellency, Governor Christopher T. Sununu
and the Honorable Council

arrival time will receive a shot. The Contractor must accept all walk-ins and cannot bill insurance or charge individuals. The Department will pay the Contractor \$400,000 per month, per site, and pro-rate payments for any site that does not operate for the entire billing month.

The exact number of individuals who will receive first and second dose vaccines and boosters will depend on the trajectory of the COVID-19 pandemic and the number of people seeking out the service at walk-in vaccine sites.

The Department will monitor contracted services by reviewing monthly reports of the number of individuals vaccinated. In addition, the Contractor will report any adverse reactions to the vaccination or unusual circumstances to the Department every day.

As referenced in Exhibit A of the attached agreement, the parties have the option to extend the agreement for up one (1) additional year, contingent upon satisfactory delivery of services, available funding, agreement of the parties and Governor and Council approval.

Should the Governor and Council not authorize this request, unvaccinated individuals who have significant barriers to accessing vaccination through mechanisms other than mobile vaccination services and wish to receive a vaccination will have less of an opportunity to obtain the COVID-19 vaccine.

Area served: Statewide

Source of Funds: CFDA 97.036, FAIN 4516DRNHP00000001

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

- 10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI.
