

The State of New Hampshire  
**Department of Environmental Services**

**Robert R. Scott, Commissioner**

December 7, 2021

His Excellency, Governor Christopher T. Sununu  
and The Honorable Council  
State House  
Concord, NH 03301

**REQUESTED ACTION**

Approve the Roy and Barbara Putnam Revocable Trust's request for a five year permit time extension of the New Hampshire Department of Environmental Services (NHDES) Wetlands Bureau permit #2016-01600, in accordance with RSA 482-A:3, XIV-a(a), to perform the following work on Lake Winnepesaukee in Moultonborough. This project was previously approved by the Governor and Executive Council on February 15, 2017, Item #47, and will not have significant impact on, or adversely affect, the values of Lake Winnepesaukee.

Remove 165 sq. ft. of patio constructed over the bank and within public waters, restore 26 linear ft. of shoreline, repair a 14 ft. 6 in. x 18 ft. boathouse, restore its two supporting piling piers to measure 7 ft. 3 in. x 18 ft. 6 in., each accessed by a 3 ft. x 8 ft. and 3 ft. x 10 ft. walkway over the bank, and install a 6 ft. x 40 ft. seasonal pier and anchor pad southerly on the frontage on an average of 337 ft. of shoreline along Lake Winnepesaukee, in Moultonborough.

The NHDES finds that the applicant has demonstrated all of the following:

1. The permit for which the extension is being sought has not been revoked or suspended without reinstatement.
2. The extension will not violate a condition of law or rule.
3. The project is proceeding toward completion in accordance with the plans and other documentation referenced in the permit dated December 21, 2016.
4. The applicant proposes reasonable mitigation measures to protect the public waters of the state from deterioration during the period of extension.

The NHDES imposed the following conditions as part of this approval:

1. All work shall be in accordance with plans by Ambrose Marine Construction dated November 8, 2016, as received by the department on November 23, 2016.
2. This permit is not valid and effective until it has been recorded with the appropriate county Registry of Deeds by the applicant. Prior to starting work under this permit, the permittee shall submit a copy of the recorded permit to the DES Wetlands Program by certified mail, return receipt requested.
3. All development activities associated with this project shall be conducted in compliance with applicable requirements of RSA 483-B and N.H. Code of Administrative Rules Env-Wq 1400 during and after construction.

[www.des.nh.gov](http://www.des.nh.gov)

29 Hazen Drive • PO Box 95 • Concord, NH 03302-0095  
NHDES Main Line: (603) 271-3503 • Subsurface Fax: (603) 271-6683 • Wetlands Fax: (603) 271-6588  
TDD Access: Relay NH 1 (800) 735-2964

4. The proposed 6 ft. x. 40 ft. pier shall not be installed until the patio removal, shoreline stabilization, and restoration of the piling piers dimensions has been completed.
5. Work shall be carried out in a time and manner to avoid disturbances to migratory waterfowl breeding and nesting areas.
6. Appropriate turbidity controls shall be installed prior to construction, shall be maintained during construction such that no turbidity escapes the immediate dredge area and shall remain until suspended particles have settled and water at the work site has returned to normal clarity.
7. All construction-related debris shall be placed outside of the areas subject to RSA 482-A. Any spoil material deposited within 250 feet of any surface water shall comply with RSA-483-B.
8. Any subdivision of the property frontage will require removal of a sufficient portion of the docking structures to comply with the dock size and density requirements in effect at the time of the subdivision.
9. Only those structures shown on the approved plans shall be installed or constructed along this frontage. All portions of the structures shall be at least 20 ft. from the abutting property lines or the imaginary extension of those lines into the water.
10. Pilings shall be spaced a minimum of 12 ft. apart as measured piling center to piling center.
11. No portion of the seasonal pier shall extend more than 40 ft. from the shoreline at full lake elevation (Elev. 504.32).
12. All seasonal structures shall be removed for the non-boating season.
13. The repairs shall maintain the size, location, and configuration of the pre-existing structures.
14. All construction-related debris shall be placed outside of areas subject to RSA 482-A jurisdiction.
15. This permit does not allow dredging for any purpose other than the removal of the crib supported patio.
16. This permit does not authorize the construction of a rip rap shoreline or a wall along the frontage. Photographs shall be submitted to the file clearly showing the finished restored rocky shoreline.

#### EXPLANATION

The NHDES approved this project on December 7, 2021. The NHDES supported its decision with the following findings:

1. Per Rule Env-Wt 314.05(b), the permittee submitted a written request to the department for an extension of permit #2016-01600 prior to the expiration of the permit.
2. Per Rule Env-Wt 314.05(c)(2), the submitted request included a statement, signed and certified in accordance with Env-Wt 311.11, that: the permit for which extension is sought has not been revoked or suspended without reinstatement; extension of the permit would not violate a condition of law or rule; the project is proceeding towards completion in accordance with plans and other documentation referenced by the permit; the applicant proposes reasonable mitigation measures to protect the public waters of the state from deterioration during the period of extension; and the wetland delineation is still valid pursuant to Env-Wt 406.01(b).
3. Per Rule Env-Wt 314.05(d), as specified in RSA 482-A:3, XIV-a(a), the department finds the permittee has submitted the request as specified in Env-Wt 314.05(b) and (c) and the mitigation measures proposed by the permittee are adequate to protect public waters from deterioration. The department therefore grants one extension of five additional years for permit #2016-01600.

His Excellency, Governor Christopher T. Sununu  
and The Honorable Council  
Page 3 of 3

Application file documents are being forwarded to the Governor and the Executive Council in connection with their consideration of this matter pursuant to RSA 482-A:3, II(a), as it is a major project in public waters of the state.

We respectfully request your approval of this item.

Commissioner

**REQUEST FOR EXTENSION OF  
WETLANDS OR SHORELAND PERMIT**  
Water Division/Land Resources Management  
Wetlands Bureau

**RSA/Rule:** RSA 482-A:3 XIV-a; RSA 483-B:5-b, VI/ Env-Wt 314.05

Under Wetlands and Shoreland statutes RSA 482-A:3, XIV-a and RSA 483-B:5-b, VI, respectively, an applicant may request an extension of a permit if certain conditions are met (see Section 3). This request must be submitted before the Wetland or Shoreland permit expires. Once the permit expires, it is no longer eligible for an extension. The grey boxes above are for Administrative/Registry of Deeds use.

# WETLANDS PERMIT APPLICATION

Water Division/ Wetlands Bureau  
Land Resources Management

Check the status of your application: [www.des.nh.gov/onestop](http://www.des.nh.gov/onestop)

RSA/Rule: RSA 482-A/ Env-Wt 100-900

**1. REVIEW TIME:**  
Indicate your Review Time below. Refer to Guidance Document A for instructions.

- Standard Review (Minimum, Minor or Major Impact)       Expedited Review (Minimum Impact only)

**2. PROJECT LOCATION:**  
Separate applications must be filed with each municipality that jurisdictional impacts will occur in.

ADDRESS: **120 Greene's Basin Rd**      TOWN/CITY: **Moultonborough**

TAXMAP: **133**      BLOCK:      LOT: **21**      UNIT:

USGS TOPO MAP WATERBODY NAME: **Lake Winnepesaukee**       NA      STREAM WATERSHED SIZE:       NA

LOCATION COORDINATES (If known):       Latitude/Longitude       UTM       State Plane

**3. PROJECT DESCRIPTION:**  
Provide a brief description of the project outlining the scope of work. Attach additional sheets as needed to provide a detailed explanation of your project. DO NOT reply "See Attached" in the space provided below.

**1. Restore existing shoreline and dock/boathouse to previously permitted (91-00728) dimensions and locations. 2. Once restored, repair dock ensuring it still conforms to previously permitted dimensions. 3. Install seasonal docking structure on frontage.**

**4. SHORELINE FRONTAGE**

NA This lot has no shoreline frontage.      SHORELINE FRONTAGE: **337'**

Shoreline frontage is calculated by determining the average of the distances of the actual natural navigable shoreline frontage and a straight line drawn between the property lines, both of which are measured at the normal high water line.

**5. RELATED PERMITS, ENFORCEMENT, EMERGENCY AUTHORIZATION, SHORELAND, ALTERATION OF TERRAIN, ETC...**

See the Instructions &amp; Required Attachments document for clarification of the below statements

By signing the application, I am certifying that:

1. I authorize the applicant and/or agent indicated on this form to act in my behalf in the processing of this application, and to furnish upon request, supplemental information in support of this permit application.
2. I have reviewed and submitted information & attachments outlined in the Instructions and Required Attachment document.
3. All abutters have been identified in accordance with RSA 482-A:3, I and Env-Wt 100-900.
4. I have read and provided the required information outlined in Env-Wt 302.04 for the applicable project type.
5. I have read and understand Env-Wt 302.03 and have chosen the least impacting alternative.
6. Any structure that I am proposing to repair/replace was either previously permitted by the Wetlands Bureau or would be considered grandfathered per Env-Wt 101.47.
7. I have submitted a Request for Project Review (RPR) Form ([www.nh.gov/nhdhr/review](http://www.nh.gov/nhdhr/review)) to the NH State Historic Preservation Officer (SHPO) at the NH Division of Historical Resources to identify the presence of historical/ archeological resources while coordinating with the lead federal agency for NHPA 106 compliance.
8. I authorize NHDES and the municipal conservation commission to inspect the site of the proposed project.
9. I have reviewed the information being submitted and that to the best of my knowledge the information is true and accurate.
10. I understand that the willful submission of falsified or misrepresented information to the New Hampshire Department of Environmental Services is a criminal act, which may result in legal action.
11. I am aware that the work I am proposing may require additional state, local or federal permits which I am responsible for obtaining.
12. The mailing addresses I have provided are up to date and appropriate for receipt of NHDES correspondence. NHDES will not

## MUNICIPAL SIGNATURES

### 11. CONSERVATION COMMISSION SIGNATURE

The signature below certifies that the municipal conservation commission has reviewed this application, and:

1. Waives its right to intervene per RSA 482-A:11;
2. Believes that the application and submitted plans accurately represent the proposed project; and
3. Has no objection to permitting the proposed work.

|   |                    |      |
|---|--------------------|------|
| <input style="width: 100%; height: 100%;" type="text"/> | Print name legibly | Date |
|---|--------------------|------|

#### DIRECTIONS FOR CONSERVATION COMMISSION

1. Expedited review ONLY requires that the conservation commission's signature is obtained in the space above.
2. Expedited review requires the Conservation Commission signature be obtained prior to the submittal of the original application to the Town/City Clerk for signature.
3. The Conservation Commission may refuse to sign. If the Conservation Commission does not sign this statement for any reason, the application is not eligible for expedited review and the application will reviewed in the standard review time frame.

### 12. TOWN / CITY CLERK SIGNATURE

As required by Chapter 482-A:3 (amended 2014), I hereby certify that the applicant has filed four application forms, four detailed plans, and four USGS location maps with the town/city indicated below.

|   |                    |           |      |
|---|--------------------|-----------|------|
| <input style="width: 100%; height: 100%;" type="text"/> | Print name legibly | Town/City | Date |
|---|--------------------|-----------|------|

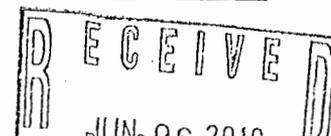

#### DIRECTIONS FOR TOWN/CITY CLERK:

Per RSA 482-A:3.

1. For applications where "Expedited Review" is checked on page 1, if the Conservation Commission signature is not present, NHDES will accept the permit application, but it will NOT receive the expedited review time.
2. IMMEDIATELY sign the original application form and four copies in the signature space provided above;
3. Return the signed original application form and attachments to the applicant so that the applicant may submit the application form and attachments to NHDES by mail or hand delivery.
4. IMMEDIATELY distribute a copy of the application with one complete set of attachments to each of the following bodies: the municipal Conservation Commission, the local governing body (Board of Selectmen or Town/City Council), and the Planning Board; and
5. Retain one copy of the application form and one complete set of attachments and make them reasonably accessible for public review.

#### DIRECTIONS FOR APPLICANT:

1. Submit the single, original permit application form bearing the signature of the Town/ City Clerk, additional materials, and the application fee to NHDES by mail or hand delivery.

**13. IMPACT AREA**

For each jurisdictional area that will be/has been impacted, provide square feet and, if applicable, linear feet of impact. Permanent impacts that will remain after the project is complete. Temporary impacts not intended to remain (and will be restored to pre-construction conditions) after the project is complete.

| JURISDICTIONAL AREA                 | PERMANENT<br>Sq. Ft. / Lin. Ft.                    | TEMPORARY<br>Sq. Ft. / Lin. Ft.     |

| Docking - Tidal Water               | <input type="checkbox"/> ATF                       | <input type="checkbox"/> ATF        |
| <b>TOTAL</b>                        | /  | /                                   |

**14. APPLICATION FEE:** See the Instructions & Required Attachments document for further instruction

Minimum Impact Fee: Flat fee of \$ 200

Minor or Major Impact Fee: Calculate using the below table below

Permanent and Temporary (non-docking) \_\_\_\_\_ sq. ft. X \$0.20 = \$ \_\_\_\_\_

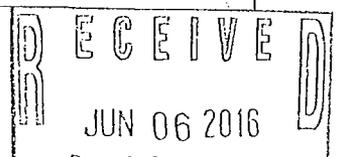

Temporary (seasonal) docking structure: 240 sq. ft. X \$1.00 = \$ 240

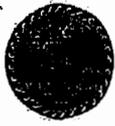

Permanent docking structure: \_\_\_\_\_ sq. ft. X \$2.00 = \$ \_\_\_\_\_

Projects proposing shoreline structures (including docks) add \$200 = \$ 200

Total = \$ 440

The Application Fee is the above calculated Total or \$200, whichever is greater = \$ 440

The NH Natural Heritage database has been checked by staff of the NH Natural Heritage Bureau and/or the NH Nongame and Endangered Species Program for records of rare species and exemplary natural communities near the area mapped below. The species considered include those listed as Threatened or Endangered by either the state of New Hampshire or the federal government.

It was determined that, although there was a NHB record (e.g., rare wildlife, plant, and/or natural community) present in the vicinity, we do not expect that it will be impacted by the proposed project. This determination was made based on the project information submitted via the NHB Datacheck Tool on 3/18/2016, and cannot be used for any other project.

LAND RESOURCES MANAGEMENT

**Notes:**

- this scaled overview illustrates all existing structures; following overview illustrates proposed structures; additional drawings will be scaled and dimensioned to detail dock and shoreline work
- the scope of this project is to restore the dock and shoreline to previously permitted dimensions and locations
- this will include removing the patio, reducing the size of the docks and re-establishing the natural shoreline
- this project will remove fill from state waters/land and will lessen overall impact
- additional drawings will specify exact limits of temporary and permanent impacts; as a general overview, impacts will be contained to the dock and patio area and location of new seasonal dock

**-Shoreline Calculation:**

- Avg. Frontage- 337'
- Pin-Pin- 334'
- By Shore- 340'

DES File #2016-01600

Notes:

- The area in **box** represents impact area, both permanent and temporary, of +/- 420 sf.
- The impact includes removal of 30.5 sf section of dock and the removal of 164.5 square feet of brick patio along with the fill underneath
- The bank behind the full lake reference of 504.32' will be temporarily impacted to restore shoreline grade and natural conditions
- Impact further illustrated in provided cross sections

Existing

Proposed

\* Area to be removed and restored as seen in proposed drawings includes 30.5 square feet of dock 164.5 square feet of patio, i.e. removal of fill from lake and dock dimensions as previously permitted

\*Impacts

- removal of paver patio and supporting rocks
- removal of full dock section- now ramps from previously permitted docks to shore
- shoreline restored naturally i.e. rocks placed randomly in bank. Thus, exact top of bank will vary but no rip shore or stone wall to be created
- bank impacted as far back as removal of rock then replacement of natural shoreline, disturbed area replensihed with clean fill
- no plants to be removed or added
