EXPLANATION

The Rehabilitation Services Administration (RSA) is providing Federal funding through the Department of Education, Bureau of New Hampshire Vocational Rehabilitation (NHVR) to distribute funds to offset the uncompensated losses incurred by blind vending stand operators in calendar year 2020 for vending stand food spoilage.

The Randolph-Sheppard program is a vending facility program authorized by the Federal Randolph-Sheppard Act which provides persons who are blind with remunerative employment and self-support through the operation of vending facilities on Federal and State property in NH.

and the Honorable Executive Council
page 2 of 2

The recent pandemic found blind vending operators in a tough position with vending machine food items expiring due to national and state shutdowns. This grant opportunity will provide some relief for losses incurred during the pandemic.

The amounts to reimburse the managers are based on the manager's profit and loss reports for 2020. There are 7 managers for the entire program, 2 did not qualify because they ended up making a profit in 2020. The remaining 5 showed a loss. The original amount the federal government based this disbursement on was \$11,000 each. Three of the managers were within this range and are offered the full reimbursement without going over as they could not receive more than they showed in loss of product.

The remaining two managers have bigger businesses and suffered far greater losses. It was decided by the committee of blind managers and the State Licensing Agency (SLA) Business Enterprise Program (BEP) the remaining amount would be divided into equal amounts for them. Their losses were too great for these funds to cover fully but this will certainly help them.

In the event Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Frank Edelblut
Commissioner of Education
