EXPLANATION

The purpose of this request is for the Contractor to expand and implement the federally required Evaluation Design Plan for the 1115 Substance Use Disorder (SUD) demonstration waiver to include the evaluation of Severe Mental Illness (SMI) services and Serious Emotional Disturbance services. The Contractor will begin the expanded services only upon both Governor and Executive Council approval and Center for Medicare & Medicaid Services (CMS) approval of New Hampshire's Amendment to the 1115 demonstration titled, "Substance Use Disorder Treatment and Recovery Access" (SUD-TRA) (Project Number 11-W-00321/1).

The 1115 Substance Use Disorder demonstration waiver authorizes providers classified as Institutions for Mental Diseases to receive reimbursement from Medicaid for certain Substance Use Disorder residential services. The Department is amending the waiver to authorize

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
Page 3 of 4

Institutions for Mental Diseases to receive reimbursement from Medicaid for short-term inpatient psychiatric treatment or short-term residential mental health treatment for adults 19-64 years of age.

CMS Special Terms and Conditions of the 1115 Substance Use Disorder demonstration waiver required the Department to hire an external evaluator to implement an evaluation design plan. The addition of Severe Mental Illness services and Serious Emotional Disturbance services to the waiver requires the Department to double the evaluation activities included in the existing evaluation design plan.

CMS technical assistance recommends states that are amending SUD/IMD 1115 demonstration waivers retain the same evaluation contractor when possible due to the integration of the performance standards. The Contractor is currently developing and implementing the initial evaluation design plan for the 1115 Substance Use Disorder waiver demonstration and will include the Severe Mental Illness and Serious Emotional Disturbance evaluation activities as required by CMS.

The Contractor is utilizing both qualitative and quantitative methods to implement the evaluation design plan, supporting the Department in complying with CMS general reporting and evaluation requirements, and delivering all CMS reporting requirements, which include Quarterly Monitoring Reports, Mid-Point Assessment, Interim Evaluation Report and a Final Summative Evaluation Report.

In addition to meeting federal requirements, the results of the updated evaluation will inform the Department as to whether the goals of the added Severe Mental Illness and Serious Emotional Disturbance services are achieved. This includes understanding if the demonstration is effective in appropriately providing access for Medicaid beneficiaries to the community-based treatment continuum, including short-term inpatient psychiatric treatment or short-term residential mental health treatment in Institutions for Mental Diseases.

The Department will monitor contracted services to ensure:

- Data collection and analysis is timely and accurate;
- Federal reporting is submitted to CMS timely; and
- Federal performance reports represent valid and reliable findings as indicated by federal CMS approval.

Should the Governor and Council not authorize this request, providers classified as Institutions for Mental Diseases will not be authorized to receive reimbursement from Medicaid for certain Substance Use Disorder treatment services or for beneficiaries 21-64 years of age receiving short-term inpatient psychiatric treatment or short-term residential mental health treatment. Furthermore, the Department will be out of compliance with the CMS Special Terms and Conditions of the Substance Use Disorder, Severe Mental Illness and Serious Emotional Disturbance 1115 Demonstration. Noncompliance may result in financial penalties to the Department and/or rescinding the approval of the Substance Use Disorder, Severe Mental Illness and Serious Emotional Disturbance 1115 Demonstration.

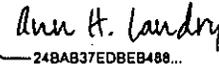

Area served: Statewide

Source of Federal Funds: CFDA #93.778, FAIN 2005NH5ADM.

and the Honorable Council

In the event that the Federal or Other Funds become no longer available, General Funds will not be requested to support this program.

EXPLANATION

The purpose of this request is for the Contractor to perform an evaluation of the Substance Use Disorder (SUD) Section 1115(a) Medicaid Demonstration Waiver (SUD 1115 Demonstration) in accordance with the SUD 1115 Demonstration Evaluation Design as approved by the U.S. Centers for Medicare & Medicaid Services (CMS) on May 22, 2019. Evaluating the results of the SUD 1115 Demonstration by an independent evaluator is federally required by the Special Terms and Conditions of the SUD 1115(a) Demonstration, which was approved by CMS on July 10, 2018.

The Pacific Health Policy Group was competitively selected to implement the approved evaluation design of the New Hampshire Substance Use Disorder Treatment and Recovery Access Demonstration. This demonstration is intended to address critical unmet needs for residential SUD treatment; improve the quality of SUD treatment; and, maintain or reduce costs. It authorizes New Hampshire to provide high quality and clinically appropriate SUD treatment services in residential and inpatient treatment settings that qualify as an Institution for Mental Diseases.

The results of the evaluation will inform the Department as to whether the goals of the SUD 1115(a) waiver were achieved. This will include understanding if the demonstration was effective in maintaining critical access to opioid use disorder (OUD) and other SUD services and continued delivery system improvement that will support coordinated and comprehensive OUD/SUD treatment for Medicaid beneficiaries. This demonstration will build on New Hampshire's effort to improve models of care focused on supporting beneficiaries in the community and home, outside of institutions, and strengthen a continuum of SUD services.

The Selected Vendor will utilize both qualitative and quantitative methods to implement the approved evaluation design. The vendor will support the Department in complying with CMS general reporting and evaluation requirements and deliver all required CMS reporting requirements that include: Quarterly Monitoring Reports; Mid-Point Assessment; Interim Evaluation Report; and a Final Summative Evaluation Report.

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
Page 3 of 3

The Department will monitor contracted services by ensuring data collection and analysis is timely and accurate, Federal reporting is submitted to CMS for approval, and Federal performance reports represent valid and reliable findings as indicated by federal CMS approval.

The Department selected the Contractor through a competitive bid process using a Request for Proposals (RFP) that was posted on the Department's website from 1/5/2021 through 2/16/2021. The Department received eight (8) responses that were reviewed and scored by a team of qualified individuals. The Scoring Sheet is attached.

As referenced in the Exhibit A, Revisions to Standard Agreement Provisions, Paragraph 1, of the attached contract, the parties have the option to extend the agreement for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and Governor and Council approval.

Should the Governor and Council not authorize this request the Department will be out of compliance with the CMS Special Terms and Conditions of the SUD 1115 Demonstration. Noncompliance may result in financial penalties to the Department or rescinding the approval of the SUD 1115 Demonstration. Without the SUD 1115 Demonstration providers classified as Institutions for Mental Diseases, will not be authorized to receive reimbursement from Medicaid for certain SUD treatment services.

Area served: Statewide

Source of Funds: CFDA #93.778, FAIN #2005NH5ADM .

In the event that the Federal Funds become no longer available, additional General Funds will not be requested to support this program.

Respectfully submitted,

 Lori A. Shibinette
Commissioner

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION
AND OTHER RESPONSIBILITY MATTERS**

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION.

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

New Hampshire Department of Health and Human Services
Exhibit F

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

- 10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

 - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
- 12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

- 13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
