

The State of New Hampshire
Department of Environmental Services

Robert R. Scott, Commissioner

February 22, 2022

His Excellency, Governor Christopher T. Sununu
 and The Honorable Council
 State House
 Concord, NH 03301

REQUESTED ACTION

Approve Frank D'Anna's request for a five-year permit time extension of the New Hampshire Department of Environmental Services (NHDES) Wetlands Bureau permit #2018-02517, in accordance with RSA 482-A:3, XIV-a, to perform the following work on Lake Winnepesaukee on Bear Island in Meredith. This project was previously approved by the Governor and Executive Council on December 19, 2018, Item #54.

Install two 6 foot x 40 foot seasonal piers, each anchored by a 3 foot x 7 foot concrete pad, separated by an existing 4 foot x 30 foot seasonal pier extending from a 21 foot 10 inch x 23 foot 10 inch permanent wharf on an average of 609 feet of frontage along Lake Winnepesaukee on Bear Island in Meredith.

The NHDES imposed the following conditions as part of this approval:

1. All work shall be in accordance with plans by Folsom Design and Construction Management dated July 20, 2018 and revised as received by the NH Department of Environmental Services (DES) on October 23, 2018.
2. This permit is not valid and effective until it has been recorded with the appropriate county Registry of Deeds by the applicant. Prior to starting work under this permit, the permittee shall submit a copy of the recorded permit to the DES Wetlands Program by certified mail, return receipt requested.
3. All development activities associated with this project shall be conducted in compliance with applicable requirements of RSA 483-B and N.H. Code of Administrative Rules Env-Wq 1400 during and after construction.
4. This permit does not authorize the removal of trees or saplings within the waterfront buffer that would result in a tree and sapling point score below the minimum required per RSA 483-B:9, V, (a)(2)(D)(iv).
5. Work shall be carried out in a time and manner to avoid disturbances to migratory waterfowl breeding and nesting areas.
6. Appropriate turbidity controls shall be installed prior to construction, shall be maintained during construction such that no turbidity escapes the immediate dredge area and shall remain until suspended particles have settled and water at the work site has returned to normal clarity.
7. All construction-related debris shall be placed outside of the areas subject to RSA 482-A. Any spoil material deposited within 250 feet of any surface water shall comply with RSA-483-B.
8. The contractor responsible for completion of the work shall use techniques described in the New Hampshire Stormwater Manual, Volume 3, Erosion and Sediment Controls During Construction (December 2008).

TDD Access: Relay NH 1 (800) 735-2964

9. Any subdivision of the property frontage will require removal of a sufficient portion of the docking structures to comply with the dock size and density requirements in effect at the time of the subdivision.
10. Only those structures shown on the approved plans shall be installed or constructed along this frontage. All portions of the structures, including the breakwater toe of slope, shall be at least 20 feet from the abutting property lines or the imaginary extension of those lines into the water.
11. No portion of either pier shall extend more than 40 feet from the shoreline at full lake elevation (Elevation 504.32).
12. All seasonal structures shall be removed for the non-boating season.
13. This permit shall not preclude DES from initiating appropriate action if DES later determines that any of the structures depicted as "existing" on the plans submitted by or on behalf of the permitted were not previously permitted or grandfathered.

EXPLANATION

The NHDES approved this project on February 22, 2022. The NHDES supported its decision with the following findings:

1. Per Rule Env-Wt 314.05(b), the permittee submitted a written request to the department for an extension of permit #2018-02517 prior to the expiration of the permit.
2. Per Rule Env-Wt 314.05(c)(2), the submitted request included a statement, signed and certified in accordance with Env-Wt 311.11, that: the permit for which extension is sought has not been revoked or suspended without reinstatement; extension of the permit would not violate a condition of law or rule; the project is proceeding towards completion in accordance with plans and other documentation referenced by the permit; the applicant proposes reasonable mitigation measures to protect the public waters of the state from deterioration during the period of extension; and the wetland delineation is still valid pursuant to Env-Wt 406.01(b).
3. Per Rule Env-Wt 314.05(d), as specified in RSA 482-A:3, XIV-a, the department finds the permittee has submitted the request as specified in Env-Wt 314.05(b) and (c) and the mitigation measures proposed by the permittee are adequate to protect public waters from deterioration. The department therefore grants one extension of 5 additional years for permit 2018-02517.

Application file documents are being forwarded to the Governor and the Executive Council in connection with their consideration of this matter pursuant to RSA 482-A:3, II(a), as it is a major project in public waters of the state.

We respectfully request your approval of this item.

Robert R. Scott
Commissioner

WETLANDS & SHORELAND REQUEST FOR PERMIT TIME EXTENSION

Water Division/ Wetlands Bureau/ Land Resources Management
Check the status of your permit: www.des.nh.gov/onestop

RSA/Rule: RSA 482-A, RSA 483-B

RECEIVED JAN 26 2022 NHDES LAND RESOURCES MANAGEMENT	Administrative Use Only	Permit Not to Extend Beyond New Permit Expiration Date: <u>10/29/2028</u>
		Authorized: <u>[Signature]</u> Date: <u>2/22/2022</u>

Under Wetlands and Shoreland statutes RSA 482-A:3 XIV-a and RSA 483-B:5-b VI, respectively, an applicant may request a permit time extension if the conditions in Section B are met. This request must be submitted no sooner than 90 days prior to, but before the Wetland or Shoreland permit expires. Once the permit expires, it is no longer eligible for a permit time extension. The blank space at the top of this page is for Registry of Deeds use.

2: INFORMATION REQUIRED FOR REQUEST ACCEPTANCE

If your request includes all the required materials, initials and signature demonstrating that the following conditions have been met, your request will be granted, and you will receive this page, signed and annotated with the new permit expiration date as evidence of your extension. If your request package does not include all the required materials, initials and signature, it will be returned to you with this page annotated with the missing/non-compliant items indicated. **Initial each box below to accept the conditions.**

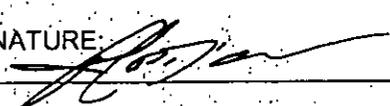

<i>FPO</i>	RSA 482-A:3, XIV-a, (a), and RSA 483-B:5-b VI, (a)	The permit for which extension is sought has not been revoked or suspended without reinstatement.
<i>FPO</i>	RSA 482-A:3, XIV-a, (b) and RSA 483-B:5-b VI, (b)	Extension would not violate a condition of law or rule.
<i>FPO</i>	RSA 482-A:3, XIV-a, (c) and RSA 483-B:5-b VI, (c)	The project is proceeding towards completion in accordance with plans and other documentation referenced by the permit.
<i>FPO</i>	RSA 482-A:3, XIV-a (e) and Env-Wq 1406.19	There are no amendments or changes to the permit description, conditions or approved plans that would require an amendment or a new application.
<input type="checkbox"/> N/A	For Wetlands Permits Only: RSA 482-A:3, XIV-a, (d)	The applicant proposes reasonable mitigation measures to protect the public waters of the state from deterioration during the period of extension. Check N/A if this is a Shoreland Permit.
<input type="checkbox"/> N/A	For Shoreland Permits Only: RSA 483-B:5-b VI, (d)	The applicant proposes reasonable mitigation measures to protect the shorelands and public waters of the state from deterioration during the period of extension. Check N/A if this is a Wetlands Permit.

3: REQUIRED CERTIFICATIONS

Initial each box below to accept the conditions.

<i>FPO</i>	I understand that this Request qualifies as the single allowable Permit Time Extension (of up to 5 additional years) and further time extensions for this permit are not allowed in accordance with RSA 482-A:3, XIV-a, RSA 483-B:5-b VI, Env-Wt 502.01 and Env-Wq 1406.19, as applicable.
<i>FPO</i>	I understand that any Request for Permit Time Extension accepted by NHDES does not relieve the Owner, Authorized Agent or Applicant from the obligation to comply with other local, state or federal laws or rules as may be required.
<i>FPO</i>	I understand that any Request for Permit Time Extension accepted by NHDES, based on false, incomplete, or misleading information on the application, plans or attachments shall be subject to enforcement action.
<i>FPO</i>	I understand that this Request for Permit Time Extension does not request any redesign of the project to meet any rule requirements that are more stringent than the rules in effect when the permit was issued.
<i>FPO</i>	I understand that work must be completed in accordance with the description and conditions of the approved permit.

MUNICIPAL SIGNATURES

11. CONSERVATION COMMISSION SIGNATURE

The signature below certifies that the municipal conservation commission has reviewed this application, and:

1. Waives its right to Intervene per RSA 482-A:11.
2. Believes that the application and submitted plans accurately represent the proposed project, and
3. Has no objection to permitting the proposed work.

	Print name legibly	Date
--	--------------------	------

DIRECTIONS FOR CONSERVATION COMMISSION

1. Expedited review ONLY requires that the conservation commission's signature is obtained in the space above.
2. Expedited review requires the Conservation Commission signature be obtained prior to the submittal of the original application to the Town/City Clerk for signature.
3. The Conservation Commission may refuse to sign. If the Conservation Commission does not sign this statement for any reason, the application is not eligible for expedited review and the application will be reviewed in the standard review time frame.

12. TOWN / CITY CLERK SIGNATURE

As required by Chapter 482-A:3 (amended 2014), I hereby certify that the applicant has filed four application forms, four detailed plans, and four USGS location maps with the town/city indicated below.

	Ken A. Proctor Print name legibly	Meredith Town/City	8/17/18 Date
--	--------------------------------------	-----------------------	-----------------

DIRECTIONS FOR TOWN/CITY CLERK:

Per RSA 482-A:3,1

1. For applications where "Expedited Review" is checked on page 1, if the Conservation Commission signature is not present, NHDES will accept the permit application, but it will NOT receive the expedited review time.
2. IMMEDIATELY sign the original application form and four copies in the signature space provided above;
3. Return the signed original application form and attachments to the applicant so that the applicant may submit the application form and attachments to NHDES by mail or hand delivery.
4. IMMEDIATELY distribute a copy of the application with one complete set of attachments to each of the following bodies: the municipal Conservation Commission, the local governing body (Board of Selectmen or Town/City Council), and the Planning Board; and
5. Retain one copy of the application form and one complete set of attachments and make them reasonably accessible for public review.

DIRECTIONS FOR APPLICANT:

1. Submit the single, original permit application form bearing the signature of the Town/ City Clerk, additional materials,

13. IMPACT AREA:

For each jurisdictional area that will be/has been impacted, provide square feet and, if applicable, linear feet of impact.

Permanent impacts that will remain after the project is complete.

Temporary impacts not intended to remain (and will be restored to pre-construction conditions) after the project is complete.

JURISDICTIONAL AREA	PERMANENT Sq. Ft. / Lin. Ft.	TEMPORARY Sq. Ft. / Lin. Ft.

Docking - Tidal Water	<input type="checkbox"/> ATF	<input type="checkbox"/> ATF
TOTAL	42 sq. ft. / 14 ft.	480 sq. ft. / 12 ft.

14. APPLICATION FEE: See the Instructions & Required Attachments document for further instruction.

Minimum Impact Fee: Flat fee of \$ 200

Minor or Major Impact Fee: Calculate using the below table below

Permanent and Temporary (non-docking) 42 sq. ft. X \$0.20 = \$ 8.40

Temporary (seasonal) docking structure: 480 sq. ft. X \$1.00 = \$ 480.00

Permanent docking structure: sq. ft. X \$2.00 = \$

Projects proposing shoreline structures (including docks) add \$200 = \$ 200

Total = \$ 688.40

The Application Fee is the above calculated Total or \$200, whichever is greater = \$ 688.40

Project

Description: Repair existing docking structure "in-kind"

The NH Natural Heritage database has been checked by staff of the NH Natural Heritage Bureau and/or the NH Nongame and Endangered Species Program for records of rare species and exemplary natural communities near the area mapped below. The species considered include those listed as Threatened or Endangered by either the state of New Hampshire or the federal government.

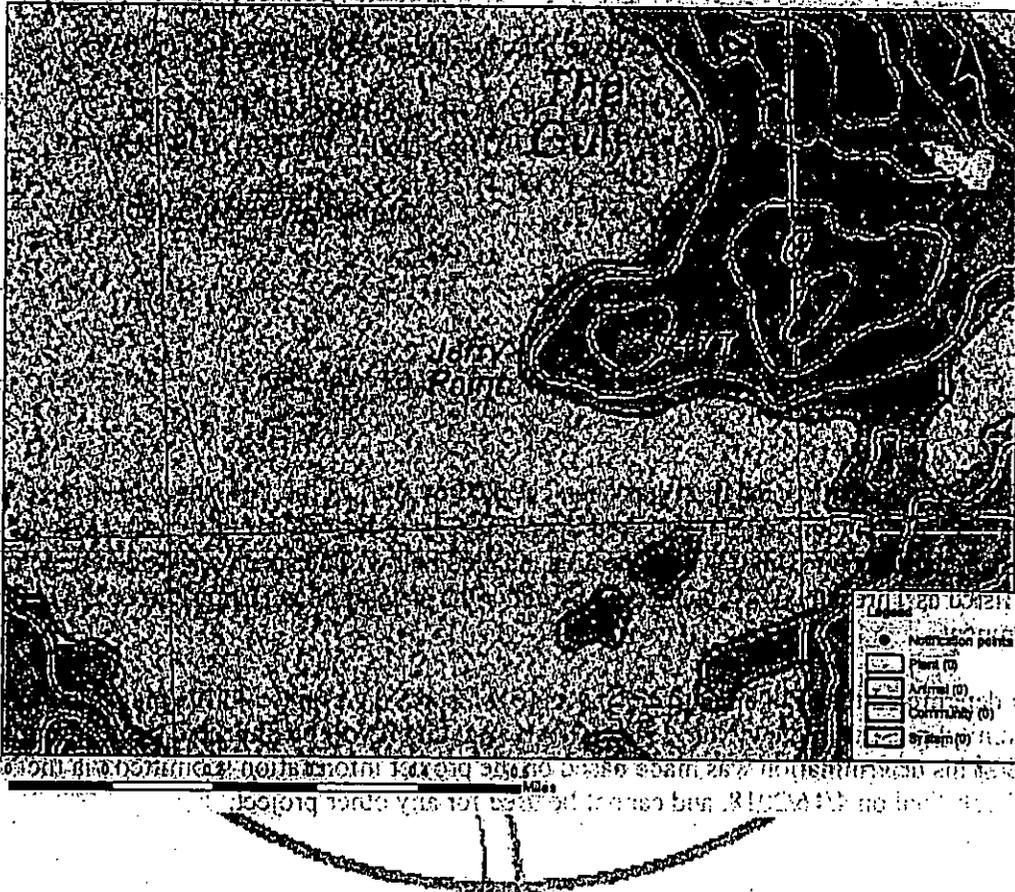

It was determined that, although there was a NHB record (e.g., rare wildlife, plant, and/or natural community) present in the vicinity, ~~we do not expect that it will be impacted by the proposed project.~~ This determination was made based on the project information submitted via the NHB Datacheck Tool on 4/16/2018, and cannot be used for any other project.

RE: D'Anna Property, Meredith, NH
Tax Map No. I-04 Lot No. 4

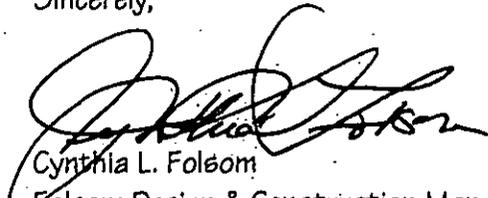

Dear Abutter:

Pursuant to NHDES Wetland Bureau Rule Wt 501.01(c) and as specified by RSA 482-A, this letter is notification of application submitted on behalf of Frank D'Anna.

The proposed project consists of installing (2) seasonal hinged piers. No other work is proposed. The plans for the proposed project are on file at the town clerk's office if you should wish to view them.

If you have any questions, please do not hesitate to contact this office. We will be happy to discuss any aspect of the proposed project.

Sincerely,

Cynthia L. Folsom
