His Excellency, Governor Christopher T. Sununu
and the Honorable Executive Council
State House

REQUESTED ACTION

Authorize the Department of Education to enter into a **sole source** contract with the New Hampshire Career Technical Administrators (NHCTA) in the amount of \$45,000 to provide facilitation of professional learning communities (PLCs) for professional development of Career and Technical Education (CTE) teachers working in 16 career cluster program areas in New Hampshire Regional CTE Centers located in high schools, effective upon Governor & Council approval through August 30, 2023. 100% Federal Funds.

Funds to support this request are available in the FY 2022 and 2023 account titled CTE-VOC-ED-Federal as follows:

		<u>FY 22</u>	<u>FY23</u>
06-56-56-562010-40260000-072-502649	Grants Federal	\$22,500	\$22,500

EXPLANATION

This request is for a **sole source** contract, as the CTE directors represented by the New Hampshire Career and Technical Administrators (NHCTA) directly supervise teachers in each of the 16 career cluster areas comprising the professional learning communities (PLCs). Because of the close coordination between the New Hampshire Department of Education and the board of NHCTA, as well as extensive communication between NH DOE and CTE directors who are members of NHCTA, NH DOE is confident NHCTA is uniquely qualified to effectively facilitate PLCs for New Hampshire high school CTE teachers. There was no RFP issued in this case, because this vendor demonstrated success with similar professional development and mentoring work conducted with NH CTE teachers conducted in 2021.

His Excellency, Governor Christopher T. Sununu
and the Honorable Executive Council
Page 2 of 2

While there is ongoing professional work for CTE teachers provided at the State and district levels, what distinguishes the professional learning communities (PLCs) work outlined in this agreement from more general training is the ongoing nature of CTE teachers working together in specific program areas. It more closely resembles a formal mentoring structure, with the PLC cluster leads providing ongoing guidance to less experienced peers in regular meetings than a series of stand-alone trainings.

In order to ensure the Cluster Leads can effectively facilitate regular meetings with the CTE teachers in their PLC, they will receive two sessions per program year on leadership provided by NHCTA. NHCTA will subcontract with a consultant to provide the leadership training for the Cluster Leads.

The PLCs will meet on a regular basis to talk about best practices for career and technical education instruction and assessment, facilitated by PLC Cluster Leads, selected by NHCTA to lead each of the 16 PLCs. These PLC Cluster Leads will take part in a series of leadership training sessions, facilitated by a subcontractor selected by NHCTA. The subcontractor will also be available to provide ongoing consultation to the PLC Cluster Leads.

Ongoing professional learning community work will empower NH CTE teachers to improve their ability to provide high-quality, learner-focused career and technical education, a crucial component of New Hampshire's future economic development.

In the event Federal Funds are no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Frank Edelblut
Commissioner of Education

Notice: This agreement and all of its attachments shall become public upon submission to Governor and Executive Council for approval. Any information that is private, confidential or proprietary must be clearly identified to the agency and agreed to in writing prior to execution of the contract.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

8.3. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default.
