REQUESTED ACTION

Authorize the Department of Transportation to enter into a contract amendment with Cooperative Alliance for Seacoast Transportation (COAST) Vendor 155553, Dover, NH, to increase the contract amount by \$110,000.00 from \$850,364.00 to \$960,364.00, for coordinated transportation services for seniors and individuals with disabilities, effective upon Governor and Executive Council approval. The original contract was approved by Governor and Executive Council on June 30, 2021, Item #65. 100% Federal Funds.

Funding is available in Fiscal years 2022 and 2023 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

	<u>FY 2022</u>	<u>FY 2023</u>
04-96-96-964010-2916		
Public Transportation		
072-500575 Grants to Non-Profits-Federal	\$55,000.00	\$55,000.00

EXPLANATION

This amendment is to provide additional federal funding to support a full-time Regional Mobility Manager to serve the Region 10 Regional Coordination Council (RCC). The NH Statewide Coordinating Council (SCC) for Community Transportation advocated for each Region to have a full-time Regional Mobility Manager and included this recommendation in their recently adopted "NH Statewide Mobility Management Network: A Blueprint for Implementation." The Department, working in concert with the SCC, has developed a funding plan to avail appropriate funds for each Region, including the subject Region 10, to fund a full-time Regional Mobility Manager for the contract period.

The Regional Mobility Manager position will be located at COAST. As the lead agency COAST serves the Region 10 RCC to ensure the provision of accessible demand response transportation services for seniors and individuals with disabilities within the region and supports mobility management and strategic planning activities in cooperation with the Region 10 RCC.

In the event that Federal Funds become unavailable, General Funds will not be requested to support this program.

The amended Agreement has been approved by the Attorney General as to form and execution and the Department has verified the necessary funds are available. Copies of the fully executed agreement are on file at the Secretary of State's Office and the Department of Administrative Services' Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

All other provisions of the agreement shall remain in effect.

Your approval of this resolution is respectfully requested.

Sincerely,

EXPLANATION

Cooperative Alliance for Seacoast Transportation (COAST) has been awarded funding from the Federal Transit Administration (FTA) Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities (Section 5310) program in the amount of \$780,800.00 to provide expanded transportation services in the Region 10 Southeast Region Coordinating Council (RCC) service area.

This agreement includes Federal COVID relief funding including the Coronavirus Aid, Relief, and Economic Security (CARES) Act enacted March 27, 2020, the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) enacted December 27, 2020, and the American Rescue Plan (ARP) Act enacted March 11, 2021. The FTA apportioned funding to all states to support operating, capital, and other expenses generally eligible under the FTA Section 5311 Rural Area Formula Program and Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities

Program. This request includes formula and relief funds from each of the aforementioned funding programs as well as State general funds to assist in meeting the non-federal match requirements. COAST will act as the lead agency to ensure the provision of accessible demand response transportation services for seniors and individuals with disabilities within the region, and will support mobility management and strategic planning activities in cooperation with the Region 10 Southeast Region Coordinating Council.

The Section 5310 RCC funds were allocated by region according to a formula based on regional populations of residents over 65 and those between the ages of 5-64 with disabilities. Each individual RCC was responsible for conducting its own project solicitation, evaluation, and prioritization and then submitting one regional application for eligible Section 5310 RCC projects through an approved lead agency. Southeast Region Coordinating Council designated the COAST as the lead agency for Region 10 and tasked the COAST with applying for Section 5310 RCC funds on behalf of Region 10. As required by FTA, all projects are identified in a locally developed coordinated public transit-human services transportation plan.

The Department's approved FY 2022 and FY 2023 budgets includes \$200,000.00 of State Funds per year to assist 10 public transit systems with matching FTA operating funds. The State Funds will be distributed to transit systems based on three ridership tiers and will be distributed as follows:

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds affected by any state or federal legislative or executive action that reduces, eliminates or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope for Services provide in EXHIBIT B, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to reduce or terminate the Services under this Agreement immediately upon giving the Contractor notice of such reduction or termination. The State shall not be required to transfer funds from any other account or source to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/ EQUAL EMPLOYMENT OPPORTUNITY.

6.1 In connection with the performance of the Services, the Contractor shall comply with all applicable statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal employment opportunity laws. 8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

- 5.5 As applicable based on Federal participation ratios, the amount paid by the State to the Contractor shall not exceed 50% of allowable operating costs less fare revenues plus 80% of allowable administrative and capital costs. Contracted Services and Mobility Management costs are identified in Exhibit B. The Contractor shall provide and document the availability of local funds sufficient to meet the project cost in excess of the Contract Price Limitation.

- 5.9 Within 30 days of receipt of the request for payment and other documents and records required by the State, the State shall determine the allowability of costs and the amount due and owing to the Contractor and shall pay said amount, subject to other provisions of this Agreement. Contract reimbursements shall not exceed 50% of the total contract amount in any given quarter.
- 5.10 Final Payment. Satisfactory acceptance by the State and FTA of all reports required by this Agreement is a condition precedent to final payment (i.e., payment for the last month or portion thereof of this Agreement). All reports will be prepared to the satisfaction of the State and Federal Transit Administration (FTA). The final payment may be retained and withheld pending receipt and satisfactory acceptance of all reports required by this Agreement and resolution of all pending matters.

- A.3. Amend P-37 Section 6. "COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/EQUAL EMPLOYMENT OPPORTUNITY" by adding the following:
- 6.4 The Contractor shall post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause.
 - 6.5 The Contractor shall state, in all solicitations or advertisements for employees, that all qualified applicants will receive consideration for employment without regard to race, color, age, creed, sex or national origin.

- 9.4 The following restrictions apply to all subject data first produced in the performance of this agreement:
 - a) Except for its own internal use, the Contractor may not publish or reproduce such data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of the State, until such time as the FTA may have either released or approved the release of such data to the public.
 - b) As authorized by 2 CFR 200, the FTA reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish and otherwise use, and to authorize others to use, for Federal purposes, any work developed under a grant, cooperative agreement, sub-grant, or third party contract, irrespective of whether a copyright has been obtained; and any rights of copyright to which a recipient, sub-recipient, or third party contractor purchases ownership with Federal assistance.
 - 9.5 It is FTA's intent to increase the body of mass transportation knowledge. Therefore, the Contractor understands and agrees that in addition to the rights set forth in 9.4 (b) above, FTA may make available to any recipient, subgrantee, contractor or subcontractor its license in the copyright to the date derived under this Agreement or a copy of the data first produced under this Agreement.
 - 9.6 The Contractor shall indemnify, save and hold harmless the State and United States, their officers, agents and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation of the proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under this Agreement.
 - 9.7 Nothing contained in this clause shall imply a license to the United States under any patent or be construed as affecting the scope of any license or other right otherwise granted to the United States under any patent.
 - 9.8 Sections 9.4, 9.5, and 9.6 above are not applicable to material furnished to the Contractor by the State or United States and incorporated in the work furnished under the agreement;

provided that such incorporated material is identified by the Contractor at the time of delivery of such work.

- 9.9 In the event that the project is not completed for any reason, all data developed under that project shall become subject Data as defined in Section 9.1 and shall be delivered as the State or FTA may direct.

In the event of termination under Section 4 or 10.4 of this Agreement, the acceptance of a Termination Report by the State shall in no event relieve the Contractor from any and all liability for damages sustained or incurred by the State as a result of the Contractor's breach of its obligations hereunder, including refund of any federal funds required by FTA.
- 10.3 Completion of Services; Payment of Price. Excepting those obligations of the Contractor which, by the terms of this Agreement, do not expire on the Completion Date, upon the completion of the Services and upon payment of the Contract Price, this Agreement, and all obligations of the parties hereunder, shall cease and shall be without recourse to the parties hereto.
- 10.4 Termination for Convenience. Notwithstanding anything in this Agreement to the contrary, either the State or, except where notice of default has been given to the Contractor hereunder, the Contractor may terminate this Agreement without cause upon thirty (30) days written notice.

A.6. Amend P-37 Section 12. "ASSIGNMENTS/DELEGATION/SUBCONTRACTS" by adding the following:

- 12.1 The Contractor shall cause the provisions of this contract to be inserted in all subcontracts for any work covered by this Agreement so that the provisions will be binding on each subcontractor; provided, however, that the foregoing provisions shall not apply to subcontractors for standard commercial supplies or raw materials. The Contractor shall take such action with respect to any subcontract as the State may direct as a means of enforcing such provisions, including sanctions for noncompliance. In the event the State disputes the Contractor's operations or records as submitted for payment or otherwise, final resolution shall rest with the State.
9. **Audits and Inspections.** Between the Effective Date and the Completion Date, and for a period of three (3) years after the FTA grant is closed or the date of resolution of all matters relating to this Agreement, whichever is later, at any time during the Contractor's normal business hours, and as often as the State or FTA may demand, the Contractor shall make available to the State and FTA or their designees all records pertaining to matters covered by this Agreement. The Contractor shall permit the State and FTA to audit, examine, and reproduce such records, and to make audits of all contracts, invoices, materials, payrolls, records of personnel, Data (as defined in P-37 section 9.1) and other information relating to all matters covered by this Agreement. As used in this paragraph, "Contractor" includes all persons, natural or fictional, affiliated with, controlled by, or under common ownership with, the entity identified as the Contractor in 1.3 of P-37.

- .10. **Independent Audit.** The Contractor shall submit one audit done by one Certified Public Accountant (CPA) for the entire project, or, as the State may require, for any part of the project upon demand. Monies required for payment of the audit shall be set aside in the Contract Budget for that specific purpose.
- .10.1. In the event the audit reveals that monies are due and owing to the State from the Contractor, for whatever reasons, the Contractor shall pay to the State such sums within thirty (30) days of the audit date.
- .11. The Contractor shall submit quarterly performance, drug and alcohol, and charter activity reports within 30 days of the end of each quarter and shall submit any forms, information or reports required by the State to complete the FTA's National Transit Database (NTD) reporting.
- A.9. Amend P-37 by adding "PROJECT EQUIPMENT AND REAL PROPERTY" as Section 27:
27. **PROJECT EQUIPMENT AND REAL PROPERTY.** The following terms and conditions apply to all equipment and real property purchased in whole or in part with funds provided through this or other Agreements between the State and the Contractor:
- a. All procurements shall be made in accordance with 2 CFR 200 and FTA Circular 4220.1F and future amendments, and with Buy America requirements, 49 CFR Parts 661 and 663.
 - b. All other equipment with a cost in excess of five hundred (\$500) per unit shall be purchased by the Contractor subject to the prior approval of the State.
 - c. In connection with the purchase of any motor vehicles pursuant to this Agreement, the Contractor shall give the State a security interest in the motor vehicles at the time of purchase and shall take all steps necessary to protect the State's security interest, including taking steps to identify the State as a lien holder of such motor vehicles on the motor vehicle titles.
 - d. In the event that this agreement is terminated, all project equipment and property becomes the property of the State and it is understood and agreed that legal title to such equipment shall be transferred to the State as soon as feasible. Project equipment will be disposed of in accordance with FTA Circular 9040.1G and the State Management Plan.
- A.10. Amend P-37 by adding "EQUIPMENT CERTIFICATION" as section 28:
28. **EQUIPMENT CERTIFICATION.** The Contractor shall maintain a current inventory listing of all nonexpendable property involved in this Agreement. The Contractor shall submit to the State a certification that the equipment is still being used in accordance

with the terms of the Agreement. The inventory listing and equipment certification shall be supplied to the State by each year, generally by June 30th.

A.11. Amend P-37 by adding "TRAINING AND DRIVER REVIEW" as section 32:

32. **TRAINING AND DRIVER REVIEW.** The State may require participation in training courses determined to be essential to FTA program management in this contract period and may require participation in such training programs as it deems necessary by drivers and other employees involved in the transportation of the public. Training may include defensive driving, passenger assistance, emergency procedures and periodic refresher training every three (3) years. The Contractor agrees that the State shall have the right to review the performance of all drivers who are employed in connection with this Agreement, and to disallow the use of any driver whose performance as a driver is determined to be unsatisfactory by the State.

A.12. Amend P-37 by adding "SERVICE LIMITATIONS" as section 34:

34. **SERVICE LIMITATIONS.** The Contractor shall not engage in the provision of transportation services other than those described in Exhibit B, or outside the service area described in Exhibit B, without the written consent of the State and without obtaining the appropriate operating authority. The Contractor shall not engage in charter or school bus operations except as permitted by 49 CFR Parts 604 and 605, respectively.

A.13. Amend P-37 by adding "CONTRACTOR REPRESENTATIONS" as section 35:

35. **CONTRACTOR REPRESENTATIONS.** Contractor warrants that with respect to the Services to be performed, it has obtained all licenses, permits, or approvals which are required by any law, order or regulation of any authority, state or federal, or which may be necessary for the performance of the Services hereunder. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform such Services, and shall be properly licensed and authorized to perform such Services under all applicable laws.

A.14. Amend P-37 by adding "PATENT RIGHTS" as section 37:

37. **PATENT RIGHTS.** If any invention, improvement, or discovery of the Contractor is conceived or first actually reduced to practice in the course of or under this Contract, which invention, improvement or discovery may be patentable under the laws of the United States or any foreign country, the Contractor shall immediately notify the State and provide a detailed report. The rights and responsibilities of the Contractor and the State with respect to such invention, improvement, or discovery will be determined in accordance with applicable Federal laws, regulations, policies and any waiver thereof.

A.15. Amend P-37 by adding "BROKERAGE REPRESENTATION" as section 38:

38. **BROKERAGE REPRESENTATION.** The Contractor warrants that it has not employed or retained any company or person, other than a bona-fide employee working solely for the Contractor, to solicit or secure this Agreement; and that it has not paid or agreed to pay any company or person, other than a bona-fide employee working solely for the Contractor, any fee, commission, percentage, brokerage fee, gifts or any other

consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, the State shall have the right to annul this Agreement without liability or, in its discretion to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage, brokerage fee, gift, or contingent fee.

COOPERATIVE ALLIANCE FOR SEACOAST TRANSPORTATION, DBA: COAST
EXHIBIT B
SCOPE OF SERVICES

1. The Contractor, Cooperative Alliance for Seacoast Transportation, (hereinafter the "Contractor") will provide transportation services as described in its Federal Transit Administration (FTA) Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities Regional Coordinating Council (RCC) grant application to the New Hampshire Department of Transportation, Bureau of Rail and Transit (hereinafter "NHDOT"). The Contractor will serve as the lead agency for Region 10 Southeast for FTA Section 5310 RCC funds to provide accessible transportation services to seniors and individuals with disabilities in cooperation with the Region 10 Southeast RCC. This project is for the time period July 1, 2021 – June 30, 2023. The Contractor's grant application is hereby incorporated by reference and made part of this agreement. The Contractor agrees to provide all services indicated in the grant application unless modified per this agreement.
2. The following terms and conditions apply to all of the FTA Section 5310-funded services for seniors and individuals with disabilities provided by Contractor pursuant to this agreement:
 - a. Mobility management activities, and as applicable, transportation services, subcontractors, and maximum reimbursement rates, shall consist of those submitted in the Contractor's 5310 Regional Coordinating Council (RCC) application or as subsequently modified by NHDOT through written notification to the Contractor. Further amendments to mobility management activities, transportation services, subcontractors, and/or maximum reimbursement rates require RCC approval, as documented in official minutes, as well as written approval from the Commissioner.
 - b. Eligible Regional Mobility Manager expenses shall be limited to those directly related to the position's role as described within the 2016 New Hampshire Statewide Coordination of Community Transportation Services Plan, hereby incorporated by reference. Roles may be further modified based on those recommended by the Statewide Coordinating Council (SCC) and approved in writing by the Commissioner.
 - c. All services provided shall conform to FTA Section 5310 guidelines. Per FTA requirements, the Contractor shall be responsible for oversight of subrecipients and contractors relative to FTA requirements.
 - d. The Contractor shall ensure the provision of ADA accessible services within the RCC region. Any marketing materials, brochures, and other service information shall describe it as ADA-accessible. It is acceptable for a subcontractor/lower-tier subrecipient that does not utilize accessible vehicles to contract with an accessible provider in order to meet this requirement.

- e. The Contractor must fulfill its contractual obligations and provide its scope of services throughout the contract period regardless of mobility management expenses exceeding the maximum allowed to be reimbursed.
 - f. The Commissioner may require the Contractor to provide additional transportation services or to reduce transportation services provided under this contract. Any alterations to such transportation services shall be submitted in writing by the Commissioner to the Contractor. The Contractor shall implement the alterations within thirty (30) days unless another timeframe is agreed to by the Commissioner and the Contractor.
 - g. Services shall last the entire contract period. As necessary, the Contractor shall establish trip priorities to ensure funds are not expended prematurely.
3. The following terms and conditions apply to State Operating funds:
- a. State operating matching funds shall be used to provide a portion of the non-Federal Funds required to match Federal Transit Administration (FTA) operating funds for public transportation services provided by the Contractor and as further detailed on the Contractor's website.
 - b. Reimbursement of state operating funds shall be requested as one lump sum per State Fiscal Year. However, should the need for non-Federal matching funds in a given month be insufficient to fully draw down the entirety of the state operating funding, monthly requests will be acceptable until the state operating funds are fully expended.
 - c. The Contractor's submitted invoices shall indicate the month(s) for which the state operating matching funds are being applied, the amount of FTA funds the state operating matching funds are leveraging, and the FTA grant number from which the Contractor will draw down the FTA funds.
 - d. State operating match funding is available based on the availability of State funds.

**COOPERATIVE ALLIANCE FOR SEACOAST TRANSPORTATION, DBA: COAST
EXHIBIT C
BUDGET**

- I. The Contract price, as defined in Section 1.8 of the General Provisions, are the FTA Section 5310 portion of the eligible project costs. Federal (FTA) and State funds are granted as follows:

	SFY 2022	SFY 2023
FTA Section 5310		
Contracted Services	\$160,381.00	\$160,381.00
Mobility Management Activities	\$165,019.00	\$165,019.00
Regional Mobility Manager Position	\$65,000.00	\$65,000.00
Total FTA Section 5310 Funds	\$390,400.00	\$390,400.00
State Operating Funds	\$34,782.00	\$34,782.00
Total Contract Funds	\$425,182.00	\$425,182.00
Total Two-Year Contract Funds	\$850,364.00	

- a. Funds are contingent upon Federal and State appropriations.

- I. Not less than fourteen days prior to the submission of the Contractor's first request for reimbursement, the Contractor shall submit to the Commissioner a budget incorporating all funds to be expended in the provision of services pursuant to this contract. Budget revisions may be made with written approval of the Commissioner. Unless otherwise advised by NHDOT, budget revisions may only request the transfer of funds within a category or between categories with the same matching ratio.
- II. The Contractor may seek reimbursement for these funds by submitting a monthly or quarterly invoice for the total eligible expenses, less agency match as applicable, to NHDOT. The invoice must include verification of source(s) of matching funds and statements from service providers, as applicable, to support the request for matching funds.
- III. Mobility management costs shall be itemized and include such information as required to support the request.
- IV. The Contractor will verify that reimbursement is for non-Medicaid-eligible trips only.
- V. For expenses other than contracted services, the Contractor may seek reimbursement only for eligible expenses listed in the budget and detail-of-cost form provided by the State, with the exception of funds specifically reserved, if any, and identified in "Specifically Programmed Funds," at the end of this Exhibit.
- VI. At the sole discretion of the Commissioner, the Contractor may carry forward any

unexpended portion of the federal funds included in the Contract Price to a subsequent contract, if any, between the State and the Contractor.

INDEPENDENT AUDITOR'S REPORT

January 19, 2021

To the Board of Directors
Cooperative Alliance for Seacoast Transportation

Report on the Financial Statements

We have audited the accompanying financial statements of the Cooperative Alliance for Seacoast Transportation (a nonprofit organization), which comprise the statements of financial position as of September 30, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Cooperative Alliance for Seacoast Transportation as of September 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of grant expenditures are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 19, 2021, on our consideration of the Cooperative Alliance for Seacoast Transportation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Cooperative Alliance for Seacoast Transportation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Cooperative Alliance for Seacoast Transportation's internal control over financial reporting and compliance.

COOPERATIVE ALLIANCE FOR SEACOAST TRANSPORTATION

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

NOTE 1: NATURE OF THE ORGANIZATION

Cooperative Alliance for Seacoast Transportation (COAST) is organized as a Public Nonprofit Corporation and was formed in 1982 to promote and provide public mass transportation for southeastern New Hampshire. The organization provides administrative, planning, para-transit, and coordination services. COAST receives approximately 68% of its funding directly from the federal government. The balance of its funding comes from local sources, primarily municipalities served by the transit routes.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with the Standards of Accounting and Financial Reporting for Not-for-Profit Organizations as promulgated by the American Institute of Certified Public Accountants. They are stated on the accrual basis and include all material accounts receivable and payable.

Recent Accounting Pronouncements

In August 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-14, "Presentation of Financial Statements of Not-for-Profit Entities." This standard requires that net assets be reported in two classes. It also requires the Organization to disclose qualitative information on how the entity manages its available liquid resources and the related liquidity risk. The Organization is required to provide qualitative information that communicates the availability of current financial assets on the date of the statement of financial position. This includes cash needs for general expenditures within one year of the date of the statement of financial position. The Organization is required to report information about all expenses, by nature and function, in one location. Lastly, the Organization elected to adopt ASU 2016-14 as of and for the year ended September 30, 2019.

Financial Statement Presentation

The Organization follows the recommendation of the Financial Accounting Standards Board as applicable to not-for-profit organizations. Under these standards, the Organization is required to report information regarding its financial position and activities according to two classes of net assets, as applicable: net assets with donor restrictions or net assets without donor restrictions.

Descriptions of the two net asset categories are as follows:

Net Assets with Donor Restrictions

The part of net assets of a not-for-profit entity that is subject to donor-imposed restrictions (donors include other types of contributors, including makers of certain grants).

COOPERATIVE ALLIANCE FOR SEACOAST TRANSPORTATION

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Net Assets without Donor Restrictions

The part of net assets of a not-for-profit that is not subject to donor-imposed restrictions (donors include other types of contributors, including makers of certain grants).

A donor-imposed restriction is a donor stipulation (donors include other types of contributors, including makers of certain grants) that specifies a use for a contributed asset that is more specific than broad limits resulting from the following:

- a. The nature of the not-for-profit entity (NFP)
- b. The environment in which it operates
- c. The purposes specified in its articles of incorporation or bylaws or comparable documents for an unincorporated association.

The Organization reflects all resources used for operations as net assets without donor restrictions since any restricted revenues are generally received and spent in the same year.

Receivables

No allowance for doubtful accounts has been reflected since management believes all accounts receivable to be collectible. Accounts receivable will be considered delinquent based on the contractual terms of the agreement. COAST does not assess interest on outstanding or past-due balances.

Fixed Assets

Structures and equipment are stated at cost if purchased or fair market value if contributed. Depreciation is recorded on the straight-line method over a two to twenty-five year period. Expenditures for additions, renewals and betterments of buildings and equipment, unless of a relatively minor amount, are capitalized. Expenditures for maintenance and repairs are expensed as incurred.

Inventory

Inventory, which consists of fuel and bus parts, is stated at the lower of cost or market.

Income taxes

No income tax provision has been included in the financial statements of COAST since it is a not-for-profit entity exempt from income tax under Section 501(c)(3) of the Internal Revenue Code. It has been classified as an organization that is not a private foundation. COAST has analyzed its tax positions and has determined that there are no unrecognized tax obligations to record.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash Equivalents

For purposes of the statement of cash flows, COAST considers all unrestricted, highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Functional Allocation of Expenses

The costs of providing various programs and supporting services are summarized on a functional basis in the statement of activities. Expenses are directly charged to the appropriate activity, where feasible. The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, they may require allocation on a reasonable basis that is consistently applied. This basis included personnel cost allocations which are based on the estimates of time and effort.

Contributed Services

The value of contributed service of transit drivers is included in these statements. The value of contributed services of other volunteers is not reflected in these statements since there is no objective measurement available for such services.

Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and reported revenues and expenses.

Advertising

The Organization expenses advertising costs as incurred.

NOTE 3: LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The following reflects the Organization's financial assets as of the balance sheet date, reduced by amounts not available to meet cash needs for general expenditures within one year. The Organization's working capital and cash flows have variations during the year primarily due to the inconsistent collections of accounts receivable.

As part of the Organization's liquidity management plan, funds in excess of general requirements are invested in a money market account.

NOTE 6: REFUNDABLE ADVANCES

COAST recognizes conditional income from grants as services are provided and conditions are met. Funds received in advance are recorded as refundable advances.

NOTE 7: OPERATIONS

Transit operation expenditures are detailed in the Supplemental Data "Grant Expenditures - Operating Grants." Costs are recorded in accordance with the FTA as set forth in its National Transit Database Uniform System of Accounts. Reimbursement rates are 50%, 80% or 100%. Preventive maintenance and facility expenses are included in maintenance.

NOTE 8: PENSION PLAN

COAST has a SIMPLE pension plan. The organization matches employee contributions up to three percent of salaries. The cost for the years ended September 30, 2020 and 2019, respectively, were \$39,116 and \$40,320.

NOTE 9: CONTINGENT LIABILITIES

COAST receives money from the federal government under grants. Under the terms of these grants, COAST is required to use the money within the grant period for purposes specified in the grant proposals. If the expenditures of the grant were found not to be in compliance with the proposal, COAST might be required to repay the grantor's funds. The federal government also has an interest in equipment purchased with federal funds. Because specific amounts, if any, have not been determined by grantor agency audits as of September 30, 2020, no provision has been made for this contingency.

NOTE 10: COLLABORATION

During the year ended September 30, 2009, COAST and Stafford Network (a nonprofit organization) formed a working committee known as the Alliance for Community Transportation (ACT) for the purposes of establishing and advancing a transportation brokerage network in the area. COAST has agreed to receive grant funding and provide human resource and oversight of the Manager of Coordination Planning and Operations. COAST also provides dispatch and operational support. Planning expenditures for this project in the amount of \$350,087, and related revenue of \$378,544, are included in the financial statements for the year ended September 30, 2020.

COOPERATIVE ALLIANCE FOR SEACOAST TRANSPORTATION

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

NOTE 11: LEASE COMMITMENTS

During the year ended September 30, 2015, COAST engaged in a lease for rental of its office facilities. For the years ended September 30, 2020 and 2019, the Organization incurred rent expense in the amount of \$27,000 and was allotted contributions from the Lessor in the amount of \$3,000. The lease also calls for the Company to pay a pro rata share of the utilities and internal maintenance and repairs. The lease agreement for the property expired on March 15, 2018 at which point a tenancy-at-will agreement began with the same terms of the original lease.

NOTE 12: SUBSEQUENT EVENTS

Subsequent events have been evaluated through January 19, 2021, which is the date the financial statements were available to be issued.

Beginning around March 2020, the COVID-19 virus was declared a global pandemic as it spread rapidly and still continues to spread. The virus has negatively affected the Organization's operations such as a reduction in transportation services offered to its riders. In addition, the Organization continues to spend additional funds on disinfectant and personal protective equipment for its employees and riders. The Organization received significant funds from the federal government which alleviated some of the losses due to the virus.

Future potential impacts caused by the virus may include additional disruptions or restrictions on the Organization's ability to serve its riders. However, the related financial impact and duration cannot be reasonably estimated at this time.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

January 19, 2021

To the Board of Directors
Cooperative Alliance for Seacoast Transportation

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Cooperative Alliance for Seacoast Transportation (a nonprofit organization), which comprise the statement of financial position as of September 30, 2020, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 19, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Cooperative Alliance for Seacoast Transportation's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Cooperative Alliance for Seacoast Transportation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Cooperative Alliance for Seacoast Transportation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet

important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Cooperative Alliance for Seacoast Transportation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND
ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

January 19, 2021

To the Board of Directors
Cooperative Alliance for Seacoast Transportation

Report on Compliance for Each Major Federal Program

We have audited the Cooperative Alliance for Seacoast Transportation's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the Cooperative Alliance for Seacoast Transportation's major federal program for the year ended September 30, 2020. The Cooperative Alliance for Seacoast Transportation's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Cooperative Alliance for Seacoast Transportation's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Cooperative Alliance for Seacoast

Transportation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Cooperative Alliance for Seacoast Transportation's compliance.

Opinion on Major Federal Program

In our opinion, the Cooperative Alliance for Seacoast Transportation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2020.

Report on Internal Control Over Compliance

Management of the Cooperative Alliance for Seacoast Transportation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audits of compliance, we considered the Cooperative Alliance for Seacoast Transportation's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for its major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Cooperative Alliance for Seacoast Transportation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the Cooperative Alliance for Seacoast Transportation as of and for the year ended September 30, 2020, and have issued our report

thereon dated January 19, 2021, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
