EXHIBIT A.1

Special Provisions Addendum

The "Subrecipient" agrees to be bound to the same terms and conditions of the *Code of Federal Regulations (CFR) Title 2, Grants and Agreements, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (2 CFR 200) in which the State of New Hampshire is bound as "Recipient" as specified here: https://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl.

1. Subaward Requirements

Subrecipients of HMEP funds must adhere to the requirements outlined at 2 CFR §200.330 - Subrecipient and Contractor Determinations and 2 CFR §200.331 - Requirements for Pass-Through Entities. The Recipient (NHDOS) must make the proper distinction between contract and a subaward as required by §200.330.

Subaward - A subaward is for the purpose of carrying out a portion of a Federal award. See 2 CFR §200.92 - Subaward. Characteristics which support the classification of the non-Federal entity as a subrecipient include when the non-Federal entity:

- Determines who is eligible to receive what Federal assistance;
- Has its performance measured in relation to whether objectives of a Federal program were met;
- Has responsibility for programmatic decision-making;
- Is responsible for adherence to applicable Federal program requirements specified in the Federal award; and
- In accordance with its agreement, uses the Federal funds to carry out a program for a public purpose specified in authorizing statute, as opposed to providing goods or services for the benefit of the pass-through entity.

Contract - A contract is for the purpose of obtaining goods and services for the non-Federal entity's own use and creates a procurement relationship with the contractor. See 2 CFR §200.22 - Contract. Characteristics indicative of a procurement relationship between the non-Federal entity and a contractor are when the non-Federal entity receiving the Federal funds:

- Provides the goods and services within normal business operations;
- Provides similar goods or services to many different purchasers;
- Normally operates in a competitive environment;
- Provides goods or services that are ancillary to the operation of the Federal program; and
- Is not subject to compliance requirements of the Federal program as a result of the agreement, though similar requirements may apply for other reasons.

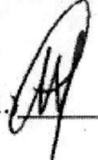

In determining whether an agreement between a pass-through entity and another non-Federal entity casts the latter as a subrecipient or a contractor, the substance of the relationship is more important than the form of the agreement. All of the characteristics listed above may not be present in all cases, and the pass-through entity must use judgment in classifying each agreement as a subaward or a procurement contract.

2. Effect of Award

The Subrecipient, which is the organization named in Block 1.3 of this Grant Agreement, is legally responsible for, and accountable to the NH Department of Safety (NHDOS), as Recipient, for the funds provided. By acceptance of this subaward, which is accomplished by the signature(s) of the authorized Subrecipient official(s) shown on Page 1 in Blocks 1.11 and 1.12 of this Grant Agreement, the Subrecipient agrees to comply with the terms and conditions detailed or referenced below. The subaward may only be modified with the approval of the NHDOS Hazardous Materials Emergency Preparedness (HMEP) Grant Manager, or any HMEP staff to whom the authority is delegated. See Section 21 for information on the process for requesting prior approval for amendments or modifications to the grant award. If the Subrecipient materially fails to comply with the term, the HMEP Grant Program Manager or designated representative may suspend, terminate, or take other remedies as may be legally available and appropriate in the circumstances as provided in 2 CFR Part 200.

3. Award Information

The total amount of funding is shown on Page 1, Block 1.8 of this Grant Agreement. The Subrecipient is responsible for any commitments or expenditures it incurs in excess of the funds provided by this award.

 - The Subrecipient must comply with 49 CFR Part 21, "Nondiscrimination in Federally-Assisted Programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964." 49 CFR Part 21 is incorporated by reference into this award. 49 CFR Part 21 is available at: <https://www.ecfr.gov/current/title-49/subtitle-A/part-21> by clicking on Title 49 CFR Part 21;

- No term or condition of this award is intended to require the Subrecipient to violate any applicable State law;
- The Subrecipient must immediately notify the NH Department of Safety's (NHDOS) HMEP grant program staff of any change in local law, conditions, or any other event, including any litigation challenging the validity of, or seeking interpretation of, any Federal law or regulation applicable to the Federal hazmat program, which may significantly affect the Subrecipient's ability to perform the program in accordance with the terms of this award;
- The Subrecipient must also immediately notify the NHDOS's HMEP Grant Program staff of any decision pertaining to the Subrecipient's conduct of litigation that may affect USDOT's interests.

In accepting an HMEP financial assistance award, the Subrecipient assumes legal, financial, administrative, and programmatic responsibility for administering the award in accordance with the laws, rules, and regulations governing grants and cooperative agreements, these general terms and conditions, and any special conditions included in this award.

The Recipient (NHDOS) is responsible for monitoring Subrecipient activities under this subaward to ensure compliance with Federal requirements and performance objectives are being achieved and, if necessary, considering taking enforcement action against non-compliant Subrecipients as described in 2 CFR §200.338 - Remedies for Noncompliance. Monitoring of the Subrecipient must include:

- Issuing a management decision for audit findings pertaining to the Federal award provided to the Subrecipient from the pass-through entity (NHDOS) as required by 2 CFR §200.521 - Management Decision.

The Subrecipient will be advised by the Recipient (NHDOS) of requirements imposed on them by Federal laws, regulations, and the terms and conditions of this award. These include grant administrative requirements, audit requirements under 2 CFR Part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

10. Required Registration in the System for Award Management

Per (Appendix A to 2 CFR Part 25), the System for Award Management (SAM) is the Official U.S. Government system that brings together different Federal procurement data systems into a unified system, with the intention of reducing duplication and information technology costs, and to help create a more streamlined and integrated Federal acquisition process. Additional information about registration procedures may be found online at <https://www.sam.gov/>. The Data Universal Numbering System (DUNS) number is the nine-digit number established and assigned by Dun and Bradstreet, Inc. (D&B) to uniquely identify business entities. A DUNS number may be obtained from D&B by telephone (currently 866-705-5711) or online at <http://fedgov.dnb.com/webform>. Unless exempted from this requirement under 2 CFR §25.110, the Subrecipient must maintain the information in SAM until the final financial report required under this award is submitted or the Subrecipient receives the final payment, whichever is later. This requires that the Subrecipient review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term.

NHDOS, as Recipient, must:

- Notify potential subrecipients that no entity may receive a subaward unless the entity has provided its unique entity identifier to you.

Subrecipients must comply with these requests for information in a timely manner or may face a delay in receiving future payment.

14. Allowable Costs

The allowability of costs incurred by the Subrecipient will be determined using the OMB cost principles located at 2 CFR Part 200 – Subpart E.

15. Pre-Award Costs

All costs incurred before NHDOS notifies the Subrecipient of the award are at the Subrecipient's risk (i.e., NHDOS is under no obligation to reimburse such costs if for any reason the Subrecipient does not receive a Federal award or if the Federal award is less than anticipated and inadequate to cover such costs).

16. Flow-Down of Requirements under Subawards

The requirements of this award that apply to the Recipient (NHDOS) also apply to Subrecipients, i.e., entities that are carrying out part of the substantive programmatic activity, unless an exception is specified. In making subawards under the award, the Recipient must apply the Federal cost principles applicable to the particular type of organization concerned.

17. Matching Requirement

Per 49 U.S.C. §5116(e), the Subrecipient must provide 20 percent of the allowable planning and/or training costs of activities covered under this award from non-Federal sources. Subrecipients may either use cash (hard match), in-kind (soft-match) contributions, or a combination of both to meet this requirement. The types of contributions allowed are listed in 49 CFR § 110.60. Matching costs and contributions also must meet the requirements of 2 CFR §200.306, including that the costs must meet the same requirements of allowability as apply to HMEP funds. Subrecipients are required to maintain documentation of how the matching requirements have been met. This documentation will be reviewed during NHDOS's processing of the Subrecipient's reimbursement request. A lack of documentation for the statutory requirements may result in the Subrecipient being designated high-risk, placed on a corrective action plan, or the recovery of disallowed costs. Federal funds may be expended before non-Federal matching funds, provided that total program costs at completion of the program year reflect the 80 percent Federal/20 percent non-Federal allocation of costs. The matching requirement is in addition to the maintenance of effort required of Subrecipients of HMEP awards under 49 U.S.C. §5116(a)(2)(A) and (b)(2)(A) and 49 CFR §110.30(b) (2) and (c)(2).

18. Programmatic Performance and Financial Reporting Requirements

Upon request, the Subrecipient must provide information on activities performed and any expenditure made against the award throughout the grant's period of performance (i.e., quarterly, mid-year progress report, annual report and final report). It is important that requests for information are acted upon immediately as NHDOS sequentially forwards this data to USDOT/PHMSA with strict deadlines in place. Requested information may include:

- A summary of what was accomplished under the HMEP grant award during a specific reporting period or grant year.
- A narrative detailing how planning and/or training goals and objectives for the HMEP grant were achieved during a specific performance period.

Contract Provisions. Subrecipients of HMEP funds must be aware of the procurement requirements required by the jurisdiction and have documented policies and procedures to ensure compliance with these requirements. USDOT/PHMSA grants staff may request these policies and procedures to ensure Subrecipients are following their jurisdiction's procurement requirements as part of the overall monitoring process.

21. Changes to the Approved Application and Budget (prior approval actions)

The approved budget for the Federal award summarizes the financial aspects of the project or program as approved during the Federal award process. It must be related to performance for program evaluation purposes whenever appropriate. Subrecipients are required to report deviations from budget or project scope or objective, and request prior approvals from the NHDOS HMEP Grant Program Manager for budget and program plan revisions, in accordance with this section.

Recipients must request prior approvals from the NHDOS HMEP Grant Program Manager for the following program or budget-related reasons:

- Change in the scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval).
- Request for approval to engage in programmatic activities that were not detailed in the Subrecipient's application, budget narrative and project narrative.
- Change in a key person specified in the application or the Federal award (the Subrecipient Project Director).
- The disengagement from the project for more than three months by the approved Subrecipient Project Director.
- Unless described in the application and funded in the approved award, the subawarding, transferring or contracting out of any work under a Federal award, including fixed amount subawards as described in 2 CFR §200.332 - Fixed Amount Subawards. This provision does not apply to the acquisition of supplies, material, equipment or general support services.
- A request for a one-time extension of the period of performance by up to 12 months. For one-time extensions, the Subrecipient must notify the NHDOS HMEP Grant Program Manager in writing with the supporting reasons, the amount of funds unobligated and revised period of performance, at least 90 calendar days before the end of the period of performance specified in the Federal award (shown in Block 1.7 of the executed Grant Agreement). A *Grant Change Request Form* must be used to request an extension and must be signed or endorsed by an official with authority, the Subrecipient Project Director as well as their Financial Officer within the Subrecipient organization. This one-time extension may not be exercised merely for the purpose of using unobligated balances – there needs to be extenuating circumstances to justify approval for an extension to utilize unobligated balances. Extensions require explicit prior approval from NHDOS. Requests for extension may be submitted through the HMEP mailbox at hmepp@doh.nh.gov.

NHDOS HMEP Grant Program Manager's Reply to Prior Approval Requests

Within 30 calendar days from the date of receipt of the request for budget revisions, the NHDOS HMEP Grant Program Manager must review the request and notify the Subrecipient whether the grant agreement revisions will be considered. Any amendments made to the original executed Grant Agreement must receive approval by NHDOS's Director of Administration or by the Governor & Council, depending on the grant's monetary threshold.

22. Assessment of Subrecipient's Risk of Non-Compliance

Each Subrecipient's risk of non-compliance with Federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate Subrecipient monitoring, which may include consideration of such factors as:

- The NHDOS HMEP Program Manager completed a risk assessment on each Subrecipient at the time of application;
- The Subrecipient's prior experience with the same or similar subawards;
- The results of previous audits including whether or not the Subrecipient receives a Single Audit in accordance with 2 CFR Part 200 Subpart F - Audit Requirements, and the extent to which the same or similar subaward has been audited as a major program;
- Whether the Subrecipient has new personnel or new or substantially changed systems; and
- The extent and results of Federal awarding agency monitoring (e.g., if the subrecipient also receives Federal awards directly from a Federal awarding agency).

Date: 3/11/22

Depending upon NHDOS's assessment of risk posed by the subrecipient, the following monitoring tools may be used to ensure proper accountability and compliance with program requirements and achievement of performance goals:

- Providing Subrecipients with training and technical assistance on program-related matters;
- Performing on-site reviews of the Subrecipient's program operations;
- Arranging for agreed-upon-procedures engagements as described in 2 CFR §200.425 - Audit Services.

23. Special Terms and Conditions

As a result of the application review and risk assessment the NHDOS HMEP Grant Program Manager may include special terms and conditions in Exhibit C, Special Provisions that may supplement/amend the general terms and conditions, in accordance with 2 CFR §200.207, Specific Conditions.

Exhibit C, Special Provisions of the Grant Agreement may include conditions that must be fulfilled before Subrecipients may request payment. Subrecipients are reminded to check Exhibit C for special terms and conditions and submit any outstanding required items.

24. Title to Equipment

Title to equipment purchased or fabricated under this award vests in the subrecipients, respectively, unless otherwise specified under 2 CFR §200.313 - Equipment or the special terms and conditions of the grant award.

25. Copyrights

USDOT/PHMSA reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal government purposes:

- The copyright in any work developed under a subaward, or a contract under a subaward; and
- Any rights of copyright to which a subrecipient purchases ownership with grant support.

26. Audit Requirements

As required by 2 CFR §200.501 - Audit Requirements, Subrecipients that expend \$750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of the regulation. Subrecipients are expected to review and fully comply with the audit requirements formerly located at A-133 and now located at 2 CFR Part 200, Subpart F.

27. Record Retention and Access to Records

The Subrecipient must comply with 2 CFR §200.333 - Retention Requirements for Records and 2 CFR §200.336 - Access to Records. USDOT/PHMSA, the Inspectors General, the Comptroller General of the United States, and the pass-through entity (NHDOS), or any of their authorized representatives, must have the right of access to any documents, papers, or other records of the Subrecipient which are pertinent to the Federal award, in order to make audits, examinations, excerpts, and transcripts. The right also includes timely and reasonable access to the Subrecipient's personnel for the purpose of interview and discussion related to such documents.

NHDOS, through its grant program staff or other authorized representative(s), may make site visits, at reasonable times; to review project accomplishments, management control systems and provide guidance as may be requested or required. If a site visit is made on the premises of the Subrecipient, the Subrecipient must provide reasonable facilities and assistance to NHDOS HMEP grant program representatives in the performance of their duties.

NHDOS, through its HMEP grant program staff or other authorized representative(s), may request a desk audit, at reasonable times, to review project accomplishments, management control systems and provide guidance as may be requested or required. If a desk audit is conducted, the Subrecipient is required to provide, electronically or via postal service, all records requested by NHDOS HMEP Grant Program representatives.

If USDOT/PHMSA requires access to the records of a Subrecipient or contractor under the grant, whether a part of a site visit or for another type of review, USDOT/PHMSA will coordinate the request with NHDOS HMEP grant program staff or other authorized representative(s). All site visits, desk audits, reviews, and evaluations will be performed in a manner to not unduly delay work activity under the award or other activities of the Subrecipient or contractor.

28. Contracting with Small and Minority Firms, Women's Business Enterprises, Veteran Owned, and HubZone Area Firms

In keeping with 2 CFR §200.321, Subrecipients are encouraged to take all necessary affirmative steps to assure that small, women-owned, minority disadvantaged businesses, veteran, and HUBZone business firms are used when possible. USDOT/PHMSA's policy is to award a fair share of contracts to small minority business, women-owned, veteran-owned and HubZone firms. USDOT is strongly committed to the objectives of this policy and encourages all recipients of its grants and cooperative agreements to take affirmative steps to ensure such fairness on the awarding of any contracts under USDOT grants or cooperative agreements.

Affirmative steps include:

- Placing qualified small and minority-disadvantaged businesses, women owned business enterprises, veteran-owned and HUBZone business firms on solicitation lists;
- Ensuring that small and minority businesses, women's business enterprises, veteran-owned and HUB Zone business firms are solicited whenever they are potential sources;
- Dividing total requirements, when economically feasible, into small tasks or quantities to permit maximum participation by small and minority businesses, women's business enterprises, veteran-owned, and HUBZone business firms;
- Establishing delivery schedules, when economically feasible, into small tasks or quantities to permit maximum participation by small and minority business, women's business enterprises, veteran-owned, and HUBZone business firms; and
- Using the services and assistance of the Small Business Administration and the USDOT Office of Small and Disadvantaged Business Utilization, as appropriate.

29. Seat Belt Use Policies and Programs

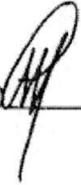

In accordance with Executive Order 13043, the Subrecipient is encouraged to adopt on-the-job seat belt use policies and programs for its employees when operating government-owned, company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this presidential initiative. For information on how to implement such a program or for statistics on the potential benefits and cost-savings to your company or organization, please visit the Buckle up America section on NHTSA's website at www.nhtsa.dot.gov. Additional resources are available from the Network of Employers for Traffic Safety (NETS), a public-private partnership headquartered in Washington, D.C. dedicated to improving the traffic safety practices of employers and employees. NETS is prepared to help with technical assistance, a simple, user-friendly program kit, and an award for achieving the President's goal of 85 percent seat belt use. NETS can be contacted at 1-888-221-0045 or visit its website at www.trafficsafety.org.

30. Texting While Driving

In accordance with Executive Order, 13513, subrecipients and their contractors are encouraged to adopt and enforce policies that ban text messaging while driving company-owned or rented vehicles or government-owned vehicles, or while driving personally owned vehicles when on official Government business or when performing any work for or on behalf of the Government. These efforts may include conducting education, awareness, and other outreach for employees about the safety risks associated with texting while driving and should encourage voluntary compliance with the entity's text messaging policy while off duty.

31. Information Collection

Under the Paperwork Reduction Act (PRA), if a Recipient collects the same information from 10 or more respondents as part of carrying out this award, the Subrecipient is prohibited from representing to its respondents that information is

being collected for, or in association with, the Federal government unless the Subrecipient is conducting the collection of information at the specific request of the agency; or the terms and conditions of the grant require specific approval by the agency of the collection of information or collection procedures. In those cases, the OMB PRA clearance procedures contained in 5 CFR Part 1320 must be followed. However, nothing in this award requires Subrecipients to collect information on USDOT/PHMSA's behalf or to obtain USDOT/PHMSA approval (through NHDOS) of any information collection a Subrecipient might deem necessary under this award.

32. Fraud, Waste, or Abuse

The DOT Inspector General maintains a toll-free hotline for receiving information concerning fraud, waste, or abuse under grants and cooperative agreements.
