

THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

Victoria F. Sheehan
 Commissioner

William Cass, P.E.
 Assistant Commissioner

His Excellency, Governor Christopher T. Sununu
 and the Honorable Council
 State House
 Concord, New Hampshire 03301

Bureau of Construction
 March 9, 2022

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with The Gorman Group, LLC d/b/a GORTECH of Albany, NY (Vendor 167885), on the basis of a low bid of \$4,796,762.26 for pavement preservation on I-93 in Woodstock and Lincoln, in District 3 (Project: Woodstock-Lincoln 43494), from the date of Governor and Council approval through September 16, 2022, unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available in State Fiscal Years 2022 and 2023, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2022</u>	<u>FY 2023</u>
04-96-96-963515-3054 Consolidated Federal Aid		
400-500870 Highway Contract Payments	\$2,946,582.51	\$1,850,179.75

2. Further authorize that a contingency in the amount of \$239,838.11 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 5% of the contract amount.

Funding is available as follows:	<u>FY 2023</u>
04-96-96-963515-3054 Consolidated Federal Aid	
400-500870 Highway Contract Payments	\$239,838.11

EXPLANATION

This project is part of the State's Ten-Year Transportation Improvement Plan, under the Paving-Tier-1-Resurfacing Program. This project involves 14.9 miles of pavement preservation on I-93, in two (2) towns in Maintenance District 3. Northbound work starts at the north end of Br. No. 202/068 over the Pemigewasset River (MP 95.2) and continues to a pavement joint north of Exit 32 (MP 101.1). Southbound work starts at a pavement joint north of Exit 32 (MP 101.1) and continues to the north end of Br. No. 202/068 over the Pemigewasset River (MP 95.2). This work also includes Exits 31 and 32 ramps and crossovers located at MPs 95.3, 97.6, and 101.1.

21325 – Woodstock-Lincoln, I-93, BWC Overlay, Inlay, etc., 14.9 Miles

This project will extend the good condition of the pavement and delay costlier improvements. The section will be resurfaced via a bonded wearing course (BWC) overlay and full width inlay. All impacted towns and utilities will be notified.

The proposed contingency amount is 5% of the contract amount. This project was quantified based on field observations and aerial photos. Field adjustments may be required due to varying field conditions. In addition, the sections will continue to deteriorate through the 2021-2022 winter.

Although the bid costs exceeded the Department's estimate by 9.05%, the low bid of 2 bids received is felt to be reasonable for the work involved. There were four items of significance that accounted for 100% of the overage (maintenance of traffic, micro-milling, cold planing and HBP Binder Mix). Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

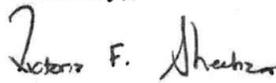

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is: 80% Federal (Pave-T2-Resurf), with anticipated utilization of Turnpike Toll Credits for the State's 20% match, effectively using 100% Federal Funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan
Commissioner

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: This project is part of the Tier 1 Federal Resurfacing program and involves 14.9 miles of pavement preservation on I-93, in two (2) towns in Maintenance District 3. Northbound work starts at the north end of Br. No. 202/068 over the Pemigewasset River (MP 95.2) and continues to a pavement joint north of Exit 32 (MP 101.1). Southbound work starts at a pavement joint north of Exit 32 (MP 101.1) and continues to the north end of Br. No. 202/068 over the Pemigewasset River (MP 95.2). This work also includes Exits 31 and 32 ramps and crossovers located at MPs 95.3, 97.6, and 101.1.

Section ID	Town/City	Road	Proposed Work	Length
21325	Woodstock, Lincoln	I-93	BWC Overlay, Inlay, etc.	14.9 Miles

FEDERAL FUNDING: Pave-T2-Resurf (80%)/ TTC Match (20%)

CONTINGENCY: The proposed contingency amount is 5% of the contract amount. This project was quantified based on field observations and aerial photos. Field adjustments may be required due to varying field conditions. In addition, the sections will continue to deteriorate through the 2021-2022 winter.

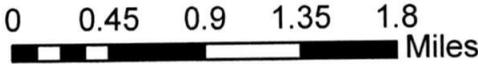

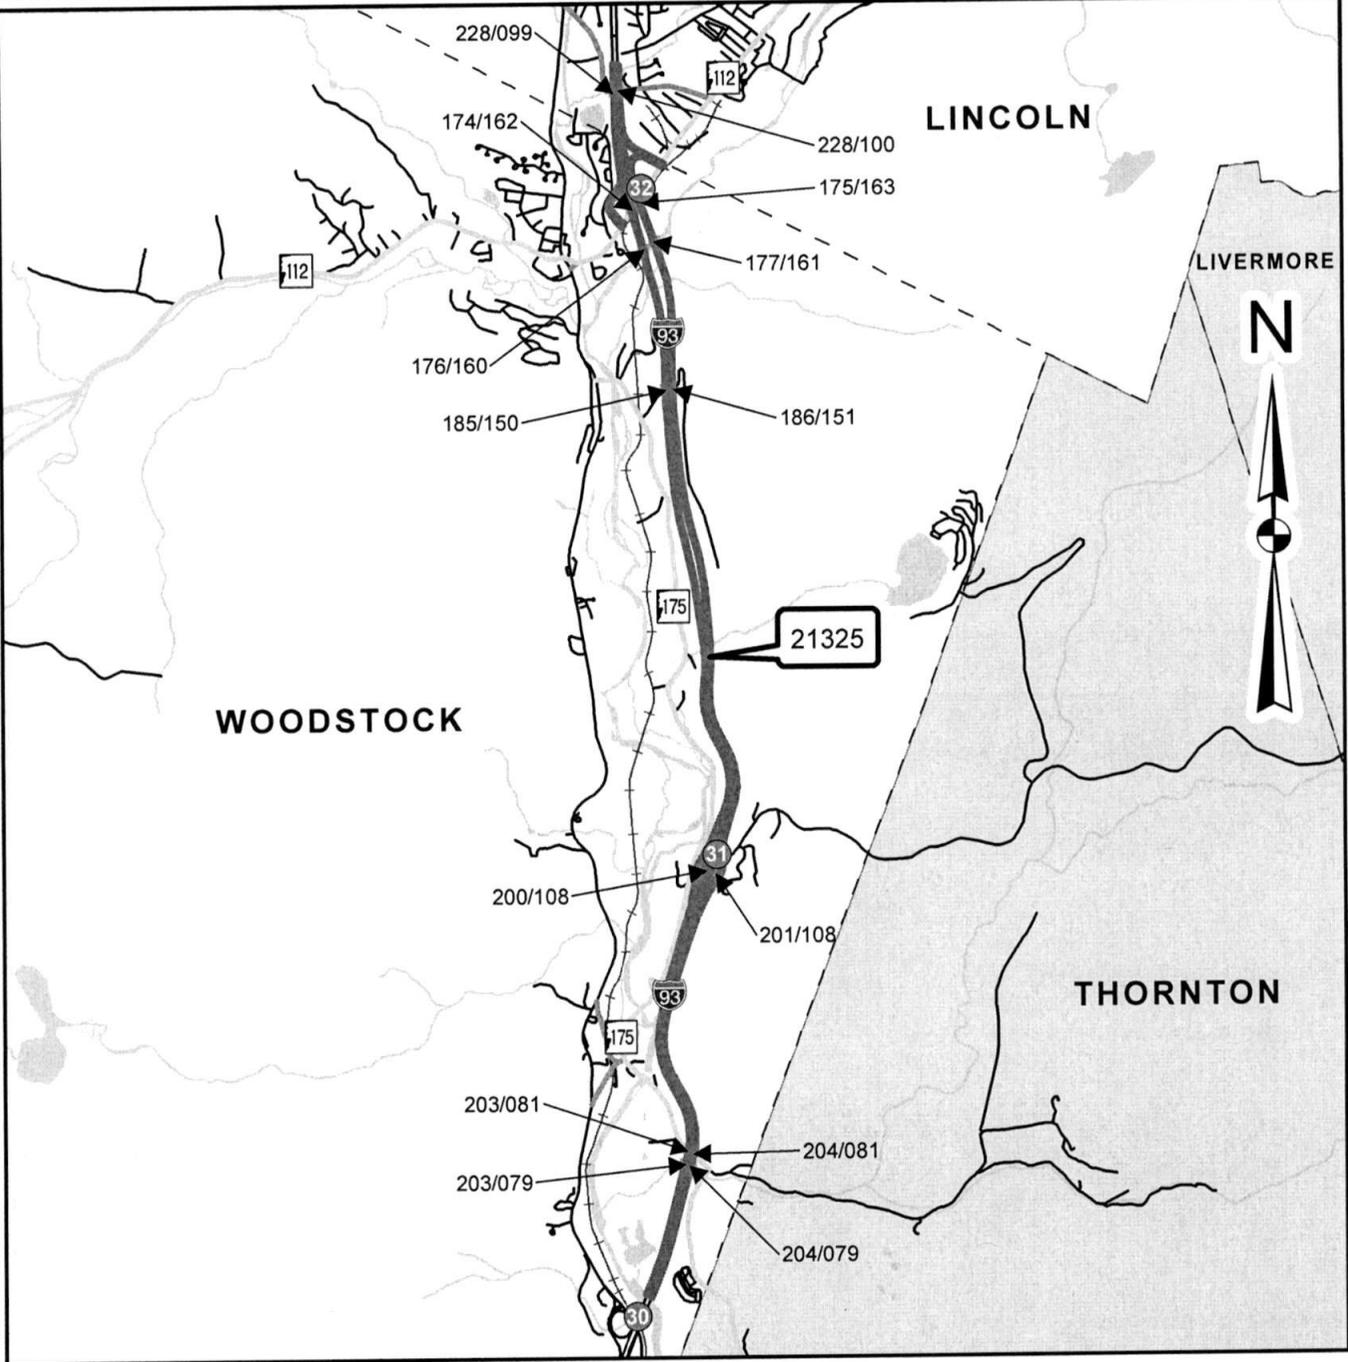

PROJECT INITIATED: This project was initiated through the State's Ten-Year Transportation Improvement Program, Paving-Tier-1-Resurfacing. The Pavement Management Section identified this section as a Preservation section totaling 14.9 miles.

PROJECT EXPLANATION: This project will extend the good condition of the pavement and delay costlier improvements. The section will be resurfaced via a bonded wearing course (BWC) overlay and full width inlay. All impacted towns and utilities will be notified.

TRAFFIC IMPLICATION: This project will use lane and shoulder closures along with lane shifts where necessary to complete the work, supplemented with flaggers and officers. Work is recommended to be at night for Exit 32. Railroad flagging agreements are required within the vicinity of Exit 32.

FINAL COMPLETION DATE: September 16, 2022.
