072 – 500575 Grants Federal

FY2023
\$112,062

EXPLANATION

On November 22, 2021, you approved the funding for the Local Restaurant Infrastructure Investment Funds program (Item #60). Local restaurants continue to bear a heavy burden due to the COVID-19 pandemic. Challenges include finding and retaining workforce, supply chain disruptions, and changes in consumer behavior and expectations. Coming into the slower “off-season,” with increasing COVID cases, these issues are likely to be amplified.

The State of New Hampshire sought to continue to provide opportunities for long-term investments among smaller/independently owned New Hampshire restaurants, as well as help challenges created by workforce shortages, consumer behavior, and overall restaurant safety.

In doing so, GOFERR started accepting applications for the Local Restaurant Infrastructure Investment Funds Program on April 21, 2022, and it reviews and determines eligibility on a rolling basis. Similar to the Locality Equipment Purchase Program, requests for award authorizations for those over \$10,000 will continue to be submitted to the Governor and Executive Council on a rolling basis in batches. Such “batch” approval requests will occur from now through the application deadline and final review. The application period for the program closes on Wednesday, July 13, 2022. Upon approval of this request, the terms and conditions become the grant agreement under which an award is approved and subsequently issued or paid.

To avoid delay in payments to these businesses, you will notice on the table that some do not have vendor codes set up at the time of this request. GOFERR along with the assistance of the Department of Administrative Services is working with these restaurants to have one set up to be paid as quickly as possible once approved at Governor and Council.

Awards issued in the fifth batch total \$149,708 leaving \$2,121,527.42 available for approval and allocation. Within the total awards issued by GOFERR in this fifth batch, awards equaling \$112,062.00 are being submitted for approval by Governor and Executive Council as part of this request because they exceed the \$10,000 per entity threshold. Attached you will find a cumulative list of awards issued, including those awards issued to entities below that threshold and those approved at the July 12, 2022, July 27, 2022, August 17, 2022, and September 7, 2022, at Governor & Executive Council meeting.

Examples of potentially eligible expenses for reimbursement include equipment or software to expand or adopt digital services such as online reservations, and host-less check in, at-table payment systems and menus that help provide more flexibility and increase capacity, HVAC system upgrades to improve COVID-19 mitigation, and more.

His Excellency, Governor Christopher T. Sununu
and the Honorable Council

In the event that Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Taylor Caswell,
Executive Director, GOFERR
