EXPLANATION

This request is **sole source** because federal regulations require all procurement efforts to be directed by the U.S. Department of Housing and Urban Development (HUD) which requires the Department to specify the vendor's name during the annual, federal, Continuum of Care (CoC) competitive application process for up to a year prior to the grant award being issued. As the Collaborative Applicant for the Balance of State CoC, the Department is required to issue a Request for Proposals, through the Continuum, based on the HUD CoC Program Notice of

Funding Opportunity (NOFO). HUD reviews and scores vendor applications based on federal rank and review policy, and scoring tools, created to match the federal NOFO. HUD subsequently awards funding based on strict federal criteria specifying eligible activities, populations to be served, expected performance outcomes, and time frames for the application competition and subsequent Departmental agreements. The Department receives notification of the awards and signed grant agreements from HUD several months later; at which time agreements, such as those contained in this request, can be executed.

The purpose of this request is for the provision of Rapid Re-Housing programs for individuals and households who are fleeing, or attempting to flee, domestic violence and are experiencing homelessness, or are at imminent risk of homelessness, as defined by the US Department of Housing and Urban Development, and which deliver associated administrative services, security deposits, rental assistance for up to two (2) years, assistance with utilities, and supportive services, including case management, on no less than a monthly basis, to help participants obtain and remain in permanent housing.

Approximately 28 individuals and 18 households will be served at any given time annually.

The Contractor shall work with participants to assess current housing and service needs, as well as barriers to attaining housing. Project staff will coordinate with in-house and community resources to connect participants with available services and resources to ensure permanent housing stability, including connections to potential income sources and mainstream resources such as, but not limited to, Temporary Assistance for Needy Families, job readiness and employment programs, child care and Social Security benefits to assist participants in obtaining necessary skills and resources to live in the community independently.

The Contractor shall assess project outcomes, to include participants moving into and retaining permanent housing, as well as participants connections with community and mainstream services, to increase independence and household income to sustain permanent housing. The Contractor shall ensure that their staff assist with referrals for substance misuse, mental health, medical needs, peer support, or any other referral needs identified by the participant.

Using the federally required Housing First model, the Contractor provides Housing stability case management and facilitates each participant's transition to sustained permanent housing. Additionally, the Contractor works to maximize each participant's ability to live more independently by providing connections to community and mainstream services.

The Department will monitor services by:

- Conducting annual reviews relating to compliance with administrative rules and contractual agreements;
- Reviewing semi-annual statistical reports, including various demographic information, as well as income and expense reports, to include match dollars; and
- Reviewing data entered into the New Hampshire Homeless Management Information System, which is the primary reporting tool for outcomes and activities of shelter and housing programs.

As referenced in Exhibit A, Revisions to Standard Provisions, Section 1.1, Paragraph 3, Subparagraph 3.3, of the attached agreements, the parties have the option to extend the agreements for up to five (5) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and Governor and Council approval.

Should the Governor and Council not authorize this request, there will be fewer permanent housing options and supportive services available, leaving vulnerable individuals and families experiencing homelessness in unsafe situations without needed support.

Area Served: Statewide

Source of Federal Funds: Assistance Listing Number #14.267, FAINs # NH0135D1T002100 and NH0134D1T002100.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Lori A. Shibinette
Commissioner

In no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to reduce or terminate the Services under this Agreement immediately upon giving the Contractor notice of such reduction or termination. 5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/ EQUAL EMPLOYMENT OPPORTUNITY.

6.1 In connection with the performance of the Services, the Contractor shall comply with all applicable statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal employment opportunity laws. AND OTHER RESPONSIBILITY MATTERS**

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

- 10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

- 11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
 - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

- 12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

- 13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

- NCAC Extended Forensic Interviewing Training
 - This training introduces a model for a multi-session forensic interview of a child who is potentially a victim or witness of child abuse or other violent behaviors. An Extended Forensic Interview (EFI) is appropriate for children where the results of a single interview are inconclusive or where there are serious concerns about the child's ability to participate in a single-session interview. Such children might be the very young child, a child with developmental delays or cognitive disabilities, or an extremely traumatized child. Cultural considerations may indicate a need for an EFI, rather than a single-session interview.
 - The EFI Model is based on empirically-based forensic principles. Topics addressed during the EFI training are empirical evidence for multi-session forensic interviewing, overview of the NCAC EFI model, forensic questioning of children, developmental and cultural considerations, memory and suggestibility, the use of media in forensic questioning, incremental and direct approaches to substantive issues, and consideration of alternative hypotheses in forensic questioning.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. 6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.
