Re: **PETITION – LEBANON – LPA Project #40794**

The Department of Transportation requests the placement of this item on the Consent Calendar.

Under RSA 230:14 and RSA 231:5, attached is a petition for a hearing on the proposed safety improvements at the intersection of Mascoma Street, High Street, and Mechanic Street.

Since the petition is not for the limitation or control of access, a Commission of Three persons should be appointed by the Governor with the advice of the Executive Council to hold a hearing. The Commission of Three persons shall determine whether there is the occasion for the laying out of the roadway widening and other improvements in this project.

The intent of the project is to improve safety, increase capacity, and address operational deficiencies at the intersection of Mascoma Street, High Street, and Mechanic Street. The project involves the construction of a roundabout to replace a four-leg intersection. Work includes widening, curbing, small retaining walls, drainage, lighting, utility relocation, and landscaping. The project will provide accommodations to maintain the Mascoma River Greenway that crosses through the intersection.

Suggested Commission:

- Devin Wilkie - Lebanon
- David Brooks – Lebanon
- Shaun Mulholland - Lebanon

Suggested Budget:

9 workdays @ \$50.00 = \$450.00
 1,113.7 miles @ \$0.625 = \$696.06
TOTAL = \$1,146.06

Respectfully,

Victoria F. Sheehan
 Victoria F. Sheehan
 Commissioner

P E T I T I O N

To His Excellency, the Governor, and the Honorable Executive Council:

I, Victoria F Sheehan, Commissioner of the New Hampshire Department of Transportation, in accordance with RSA 230:14 and RSA 231:5, propose to improve safety, increase capacity, and address operational deficiencies in Lebanon at the location given below:

LEBANON LPA Project #40794

The intent of the Lebanon LPA Project #40794 is to improve safety, increase capacity, and address operational deficiencies at the intersection of Mascoma Street, High Street, and Mechanic Street. The project involves the construction of a roundabout to replace a four-leg intersection. Work includes roadway widening, curbing, small retaining walls, drainage, lighting, utility relocation, and landscaping. The project will provide accommodations to maintain the Mascoma River Greenway that crosses through the intersection.

DATED: September 19, 2022
At Concord, NH

Victoria F. Sheehan
Commissioner
