162-A:13-a Working Capital Loan Guarantee Program. –

- I. Upon recommendation of the authority for the proper implementation of the declared purposes of this chapter, the governor and council may award a state guarantee of the principal of, interest on, and reasonable collection expenses related to, loans which meet the requirements set forth in this section. Such state guarantee shall not at any time exceed 75 percent of the maximum principal amount that may be borrowed under the terms of the loan, plus interest and related reasonable collection expenses with respect to such loan. For purposes of this section, the term "loan" shall include, but not be limited to, revolving credit arrangements that provide for advances and repayment of principal based on the quality and amount of certain assets of a borrower, including rights to receive payments under contracts to provide services or products. The full faith and credit of the state shall be pledged for any such guarantee; provided that the guarantee shall not cause the contingent credit limit of RSA 162-A:22 to be exceeded.

- II. The state's guarantee of a loan under this section shall be evidenced by a guarantee agreement entered into by the state, the lender, and the borrower. Such guarantee agreement shall contain such terms and conditions as the authority and the governor and council may impose, including, without limitation, restrictions on the use of loan proceeds, restrictions on the use and operation of any project financed or assisted by the loan, appropriate controls on the requisition of loan proceeds by the borrower, provisions for the state to demand acceleration of the payment of the loan in the event of a default by the borrower, provisions for payment to the authority of guarantee fees and reimbursement of costs and expenses, provisions for reimbursement of the state if the state is required to honor the guarantee, appropriate financial covenants, and provisions for the establishment of reserves. In addition, as a condition of awarding any guarantee, the state shall be subrogated to all of the rights and security of the lender to the extent it honors the guarantee. Any guarantee agreement authorized in accordance with this section shall be executed on behalf of the state by the chairperson, vice chairperson, or executive director of the authority. The governor, with the advice and consent of the council, is authorized to draw a warrant for such sum as may be necessary out of money in the state treasury not otherwise appropriated, for the purpose of honoring any guarantee awarded under this section.

- III. Any loan guaranteed under this section shall meet the following requirements:
 - a) The agreement establishing the loan shall provide for adequate monitoring of collateral by the lender in accord with reasonable commercial practices; provided, however, that for loans the maximum principal amount of which may not exceed \$500,000, the authority may provide alternative monitoring measures that reduce the costs of monitoring the loan.

 - b) If the principal amount that may be borrowed under the loan may vary based on the quality and amount of specific assets of the borrower, then the repayment of the loan shall be secured by a first priority security interest in such specific assets.

- c) If the principal amount that may be borrowed under the loan may vary based on the quality and amount of specific assets of the borrower, then the agreement establishing the loan shall provide that the maximum amount of principal that may be advanced shall not exceed:
 - 1) Ninety percent of the borrower's accounts and accounts receivable which arise in the ordinary course of the borrower's business and which are not more than 90 days old from the due date of the invoice; and
 - 2) Sixty percent of the borrower's inventory valued at lower of cost or market value
 - d) The maximum principal amount available under the loan to any borrower shall not exceed \$2,000,000.
- IV. The amount payable under a guarantee awarded under this program may be based upon the percentage of the maximum principal amount available under a loan, and as may be determined by the authority, need not be reduced in proportion to any reduction in the principal balance of the loan.
- V. The governor and council shall not award or renew any state guarantee under this section unless after a hearing they have made the findings specified in RSA 162-A:18.

RE: Award of State Guarantee with Respect to a Certain Loan from TD Bank (the "Lender") to Tri-County Community Action Program, Inc. (collectively the "Borrower")

Dear Governor and Council:

The purpose of this letter is to describe and explain the lending transaction with respect to which the guarantee of the State of New Hampshire is recommended by the Business Finance Authority.

1. **Statutory Authority.** RSA 162-A:13-a authorizes the Authority to establish a "Working Capital Loan Guarantee Program" (the "WAG Program") to assist and encourage banking institutions to loan money to certain businesses operating within New Hampshire. Under this statutory authority, the Authority may recommend the award of a guarantee by the State of New Hampshire of the recovery of amounts loaned to certain businesses. The statute also provides that, upon the Authority's recommendation, the Governor and Council may, after holding a public hearing and making certain findings, approve such recommendation and award the guarantee.
2. **Concept of the WAG Program.** The Authority has developed the WAG Program as a significant part of its programs intended to facilitate the recapitalization of the New Hampshire business community. In general, unlike the other programs, the WAG Program focuses on assisting larger businesses which offer significant employment opportunities to New Hampshire residents. Encouraging and stabilizing the working capital financing available to such businesses should achieve the substantial public purpose of creating and preserving key economic infrastructure within the State.
3. **The WAG Program Guarantee.** In general, the Authority's WAG Program seeks to encourage lenders to loan money to businesses by assuming a portion of the risk that, if a business fails, the lender will not recover all of the funds loaned to the business after pursuing all available collection rights. Accordingly, if any deficiency is determined to exist after a lender has pursued all of its available rights and remedies, the WAG Program guarantee would provide for the repayment of a portion of such deficiency to the lender. This formulation of the WAG Program guarantee ensures that the Authority is not required to enter the business of collection against failed loans; rather such activities remain the obligation of the lenders.
4. **Guarantee Agreements.** RSA 162-A:13-a requires the Authority to implement its WAG Program through "guarantee agreements" among the Authority, the State, the lender and the borrower. These agreements must meet minimum requirements established by statute, provide for the pledge of the full faith and credit of the State to support its guarantee and minimize the risk of loss to the State.

Financing for New Hampshire's Future

5. **The TD Bank /Tri-County Community Action Program, Inc. Transaction.** With the above general background in mind, we proceed to describe the proposed financing transactions with respect to which the Authority has recommended the award of a WAG Program guarantee.

The guarantee has been requested with respect to one term revolving line of credit in the maximum available principal amount of up to Seven Hundred Fifty Thousand Dollars (\$750,000) (the "Loan").

The Loan proceeds are to be used by Tri-County Community Action Program, Inc., to provide working capital support for its social services operations.

The Loan is in the principal amount of up to \$750,000. The Loan will be secured by a first security interest on all business assets.

The Borrower will repay the Loan in monthly installments of interest calculated at a variable rate of prime plus one percent (1%).

6. **Scope of Recommended Guarantee.** The Authority is recommending the award of a guarantee of the Loan described above in an amount equal to 75% of any deficiency determined to exist after the Lender has diligently pursued all available collection rights. Accordingly, if the Borrower defaults under the Loan and after pursuing all collection rights a deficiency of \$750,000 is determined to exist under the Loan, the Authority and the State would be obligated to pay the Lender 75% percent of such amount (or \$562,500). By so limiting the Lender's risk, the Authority hopes to facilitate the provision of this important financing.

7. **Terms of the Guarantee Agreement.** The terms and conditions of the guarantee commitment are to be expressed in a "Guarantee Agreement" among the Authority, the State, the Lender and the Borrower. This agreement, to be substantially in the form submitted to the Governor and Council with this letter, includes the following terms and conditions which incorporate all statutory requirements.

a) **Maximum Guarantee.** As noted, the guarantee would not exceed 75% percent of the principal amount of the Loan and accordingly would satisfy the statutory requirement that the guarantee does not exceed 75 percent of the principal of the Loan plus interest thereon. This 75 percent limitation, along with the requirement that a lender pursue all available collection rights prior to calling on the Authority or the State to make a guarantee payment, is intended to minimize risk of loss to the State.

b) **Authority Payment First Then State.** Any payment with respect to the guarantee would be made first from funds available to the Authority. Only after the Authority has determined that it does not have sufficient funds to pay the guarantee amount would the State be required to pay on the guarantee obligation.

c) **Use of Loan Proceeds.** The proceeds of the Loan must be used as provided in the commitment letter and described above.

- d) **Right of Acceleration.** The Authority and the State will have the ability to demand that the Loan be accelerated in the event that the Borrower defaults on his obligations and does not cure such a default within 60 days.
 - e) **Fees and Expenses of the Authority.** The Lender will be required to pay: (1) a closing fee of one percent (1%) of the maximum guarantee amount at the time the Loan transaction is consummated; and (2) an annual fee to the Authority equal to one percent (1%) of the maximum principal amount of the Loan availability as of the close of the immediately preceding anniversary date multiplied by the Guarantee Percentage. All legal expenses incurred by the Authority in connection with the provisions of the guarantee must be paid by the Lender.
 - f) **Subrogation Rights.** The State and the Authority, to the extent either is required to pay on the guarantee, shall be subrogated to the rights of the Lender.
 - g) **Notice of Lender's Intent.** The Lender is required to notify the Authority at least nine months prior to the maturity date of the Loan as to whether or not the Lender intends to refinance the outstanding principal balance of the Loan.
 - h) **Proportionate Reduction in Guarantee.** As principal and other amounts are reduced under the Loan, the guarantee obligation of the Authority and the State is reduced.
8. **Maturity Date Requirement.** The statute requires the Loan to mature not later than five years after (a) the date the Loan is made or (b) the date the "project" is placed in service. The proposed loan documents satisfy this requirement.

In summary, all statutory requirements will be embodied and implemented in the proposed transaction and guarantee agreement.

Very truly yours

(i) "Collection Activity" means all those commercially reasonable methods of collection required to be employed and completed by the Lender, or its agents, during the Collection Period to achieve the following collection objectives with respect to the Collateral, to the extent the Collateral involves assets or properties described in the following categories, unless completion of any of such collection objectives is waived in writing by the Authority:

(i) Equipment, Inventory and Certain Other Personal Property. The Lender shall sell, assign, or otherwise dispose of, or cause to be sold, assigned or otherwise disposed of, each and every component of equipment, inventory and other personal property which constitutes Collateral and which is not described in paragraph 1(i)(ii) at public auction or private sale, by liquidation sale or other complete disposition, or as if such sale was being made in the ordinary course of the Borrower's business, all as the Lender, or its agents, deems best and in a commercially reasonable manner.

(ii) Accounts Receivable. (iii) Accounts and Instruments. The Lender shall exercise all rights of set-off against the accounts and instruments of the Borrower held by or in the possession of the Lender, including all checks, money, securities, accounts, bank accounts, deposit accounts and other accounts in the possession of or held by the Lender whether in the name of the Borrower or the name of the Lender, as allowed by law and obtain possession of such proceeds.

(iv) Mortgaged Property. The Lender shall foreclose or otherwise convey or obtain title to all of the Lender's rights, title and interest in and to real property with respect to which the Borrower has delivered to Lender a mortgage deed in accordance with and in full satisfaction of all applicable laws. The completion of such foreclosure shall be evidenced by either the Lender's receipt of the proceeds from the foreclosure sale or title deed to such property held in the name of the Lender or an Affiliate of the Lender, or Lender's agent.

(v) Bankruptcy. If the Borrower files or has filed against it a petition under any chapter of the United States Bankruptcy Code, the Lender shall diligently and prudently pursue its claim in such proceeding until payment of a final distribution with respect to the Loan, if any, of the Borrower's estate to the Lender or until the Lender's claim with respect to the Loan is fixed by confirmation of a plan of reorganization of the Borrower.

For purposes of this paragraph 1(k), the following special rules shall apply:

(i) if the Lender or any Affiliate of the Lender acquires title to any item of the Collateral in partial or full satisfaction of the Loan, the fair market value of such Collateral as determined by an independent appraiser acceptable to both the Lender and the Authority within six months before or after such transaction shall be deemed to be the Collection Proceeds with respect to such Collateral;

(ii) if the Lender receives any consideration other than cash in satisfaction of its claim against the Borrower's estate in accordance with the United States Bankruptcy Code, the fair market value of such consideration as determined by an independent appraiser acceptable to both the Lender and the Authority shall be deemed to be the Collection Proceeds with respect to such consideration;

(iii) if the Lender receives any consideration in satisfaction of its claim against the Borrower's estate in accordance with the United States Bankruptcy Code, and such claim is based in part upon indebtedness other than the Loan, the Authority and the Lender shall agree on a fair and appropriate allocation of such consideration to the Loan and such other indebtedness;

(iv) if, for purposes of subparagraphs (k)(i) and (k)(ii), the parties are unable to agree upon the selection of an independent appraiser, each of the parties shall select an independent appraiser, who shall each determine the fair market value of the Collateral or consideration in question, and the average of such determinations shall be deemed to be the Collection Proceeds with respect to such Collateral or consideration; and

(v) if any portion of the Lender's right, title and interest in and to the Collateral or any portion of the Borrower's obligations under the Loan Documents is avoided pursuant to applicable federal bankruptcy laws with respect to fraudulent transfers and obligations or state fraudulent transfer laws, the value or amount of such avoided portion shall be deemed to constitute Collection Proceeds.

(ii) the Lender shall fail to perform or observe any term or covenant on its part to be performed or observed contained in this Agreement in a manner which has a material adverse effect on any rights of the Authority and the State and such failure shall remain unremedied, after written notice thereof shall have been given to the Lender by the Authority or the State, for a period of 30 days.

(q) "Loan Documents" means the loan and financing documents which are listed and described in Schedule 1(q) to this Agreement, and any other loan, financing, security or other agreements or documents which affect the Lender's rights, duties, immunities or liabilities under the documents listed in Schedule 1(q).

(s) "Realized Deficiency Amount" means the sum of:

(ii) the outstanding amount of interest owed to the Lender pursuant to the terms of the Loan which has accrued at the Stated Rate of Interest prior to and during the 90-day period ending on the close of business on the ninetieth day following the Acceleration Date; plus

(iii) an amount of interest determined by applying the Claim Preservation Rate of Interest to the sum of those amounts described in paragraphs 1(s)(i) and 1(s)(ii) less any Collection Proceeds during any applicable computation period of the Collection Period, beginning on the 91st day following the Acceleration Date and then beginning and ending on each and every date on which Collection Proceeds are realized; plus

(t) "Stated Rate of Interest" means the rate of interest stated in the Loan which is applicable during any period prior to an event of default under the Loan. Such term shall not include any "default" or "penalty" rate of interest or other late charges which the Loan Documents may require as a result of an event of default.

2. Guarantee Against Financial Loss by the Authority. Subject to the terms and conditions of this Agreement, the Authority hereby guarantees the payment of the Guaranteed Amount and shall pay the Guaranteed Amount to the Lender within 30 days after the date on

which the Lender provides written notice to the Authority that a Call Date has occurred. Such notice shall be delivered to the Authority not later than 60 days after a Call Date has occurred. Such notice shall include a history certified by an appropriate officer of the Lender of disbursements, payments, accruals of interest, any other charges or costs, and a summary of all Collection Activities undertaken with respect to the Loan Documents. Upon request of the Authority, the Lender shall provide the Authority with such further information as may be reasonably requested by the Authority.

3. Right to Review Lender's Guarantee Claim. Upon receipt of the written notice that a Call Date has occurred, the Authority shall have the right to review all aspects of the Loan and the Loan Documents which relate to the determination of the Guaranteed Amount. Prior to expiration of the 30-day period after receipt by the Authority of the written notice that a Call Date has occurred, the Authority shall either approve the payment of the Guaranteed Amount as specified in such notice or shall issue a written notice of proposed adjustment of such Guaranteed Amount to the Lender which shall state the basis for the proposed adjustment. At the time such notice of proposed adjustment is delivered, the Authority shall pay to the Lender the Guaranteed Amount, if any, as proposed in such notice. Upon receiving such a notice of proposed adjustment, the Lender may object to such notice by delivering a written statement of objection to the Authority explaining the basis or bases for such objection within 10 days after receipt of the Authority's notice of proposed adjustment. Within 30 days after receipt of the Lender's written objection, the Board of Directors of the Authority shall determine in its sole discretion whether to adjust the Guaranteed Amount at a meeting duly noticed for such purpose. If the Authority and the Lender are unable to resolve a dispute by other means, the Authority may elect to resolve the dispute by arbitration pursuant to the rules of the American Arbitration Association. The Lender hereby consents to proceeding by means of arbitration. Both parties agree to be bound by any decision issued pursuant to such arbitration. If the Authority does not elect to proceed by arbitration, either party may seek to resolve the dispute by bringing an action in a court of appropriate jurisdiction.

4. Subrogation Rights. Upon making payment of the Guaranteed Amount pursuant to paragraph 2 of this Agreement, the Authority shall, to the extent it makes such payment, be subrogated to the rights of the Lender with respect to the Loan, the Collateral, and other rights of recovery provided under the Loan Documents with respect to the Loan. Upon payment of the Guaranteed Amount, the Authority may in its sole discretion direct the Lender to assign all rights under Loan Documents with respect to the Loan, without recourse, to the Authority, and the Authority shall then issue to the Lender a certificate of interest evidencing the percentage of the Loan retained by the Lender. Election by the Authority to obtain an assignment of the Loan Documents shall not waive any right of the Authority arising from any negligence, misconduct or violation by the Lender of any provision of this Agreement. The Lender shall provide the Authority with reasonable assistance thereafter as the Authority may request in proceeding with respect to any such collateral, security or other right of recovery, except that such reasonable assistance shall not require the Lender to incur any out-of-pocket expenses. If the Authority receives any funds as a result of enforcement actions taken with respect to any such collateral, security or other right of recovery, the Authority shall promptly pay over to the Lender its pro rata share of

such amount, after reduction for any reasonable out-of-pocket expenses incurred by the Authority in taking such enforcement actions.

5. State Guarantee.

(a) **Guarantee Commitment.** Subject to the terms and conditions of this paragraph 5 and this Agreement, the State hereby guarantees the payment of the Guaranteed Amount, and for the performance of such guarantee the full faith and credit of the State are pledged. The State's guarantee obligation hereunder shall be solely with respect to the principal and interest of the Loan, subject to the limitations and adjustments contained in this Agreement, including the provisions for the determination of the Realized Deficiency Amount contained in paragraph 1(s) of this Agreement.

(b) **Claim on Guarantee.** If the Authority does not have moneys sufficient to pay the Guaranteed Amount as determined pursuant to paragraphs 2 and 3 of this Agreement at the time such payment becomes due, the Authority shall notify the State of such deficiency (the "Remaining Deficiency Amount") by telephone or telecopy, which notice shall be confirmed in writing, with a copy to the Lender. Such notice shall specify the amount of the Remaining Deficiency Amount. If additional moneys for the payment of such Remaining Deficiency Amount become available to either the Authority or the Lender prior to such payment but after the giving of notice, the Authority or the Lender shall notify the State and such additional moneys shall be applied to reduce such Remaining Deficiency Amount, and, if the State also disburses funds covering the amount of such additional moneys, the Authority or the Lender shall promptly remit an amount equal to such additional moneys to the State.

(c) **Payment by the State.** No later than 3:00 P.M. on the 30th day after receipt by the State of the notice specified in paragraph 5(b), the State shall pay the Remaining Deficiency Amount stated in the notice directly to the Lender.

(d) **Subrogation.** In addition to all other rights granted the State under this Agreement, the Authority and the Lender hereby agree that the State shall, to the extent it makes payments of the Guaranteed Amount, be subrogated to the rights of the Lender with respect to the Loan, the Collateral, and other rights of recovery provided under the Loan Documents with respect to the Loan. Such subrogation rights shall be coextensive with the subrogation rights of the Authority under paragraph 4 hereof and shall not increase or otherwise affect the Borrower's liability under the Loan Documents.

6. Recovery by Lender Subsequent to Payment of Guaranteed Amount. If subsequent to receiving payment of the Guaranteed Amount pursuant to paragraph 2 or paragraph 5 of this Agreement the Lender shall recover any amount with respect to the Loan, the Lender shall promptly pay to each of the State and the Authority the share of such recovered amount which reflects the payment of the Guaranteed Amount made by each party (the aggregate share to equal the Guarantee Percentage multiplied by such recovered amount), less a proportionate share of any reasonable out-of-pocket expenses incurred by the Lender in recovering such amount.

7. Guarantee Termination Date. The obligation of either the Authority or the State to guarantee or make payment of any amount to the Lender pursuant to paragraph 2 or paragraph 5 of this Agreement shall expire on the earliest to occur of: (i) the date upon which the Authority receives a written certificate executed by the Lender which states that all indebtedness under the Loan Documents entitled to the benefits of such guarantee payment has been fully paid; (ii) the date upon which the Authority receives a written certificate executed by the Lender which states that the Lender agrees to terminate the obligations of the State to make a guarantee payment; (iii) the date on which an Event of Default shall have occurred; and (iv) fifth anniversary of the effective date, (the "Stated Termination Time"). Provided, however, that if the Borrower defaults under the Loan Documents prior to or as of the fifth anniversary of the Effective Date and the Lender provides timely written notice to the Authority prior to five days after the Stated Termination Time that such default has occurred, then the obligations of the State and the Authority to guarantee or make payment to the Lender pursuant to paragraph 2 of this Agreement shall continue until the later to occur of: (i) the date upon which the Authority receives a written certificate executed by the Lender that such default has been cured; or (ii) the date on which the Authority or the State makes payment of its guarantee obligation, if any, pursuant to the terms of this Agreement.

8. Conditions Precedent to the Guarantee Obligation. The obligation of either the State or the Authority to make payment to the Lender pursuant to paragraph 2 or paragraph 5 of this Agreement shall not become effective until the following conditions precedent shall have been satisfied or waived in writing by the Authority:

(a) **Receipt of Documents.** The Authority shall have received the following, each dated the date of delivery thereof (unless otherwise specified below), in form and substance satisfactory to the Authority:

(i) Counterparts to this Agreement, duly executed by the Lender and the Borrower.

(ii) Executed copies (or duplicate copies thereof certified as of the Effective Date by the Lender to be a true copy) of each of the Loan Documents, duly executed by the parties thereto.

(iii) Certified copies of the actions or resolutions of the Board of Directors or other appropriate authority of the Lender and the Borrower approving this Agreement and the Loan Documents, and of all documents evidencing other necessary corporate action, if any, with respect to the execution, delivery and performance by the Lender and the Borrower of this Agreement and the Loan Documents.

(iv) A certificate of a duly authorized officer of the Borrower certifying that Schedule 11(i) to this Agreement includes a description of all pending or known threatened actions or proceedings affecting the Borrower or its properties before any court, government agency or arbitrator, which may, if adversely determined (A) purport to affect the legality, validity or enforceability of the Loan Documents or (B) materially

adversely affect the financial condition, properties, prospects or operations of the Borrower.

(v) A certificate signed by the appropriate loan officer of the Lender, certifying that appropriate officials of the Lender have reviewed the balance sheet, financial statements and financial projections described in the prior subparagraph and that the figures, statements and conclusions therein are, to the best of Lender's knowledge, reasonable.

(vi) [intentionally left blank]

(vii) Such other instruments, certificates, opinions, surveys and other documents as the Authority may reasonably request, all in form and substance acceptable to the Authority.

(b) Loan Documents Effective. Each of the Loan Documents, which shall be in form and substance acceptable to the Authority, shall be in full force and effect and all conditions to making advances thereunder shall have been satisfied.

(c) Fees and Expenses. The Lender shall have paid all Authority Service Fees and all Authority Legal Fees and Expenses, to the extent then due and payable.

(d) Good Title. The Borrower shall have good and marketable title to the Collateral in fee simple and full possession thereof, free and clear of all liens and encumbrances except such encumbrances expressly excepted by the Authority.

(e) Loan Document Borrowing Limits. If the maximum principal amount of the Loan may vary based on the quality and amount of specific assets of the Borrower, the Loan Documents shall provide that the maximum principal amount of the Loan that may be advanced shall not exceed any statutory limitations set forth in RSA 162-A:13-a

(c) Agreement and Loan Documents Valid and Binding. This Agreement and each of the Loan Documents when delivered will be legal, valid and binding obligations of the Borrower enforceable against the Borrower in accordance with their respective terms; subject to the qualification, however, that the enforcement of rights and remedies herein and contained in the Loan Documents is subject to bankruptcy and other similar laws of general application affecting the rights and remedies of creditors and to the effect of general principles of equity, including (without limitation) concepts of materiality, reasonableness, good faith and fair dealing (regardless of whether considered in a proceeding in equity or at law).

(d) No Default. Immediately upon making the Loan, to the best of Borrower's knowledge, neither the Borrower nor any Affiliate of the Borrower will be in material violation or default of any terms or conditions of any of the Loan Documents or any other agreement between the Lender and the Borrower or any Affiliate of the Borrower or any obligation of the Borrower or any Affiliate of the Borrower to the Lender.

(e) True Documents. No application, exhibit, schedule, report or other written information provided by the Borrower or its agents to the Authority in connection with the negotiation, execution and closing of this Agreement knowingly contained when made any material misstatement of fact or knowingly omitted to state any material fact necessary to make the statements contained therein not misleading in light of the circumstances under which they were made.

(f) Borrower's Credit Decision. The Borrower acknowledges that it has, independently and without reliance upon the Authority or any of the Authority's officers, employees or agents, and based upon such documents and information as it has deemed appropriate, made its own analysis and decision to enter into the Loan and the Loan Documents. The Borrower further acknowledges that the Authority, its officers, employees or agents, have not directly or indirectly controlled or influenced the Borrower's decision to enter into the Loan and the Loan Documents.

(g) No Other Agreements. There does not exist, nor has the Borrower entered, into any additional, side or collateral agreement with the Lender relating to the Loan which are not fully set forth in the Loan Documents.

(h) No Litigation or Governmental Proceeding. Except as set forth in Schedule 11(i) hereto, there is no pending or known threatened action or proceeding (including, without limitation, any action or proceeding relating to any environmental protection laws or regulations) affecting the Borrower or its properties before any court, governmental agency or arbitrator, which may, if adversely determined, (A) affect the legality, validity, or enforceability of this Agreement or any of the Loan Documents or (B) materially adversely affect the financial condition, properties, prospects or operations of the Borrower as a whole.

(i) Taxes Current. The Borrower has filed all tax returns (federal, state and local) required to be filed and paid taxes shown thereon to be due, including interest and penalties, or, to the extent the Borrower is contesting in good faith an assertion of liability based on such returns, has provided adequate reserves in accordance with generally accepted accounting principles for payment thereof.

12. Covenants of the Lender.

13. Limitations on Actions by the State and the Authority. The State and the Authority shall not be required to monitor the financial condition of the Borrower or the condition of any of the Collateral, and, unless otherwise expressly provided in this Agreement, shall not have any responsibilities with respect to notices, certificates or other documents filed with it hereunder. Re: **TD Bank - Tri-County Community Action Program**

Dear Mr. Armstrong:

The Business Finance Authority (the "Authority") has approved in principle the application submitted by TD Bank (the "Lender") with respect to Tri-County Community Action Program (the "Borrower"). Accordingly, the Authority is prepared to proceed with discussions to implement a credit enhancement package, subject to the general terms and conditions set forth in this letter. This letter is an expression of the Authority's intent to recommend that the Governor and Council approve the credit enhancement as described in this letter, and upon such approval to award such credit enhancement only based upon the information the Lender and the Borrower have submitted. Any obligation to recommend the award of a credit enhancement will arise only upon the satisfactory preparation, execution, and delivery of documentation in form and substance satisfactory to the Authority.

In reaching its decision, the Authority has reviewed all information submitted in the application and has had full interviews with key management at the Borrower. We have acquired an understanding of the Borrower's financial situation and the Lender's proposed participation in the Borrower's capitalization as the primary secured creditor. Of course, as we proceed, we will require further information.

Policy Background

The Authority has determined that the Borrower offers important employment opportunities to New Hampshire residents and provides critical service which is very important to the health and vitality of New Hampshire's economy. The Authority's commitment to provide the credit enhancement for the Borrower reflects this fundamental determination that the proposed transactions will serve a public use and provide a public benefit. Indeed, the State's Constitution requires that any pledge of credit enhancement clearly serve a public purpose, with any benefit to private parties being merely incidental to this public objective.

Financing for New Hampshire's Future

The Authority was created to offer credit enhancements to struggling New Hampshire businesses. The Working Capital Asset Guarantee Program established under Chapter 162-A of New Hampshire's Revised Statutes Annotated, as amended by Chapter 262 of 1992 New Hampshire Laws (the "Act") imposes a number of key limitations which are included below as part of the Authority's proposed credit enhancement package. First, the term of indebtedness which is subject to the State's guarantee must be no greater than five years and long enough to ensure a long-term commitment to the future of the Borrower. Second, the principal amount of the note guaranteed must not exceed \$2,000,000. Third, while the statute provides for the maximum guarantee of 75 percent of a loan, the purpose of the Authority to provide economic opportunities for numerous businesses across New Hampshire requires careful allocation of the Authority's overall credit capacity. Accordingly, the Authority is restricted in its power to allocate credit enhancements to any one credit proposal. Fourth, the statute requires a "guarantee agreement" which includes terms and conditions which minimize risk of loss to the State. As you will see, the Authority's proposed credit enhancement package is designed to meet each of these requirements.

Specific Public Purpose Determination

Based upon the Authority's preliminary review of information submitted by the Lender and the Borrower, the Authority believes that the primary obstacle to the successful growth for the Borrower's operation is the ability to obtain locally based financing. The Authority's proposed commitment is directed to assist in the elimination of this obstacle by providing for a 75 percent (75%) guarantee on a working capital loan of up to \$750,000 secured by a security interest in all business assets.

The Authority believes that this "partnership" approach between the Lender and the Authority will facilitate the success of the necessary new financing and achieve the fundamental public purpose of maintaining the Borrower's operation in its current form as an important part of the State's economic structure. This determination is consistent with the Authority's general policy with respect to all applications to provide the necessary credit enhancement for a particular case, while at the same time preserving overall credit enhancement capacity to assist with the broad range of financing needs for other New Hampshire businesses and other economic regions of New Hampshire. Further, it is consistent with the fundamental requirement that the Authority's enhancement tools not be used to supplant the private market decisions between banks and borrowers, but rather to assist private market participants in correcting current banking dislocations.

Terms of Credit Enhancement Proposal

I am authorized to report to you that the Authority has approved in principle the Lender's request, subject to and limited by the following terms and conditions:

- Maximum Guarantee Amount:** The Authority will recommend a guarantee equal to 75 percent (75%) of any deficiency realized under the \$750,000 working capital line of credit, which is determined by the Lender to exist after pursuing all available collection rights.
- 5-Year Term Requirement:** Under statute, working capital loans subject to a Business Finance Authority Guarantee must have a term which does not exceed five years.
- Loan Covenants:** Subject to all conditions and covenants as outlined in any TD Bank Loan Agreement to include but not limited to the following:
1. The Line of Credit to be reviewed annually for renewal by the Lender and the BFA.
 2. Line of credit availability to be up to \$750,000.
 3. Line of credit required to pay down to \$400,000 for a minimum of 30 consecutive days during the fiscal year of the Borrower.
 4. A sweep account tying Line of Credit to Borrower's primary operating account to be established/maintained.
 5. Collateral: A first lien security interest on all business assets.
 6. Fees: One percent (1%) of the guaranteed portion of the line of credit availability to be paid annually in arrears.
 7. Appropriate insurance coverage on all assets securing debt.
 8. Lender to agree to pay all reasonable legal expenses of the BFA preparation and closing of subject credit transaction.
- No Preferential Security:** Our proposal requires that the Authority share equally with the Lender in all collateral securing or any other assets acquired to support credit facilities between the Lender and the Borrower. Accordingly, proceeds from realization on any collateral (including set off of any accounts) must be applied first to satisfy obligations which are secured by the Authority's guarantee. Further, the Lender may not hold or acquire any preferential security, surety, or insurance to protect its unguaranteed interest in the credit facility.
- Percentage Guarantee:** As indicated above, the Authority's guarantee will be 75 percent (75%) of any deficiency on up to a \$750,000 working capital line of credit finally determined by the Lender after pursuing all available collection rights.

Determination of Guaranteed Loss:	The loss to which the percentage guarantee applies shall equal the sum of: (1) principal unpaid at the "payment time" (described below); (2) interest accrued under the loan during the 90-day period following the date the Lender accelerates the credit facility (or the date on which the loan matures and remains unpaid) which remains unpaid at the "payment time"; and (3) reasonable out-of-pocket collection costs unpaid at the "payment time". No default or penalty charges or damages paid by the Lender as a result of a legal claim against the Lender may be included in determining the guaranteed loss.
Payment Time:	The right to call for payment under the guarantee shall arise only after the Lender has pursued and realized all available collection rights against collateral which secures this loan.
Acceptable Debt Terms:	Documents evidencing the credit facility, other Lender agreements with the Borrower and security interests must include such other terms, conditions and covenants as may be deemed necessary and advisable by the Authority.
Subrogation Rights:	The guarantee agreement shall provide that the State may exercise subrogation rights with respect to all rights and security of the Lender with respect to the loan.
Closing and Annual Fees:	The Lender shall pay a fee to the Authority at closing equal to one percent (1%) of the Line of Credit total availabilities. As of each anniversary date after the closing, the Lender shall pay an annual fee equal one percent (1%) of the total amount of the line of credit available to the company, whether or not it is drawn down, provided that the Lender shall not be required to pay to the Authority the Authority Service Fee after the Acceleration Date as long as the Lender is unable or has waived its rights to collect such Authority Service Fees or amounts comparable to such Authority Service Fees from the Borrower.
Authority Legal Expenses:	As a condition to proceeding, the Lender shall pay all reasonable legal counsel fees and expenses incurred in the evaluation, preparation, and provision of the State's credit participation, even if the transaction is not consummated.
Legal Opinions:	Counsel to the Borrower shall provide such opinion at closing of the transactions as to enforceability and other matters reasonably required by the Authority, and the Lender shall obtain title insurance and other assurances concerning the title of the collateral as applicable.

**Ratification and
Approval:**

The final documentation under which the State and the and the Authority will provide its credit participation shall be subject to ratification of the Board of Directors of the Authority. Of course, as required by RSA 162-A, any guarantee recommended by the Authority shall become effective only upon approval of the Governor and Council.

If the Lender wishes to proceed further to finalize the terms of this proposal, please sign and return this letter to us on or before 4:00 p.m. on October 3, 2022. As noted, any obligation to take action by the Authority will arise only upon satisfactory preparation, execution, and delivery of documentation. With your execution of this letter, the Lender agrees that you shall pay the Authority's legal costs described above, even if the transactions are not consummated.

On behalf of the Authority, I look forward to working with the Lender toward a successful stabilization of the Company's capitalization.

Sincerely,

Jeremy Stanizzi
