REQUESTED ACTION

Pursuant to RSA 14:30-a, VI, authorize the Department of Safety, Division of Emergency Services and Communications (DESC) to accept and expend \$13,000,000 of American Rescue Plan Act of 2021 (ARPA), State Fiscal Recovery Funds (SFRF), for the construction of a new DESC 911 facility in Laconia, NH. This is an allowable use of ARPA SFRF funds under Section 602 (c)(1)(C) for provision of government services to the extent of the reduction in revenue. Effective upon Fiscal Committee and Governor and Council approval through June 30, 2023. Funding Source: 100% Federal Funds.

Funds are to be budgeted in the tables below:

EXPLANATION

The Department of Safety, Division of Emergency Services and Communications (DESC) operates two 911 call centers, known as Public Safety Answering Points (PSAPs) located 26 miles apart. The Concord and Laconia PSAPs provide redundant 911 systems with robust reliability to New Hampshire residents and visitors. These locations are geographically distant enough from one another to ensure survivability of one location and the ability

to maintain statewide 911 service in all but the most catastrophic situations. The existing Laconia DESC facility, located on the former Laconia State School property, is a former patient care facility that has been renovated over the years to meet the unique needs of both the DESC 911 operations and Lake Region Mutual Fire Aid, which also operates out of this facility. In October 2021 the State of New Hampshire hired a real estate broker to identify and engage with a suitable buyer for the Laconia State School property.

In response to the expected sale, the Department of Safety, working with the Department of Administrative Services, identified suitable state owned property on the corner of Meredith Center Road and Lane Road in Laconia and subsequently engaged an engineering firm to complete a feasibility study and needs assessment to build a new DESC 911 facility at this location. The new construction will house all existing DESC functions including the Laconia PSAP, and continue to provide suitable space for Lakes Region Mutual Fire Aid to operate. These funds are necessary to finalize the project design and complete the construction of this critical public safety facility.

Funds are to be budgeted as follows:

Class 034 – New Construction: Contracts for the construction of the new 911 Laconia Facility

Class 041 - Audit Fund Set-Aside: To comply with RSA 124:16 that requires all agencies that receive federal funds to set aside a percentage (0.1 %) of the revenue received to pay for related audits.

In the event that Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Robert L. Quinn
Commissioner of Safety
