including for All-Hazard Events, specifically by coordinate planning, response and recovery for CBRNE, and identify resources available statewide and enhancing statewide CBRNE Response and Decontamination Capabilities.

These funds will also fund the purchase of eight (8) Detecta-Chem SEEKERe. This equipment will be used to investigate suspicious unknown substances, commonly associated with "white powder calls" or "anthrax threats". By providing explosives detection technology appropriate for these incidents, the Statewide response will be uniform in its ability to execute the necessary explosives screening component of the Suspicious Unknown Substance Protocol. In the event of a real attack, this level of screening will expedite the analysis at the Public Health Lab, which will permit for faster diagnosis and treatment of exposed citizens and saving lives.

Funds are to be budgeted as follows:

Class 030 Funds, Equipment, is needed to purchase the above-mentioned Equipment for the State Police Bomb Squad.

These grants were not budgeted in SFY 2023 because these funds were not anticipated or available during the development of the Department's SFY 22/23 biennial budget.

In the event that federal pass-through funds become no longer available, General Funds and/or Highway Funds will not be requested to support this program.

Respectfully submitted,

Robert L. Quinn
Commissioner of Safety

Re: Acceptance of 2021 Homeland Security Grant Funds

Per previous discussions with DAS through budget creation for SFY22-23, we have been advised that grant funds should be transferred to other Divisions/Agencies through a revenue transfer from our account into the awardees account. Previously, we were able to transfer the expenditures out of Divisions/Agencies accounts and into our account which helped to avoid budgeting these funds in an awardee's orgs and/or the potential need for a G&C item.

All grants awarded from the FFY21 Homeland Security Grant Program (and any future grants through the Homeland Security Grant Program) will need to transition to a new process which involves a federal revenue transfer from our account into the awardee's account(s). This may require your office to process a G&C item to accept and expend these grant awards if they were not budgeted in SFY22-23. This action will need to be coordinated with my office.

The grant awards listed below have been awarded through the FFY21 Homeland Security Grant Program and have not had any expenses reimbursed at this time. If not already budgeted in your accounts, they will need to be set up through a G&C grant award acceptance item. We will need a copy of this for your grant file.

FY21 Operation Stonegarden	\$1,301,836.56
FY21 EOD (local funds MOU Hazmat)	\$152,000.00 ✓
FY21 UAS Expanded Capability	\$188,314.00 ✓
FY21 Intel/SIU (equipment, training)	\$124,552.00 ✓
FY21 Bomb Squad Expansion & Tactical Upgrade	\$120,000.00 ✓

Please contact our office if there any concerns or questions with regards to this process.

Re: Acceptance of 2021 Homeland Security Grant Funds

Per previous discussions with DAS through budget creation for SFY22-23, we have been advised that grant funds should be transferred to other Divisions/Agencies through a revenue transfer from our account into the awardees account. Previously, we were able to transfer the expenditures out of Divisions/Agencies accounts and into our account which helped to avoid budgeting these funds in an awardee's orgs and/or the potential need for a G&C item.

All grants awarded from the FFY21 Homeland Security Grant Program (and any future grants through the Homeland Security Grant Program) will need to transition to a new process which involves a federal revenue transfer from our account into the awardee's account(s). This may require your office to process a G&C item to accept and expend these grant awards if they were not budgeted in SFY22-23. This action will need to be coordinated with my office.

The grant awards listed below have been awarded through the FFY21 Homeland Security Grant Program and have not had any expenses reimbursed at this time. If not already budgeted in your accounts, they will need to be set up through a G&C grant award acceptance item. We will need a copy of this for your grant file.

FY21 Operation Stonegarden	\$ 30,836.56
FY21 EOD (local funds MOU) Hazmat	\$152,000.00
FY21 UAS Expanded Capability	\$148,313.18
FY21 Intel/SIU (equipment, training)	\$124,552.00
FY21 Bomb Squad Expansion & Tactical Upgrade	\$120,000.00

Please contact our office if there any concerns or questions with regards to this process.
