EXPLANATION

This contract is **SOLE SOURCE** based on the historical performance of the Community Action Agencies (CAAs) with the New Hampshire Fuel Assistance Program (LIHEAP). The Senior Energy Assistance Services (SEAS) Program makes home energy more affordable for households with members who are sixty years of age or older, who are experiencing a home energy hardship, and who are not eligible for the state's Fuel Assistance Program under the current income limits. The CAAs determine eligibility for the Fuel Assistance Program and are able to efficiently distribute these funds to households in need that are not eligible for that program.

A federal grant under the Older Americans Act funds (Title IIIB) awarded to the New Hampshire Department of Health and Human Services (NH DHHS) Division of Elderly and Adult Services provides funding for the Senior Energy Assistance Services Program. A Memorandum of Understanding for this program was previously approved by the Governor and Executive Council on March 23, 2022, Item #25.

In the event that the Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully Submitted,

Jared Chicoine
Commissioner

Notice: This agreement and all of its attachments shall become public upon submission to Governor and Executive Council for approval. Any information that is private, confidential or proprietary must be clearly identified to the agency and agreed to in writing prior to signing the contract.

Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds affected by any state or federal legislative or executive action that reduces, eliminates or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope for Services provided in EXHIBIT B, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to reduce or terminate the Services under this Agreement immediately upon giving the Contractor notice of such reduction or termination. 5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/ EQUAL EMPLOYMENT OPPORTUNITY.

6.1 In connection with the performance of the Services, the Contractor shall comply with all applicable statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal employment opportunity laws. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

9. TERMINATION.

9.1 Notwithstanding paragraph 8, the State may, at its sole discretion, terminate the Agreement for any reason, in whole or in part, by thirty (30) days written notice to the Contractor that the State is exercising its option to terminate the Agreement.

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS

Instructions for Certification

- (1) By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH DOE's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when NH DOE determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, NH DOE may terminate this transaction for cause or default.
- (4) The prospective primary participant shall provide immediate written notice to the NH DOE agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (5) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
- (6) The prospective primary participant agrees by submitting this proposal (contract) that should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by NH DOE.
- (7) The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by NHDOE, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- (8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).
- (9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (10) Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, NH DOE may terminate this transaction for cause or default.

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER

 - (c) are not presently indicted for otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of the offenses enumerated in paragraph (1) (b) of this certification; and
 - (d) have not within a three-year period preceding this application/proposal had one or more public (federal, state or local) transactions terminated for cause or default.
- (2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

(the Organization) and affiliate, which comprise the combined statement of financial position as of July 31, 2021, and the related combined statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the combined financial statements, and have issued our report thereon dated March 3, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the combined financial statements, we considered the Organizations' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the combined financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organizations' internal control. Accordingly, we do not express an opinion on the effectiveness of the Organizations' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organizations' combined financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southern New Hampshire Services, Inc. and affiliate's combined financial statements are free from material misstatement, we performed tests of their compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organizations' internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organizations' internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each Major Program and on
Internal Control over Compliance and Schedule of Expenditures of
Federal Awards Required by the Uniform Guidance**

To the Board of Directors
Southern New Hampshire Services, Inc. and Affiliate

Report on Compliance for Each Major Federal Program

We have audited Southern New Hampshire Services, Inc. (the Organization) and affiliate's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Southern New Hampshire Services, Inc. and affiliate's major federal programs for the year ended July 31, 2021. Southern New Hampshire Services, Inc. and affiliate's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Southern New Hampshire Services, Inc. and affiliate's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southern New Hampshire Services, Inc. and affiliate's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Southern New Hampshire Services, Inc. and affiliate's compliance.

Opinion on Each Major Federal Program

In our opinion, Southern New Hampshire Services, Inc. and affiliate complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended July 31, 2021.

Report on Internal Control over Compliance

Management of Southern New Hampshire Services, Inc. and affiliate is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southern New Hampshire Services, Inc. and affiliate's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southern New Hampshire Services, Inc. and affiliate's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

We have audited the combined financial statements of Southern New Hampshire Services, Inc. and affiliate as of and for the year ended July 31, 2021, and have issued our report thereon dated March 3, 2022, which contained an unmodified opinion on those combined financial statements. Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the combined financial statements as a whole.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Southern New Hampshire Services, Inc. and Affiliate
Manchester, New Hampshire

Report on the Financial Statements

We have audited the accompanying combined financial statements of Southern New Hampshire Services, Inc. (a nonprofit organization) and affiliate, which comprise the combined statements of financial position as of July 31, 2021 and 2020, and the related combined statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the combined financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organizations' preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organizations' internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Southern New Hampshire Services, Inc. and affiliate as of July 31, 2021 and 2020, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 3, 2022, on our consideration of Southern New Hampshire Services, Inc. and affiliate's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Southern New Hampshire Services, Inc. and affiliate's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southern New Hampshire Services, Inc. and affiliate's internal control over financial reporting and compliance.

SOUTHERN NEW HAMPSHIRE SERVICES, INC. AND AFFILIATE

NOTES TO COMBINED FINANCIAL STATEMENTS

JULY 31, 2021 AND 2020

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of the Organization

Southern New Hampshire Services, Inc. (SNHS) is a nonprofit umbrella corporation that offers an array of services to the elderly, disabled, and low-income households in New Hampshire's Hillsborough County and Rockingham County. The Organization's programs provide assistance in the areas of education, child development, employment, energy and its conservation, housing, and homelessness prevention. The Organization is committed to providing respectful support services and assisting individuals and families in achieving self-sufficiency by helping them overcome the causes of poverty. The primary source of revenues is derived from governmental contracts. Services are provided through Southern New Hampshire Services, Inc. and SNHS Management Corporation.

Basis of Accounting and Presentation

The Organization prepares its combined financial statements in accordance with accounting principles generally accepted in the United States of America, which involves the application of accrual accounting; and accordingly reflect all significant receivables, payables, and other liabilities. The financial statement presentation follows the recommendation of the Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2016-14, *Not-For-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*. Under ASU 2016-14, net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Net Assets without Donor Restrictions - Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and the board of directors.

Net Assets with Donor Restrictions - Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be fulfilled and removed by actions of the Organization pursuant to those stipulations or by passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as an increase in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

The Organization has no net assets with donor restrictions at July 31, 2021 and 2020.

Combined Financial Statements

All significant intercompany items and transactions have been eliminated from the basic combined financial statements. The combined financial statements include the accounts of SNHS Management Corporation because Southern New Hampshire Services, Inc. controls more than 50% of the voting power.

Use of Estimates

The preparation of combined financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results may differ from these amounts.

NOTES TO COMBINED FINANCIAL STATEMENTS
(Continued)

JULY 31, 2021 AND 2020

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

For the purpose of the combined statements of cash flows, the Organization considers all unrestricted highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. The Organization has no cash equivalents at July 31, 2021 and 2020.

Current Vulnerabilities Due to Certain Concentrations

The Organization maintains its cash balances at several financial institutions located in New Hampshire and Maine. The balances are insured by the Federal Deposit Insurance Organization (FDIC) up to \$250,000 per financial institution. In addition, on October 2, 2008, the Organization entered into an agreement with its principal banking partner to collateralize deposits in excess of the FDIC insurance limitation on some accounts. The balances, at times, may exceed amounts covered by the FDIC and collateralization agreements. It is the opinion of management that there is no significant risk with respect to these deposits at either July 31, 2021 and 2020.

Accounts and Contracts Receivable

All accounts and contracts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Receivables are recorded on the accrual basis of accounting primarily based on reimbursable contracts, grants, and agreements. Balances outstanding after management has used reasonable collection efforts are written off through a charge to bad debt expense and a credit to the applicable accounts receivable. Management does not believe an allowance for uncollectible accounts receivable is necessary at July 31, 2021 and 2020.

Support and Revenue Recognition

Contracts with Customers

Program fees are reported at the amount that reflects the consideration to which the Organization expects to be entitled for providing childcare services to its clients.

Generally, the Organization bills customers and third-party payors several days after the services are performed. Revenue is recognized as performance obligations are satisfied. Performance obligations are determined based on the nature of the services provided by the Organization. The Organization measures the performance obligations of its childcare services to the point when it is no longer required to provide services to the client, which is generally weekly for childcare services. These services are considered to be a single performance obligation. Revenue for performance obligations satisfied at a point in time is recognized when services are provided, and the Organization does not believe it is required to provide additional services to the client.

Based on the nature of services provided by the Organization and due to the fact that all of the Organization's performance obligations related to contracts with a duration of less than one year, the Organization has elected to apply the optional exemption provided in FASB ASC 606-10-50-14(a) and, therefore is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period.

The transaction price for childcare services is based on standard charges for services provided to clients. Under the terms of the State of New Hampshire Department of Health and Human Services childcare subsidy programs, reimbursement for childcare services provided may differ from established rates. It is the Organization's policy to set its rates to be consistent with current reimbursement rates. Therefore, amounts due do not include significant variable consideration subject to retroactive revenue adjustments due to settlement of reviews and audits.

Support and Revenue Recognition - Continued

Contracts with Customers – Continued

The Organization has elected to apply the practical expedient allowed under FASB ASC 606-10-10-4 for applying the revenue standard to a portfolio of contracts with similar characteristics. The Organization accounts for the contracts within each portfolio as a collective group, rather than individual contracts, based on the payment pattern expected in each portfolio category and the similar nature and characteristics of the clients within each portfolio. The portfolios consist of major payor classes for childcare services. Based on historical collection trends and other analysis, the Organization has concluded that revenue for a given portfolio would not be materially different than if accounting for revenue on a contract-by-contract basis.

The Organization has also elected to apply the practical expedient allowed under FASB ASC 606-10-32-18 for the financing component, as the period of time between the service being provided and the time that the client or third-party payor pays for the service is typically one year or less.

Private Grant Revenue and Contributions

Private grant contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met. Support that is restricted by the donor is reported as an increase in net assets without donor restrictions, if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires, (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the combined statements of activities as net assets released from restrictions.

Grants and Support

Grant revenue is derived from various federal grant agreements and various state and private entity pass-through grant agreements and contracts to provide funding support of the Organization's programs and services provided by the Organization including childcare, child development, social, health, nutrition, employment, language, energy, and special needs services to families enrolled in the Organization's programs. The Organization has evaluated its grant agreements against applicable accounting standard guidance and determined that the grant agreements are contributions (nonreciprocal transaction) conditioned upon certain performance requirements and/or incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenses in compliance with specific provisions of the grant agreements. Refundable advances result from unexpended balances from these conditional contributions and will be subsequently recognized as contribution revenue when donor conditions are met. Federal and state grant revenue comprised approximately 93% and 91% of total revenue in the fiscal years ended July 31, 2021 and 2020, respectively.

In-Kind Donations

In-kind revenues and expenses represent fair market value of volunteer services and non-paid goods which were donated to the Organization during the current fiscal year. All in-kind revenues in the fiscal year 2021 and 2020 were generated through the Head Start and Economic Workforce Development programs. Since the recognition criteria is not met under financial accounting standards, no in-kind revenues are recognized as contributions in the combined financial statements and the in-kind expenses have been eliminated.

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments

The Organization carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the combined statements of financial position. Unrealized gains and losses are included in the change in net assets in the accompanying combined statements of activities.

Fixed Assets

Fixed assets acquired by the Organization are capitalized at cost if purchased or fair value if donated. It is the Organization's policy to capitalize expenditures for these items in excess of \$5,000. Major additions and renewals are capitalized, while repairs and maintenance are expensed as incurred. Depreciation is calculated using the straight-line basis over the estimated useful lives of the assets, which range from three to forty years. Depreciation expense for July 31, 2021 and 2020 was \$666,892 and \$570,806, respectively.

Fixed assets purchased with grant funds are owned by the Organization while used in the program for which they were purchased or in other future authorized programs. However, the various funding sources have a reversionary interest in the fixed assets purchased with grant funds. The disposition of fixed assets, as well as the ownership of any proceeds is subject to funding source regulations.

Advertising

The Organization uses advertising to promote programs among the people it serves. The production costs of advertising are expensed as incurred.

Functional Allocation of Expenses

The Organization allocates its expenses on a functional basis among its various programs and support services. Expenses that can be identified with a specific program and support services are allocated directly according to their natural expenditure classification. Other expenses, that are common to several functions, are allocated by management based on effort. Supporting services are those related to operating and managing the Organization and its programs on a day-to-day basis. Supporting services have been sub-classified as follows:

Management and General - includes all activities related to the Organization's internal management.

Subsequent Events

Management has made an evaluation of subsequent events through March 3, 2022, which represents the date on which the combined financial statements were available to be issued and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of these combined financial statements.

Recently Adopted Accounting Pronouncements

Revenue Recognition

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers*, to clarify the principles for recognizing revenue and to develop a common revenue standard for U.S. GAAP and International Financial Reporting Standards. The core principle of the guidance requires entities to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The ASU was effective for fiscal periods beginning after December 15, 2018, however ASU 2020-05, *Revenue from Contracts with Customers (Topic 606) and Leases (Topic 842) – Effective Dates for Certain Entities*, allowed for a one-year deferral for implementation due to the coronavirus pandemic. The Organization implemented the guidance for the year ended July 31, 2021 combined financial statements. The adoption of this update did not result in adjustments to net assets, or any other account balance and no account has been affected in the current period by the application of the guidance.

Contributions

In June 2018, the FASB issued ASU No. 2018-08: *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. The issuance of this ASU was in response to the difficulty and diversity in practice of distinguishing between exchange transactions (reciprocal) and contributions (nonreciprocal), as well as distinguishing between conditional and unconditional contributions. The guidance is effective for the Organization's fiscal years beginning after June 15, 2018, with early adoption permitted. Management has adopted the ASU effective August 1, 2020, on a modified prospective basis. As a result, this ASU has been applied to the portion of revenue that has not been recognized before the effective date in accordance with current guidance. No prior period results have been restated, and there has been no cumulative-effect adjustment to the opening balance of net assets on August 1, 2020.

Recent Accounting Pronouncements

Leases

In February 2016, the FASB released ASU 2016-02, *Leases (Topic 842)*, which provides users of the financial statements a more accurate picture of the assets and the long-term financial obligations of organizations that lease. The standard is for a dual-model approach; a lessee will account for most existing capital leases as Type A leases, and most existing operating leases as Type B leases. Both will be reported on the statement of financial condition of the organization for leases with a term exceeding 12 months. Lessors will see changes as well, primarily made to align with the revised model. The guidance is effective for non-public entities for fiscal years beginning after December 15, 2021, with early adoption permitted. The Organization will implement the guidance in its July 31, 2023 consolidated financial statements. Management is currently evaluating the impact of adoption on the Organization's financial statements.

NOTE 2: RESTRICTED CASH

The Organization, as stipulated in many of the loan agreements associated with the housing projects included in SNHS Management Corporation, is required to maintain separate accounts, and make monthly deposits into certain restricted reserves for the replacement of property and other expenditures. In addition, the Organization is required to maintain separate accounts for tenant security deposits and any surplus cash that may result from annual operations. These accounts are also not available for operating purposes and generally need additional approval from oversight agencies before withdrawal and use of these funds can occur.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the organization has the ability to access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2021 and 2020.

Mutual Funds: Valued at the net asset value of shares held on the last trading day of the fiscal year, which is the basis for transactions at that date.

Total financial assets available within one year	<u>\$23,123,907</u>	<u>\$19,626,647</u>

None of the financial assets are subject to donor or other contractual restrictions. Accordingly, all such funds are available to meet the needs of the Organization in the next 12 months. In addition, the Organization maintains several reserve funds for property taxes, insurance expenses, and repair and replacement or emergency needs which are required by financing authorities. These funds may be withdrawn only with the approval of the financing authority and are not considered by the Organization to have donor restrictions.

The Organization manages its liquidity by developing and adopting annual operating budgets that provide sufficient funds for general expenditures in meeting its liabilities and other obligations as they become due.

NOTE 8: RETIREMENT BENEFITS

The Organization has an Employer-Sponsored 403(b) plan offering coverage to all of its employees. Participating employees must contribute at least 1% of their wages, while the Organization contributes 10% of their wages. The pension expense for the years ended July 31, 2021 and 2020 was \$1,012,187 and \$940,492, respectively.

NOTE 9: RISKS AND UNCERTAINTIES

The Organization is operated in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules, and regulations of federal, state, and local regulatory agencies. Such administrative directives, rules, and regulations are subject to change by an act of Congress or Legislature. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.

NOTE 10: CONTINGENCIES AND CONTINGENT LIABILITIES

The Organization receives grant funding from various sources. Under the terms of these agreements, the Organization is required to use the funds within a certain period and for purposes specified by the governing laws and regulations. If expenditures were found not to have been made in compliance with the laws and regulations, the Organization might be required to repay the funds. No provisions have been made for this contingency because specific amounts, if any, have not yet been determined.

Cotton Mill Square

In 2015, SNHS Management Corporation entered into a contract as part of the Community Development Investment Tax Credit Program with the Community Development Finance Authority (CDFA) and was awarded \$1,000,000 to provide funding for the development and adaptive reuse of an abandoned historic cotton mill in downtown Nashua, NH. Under this program, the Project (Cotton Mill Square) created 109 units of housing and was required to reserve 55 of these units for low to moderate income households.

As stipulated by the contract and after a 20% program fee retained by the CDFa, SNHS Management Corporation entered into a subrecipient agreement with the owners of the Project (Cotton Mill Square LLC) to provide a promissory note and mortgage of the remaining award amount of \$800,000. The 20 year note to Cotton Mill Square LLC is non-interest bearing and the principal is forgivable at a rate of 5% each year the Project maintains the required minimum of 55 low to moderate income household units.

The Cotton Mill Square Project was awarded the certificate of occupancy on August 22, 2014 and remains in full compliance with the required regulations as of July 31, 2021 and 2020. SNHS Management Corporation feels that it is extremely unlikely that the Project will fall into noncompliance in future periods. Therefore, SNHS Management Corporation has not recorded any contingent receivable or liability related to this transaction. The note repayment is accelerated if the units fall out of compliance.

Cotton Mill Square (Continued)

In October of 2017, the subrecipient agreement with Cotton Mill Square LLC was amended to cease the annual 5% debt forgiveness. This modification effectively holds the promissory note balance at \$720,000 which will now be forgiven in full at the end of the agreement as long as the Project maintains compliance with the original agreement's terms. This modification did not change the contingent receivable or liability with SNHS Management Corporation.

Coronavirus Pandemic

An outbreak of a novel strain coronavirus (COVID-19) has spread to the U.S. and in March 2020, the World Health Organization characterized COVID-19 as a pandemic. The Organization was unable to meet its matching requirements in accordance with the terms of its Head Start Programs grant award due to the COVID-19 pandemic but received a waiver from DHHS to remain in compliance. Many programs that historically had direct contact with participants were closed or changed significantly while staff was retained. However, the extent of the future impact of COVID-19 on the Organization's operational and financial performance is not known as of the date these financial statements were issued, but management will continue to monitor conditions as the COVID-19 pandemic continues and take further action if considered necessary.

EXPLANATION

The purpose of this request is to enter into a Memorandum of Understanding with the New Hampshire Department of Energy (DOE) to provide energy assistance in the form of fuel oil, electricity, gas or wood to New Hampshire residents over sixty (60) years of age. The DOE is the designated administrator for the statewide Fuel Assistance Program and has the capacity and expertise to serve the Department's Bureau of Elderly and Adult Services' population of eligible older adults.

Approximately 152 households will be served annually from October 1, 2022 to September 30, 2024.

The Senior Energy Assistance Program (SEAS) provides energy assistance funds for individuals, 60 years of age or older, who are over income under the low-income Home Energy Assistance Program (LIHEAP). The goal is to allow individuals to be able to stay in their home. This assistance will be provided by the DOE to provide support throughout the State. Senior Energy Assistance Services (SEAS) assists in the prevention of an energy emergency that is defined as conditions that pose serious threat to the health and safety of individuals from the lack of adequate home energy.

The DOE's performance will be measured by their ability to provide energy assistance to senior households in accordance with the terms of the Memorandum of Understanding as evidenced by monthly invoices and reports submitted to the Department. In addition, by May 15th of each State Fiscal Year, the DOE will report to the Department the outcome of client feedback about the quality of services provided by the DOE.

As referenced in Section 2, Term, Subsection 2.2. of the attached agreement, the parties have the option to extend the agreement for up to six (6) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and Governor and Council approval.

Should the Governor and Council not authorize this request, the assistance provided to these senior households may be reduced to a level that could jeopardize their ability to remain in their homes. These energy assistance services allow the elderly to maintain maximum independence, health and quality of life, which supports the Department's mission for individuals aged sixty (60) and over to remain in the community.

Area served: Statewide.

Source of Federal Funds: Assistance Listing Number #93.044, FAIN #2101NHOASS.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Lori A. Shibinette
Commissioner
