These awards are funded as part of the 2022 Department of Homeland Security Non Profit Grant Program (NPSGP) from the U.S. Department of Homeland Security (DHS), Preparedness Directorate, Office of Grants and Training Directorate. Funding is awarded to eligible non-profit entities to prevent, protect against, prepare for, and respond to terrorist attacks. Page 2 of 2

New Hampshire Department of Safety is the only entity eligible to submit NPSGP applications to DHS/FEMA, including those applications submitted on behalf of all eligible applicants for the program from New Hampshire. A Non-Profit may apply if they meet the criteria described under section 501(c) (3) of the Internal Revenue Code of 1986 (IRC) and exempt from tax under section 501(a) of such code. The final beneficiary of the NPSGP grant award must be an eligible nonprofit organization and cannot be a for-profit/fundraising extension of a nonprofit organization. All non-profit applications received were reviewed and submitted to FEMA for consideration.

Due to the time required to fully execute and accept funding at the non-profit entity, combined with the timing of future Governor and Executive Council meetings, the Department of Safety requests authorization to enter into the grant agreements noted above using the grant agreement form attached to this request. Governor and Executive Council approval of this authorizing item will permit grant agreements to become effective after being fully executed and accepted by the organization, without requiring further action by the Governor and Executive Council. These agreements will remain subject to a review of form and execution by the Attorney General's Office prior to final execution and approval by the Department of Safety.

Highway Funds or General Funds will not be used should Federal Funds become unavailable.

Respectfully submitted,

Robert L. Quinn
Commissioner of Safety

The NSGP provides funding support for statutorily eligible costs to include target hardening and other physical security enhancements and activities to nonprofit organizations that are at high risk of terrorist attack. The program seeks to integrate nonprofit preparedness activities with broader State and local preparedness efforts. It is also designed to promote coordination and collaboration in emergency preparedness activities among public and private community representatives, as well as State and local government agencies.

The terms of the approved Investment Justification(s) are incorporated into the terms of this Federal award, subject to the additional description and limitations stated in this Agreement Article and the limitations stated in subsequent reviews by FEMA of the award budget. This procedure for changes to the approved sub grant is not limited to budgetary changes, but also includes changes of substance in project activities and changes in the project director or key professional personnel identified in the approved application.

As a condition of the receipt of these funds:

Funding may be suspended or terminated for filing a false certification in this application or other reports or document as part of this program.

Tracking of Equipment:

Upkeep, maintenance, and training of and for equipment procured as part of the Homeland Security Grant Program is a local and/or grantee responsibility. The inventory of this equipment is a local responsibility and the recipient of such understands that inspections, auditing, and inventory accounting of this equipment may occur as a condition of this grant either from Federal, State or other appropriate level agency and agent.

Initials: _____

Date _____

Potential supplanting will be addressed in the application review as well as in the pre-award review, post award monitoring, and the audit. DHS/FEMA I.B. 379 allows as well as FP-205-402-125-1 which apply to maintenance and sustainment of grant or in some cases non- grant acquired capabilities with specific definitions. Applicants and/or grantees will be/may be required to supply documentation certifying that a reduction in non-federal resources occurred for reasons OTHER than the receipt or expected receipt of federal Homeland Security grant funds. Supplanting funds is loosely defined (for these purposes) as using federal grant money to "replace" or "take the place of" existing local funding for equipment or programs. The funds are intended to provide local entities with increased or in 2022 sustained capabilities or to build capacity to address CBRNEWMD terrorist incidents.

National Incident Management System (NIMS) Implementation

Prior to allocation of any federal preparedness awards, recipients must ensure and maintain adoption and implementation of NIMS. The list of objectives used for progress and achievement reporting is on FEMA's website at: <https://www.fema.gov/emergency-managers/nims/implementation-training>. Please see the: Preparedness Grants Manual for more information on NIMS. Recipients should manage resources purchased or supported with FEMA grant funding according to NIMS resource management guidance.
