EXPLANATION

This request is being made to accept federal funds available from US Department of Agriculture, Food and Nutrition Services to supplement the Special Supplemental Nutrition Program for Women, Infants and Children (WIC) and Breastfeeding Peer Counseling (BFPC) Services. The overall function of the Technology for a Better WIC Experience Grant is to improve our participant centered applications and eligibility software to increase ease of use and customer satisfaction, and to reduce redundancy across federal nutrition programs.

New Hampshire plans to work in coordination with the Multi-State Consortium (MSC), which is comprised of New Hampshire, Kansas, Inter-tribal Council of Arizona and Hawaii, to plan, design and implement enhancements to our WIC Management Information System (MIS) that improves the WIC experience for both the WIC participant and staff. The final enhancements will be dependent on time, resources, and prioritization by the MSC and its contractor, Custom Data Processing, Inc. (CDP). A final project list has not been determined to date, however the following suggestions have been posed to CDP for consideration and resource estimation.

- Make client portal mobile friendly.
- Translate online application into Spanish.
- Add functionality to allow for secure upload of client documents through a client portal.
- Add functionality to allow staff to upload documents into the client's record.

The funds are to be budgeted as follows:

Class 041 These funds will be used to pay for audit fund set aside per state requirement.

Class 102 These funds will be used to plan, design and implement enhancements to our MIS WIC system that will improve the WIC experience for both the WIC participant and staff through our contractor, CDP.

In response to the anticipated two-part question, "Can these funds be used to offset General Funds?" and "What is the compelling reason for not offsetting General Funds?" the Division offers the following information: The funds are provided for a specified purpose by the US Department of Agriculture, Food and Nutrition Services as defined in the Notice of Grant Award and cannot be used to offset general funds. These funds will not change the program's income eligibility levels. No new program will be established with the acceptance of these funds.

Area served: Statewide

Source of Funds: These funds are 100% Federal from the US Department of Agriculture, Food and Nutrition Services (USDA, FNS).

In the event that Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

 For:

Lori A. Weaver
Interim Commissioner
