THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

46

William Cass, P.E.
Commissioner

David Rodrigue, P.E.
Assistant Commissioner
Andre Briere
Deputy Commissioner

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

Bureau of Construction
December 28, 2022

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract R.S. Audley, Inc. (Vendor 154222) of Bow, NH, on the basis of a low bid of \$1,169,415 for removal and replacement of overhead sign structure on Rockingham Park Boulevard in Salem (Project: Salem 43880), from the date of Governor and Council approval through September 8, 2023, unless amended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available in State Fiscal Year 2023, and is anticipated to be available in Fiscal Year 2024 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2023</u>	<u>FY 2024</u>
04-96-96-963515-3054		
Consolidated Federal Aid		
400-500870 Highway Contract Payments	\$853,672.95	\$315,742.05

2. Further authorize that a contingency in the amount of \$58,470.75 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 5% of the contract amount.

Funding is available as follows:	<u>FY 2024</u>
04-96-96-963515-3054	
Consolidated Federal Aid	
400-500870 Highway Contract Payments	\$58,470.75

EXPLANATION

This project is part of the State's Ten-Year Transportation Improvement Plan, under the Update Signing on State System (USSS). The project is located on a section of Rockingham Park Boulevard in Salem between NH 38 (Mall Rd) and NH 28. The existing sign structure is located approximately 550 feet west of NH 28. The new sign structure will be located approximately 150 feet to the west of the existing location.

- Salem – Rockingham Park Boulevard, Installation of new overhead sign structure and removal of existing sign structure, 0.1 miles

Page 2

This project will remove and replace an existing sign structure with a new sign structure. The existing sign structure is anchored to the culvert that carries Policy Brook under Rockingham Park Boulevard. This is part of an initiative to turn Rockingham Park Boulevard over to the Town.

The proposed contingency amount is 5% of the contract amount. This is to account for the risks associated with unanticipated traffic control needs.

Although the bid costs exceeded the Department's estimate by 1.08%, the low bid of two bids received is felt to be reasonable for the work involved. Eight items of significance accounted for 100% of the overage (Muck excavation, crushed gravel, cofferdam, temp. access (2), and mobilization). Readvertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is: 80% Federal (Update Signing on State System (USSS)), with anticipated utilization of Turnpike Toll Credits for the State's 20% match, effectively using 100% Federal Funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

William Cass
Commissioner

WJC/pcj

Department Estimate: \$1,156,925.00
Contract Amount: \$1,169,415.00
Over Estimate: \$ 12,490.00

September 27, 2022

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: The project is located on a section of Rockingham Park Boulevard in Salem between NH 38 (Mall Rd) and NH 28. The existing sign structure is located approximately 550 feet west of NH 28. The new sign structure will be located approximately 150 feet to the west of the existing location.

Town	Road	Proposed Work	Length
Salem	Rockingham Park Boulevard	Installation of new overhead sign structure and removal of existing sign structure	0.1 miles

FEDERAL FUNDING: Update Signing on State System (USSS) (80%), Turnpike Toll Credit (20%)

CONTINGENCY: The proposed contingency amount is 5% of the contract amount. This is to account for the risks associated with unanticipated traffic control needs.

PROJECT INITIATED: New overhead signs and sign structure is required due to lane configuration changes on Rockingham Park Boulevard and AASHTO revisions to wind loading.

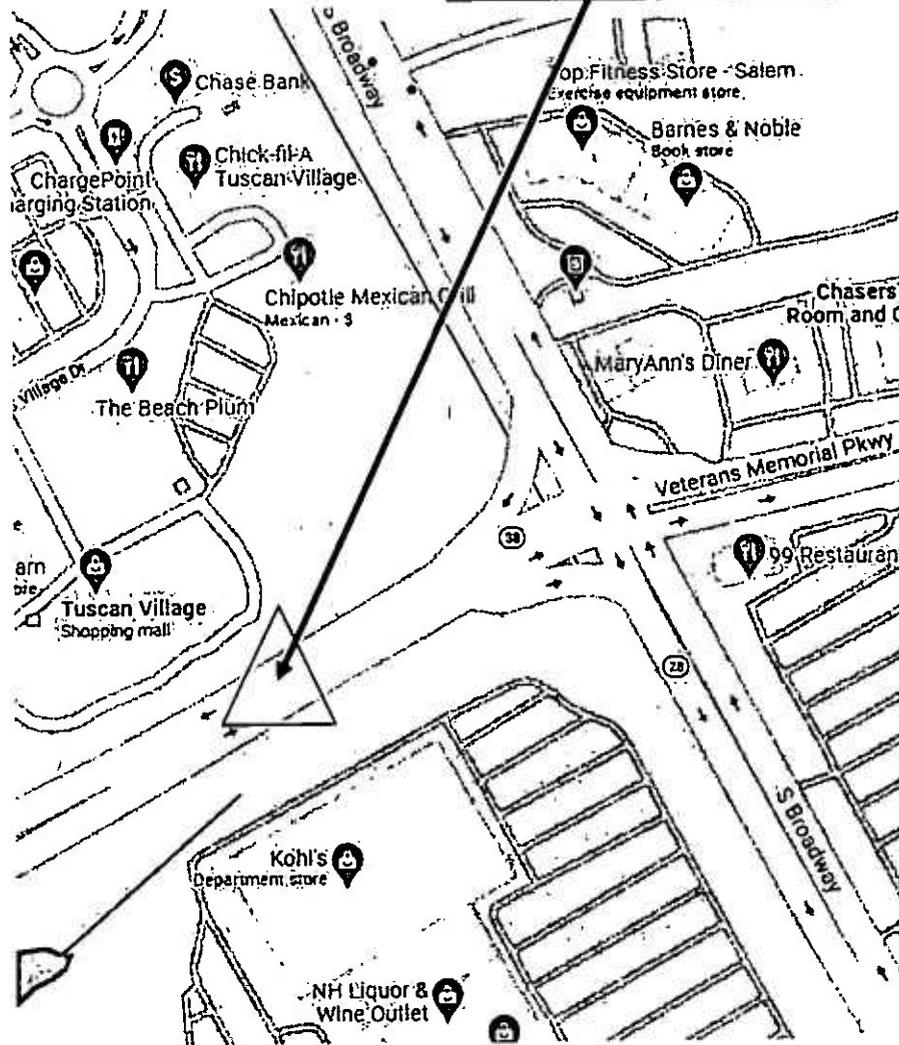

PROJECT EXPLANATION: This project will remove and replace an existing sign structure with a new sign structure. The existing sign structure is anchored to the culvert that carries Policy Brook under Rockingham Park Boulevard.

TRAFFIC IMPLICATION: Long-term stationary lane closures will be used daily and left in place until work is complete. The rightmost lanes, for both barrels of traffic, will be closed in order to facilitate construction. There are currently three (3) through lanes in the westbound direction; one of the through lanes will be closed and protected by portable concrete barrier. In the eastbound direction, the current configuration consists of two (2) turn lanes and two (2) through lanes. The rightmost through lane will be closed and protected by a portable concrete barrier. Temporary lane closures, at night, will be necessary when the existing sign structure is removed, and the proposed structure is placed.

FINAL COMPLETION DATE: September 8, 2023.
