EXPLANATION

The State Fire Assistance (SFA) Grant Funds allow the Division of Forests and Lands to provide wildland fire prevention, detection, suppression, and prescribed fire services throughout the state. The State of New Hampshire is the second most forested state in the United States, with approximately 4.8 million acres of forestland covering roughly 84% of the land area. The Division of Forests and Lands is responsible by state law for providing wildland fire detection, prevention, and suppression on all lands in the state, except within the boundaries of the White Mountain National Forest. This accounts for over 4.1 million acres that fall under state jurisdiction for wildland fire protection. The State is committed to a safe and aggressive attack on all wildland fires, with an objective of keeping the number of wildfires and acreage burned to a minimum.

Funds from this grant will be used to support and expand the overall operations of the division's wildland fire management program statewide. Projects funded through this grant will hopefully result in reduced number of wildfire ignitions, reduced number of illegal or unwanted fires, reduced acreage burned, increased safety of firefighters, and increased protection for communities. This will be accomplished through supporting our suppression, detection and prescribed fire programs, and through the purchase of necessary equipment; all of which will support our forest rangers, patrol and fire tower staff, local fire departments and communities and wildfire partners. The state will also try and implement the tenets of the regional and national cohesive wildland fire management strategies into its work through managing our natural resources by restoring and maintaining landscapes; promoting fire-adapted communities to protect homes, communities and other values at risk; and providing safe, efficient, and effective wildfire response.

There are many partners involved with implementation of the objectives accomplished through SFA. Partners include community fire departments, the White Mountain National Forest, NH Division of Homeland Security and Emergency Preparedness, NH Fish and Game Department, NH Department of Military Affairs and Veterans Services, NH Department of Environmental Services, the National Weather Service, NH Association of Fire Chiefs, NH Forest Fire Warden's Associations, Northeast Forest Fire Protection Compact, Northeast Interagency Coordination Center, The Nature Conservancy, the University of New Hampshire Cooperative Extension program, and many others.

The following additional appropriation authorities are being requested:

Class 020 – Current Expenses – Appropriation needed to pay for wildland fire suppression supplies;

Class 030 – Equipment New Replacement – Appropriation needed to pay for new equipment costing over \$3,000 dollars;

Class 037 – Technology Hardware – Appropriation needed to pay for wildland fire computer equipment;

Class 039 – Telecommunications – Appropriation needed to pay for cell phone services;

Class 040 – Indirect Costs – Appropriation needed to pay for required indirect costs associated with the grant;

Class 041 – Audit Fund Set Aside – Appropriation needed to pay for required audit fund set aside required for the grant;

Class 050 – Personal Service Temp – Appropriation needed to pay for a part-time prescribed fire coordinator position; and

Class 060 – Benefits – Appropriation needed to pay associated fringe benefits on the part-time position.

In the event Federal Funds are no longer available, General Funds will not be requested to support this request.

Respectfully submitted,

Concurred,

(15M)

END OF ATTACHMENT B: 2 CFR PART 170

ATTACHMENT C: WHISTLEBLOWER NOTICE

Whistleblowers perform an important service to USDA and the public when they come forward with what they reasonably believe to be evidence of wrongdoing. They should never be subject to reprisal for doing so. Federal law protects federal employees as well as personal services contractors and employees of Federal contractors, subcontractors, grantees, and subgrantees against reprisal for whistleblowing. USDA bears the responsibility to ensure that nothing in a non-disclosure agreement which a contractor, subcontractor, grantee, or subgrantee requires their employees to sign should be interpreted as limiting their ability to provide information to the Office of Inspector General (OIG).

41 U.S.C. § 4712 requires the head of each executive agency to ensure that its contractors inform their workers in writing of the rights and remedies under the statute. Accordingly, it is illegal for a personal services contractor or an employee of a Federal contractor, subcontractor, grantee, or subgrantee to be discharged, demoted, or otherwise discriminated against for making a protected whistleblower disclosure. In this context, these categories of individuals are whistleblowers who disclose information that the individual reasonably believes is evidence of one of the following:

- Gross mismanagement of a Federal contract or grant;
- A gross waste of Federal funds;
- An abuse of authority relating to a Federal contract or grant;
- A substantial and specific danger to public health or safety; or
- A violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract) or grant.

To be protected under 41 U.S.C. § 4712, the disclosure must be made to one of the following:

- A Member of Congress, or a representative of a committee of Congress;
- The OIG;
- The Government Accountability Office (GAO);
- A Federal employee responsible for contract or grant oversight or management at USDA;
- An otherwise authorized official at USDA or other law enforcement agency;
- A court or grand jury; or
- A management official or other employee of the contractor, subcontractor, or grantee who has the responsibility to investigate, discover, or address misconduct.

Under 41 U.S.C. § 4712, personal services contractors as well as employees of contractors, subcontractors, grantees, or subgrantees may file a complaint with OIG, who will investigate the matter unless they determine that the complaint is frivolous, fails to allege a violation of the prohibition against whistleblower reprisal, or has been addressed in another proceeding. OIG's investigation is then presented to the head of the executive agency who evaluates the facts of the investigation and can order the contractor, subcontractor, grantee, or subgrantee

to take remedial action, such as reinstatement or back pay.

Federal Acquisition Regulation (FAR) Subpart 3.903, *Whistleblower Protections for Contractor Employees, Policy*, prohibits government contractors from retaliating against a contract worker for making a protected disclosure related to the contract. FAR Subpart 3.909-1 prohibits the Government from using funds for a contract with an entity that requires its employees or subcontractors to sign internal confidentiality statements prohibiting or restricting disclosures of fraud, waste, or abuse to designated persons. This prohibition does not contravene agreements pertaining to classified information. The regulation also requires contracting officers to insert FAR clause 52.203-17, *Contractor Employee Whistleblower Rights and Requirement to Inform Employees of Whistleblower Rights*, in all solicitations and contracts that exceed the Simplified Acquisition Threshold as defined in FAR Subpart 3.908. This clause requires notification to contractor employees that they are subject to the whistleblower rights and remedies referenced in 41 U.S.C. § 4712.

In order to make a complaint alleging any of the violations mentioned above, one should complete the OIG Hotline form located at: <https://www.usda.gov/oig/hotline>. For additional information, they may also visit the WPC's webpage at: <https://www.usda.gov/oig/wpc> or they may directly contact the WPC at OIGWPC@oig.usda.gov.
