EXPLANATION

The New Hampshire Education Department (NHED), Bureau of Student Wellness, Office of Nutrition Programs and Services received the Child Nutrition Supply Chain Assistance Grant 2nd and 3rd Round. These resources will be referred to as Supply Chain Assistance (SCA R2 & R3) funds. State agencies will distribute SCA R2 & R3 funds to School Food Authorities (SFAs) to help defray the costs of challenges such as unanticipated cancellation of food and supply contracts, reduced availability of certain foods, unexpected substitution of certain products, unpredictable increases in food and supply prices, and other identified challenges. This investment will support direct purchasing of unprocessed or minimally processed domestic food products by school food authorities to address immediate supply chain disruption barriers. As these challenges are both extensive and widespread, these funds are targeted to provide a rapid and direct response via financial relief to affected school districts.

The NHED has been awarded the requested \$4,116,357 for the Child Nutrition Supply Chain Assistance Fund and one hundred percent of the grant award will be allocated to all eligible program operators. The state will allocate the funds no later than April 1, 2023, and obligated funds will be expended no later than September 30, 2023.

The NHED, upon receipt of regulatory and guidance documents from the United States Department of Agriculture, will reimburse funds to NSLP and SBP program sponsors based on the payment calculation provided by the USDA Food and Nutrition Service. The NHED will pay reimbursements and deliver funds via the existing reporting and application software, the online MyNHDOE Food and Nutrition System (F&N).

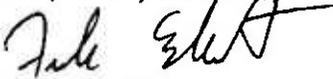

In support of the objectives noted above, the Department commits to: The notification must include the SFA's calculated payment amount, information on the proper use of funds, and instructions for completing the required attestation of need/eligibility as a prerequisite for accepting funds. The department commits to document and retain records of all activities related to its administration of this reimbursement program, consistent with standard review and recordkeeping requirements of the Child Nutrition Programs.

The following appropriation authorities are being requested:

<u>Class</u>	<u>Class Description</u>	<u>Explanation</u>
072	Grants – Federal	Appropriation for the distribution of funds to grant sub-recipients.

In the event Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Frank Edelblut
Commissioner of Education
