EXPLANATION

The New Hampshire Lottery's membership in the WLA gives the agency a broader perspective of innovations and advancements in the industry, and includes certification in responsible gaming programs, further strengthening the State's commitment to help those with gambling compulsions. The Association is also expanding its education and integrity programs as jurisdictions around the world become increasingly active in sports betting.

Listed below are answers to standard questions required for Governor and Council organization dues and membership approval submissions:

1. **How long has this organization been in existence and how long has this agency been a member of this organization?** *The organization was formed in 1999. The New Hampshire Lottery has been a member of this organization since May, 2017, and has achieved a level 2 responsible gaming certification.*
2. **Is there any other organization which provides the same or similar benefits which your agency belongs to?** *The New Hampshire Lottery is currently a member of the North American Association of State and Provincial Lotteries (NASPL). The WLA is more global in scope and is focused on supporting organizations whose efforts fund good causes. The New Hampshire Lottery expects to learn worldwide trends in gaming, many of which originate in the European markets; as well as to continue to take advantage of the exceptionally robust responsible gaming certification program.*
3. **How many other states belong to this organization, and is your agency the sole New Hampshire state agency that is a member?** *Eighty countries worldwide and twenty-two American lotteries are members of this organization. There are no other New Hampshire state agencies that are members.*

4. How is the dues structure established? (Standard fee for all states, based on population, based on other criteria, etc). *Dues are based on annual lottery sales of \$100 to \$500 million.*
5. What benefit does the state receive from participating in this membership? *NASPL provides a central information source for the lottery industry where members can benefit from its expertise, resources, and advice. It provides a vehicle for communication among lottery organizations regarding development of industry standards and matters of mutual interest, particularly those which relate to the integrity, security, and efficiency of state and provincial lottery jurisdictions. They have developed robust resources and guidelines for responsible gambling.*
6. Are training or educational/research materials included in the membership? If so, is the cost included? *Conferences are hosted frequently in member countries and seminars are offered both in-person and online. These seminars are free to WLA members.*
7. Is the membership required to receive any federal grants or required in order to receive or participate in licensing or certification exams? *No, membership does not affect participation or licensing.*
8. Is there any travel included with this membership fee? Explain in detail any travel to include the number of employees involved, the number of trips, destination if known and purposes of membership-supported trips. *Travel costs are not part of the membership fee, and participation would be limited to the Executive Director and one Lottery chief officer or Commissioner for WLA 's biennial summits, which are held at varying locations in member countries.*
9. Which state agency employees are directly involved with this organization? Indicate if they are members, voting members, committee members, and/or officers of the organization. *The New Hampshire Lottery Executive Director is directly involved with this organization as a rank-and-file member, and actively votes on proposals as by-laws dictate.*
10. Explain in detail any negative impact to the State if the Agency did not belong to this organization. *There is no impact to the State if the New Hampshire Lottery were not to continue its membership in this organization; however the WLA's responsible gaming program directly benefits the agency's efforts in New Hampshire. The WLA is active in supporting and providing a forum for members as initiatives such as sports betting and online sales have seen tremendous growth around the world. Their resources are invaluable and are used frequently for education and networking.*

Thank you for your consideration and please contact me should you have any questions.

Respectfully submitted,

Charles R. McIntyre
Executive Director
