 \$9,000.00

EXPLANATION

Governor and Council approval is being sought because the amount of a previous payments by the Department of Safety to the Town of Epping plus the amount of this grant yields a cumulative amount that is over the Governor & Council approval threshold.

The purpose of this grant is for the Town of Epping to update their hazard mitigation plan. The grant listed above is funded from the Building Resilient Infrastructure and Communities (BRIC), which was awarded to the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) from the Federal Emergency Management Agency (FEMA). The BRIC grant program provides funding to subrecipients for cost-effective hazard mitigation activities that complement a comprehensive mitigation program. FEMA provides BRIC funds to states that, in turn, provide sub-grants or contracts for a variety of mitigation activities, such as planning and the implementation of projects identified through the evaluation of natural hazards.

The Building Resilient Infrastructures and Communities is 75% federally funded by the Federal Emergency Management Agency with a 25% match requirement supplied by the subrecipient. The subrecipient acknowledges their match obligation as part of Exhibit B and C to their grant agreement.

There are no General Funds required with this request. In the event that BRIC funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

Respectfully submitted,

Robert L. Quinn
 Commissioner of Safety
